

IN THE OPINION OF BOND COUNSEL (HEREIN DEFINED), UNDER EXISTING LAW AND ASSUMING CONTINUING COMPLIANCE WITH COVENANTS IN THE BOND ORDER, INTEREST ON THE BONDS WILL BE EXCLUDABLE FROM GROSS INCOME FOR FEDERAL INCOME TAX PURPOSES AND IS NOT INCLUDED IN COMPUTING THE ALTERNATIVE MINIMUM TAXABLE INCOME OF INDIVIDUALS; SEE “TAX MATTERS” HEREIN. HOWEVER, SUCH INTEREST IS TAKEN INTO ACCOUNT IN DETERMINING THE ANNUAL ADJUSTED FINANCIAL STATEMENT INCOME OF APPLICABLE CORPORATIONS FOR THE PURPOSE OF DETERMINING THE ALTERNATIVE MINIMUM TAX IMPOSED ON CORPORATIONS.

THE BONDS WILL BE DESIGNATED “QUALIFIED TAX-EXEMPT OBLIGATIONS” FOR FINANCIAL INSTITUTIONS. SEE “TAX MATTERS – Qualified Tax-Exempt Obligations.”

NEW ISSUE—BOOK-ENTRY ONLY

\$3,400,000

MONTGOMERY COUNTY MUNICIPAL UTILITY DISTRICT NO. 224

(A political subdivision of the State of Texas, located in Montgomery County, Texas)

UNLIMITED TAX BONDS

SERIES 2025

Dated: December 1, 2025

Due: April 1 (as shown below)

Interest on the \$3,400,000 Unlimited Tax Bonds, Series 2025 (the “Bonds”) will accrue from December 1, 2025, and will be payable on April 1 and October 1 of each year, commencing April 1, 2026. The definitive Bonds will be initially registered and delivered only to Cede & Co., the nominee of The Depository Trust Company (“DTC”), pursuant to the Book-Entry-Only System described herein. Beneficial ownership of the Bonds may be acquired in denominations of \$5,000 or integral multiples thereof. **No physical delivery of the Bonds will be made to the owners thereof.** Principal of and interest on the Bonds will be payable by the Paying Agent/Registrar to Cede & Co., which will make distribution of the amounts so paid to the participating members of DTC for subsequent payment to the beneficial owners of the Bonds. See “BOOK ENTRY-ONLY SYSTEM” herein. The initial Paying Agent/Registrar is BOKF, N.A., Dallas, Texas. See “THE BONDS – Paying Agent/Registrar.”

\$130,000	2040(b)	%	%				

(a) The initial reoffering yields are established by and are the sole responsibility of the Underwriter (hereinafter defined) and may be subsequently changed.

(b) The Bonds maturing on or after April 1, 2032, are subject to redemption in whole or from time to time in part, at the option of the District (hereinafter defined), on April 1, 2031, or on any date thereafter, at a price equal to the par value thereof plus accrued interest from the most recent interest payment date to the date fixed for redemption. In the event the Bonds are to be redeemed in part, the maturities and principal amounts to be redeemed shall be selected by the District. If fewer than all of the Bonds within any one maturity are redeemed, the Bonds to be redeemed shall be selected, on behalf of the District, by the Paying Agent/Registrar by lot or other customary method, in integral multiples of \$5,000 in any one maturity. See “THE BONDS – Optional Redemption.”

Proceeds from the sale of the Bonds will be used to: (1) reimburse the Developer (defined herein) for offsite utilities, land acquisition costs and City of Montgomery impact fees serving the District; (2) fund developer interest related to the advancement of funds for certain construction costs, creation costs and developer advances; and (3) fund 18 months of capitalized interest on the Bonds. See “USE OF BOND PROCEEDS.”

The Bonds, when issued, will constitute valid and binding obligations of the District and will be payable from the proceeds of a continuing, direct annual ad valorem tax, without legal limitation as to rate or amount, levied against all taxable property within the District. See “THE BONDS – Source of and Security for Payment.” The Bonds are obligations solely of the District and are not obligations of the State of Texas, Montgomery County, the City of Montgomery, or any entity other than the District. Neither the faith and credit nor the taxing power of the State of Texas, Montgomery County, or the City of Montgomery is pledged to the payment of the principal of, or interest on, the Bonds. **The Bonds are subject to certain investment considerations described under the caption “RISK FACTORS.”**

The Bonds are offered when, as, and if issued by the District, subject to approval by the Attorney General of Texas and the approval of certain legal matters by Sanford Kuhl Hagan Kugle Parker Kahn LLP, Houston, Texas, Bond Counsel. The District will be advised on certain legal matters concerning disclosure by McCall, Parkhurst & Horton LLP, Houston, Texas, Disclosure Counsel. Delivery of the Bonds is expected through the facilities of DTC on or about December 18, 2025.

Bids Due: Tuesday, November 18, 2025 at 10:00 A.M. Houston Time

USE OF INFORMATION IN OFFICIAL STATEMENT

For purposes of compliance with Rule 15c2-12 of the United States Securities and Exchange Commission, as amended ("Rule 15c2-12" or the "Rule"), this Preliminary Official Statement constitutes an "official statement" of the District with respect to the Bonds that have been deemed "final" by the District as of its date except for the omission of no more than the information permitted by Rule 15c2-12.

No dealer, broker, salesman, or other person has been authorized to give any information or to make any representations other than those contained in this Official Statement and, if given or made, such other information or representations must not be relied upon as having been authorized by the District.

This Official Statement is not to be used in connection with an offer to sell or the solicitation of an offer to buy in any state in which such offer or solicitation is not authorized or in which the person making such offer or solicitation is not registered or qualified to do so or to any person to whom it is unlawful to make such offer or solicitation.

Any information and expressions of opinion herein contained are subject to change and neither the delivery of this Official Statement nor any sale made hereunder shall, under any circumstances, create any implication that there has been no change in the affairs of the District or other matters described herein since the date hereof.

All of the summaries of the statutes, resolutions, contracts, audited financial statements, engineering, and other related reports set forth in this Official Statement are made subject to all of the provisions of such documents. These summaries do not purport to be complete statements of such provisions, and reference is made to such documents, copies of which are available from Sanford Kuhl Hagan Kugle Parker Kahn LLP, 1330 Post Oak Boulevard, Suite 2650, Houston, Texas 77056, upon payment of duplication costs.

This Official Statement contains, in part, estimates, assumptions, and matters of opinion which are not intended as statements of fact, and no representation is made as to the correctness of such estimates, assumptions, or matters of opinion, or as to the likelihood that they will be realized. Any information and expressions of opinion herein contained are subject to change without notice and neither the delivery of this Official Statement nor any sale made hereunder shall, under any circumstances, create any implication that there has been no change in the affairs of the District or other matters described herein since the date hereof. However, the District has agreed to keep this Official Statement current by amendment or sticker to reflect material changes in the affairs of the District and, to the extent that information actually comes to its attention, the other matters described in this Official Statement until delivery of the Bonds to the Underwriter (hereinafter defined). See "OFFICIAL STATEMENT – Updating of Official Statement."

References to website addresses presented herein are for informational purposes only and may be in the form of a hyperlink solely for the reader's convenience. Unless specified otherwise, such websites and the information or links contained therein are not incorporated into, and are not part of this Official Statement for any purpose.

SALE AND DISTRIBUTION OF THE BONDS

Award of the Bonds

After requesting competitive bids for the Bonds, the District has accepted the bid producing the lowest net interest cost to the District, which was tendered by _____ (the "Underwriter"), to purchase the Bonds bearing the rates shown on the cover page of this Official Statement at a price of _____% of par plus accrued interest to the date of delivery, which resulted in a net effective interest rate of _____%, as calculated pursuant to Chapter 1204 of the Texas Government Code, as amended.

The Underwriter may offer and sell the Bonds to certain dealers (including dealers depositing Bonds into unit investment trusts) and others at prices lower than the public offering price stated on the cover page hereof. The initial offering price may be changed from time to time by the Underwriter.

The Underwriter has reviewed the information in this Official Statement in accordance with, and as part of, its responsibilities to investors under the federal securities laws as applied to the facts and circumstances of this transaction, but the Underwriter does not guarantee the accuracy or completeness of such information.

Prices and Marketability

The delivery of the Bonds is conditioned upon the receipt by the District of a certificate executed and delivered by the Underwriter on or before the date of delivery of the Bonds stating the prices at which a substantial number of the Bonds of each maturity have been sold to the public. For this purpose, the term "public" shall not include any person who is a bond house, broker, or similar person acting in the capacity of underwriter or wholesaler. Otherwise, the District has no understanding with the Underwriter regarding the reoffering yields or prices of the Bonds and has no control over trading of the Bonds after their initial sale by the District. Information concerning reoffering yields or prices is the responsibility of the Underwriter.

THE PRICES AND OTHER TERMS RESPECTING THE OFFERING AND SALE OF THE BONDS MAY BE CHANGED FROM TIME TO TIME BY THE UNDERWRITER AFTER THE BONDS ARE RELEASED FOR SALE, AND THE BONDS MAY BE OFFERED AND SOLD AT PRICES OTHER THAN THE INITIAL OFFERING PRICES, INCLUDING SALES TO DEALERS WHO MAY

SELL THE BONDS INTO INVESTMENT ACCOUNTS. IN CONNECTION WITH THE OFFERING OF THE BONDS, THE UNDERWRITER MAY OVER-ALLOT OR EFFECT TRANSACTIONS THAT STABILIZE OR MAINTAIN THE MARKET PRICES OF THE BONDS AT LEVELS ABOVE THOSE THAT MIGHT OTHERWISE PREVAIL IN THE OPEN MARKET. SUCH STABILIZING, IF COMMENCED, MAY BE DISCONTINUED AT ANY TIME.

The District has no control over the trading of the Bonds in the secondary market. Moreover, there is no assurance that a secondary market will be made in the Bonds. If there is a secondary market, the difference between the bid and asked price of the Bonds may be greater than the difference between the bids and asked prices of bonds of comparable maturity and quality issued by more traditional municipal entities as bonds of such entities are more generally bought, sold or traded in the secondary market.

Securities Laws

No registration statement relating to the Bonds has been filed with the United States Securities and Exchange Commission ("SEC") under the Securities Act of 1933, as amended, in reliance upon the exemptions provided thereunder. The Bonds have not been registered or qualified under the Securities Act of Texas in reliance upon various exemptions contained therein nor have the Bonds been registered or qualified under the securities laws of any other jurisdiction. This disclaimer of responsibility for registration or qualification for sale or other disposition of the Bonds shall not be construed as an interpretation of any kind with regard to the availability of any exemption from securities registration or qualification provisions in such other jurisdiction.

CONTINUING DISCLOSURE OF INFORMATION - SEC RULE 15c2-12

The offering of the Bonds qualifies for the Rule 15c2-12(d)(2) exemption from Rule 15c2-12(b)(5) of the SEC regarding the District's continuing disclosure obligations because the District does not have more than \$10,000,000 in aggregate amount of outstanding bonds and no person is committed by contract or other arrangement with respect to payment of the Bonds. As required by the exemption, in the order adopted by the Board of Directors of the District authorizing the issuance of the Bonds (the "Bond Order"), the District has made the following agreement for the benefit of the holders and beneficial owners of the Bonds. The District is required to observe the agreement for so long as it remains obligated to advance funds to pay the Bonds. Under the Bond Order, the District is obligated to provide certain updated financial information and operating data annually, and timely notice of specified events, to the Municipal Securities Rulemaking Board (the "MSRB") or any successor to its functions as a repository through its Electronic Municipal Market Access ("EMMA") system.

Annual Reports

The information to be updated with respect to the District includes the quantitative financial information and operating data of the District of the general type included in "APPENDIX A" (Independent Auditor's Report and Financial Statements of the District) of this Official Statement. The District will update and provide this information within six months after the end of each of its fiscal years ending in or after 2026. The District will provide certain updated information and operating data to the MSRB or any successor to its functions as a repository through its EMMA system.

The District may provide updated information in full text or may incorporate by reference certain other publicly available documents, as permitted by the Rule. The updated information will include audited financial statements if it commissions an audit and the audit is completed by the required time. If the audit of such financial statements is not complete within such period, the District shall provide unaudited financial statements for the applicable fiscal year to each EMMA within such six-month period, and audited financial statements when the audit report on such statements becomes available. Any such financial statements will be prepared in accordance with the accounting principles described in the Bond Order or such other accounting principles as the District may be required to employ from time to time pursuant to state law or regulation.

The District's current fiscal year end is May 31. Accordingly, it must provide updated information by November 30 in each year, unless the District changes its fiscal year. If the District changes its fiscal year, it will notify the MSRB via EMMA of the change.

Event Notices

The District will provide timely notices of certain events to the MSRB, but in no event will such notices be provided to the MSRB in excess of ten business days after the occurrence of an event. The District will provide notice of any of the following events with respect to the Bonds: (1) principal and interest payment delinquencies; (2) non-payment related defaults, if material; (3) unscheduled draws on debt service reserves reflecting financial difficulties; (4) unscheduled draws on credit enhancements reflecting financial difficulties; (5) substitution of credit or liquidity providers, or their failure to perform; (6) adverse tax opinions, the issuance by the Internal Revenue Service of proposed or final determinations of taxability, Notices of Proposed Issue (IRS Form 5701-TEB), or other material notices or determinations with respect to the tax status of the Bonds or other material events affecting the tax status of the Bonds; (7) modifications to rights of beneficial owners of the Bonds, if material; (8) bond calls, if material, and tender offers; (9) defeasances; (10) release, substitution, or sale of property securing repayment of the Bonds, if material; (11) rating changes; (12) bankruptcy, insolvency, receivership, or similar event of the District or other obligated person; (13) consummation of a merger, consolidation, or acquisition involving the District or other obligated person or the sale of all or substantially all of the assets of the District or other obligated person, other than in the ordinary course of business, the entry into a definitive agreement to undertake such an action or the termination of a definitive agreement relating to any such actions, other than pursuant to its terms, if material; (14) appointment of a successor or additional trustee or the change of name of a trustee, if material; (15) incurrence of a financial obligation of the District or other obligated person, if material, or agreement to covenants, events of default, remedies, priority rights, or other similar terms of a financial obligation of the District or other obligated person, any of which affect beneficial owners of the Bonds, if material; and (16) default, event of

acceleration, termination event, modification of terms, or other similar events under the terms of a financial obligation of the District or other obligated person, any of which reflect financial difficulties. The terms "obligated person" and "financial obligation" when used in this paragraph shall have the meanings ascribed to them under the Rule. The term "material" when used in this paragraph shall have the meaning ascribed to it under federal securities laws. Neither the Bonds nor the Bond Order makes any provisions for debt service reserves or liquidity enhancement. In addition, the District will provide timely notice of any failure by the District to provide financial information, operating data, or financial statements in accordance with its agreement described above under "Annual Reports."

Availability of Information

The District has agreed to provide the foregoing updated information only to the MSRB. Investors will be able to access, without charge from the MSRB, continuing disclosure information filed with the MSRB at www.emma.msrb.org.

Limitations and Amendments

The District has agreed to update information and to provide notices of material events only as described above. The District has not agreed to provide other information that may be relevant or material to a complete presentation of its financial results of operations, condition, or prospects or agreed to update any information that is provided, except as described above. The District makes no representation or warranty concerning such information or concerning its usefulness to a decision to invest in or sell Bonds at any future date. The District disclaims any contractual or tort liability for damages resulting in whole or in part from any breach of its continuing disclosure agreement or from any statement made pursuant to its agreement although holders and beneficial owners of Bonds may seek a writ of mandamus to compel the District to comply with its agreement.

The District may amend its continuing disclosure agreement to adapt to changed circumstances that arise from a change in legal requirements, a change in law, or a change in the identity, nature, status, or operations of the District, if but only if, the agreement, as amended, would have permitted an underwriter to purchase or sell Bonds in the offering described herein in compliance with the Rule taking into account any amendments and interpretations of the Rule to the date of such amendment, as well as changed circumstances, and either the holders of a majority in aggregate principal amount of the outstanding Bonds consent or any person unaffiliated with the District (such as nationally recognized bond counsel) determines that the amendment will not materially impair the interests of the beneficial owners of the Bonds. The District may also amend or repeal the agreement if the SEC amends or repeals the applicable provisions of such rule or a court of final jurisdiction determines that such provisions are invalid but, in either case, only to the extent that its right to do so would not prevent the Underwriter from lawfully purchasing the Bonds in the offering described herein. If the District so amends the agreement, it has agreed to include with any financial information or operating data next provided in accordance with its agreement described above under "Annual Reports" an explanation, in narrative form, of the reasons for the amendment and of the impact of any change in the type of financial information and operating data so provided.

Compliance with Prior Undertakings

The Bonds represent the first series of bonds to be issued by the District. Therefore, the District has never entered into a continuing disclosure undertaking pursuant to Rule 15c2-12.

NO MUNICIPAL BOND RATING

In connection with the sale of the Bonds, the District has not made an application to a rating company for a rating on the Bonds and does not believe an investment grade rating would have been assigned to the Bonds had an application been made.

OFFICIAL STATEMENT SUMMARY

The following material is a summary of certain information contained herein and is qualified in its entirety by the detailed information appearing elsewhere in this Official Statement. The reader should refer particularly to sections that are indicated for more complete information.

THE BONDS

Description:	The \$3,400,000 Unlimited Tax Bonds, Series 2025 (the "Bonds"), are dated and will bear interest from December 1, 2025. The Bonds represent the first series of bonds to be issued by Montgomery County Municipal Utility District No. 224 (the "District"). The Bonds mature on April 1 in the years as shown in the table on the cover page of this Official Statement. The Bonds are issued pursuant to Article XVI, Section 59 of the Texas Constitution, the general laws of the State of Texas, including but not limited to Chapters 49 and 54, Texas Water Code, as amended, a resolution authorizing the issuance of the Bonds (the "Bond Order") adopted by the Board of Directors of the District, an election held within the District on November 7, 2023, and pursuant to an order of the Texas Commission on Environmental Quality ("TCEQ"). See "THE BONDS."
Source of Payment:	The Bonds are payable from a continuing, direct annual ad valorem tax levied against all taxable property within the District which, under Texas law, is not limited as to rate or amount. The Bonds are obligations of the District and are not obligations of the State of Texas, Montgomery County, the City of Montgomery, or any other political subdivision or agency. See "THE BONDS – Source of and Security for Payment."
Redemption Provisions:	The Bonds maturing on or after April 1, 2032, are subject to early redemption, in whole or from time to time in part, on April 1, 2031, or on any date thereafter at the option of the District at a price of par plus accrued interest from the most recent interest payment date to the date of redemption. See "THE BONDS – Optional Redemption."
Book-Entry-Only System:	The Bonds will be initially registered and delivered only to Cede & Co., the nominee of DTC, pursuant to the Book-Entry-Only System described herein. Beneficial ownership of the Bonds may be acquired in denominations of \$5,000 or integral multiples thereof. No physical delivery of the Bonds will be made to the beneficial owners thereof. Principal of, and interest on, the Bonds will be payable by the Paying Agent/Registrar to Cede & Co., which will make distribution of the amounts so paid to the participating members of DTC for subsequent payment to the beneficial owners of the Bonds. See "BOOK-ENTRY-ONLY SYSTEM."
Use of Proceeds:	Proceeds from the sale of the Bonds will be used to: (1) reimburse the Developer (defined herein) for offsite utilities, land acquisition costs and City of Montgomery impact fees serving the District; (2) fund developer interest related to the advancement of funds for certain construction costs, creation costs and developer advances; and (3) fund 18 months of capitalized interest on the Bonds. See "USE OF BOND PROCEEDS."
Payment Record:	The Bonds represent the first series of bonds to be issued by the District. See "DISTRICT DEBT."
Risk Factors:	The Bonds are subject to certain investment considerations as set forth in this Official Statement. Prospective purchasers should carefully examine this Official Statement with respect to the investment security of the Bonds, particularly the sections captioned "RISK FACTORS" and "LEGAL MATTERS."
Qualified Tax-Exempt Obligations:	The District will designate the Bonds as "qualified tax-exempt obligations" for financial institutions. See "TAX MATTERS – Qualified Tax-Exempt Obligations."
No Municipal Bond Rating:	In connection with the sale of the Bonds, the District has not made an application to a rating company for a rating on the Bonds and does not believe an investment grade rating would have been assigned to the Bonds had an application been made. See "NO MUNICIPAL BOND RATING."
Legal Opinion:	Sanford Kuhl Hagan Kugle Parker Kahn LLP, Bond Counsel, Houston, Texas. See "LEGAL MATTERS" and "TAX MATTERS."
Paying Agent/Registrar:	BOKF, N.A., Dallas, Texas. See "THE BONDS – Paying Agent/Registrar."

THE DISTRICT

Description:	The District is a municipal utility district created by an order of the TCEQ dated August 7, 2023. The District was created pursuant to the authority of Article XVI, Section 59 and Article III, Section 52 of the Texas Constitution and operates pursuant to Chapters 49 and 54, Texas Water Code, as amended. The rights, powers, privileges, authority, and functions of the District are established by the general laws of the State of Texas pertaining to municipal utility districts, including particularly Chapters 49 and 54, Texas Water Code, as amended. The District is subject to the continuing supervision of the TCEQ. The District is empowered to purchase, construct, operate, and maintain all works, improvements, facilities, and plants necessary for the supply of water; the collection, transportation, and treatment of wastewater; and the control and diversion of storm water. Additionally, the District is empowered to purchase, construct, operate, and maintain roads and parks and recreational facilities. See "THE DISTRICT – Authority."
Location:	The District, as it was originally created, included approximately 80 acres. Since the creation of the District, there have been no annexations or exclusions of land. The District is located in western Montgomery County, Texas and is situated entirely within the corporate limits of the City of Montgomery, Texas (the "City"). The District is located approximately 2 miles northeast of the central business district of the City and approximately 30 miles north of the central business district of the City of Houston, Texas. The District is bounded on the northwest by Farm to Market 1097 (FM 1097), on the west by the Terra Vista at Waterstone development, and on the east by the Grand Harbor development. See "THE DISTRICT – Description and Location" and "AERIAL PHOTOGRAPH."
Development of the District:	The District is being developed for single-family residential purposes in the subdivision known as Montgomery Bend. Homebuilding in the District has taken place in Montgomery Bend, Sections 1 and 2. As of October 1, 2025, the District included approximately 61 completed homes (of which approximately 47 homes were owner-occupied), 32 homes under construction, and 64 vacant developed lots. See "THE DISTRICT – Status of Residential Development" and "APPENDIX B – Photographs Taken in the District."
Summary of Land Uses:	As of October 1, 2025, the District included approximately 33 acres that have been developed and improved for single-family residential purposes, approximately 0 acres under development, approximately 29 acres remaining for future development, and approximately 18 undevelopable acres, which includes road rights-of-way, detention ponds, drainage easements, and open spaces serving the Montgomery Bend subdivision. See "THE DISTRICT – Land Uses and Status of Land Development."
The Developer:	The sole developer of the District is Pulte Homes of Texas, LP, a Texas limited partnership (the "Developer"), whose general partner is Pulte Nevada I LLC, a Delaware limited liability company. Pulte and Pulte Nevada I LLC are wholly-owned subsidiaries of PulteGroup, Inc., a Michigan corporation. The Developer is a wholly owned subsidiary of its publicly traded parent company, PulteGroup, Inc., a Michigan corporation, the stock of which is publicly traded on the New York Stock Exchange under the ticker symbol "PHM." As a publicly traded company, PulteGroup, Inc. is subject to the information requirements of the Securities Exchange Act of 1934, as amended, and in accordance therewith files annual reports, quarterly reports, proxy statements, and periodic statements with the United States Securities and Exchange Commission ("SEC"). Reports, proxy statements, and other information filed by PulteGroup, Inc. can be inspected at the office of the SEC at Judiciary Plaza, Room 1024, 450 Fifth Street, N.W., Washington, D.C. 20549, at prescribed rates. Copies of the above reports, proxy statements and other information may also be inspected at the offices of the New York Stock Exchange, Inc., 20 Broad Street, New York, New York 10005. The SEC maintains a website at http://www.sec.gov that contains reports, proxy information statements, and other information regarding registrants that file electronically with the SEC." While PulteGroup, Inc. may provide internal financing to its subsidiaries, including the Developer, it is not in any way responsible for the payment of taxes to the District or for the payment of interest and principal on the Bonds. Neither the Developer nor PulteGroup, Inc. has made any commitment to pay debt service on the Bonds, and reference to the financial information of PulteGroup, Inc. in this Official Statement should not be so construed. The District has not obtained any representations from PulteGroup, Inc. concerning its publicly available filings or undertaken any review thereof and assumes no responsibility for the information contained therein. See "THE DEVELOPER." Pulte is also the sole homebuilder in the District. Pulte has completed the development of two single-family residential sections in Montgomery Bend, Sections 1-2 with sections 3 and 4 ready for development, and is currently implementing its homebuilding program in such sections. According to Pulte, homes in the District are currently being constructed on 45-foot lots and are currently being marketed in the \$240,990 - \$375,990 price range. See "THE DISTRICT – Land Uses and Status of Land Development" and "– Status of Residential Development."
The System:	The District and the City of Montgomery, Texas entered into an Utility Agreement (the "Agreement") on August 7, 2023, which states the City agrees to provide retail water service and retail wastewater service to the District to serve the full development in the District. The City agrees to own, operate, and maintain

the facilities and charge user fees at the in-City Rates. Under the agreement, the Developer agrees to finance and construct on behalf of the District the internal water and wastewater facilities and dedicate sites thereunder. Per the Agreement, the City will provide sufficient water and wastewater capacity to serve the ultimate build-out of the District. The District's water supply is currently sufficient to serve 309 equivalent single-family connections ("ESFCs"). The District's wastewater is treated at the City's Town Creek Wastewater Treatment Facility, TPDES Permit No. WQ0011521001. The District's wastewater capacity is currently sufficient to serve 309 ESFCs.

The underground storm drainage collection system serving Montgomery Bend, Sections 1 and 2 is complete. The District's drainage system utilizes a combination of curb and gutter street system to convey runoff within the District. Stormwater is collected through such curb and gutter system and storm sewers and is routed through a drainage channel which outfalls to Atkins Creek. The detention facilities serve as the primary runoff conveyance system, generally draining east.

According to the Engineer, approximately 0.7 acres of land located in the District's boundaries is located within the 100-year floodplain as determined by the Federal Emergency Management Agency (FEMA) Flood Insurance Rate Map (FIRM), Map No. 48339C0200G dated August 18, 2014, for Montgomery County, Texas. See "THE SYSTEM." This acreage lies within a drainage reserve and will remain undeveloped.

Cash and Temporary Investment Balances as of October 8, 2025:	
General Fund	\$72,236 (e)
Debt Service Fund (as of the date of delivery on the Bonds)	\$280,500 (f)

-
- (a) Reflects data supplied by the Montgomery Central Appraisal District ("MCAD" or the "Appraisal District"). The Estimated Taxable Value as of September 15, 2025, was prepared by the Appraisal District and provided to the District. Such values are not binding on the Appraisal District and are provided for informational purposes only. Any value as a result of new construction since January 1, 2025 will not be included on the District's tax roll until the subsequent year's tax roll is prepared and certified by the Appraisal District. The District is authorized by law to levy taxes only against certified values. See "DISTRICT TAX DATA" and "TAXING PROCEDURES."
- (b) Reflects the January 1, 2025, Certified Taxable Value according to data supplied to the District by the Appraisal District, which includes \$46,240, which represents 80% of the uncertified taxable value that is still in the certification process and subject to downward revision or adjustment. See "DISTRICT TAX DATA" and "TAXING PROCEDURES."
- (c) See "DISTRICT DEBT – Estimated Overlapping Debt."
- (d) The District has authorized publication of its intent to levy a total tax rate of \$1.10 per \$100 assessed valuation for the 2025 tax year. The District expects to levy its initial debt service tax rate in 2026.
- (e) Unaudited figure per the District's records. The Developer has entered into an agreement with the District memorializing its obligation to make operating advances to the District as may be required from time to time. See "THE SYSTEM – General Fund Operating History" and "RISK FACTORS – Operating Funds."
- (f) Represents eighteen (18) months of capitalized interest at an estimated interest rate of 5.50% to be added to the Debt Service Fund at closing. Neither Texas law nor the District's Bond Order requires that the District maintain any particular balance in the Debt Service Fund. The cash and investment balances in the Debt Service Fund are available to make debt service payments on the Bonds. See "DISTRICT TAX DATA – Tax Adequacy of Tax Revenue" and "THE BONDS – Funds." See "USE OF BOND PROCEEDS."

DEBT SERVICE REQUIREMENTS

The following table sets forth the estimated debt service requirements on the Bonds.

<u>Year</u>	Debt Service Requirements on the Bonds		Total Debt Service Requirements (a)
	<u>Principal</u>	<u>Interest (a)</u>	
2026	\$-	\$155,833	\$155,833
2027	\$-	\$170,000	\$170,000
2028	\$70,000	\$168,250	\$238,250
2029	\$75,000	\$164,625	\$239,625
2030	\$75,000	\$160,875	\$235,875
2031	\$80,000	\$157,000	\$237,000
2032	\$85,000	\$152,875	\$237,875
2033	\$90,000	\$148,500	\$238,500
2034	\$95,000	\$143,875	\$238,875
2035	\$100,000	\$139,000	\$239,000
2036	\$105,000	\$133,875	\$238,875
2037	\$110,000	\$128,500	\$238,500
2038	\$115,000	\$122,875	\$237,875
2039	\$120,000	\$117,000	\$237,000
2040	\$130,000	\$110,750	\$240,750
2041	\$135,000	\$104,125	\$239,125
2042	\$140,000	\$97,250	\$237,250
2043	\$150,000	\$90,000	\$240,000
2044	\$155,000	\$82,375	\$237,375
2045	\$165,000	\$74,375	\$239,375
2046	\$170,000	\$66,000	\$236,000
2047	\$180,000	\$57,250	\$237,250
2048	\$190,000	\$48,000	\$238,000
2049	\$200,000	\$38,250	\$238,250
2050	\$210,000	\$28,000	\$238,000
2051	\$220,000	\$17,250	\$237,250
2052	\$235,000	\$5,875	\$240,875
TOTALS	\$3,400,000	\$2,882,583	\$6,282,583

Maximum Annual Debt Service Requirements (2052)..... \$240,875 (a)

Requires a \$0.92 debt service tax rate on the September 15, 2025 Estimated Taxable Value of \$27,775,917
at 95% collections \$242,762 (a)

Requires a \$1.72 debt service tax rate on the 2025 Certified Taxable Value of \$14,752,414
at 95% collections \$241,054 (a)

(a) Preliminary, subject to change. The District expects to levy its initial debt service tax rate in 2026. See "DISTRICT TAX DATA – Tax Adequacy of Tax Revenue."

PRELIMINARY OFFICIAL STATEMENT

relating to

\$3,400,000

MONTGOMERY COUNTY MUNICIPAL UTILITY DISTRICT NO. 224
(A political subdivision of the State of Texas located within Montgomery County, Texas)

UNLIMITED TAX BONDS SERIES 2025

INTRODUCTION

This Preliminary Official Statement provides certain information in connection with the issuance of the \$3,400,000 Montgomery County Municipal Utility District No. 224 Unlimited Tax Bonds, Series 2025 (the "Bonds").

The Bonds are issued pursuant to Article XVI, Section 59 of the Texas Constitution and the general laws of the State of Texas, including but not limited to Chapters 49 and 54, Texas Water Code, as amended, a resolution authorizing the issuance of the Bonds (the "Bond Order") to be adopted by the Board of Directors of Montgomery County Municipal Utility District No. 224 (the "District"), an election held within the District on November 7, 2023, and pursuant to an order of the Texas Commission on Environmental Quality ("TCEQ").

This Official Statement includes descriptions of the Bonds, the Bond Order, certain information about the District and its financial condition, and the Developer in the District. All descriptions of documents contained herein are only summaries and are qualified in their entirety by reference to each such document. Copies of such documents may be obtained from Bond Counsel upon payment of duplication costs thereof.

RISK FACTORS

General

The Bonds are obligations of the District and are not obligations of the State of Texas, Montgomery County, the City of Montgomery, or any other political subdivision. The Bonds are payable from a continuing, direct annual ad valorem tax, without legal limitation as to rate or amount, levied against all taxable property within the District. See "THE BONDS – Source of and Security for Payment." The investment quality of the Bonds depends on the ability of the District to collect all taxes levied against the taxable property within the District and, in the event of foreclosure of the District's tax lien, on the marketability of the property and the ability of the District to sell the property at a price sufficient to pay taxes levied by the District and by other overlapping taxing authorities. The District cannot and does not make any representations that over the life of the Bonds the taxable property within the District will accumulate or maintain taxable values sufficient to generate property taxes to pay debt service at current levels.

Dependence on Principal Taxpayers

There is a high concentration of ownership of taxable value in the District. The District is in early stages of development. According to the District's 2025 certified tax rolls as provided by the Appraisal District, the top 10 taxpayers represent \$11,814,819 of taxable assessed valuation, or approximately 80.28% of the District's 2025 Certified Taxable Value of \$14,706,174 (not including \$46,240, which represents 80% of the uncertified taxable value that is still in the certification process). The District's principal taxpayers include the Developer, which represents \$9,119,180 of taxable assessed valuation, or approximately 62.00% of the District's 2025 Certified Taxable Value.

The ability of the principal taxpayers to make full and timely payments of taxes levied against its property by the District and similar taxing authorities will directly affect the District's ability to meet its debt service obligations. If, for any reason, the principal taxpayers do not pay taxes due or do not pay in a timely manner, the District may need to use other funds available for debt service purposes to the extent available. Further, if any of the principal taxpayers cease operations within the District, a substantial decrease in the District's value may result; the District has no understanding with any of the principal taxpayers regarding their future level of operations in the District. The District has not covenanted in the Bond Order, nor is it required by Texas law, to maintain any particular balance in its Debt Service Fund. Therefore, failure by the principal taxpayers to pay their taxes on a timely basis in amounts in excess of the District's available funds could have a material adverse effect upon the District's ability to pay debt service on the Bonds on a current basis. See "THE DEVELOPER" and "DISTRICT TAX DATA – Principal Taxpayers."

The Developer has informed the District that its current plan is to continue developing its property in the District. However, neither the Developer nor any future developer is obligated to implement development plans on any particular schedule or at all. Thus, the furnishing of any information related to any proposed development should not be interpreted as a commitment. The District makes no representation about the probability of development continuing in a timely manner or about the ability of the Developer and other landowners to implement any plan of development. Furthermore, there is no restriction on any landowner's right to sell land. The District can make no prediction as to the effects that current or future economic conditions or governmental circumstances may have on any plans of the Developer, its affiliates or any other landowners. See "THE DEVELOPER" and "THE DISTRICT—Land Uses and Status of Land Development."

Landowners/Developer Under No Obligation to the District

The Developer has informed the District of its current plans to continue to develop land in the District for residential purposes. However, neither the Developer nor any other landowner within the District have any commitments or obligations to proceed at any particular rate or according to any specified plan with the development of land or the construction of homes or commercial improvements in the District. Currently, there is no restriction on any landowner's right (including the Developer's) to sell its land. Failure to construct taxable improvements on developed lots (currently existing lots or lots anticipated to be created by the Developer) and failure of landowners to develop their land would restrict the rate of growth of taxable value in the District as it has in the past. The District is also dependent upon certain principal taxpayers, including the Developer, for the timely payment of ad valorem taxes, and the District cannot predict what the future financial condition of either will be or what effect, if any, such conditions may have on their ability to pay taxes. See "DISTRICT TAX DATA – Principal Taxpayers."

Undeveloped Acreage and Vacant Lots

To date, there are approximately 29 undeveloped but developable acres within the District that have not been provided with water, wastewater, drainage, road, and other facilities necessary for the construction of taxable improvement. In addition, there are 64 vacant developed lots. Future increases in value will result primarily from the construction of lots and homes. The District makes no representation as to when or if development of the undeveloped but developable acreage will occur or that the lot sales and building program will be successful. See "THE DISTRICT – Land Uses and Status of Land Development."

Dependence on Future Development and Potential Impact on District Tax Rates

The District has authorized publication of its intent to levy a total 2025 tax rate of \$1.10 per \$100 of assessed valuation, which will be slightly higher than the tax rate that is common among many other similar utility districts providing water, sanitary sewer, and storm drainage services in Montgomery County. An increase in the District's tax rate substantially above such a level could have an adverse impact on future development in the District and on the District's ability to collect such tax.

Assuming no further residential building development within the District other than that which has been constructed, the value of such land and improvements currently located and under construction within the District could be a major determinant of the ability of the District to collect, and the willingness of property owners to pay, ad valorem taxes levied by the District. After issuance of the Bonds, the Maximum Annual Debt Service Requirement will be \$240,875 (2052). The District's September 15, 2025, Estimated Taxable Value is \$27,775,917. Assuming no increase or decrease from the September 15, 2025, Estimated Taxable Value and no use of other District funds, a debt service tax rate of \$0.92 per \$100 of assessed valuation at 95% collection rate would be necessary to pay the Maximum Annual Debt Service Requirement. The District's 2025 Certified Taxable Value is \$14,752,414. Assuming no increase or decrease from the 2025 Certified Taxable Value and no use of other District funds, a debt service tax of \$1.72 per \$100 of assessed valuation at 95% collection rate would be necessary to pay the Maximum Annual Debt Service Requirement. See "DISTRICT TAX DATA – Tax Adequacy of Tax Revenue."

Tax Collections

The District's ability to make debt service payments may be adversely affected by its inability to collect ad valorem taxes. Under Texas law, the levy of ad valorem taxes by the District constitutes a lien in favor of the District on a parity with the liens of all other state and local taxing authorities on the property against which taxes are levied, and such lien may be enforced by foreclosure. The District's ability to collect ad valorem taxes through such foreclosure may be impaired by (a) cumbersome, time-consuming and expensive collection procedures, (b) a bankruptcy court's stay of tax collection procedures against a taxpayer, (c) market conditions limiting the proceeds from a foreclosure sale of taxable property or (d) the taxpayer's right to redeem the property within six (6) months for commercial property and two (2) years for residential and all other property after the purchaser's deed issued at the foreclosure sale is filed in the county records. While the District has a lien on taxable property within the District for taxes levied against such property, such lien can be foreclosed only in a judicial proceeding. Attorney's fees and other costs of collecting any such taxpayer's delinquencies could substantially reduce the net proceeds to the District from a tax foreclosure sale. Finally, any bankruptcy court with jurisdiction over bankruptcy proceedings initiated by or against a taxpayer within the District pursuant to the Federal Bankruptcy Code could stay any attempt by the District to collect delinquent ad valorem taxes against such taxpayer. In addition to the automatic stay against collection of delinquent taxes afforded a taxpayer during the pendency of a bankruptcy, a bankruptcy could affect payment of taxes in two (2) other ways: first, a debtor's confirmation plan may allow a debtor to make installment payments on delinquent taxes for up to six (6) years; and, second, a debtor may challenge, and a bankruptcy court may reduce, the amount of any taxes assessed against the debtor, including taxes that have already been paid. See "TAXING PROCEDURES – District's Rights in the Event of Tax Delinquencies."

Economic Factors and Interest Rates

A substantial percentage of the taxable value in the District results from the current market value of single-family residences, land and developed lots. The Houston area economy is particularly tied to the energy industry, and fluctuations in oil and natural gas prices could adversely affect the demand for housing and the assessed values of properties located in the District. An oversupply of homes, along with a decreased demand in new housing because of general economic conditions or relatively high interest rates, may have an adverse impact on sale prices for homes and, consequently, may materially adversely affect property values or, in some instances, cause the Developer or other builders to abandon homebuilding plans altogether.

The continued growth of taxable values in the District is directly related to the housing and building industry. The housing and building industry has historically been a cyclical industry, affected by both short-term and long-term interest rates, availability of mortgage and development funds, labor conditions, and general economic conditions. A return to relatively high mortgage interest rates similar to those experienced in the past may adversely affect the availability and desirability of mortgage financing for new homes, hence reducing demand by the Developer or other homebuilders for lots within the District.

Interest rates and the availability of mortgage and development funds have a direct impact on construction activity, particularly the short-term interest rates at which developers and builders are able to obtain financing for land development or homebuilding costs. Interest rate levels may affect the Developer's ability to complete development or building plans. Long-term interest rates affect home purchasers' ability to qualify for and afford the total financing costs of a new home. The continuation of long-term interest rates at higher levels may negatively affect home sales and the rate of growth of taxable values in the District.

The Houston metropolitan area has, in the past, experienced increased unemployment, business failures, and slow absorption of office space. These factors, if they recur, could affect the demand for new residential home construction and commercial development and hence the growth of property values in the District. An oversupply of homes, along with a decreased demand in new housing because of general economic conditions or relatively high interest rates, may have an adverse impact on sale prices for homes and, consequently, may materially adversely affect property values or, in some instances, cause builders to abandon homebuilding plans altogether.

The housing industry in the Houston area is competitive and the District can give no assurance that current homebuilding programs will be completed. The competitive position of the Developer and that of other prospective builders in the construction of single-family residential houses, is affected by most of the factors discussed herein. Such a competitive position is directly related to tax revenues to be received by the District and the growth and maintenance of taxable values in the District.

Alternative sites are available for the construction of single-family residential improvements and commercial development within the market area in which the District is located. Such sites could pose competition to the continued home-building development and commercial development on comparable sites within the District.

Future Debt

At an election held on November 7, 2023, the District's voters authorized the issuance of unlimited tax bonds for various purposes as reflected in the table below:

<u>Amount</u>	<u>Purpose</u>
\$351,000,000	For certain water, wastewater, and drainage facilities and refunding purposes
\$149,250,000	For certain road facilities and refunding purposes
\$62,500,000	For certain parks and recreational facilities and refunding purposes

After the issuance of the Bonds, the District will have the following amounts that remain authorized but unissued: (i) \$347,600,000 of unlimited tax bonds for water, wastewater, and drainage facilities and refunding purposes; (ii) \$149,250,000 of unlimited tax bonds for road facilities and refunding purposes; and (iii) \$62,500,000 of unlimited tax bonds for parks and recreational facilities and refunding purposes.

The District has the right to issue additional bonds as may hereafter be approved by both the Board and the voters of the District. Such additional bonds would be issued on a parity with the Bonds. Any future new money bonds (except for new money road bonds) to be issued by the District must also be approved by the TCEQ. Issuance of additional bonds could dilute the investment security for the Bonds.

The District is also authorized by statute to engage in fire-fighting activities, including the issuance of bonds payable from taxes for such purpose. Before the District could issue bonds payable from taxes for said purpose, the following actions would be required: (a) authorization of a detailed master plan and bonds for such purpose by the qualified voters in the District; (b) amendment of the existing City of Montgomery ordinance specifying the purposes for which the District may issue bonds; (c) approval of the master plan and issuance of bonds by the TCEQ; and (d) approval of bonds by the Attorney General of Texas. The Board is not considering authorizing preparation of a fire plan or calling a fire bond election at this time. Issuance of bonds for fire-fighting activities could dilute the investment security for the Bonds.

Financing Parks and Recreational Facilities

The District is authorized by statute to develop parks and recreational facilities, including the issuing of bonds payable from taxes for such purpose. If the District does issue park bonds, the outstanding principal amount of such bonds may not exceed an amount equal to one percent of the value of the taxable property in the District, unless the District meets certain financial feasibility requirements under the TCEQ rules, in which case the outstanding principal amount of such bonds may not exceed an amount equal to three percent of the value of the taxable property in the District. The District has prepared a park plan and conducted a bond election on November 7, 2023, that authorized \$62,500,000 of park and recreational facilities bonds, all of which remain authorized but unissued.

Current law may be changed in a manner to increase the amount of bonds that may be issued as related to a percentage of the value of taxable property or to allow a higher or lower maintenance tax rate for such purposes. The levy of taxes for such purposes may dilute the security for the Bonds.

Financing Road Facilities

The District is authorized to develop road facilities, including the issuing of bonds payable from taxes for such purpose. Before the District can issue road bonds payable from taxes, approval of the bonds by the Attorney General of Texas is required. When the District does issue road bonds, the outstanding principal amount of such bonds may not exceed an amount equal to twenty-five percent of the assessed value of real property in the District. The District conducted a bond election that authorized \$149,250,000 of road bonds at an election held on November 7, 2023, all of which will remain authorized but unissued.

Marketability

The District has no understanding (other than the initial reoffering yields) with the Underwriter (defined herein) regarding the reoffering yields or prices of the Bonds and has no control over trading of the Bonds in the secondary market. Moreover, there is no assurance that a secondary market will be made in the Bonds. If there is a secondary market, the difference between the bid and asked price of the Bonds may be greater than the spread between the bid and asked price of more traditional issuers as such bonds are generally bought, sold, or traded in the secondary market.

Competition

The demand for and construction of taxable improvements in the District could be affected by competition from other developments near the District, including within western Montgomery County, Texas. Many of the other developments are generally accessible by the same commuter routes and served by the same employment centers and school districts causing the developments to compete with one another for the same pool of buyers at similar price points and amenity levels.

The competitive position of the Developer in the sale of land or the sale of residences is affected by most of the factors discussed in this section. Such a competitive position is directly related to the growth and maintenance of taxable values in the District and tax revenues to be received by the District. The District can give no assurance that building and marketing programs in the District by the Developer will be implemented or, if implemented, will be successful.

Potential Effects of Oil Price Fluctuation on the Houston Area

The economy of the Houston area has, in the past, been particularly affected by adverse conditions in the oil and gas industry, and such conditions and their spillover effects into other industries could result in declines in the demand for residential and commercial property in the Houston area and could reduce or negatively affect property values or homebuilding activity within the District. The District cannot predict the impact that negative conditions in the oil industry could have on the District's property value.

Operating Funds

The District's primary source of revenue to pay operating expenses are maintenance tax proceeds and Developer advances. The District has authorized publication of its intent to levy a 2025 maintenance tax rate in the amount of \$1.10 per \$100 assessed valuation. The revenue produced from the maintenance tax must be sufficient to offset the operating expenses of the District. The District's 2025 operations and maintenance tax levy amount will be approximately \$162,277, which will be deposited into the District's General Fund. As of October 8, 2025, the District's General Fund had an unaudited cash and investment balance of \$72,236. For the fiscal year ending May 31, 2026, the District is currently budgeting expenditures of \$138,015. Maintenance of a positive General Fund balance will depend upon: (i) continued development and increased amounts of maintenance tax revenue; and (ii) operating advances from the Developer from time to time, which may be reimbursed from proceeds of future bonds. Upon request from the District from time to time, the Developer has made operating advances to the District's General Fund, and such advances have been made on time and in full. If its General Fund balance is depleted, then the District will be required to levy a maintenance tax at a rate sufficient to fund its operating expenses as previously described. Such a tax, may result in a total District tax which could adversely affect continued development of the District, as well as the willingness of taxpayers to pay taxes on their property. The District expects that it will be able to maintain a total tax rate of \$1.10 per \$100 of assessed valuation subsequent to the sale of the Bonds. The Developer has entered into an agreement with the District memorializing its obligation to make operating advances to the District as may be required from time to time. See "THE SYSTEM – General Fund Operating History" and "DISTRICT TAX DATA – Tax Rate and Collections."

Continuing Compliance with Certain Covenants

Failure of the District to comply with certain covenants contained in the Bond Order on a continuing basis prior to the maturity of the Bonds could result in interest on the Bonds becoming taxable retroactively to the date of original issuance. See "TAX MATTERS."

Environmental Regulations

Wastewater treatment, water supply, storm sewer facilities and construction activities within the District are subject to complex environmental laws and regulations at the federal, state and local levels that may require or prohibit certain activities that affect the environment, such as:

- Requiring permits for construction and operation of water wells, wastewater treatment facilities, and other facilities;
- Restricting the manner in which wastes are treated and released into the air, water and soils;
- Restricting or regulating the use of wetlands or other properties; or
- Requiring remedial action to prevent or mitigate pollution.

Sanctions against a municipal utility district or other type of special purpose district for failure to comply with environmental laws and regulations may include a variety of civil and criminal enforcement measures, including assessment of monetary penalties, imposition of remedial requirements and issuance of injunctions to ensure future compliance. Environmental laws and compliance with environmental laws and regulations can increase the cost of planning, designing, constructing and operating water production and wastewater treatment facilities. Environmental laws can also inhibit growth and development within the District. Further, changes in regulations occur frequently, and any changes that result in more stringent and costly requirements could materially impact the District.

Air Quality Issues: Air quality control measures required by the United States Environmental Protection Agency (the “EPA”) and the Texas Commission on Environmental Quality (the “TCEQ”) may impact new industrial, commercial and residential development in the Houston area. Under the Clean Air Act (“CAA”) Amendments of 1990, the eight-county Houston-Galveston-Brazoria area (“HGB Area”)—Harris, Galveston, Brazoria, Chambers, Fort Bend, Waller, Montgomery and Liberty Counties—has been designated a nonattainment area under two separate federal ozone standards: the eight-hour ozone standard of 75 ppb promulgated by the EPA in 2008 (the “2008 Ozone Standard”), and the EPA’s most-recent promulgation of an even lower, 70 ppb eight-hour ozone standard in 2015 (the “2015 Ozone Standard”). While the State of Texas has been able to demonstrate steady progress and improvements in air quality in the HGB Area, the HGB Area remains subject to CAA nonattainment requirements.

The HGB Area is currently designated as a “severe” nonattainment area under the 2008 Ozone Standard, with an attainment deadline of July 20, 2027. If the EPA ultimately determines that the HGB Area has failed to meet the attainment deadline based on the relevant data, the area is subject to reclassification to a nonattainment classification that provides for more stringent controls on emissions from the industrial sector. In addition, the EPA may impose a moratorium on the awarding of federal highway construction grants and other federal grants for certain public works construction projects if it finds that an area fails to demonstrate progress in reducing ozone levels.

The HGB Area is currently designated as a “serious” nonattainment area under the 2015 Ozone Standard, with an attainment deadline of August 3, 2027. For purposes of the 2015 Ozone Standard, the HGB Area consists of only six counties: Brazoria, Chambers, Fort Bend, Galveston, Harris, and Montgomery Counties.

In order to demonstrate progress toward attainment of the EPA’s ozone standards, the TCEQ has established a state implementation plan (“SIP”) for the HGB Area setting emission control requirements, some of which regulate the inspection and use of automobiles. These types of measures could impact how people travel, what distances people are willing to travel, where people choose to live and work, and what jobs are available in the HGB Area. These SIP requirements can negatively impact business due to the additional permitting/regulatory constraints that accompany this designation and because of the community stigma associated with a nonattainment designation. It is possible that additional controls will be necessary to allow the HGB Area to reach attainment with the ozone standards by the EPA’s attainment deadlines. These additional controls could have a negative impact on the HGB Area’s economic growth and development.

Water Supply & Discharge Issues: Water supply and discharge regulations that municipal utility districts, including the District, may be required to comply with involve: (1) groundwater well permitting and surface water appropriation; (2) public water supply systems; (3) wastewater discharges from treatment facilities; (4) storm water discharges; and (5) wetlands dredge and fill activities. Each of these is addressed below:

Certain governmental entities regulate groundwater usage in the HGB Area. A municipal utility district or other type of special purpose district that (i) is located within the boundaries of such an entity that regulates groundwater usage, and (ii) relies on local groundwater as a source of water supply, may be subject to requirements and restrictions on the drilling of water wells and/or the production of groundwater that could affect both the engineering and economic feasibility of district water supply projects.

Pursuant to the federal Safe Drinking Water Act (“SDWA”) and the EPA’s National Primary Drinking Water Regulations (“NPDWRs”), which are implemented by the TCEQ’s Water Supply Division, a municipal utility district’s provision of water for human consumption is subject to extensive regulation as a public water system. Municipal utility districts must generally provide treated water that meets the primary and secondary drinking water quality standards adopted by the TCEQ, the applicable disinfectant residual and inactivation standards, and the other regulatory action levels established under the agency’s rules. The EPA has established NPDWRs for more than ninety (90) contaminants and has identified and listed other contaminants which may require national drinking water regulation in the future. Further, the EPA has established a NPDWR for six (6) Per- and Polyfluoroalkyl Substances (“PFAS”), which requires public water systems to perform certain monitoring and remediation measures. Public water systems may be subject to additional PFAS regulation in the future, which could increase the cost of constructing, operating, and maintaining water production and distribution facilities.

Texas Pollutant Discharge Elimination System (“TPDES”) permits set limits on the type and quantity of discharge, in accordance with state and federal laws and regulations. The TCEQ reissued the TPDES Construction General Permit (TXR150000) (“CGP”), with an effective date of March 5, 2023, which is a general permit authorizing the discharge of stormwater runoff associated with small and large construction sites and certain non-stormwater discharges into surface water in the state. The CGP has a 5-year permit term, and is then subject to renewal. Moreover, the Clean Water Act (“CWA”) and Texas Water Code require municipal

wastewater treatment plants to meet secondary treatment effluent limitations and more stringent water quality-based limitations and requirements to comply with the Texas water quality standards. Any water quality-based limitations and requirements with which a municipal utility district must comply may have an impact on the municipal utility district's ability to obtain and maintain compliance with TPDES permits.

The TCEQ issued the General Permit for Phase II (Small) Municipal Separate Storm Sewer Systems (the "MS4 Permit") on August 15, 2024. The MS4 Permit authorizes the discharge of stormwater to surface water in the state from small municipal separate storm sewer systems. While the District is currently not subject to the MS4 Permit, if the District's inclusion were required at a future date, the District could incur substantial costs to develop, implement, and maintain the necessary plans as well as to install or implement best management practices to minimize or eliminate unauthorized pollutants that may otherwise be found in stormwater runoff in order to comply with the MS4 Permit.

Operations of utility districts, including the District, are also potentially subject to requirements and restrictions under the CWA regarding the use and alteration of wetland areas that are within the "waters of the United States." The District must obtain a permit from the United States Army Corps of Engineers ("USACE") if operations of the District require that wetlands be filled, dredged, or otherwise altered.

In 2023, the Supreme Court of the United States issued its decision in *Sackett v. EPA*, which clarified the definition of "waters of the United States" and significantly restricted the reach of federal jurisdiction under the CWA. Under the *Sackett* decision, "waters of the United States" includes only geographical features that are described in ordinary parlance as "streams, oceans, rivers, and lakes" and to adjacent wetlands that are indistinguishable from such bodies of water due to a continuous surface connection. Subsequently, the EPA and USACE issued a final rule amending the definition of "waters of the United States" under the CWA to conform with the Supreme Court's decision.

While the *Sackett* decision and subsequent regulatory action removed a great deal of uncertainty regarding the ultimate scope of "waters of the United States" and the extent of EPA and USACE jurisdiction, operations of municipal utility districts, including the District, could potentially be subject to additional restrictions and requirements, including additional permitting requirements, in the future.

Changes in Tax Legislation

Certain tax legislation, whether currently proposed or proposed in the future, may directly or indirectly reduce or eliminate the benefit of the exclusion of interest on the Bonds from gross income for federal income tax purposes. Any proposed legislation, whether or not enacted, may also affect the value and liquidity of the Bonds. Prospective purchasers of the Bonds should consult with their own tax advisors with respect to any proposed, pending, or future legislation.

Severe Weather

The District is located approximately 60 miles from the Texas Gulf Coast. Land located in this area is susceptible to high winds, heavy rain and flooding caused by hurricanes, tropical storms, and other tropical disturbances. If a hurricane (or any other natural disaster) significantly damaged all or part of the improvements within the District, the assessed value of property within the District could be substantially reduced, with a corresponding decrease in tax revenues or necessity to increase the District's tax rate. Further, there can be no assurance that a casualty loss to taxable property within the District will be covered by insurance (or that property owners will even carry flood insurance), that any insurance company will fulfill its obligation to provide insurance proceeds, or that insurance proceeds will be used to rebuild or repair any damaged improvements within the District. Even if insurance proceeds are available and improvements are rebuilt, there could be a lengthy period in which assessed values within the District would be adversely affected.

The greater Houston area has experienced multiple storms exceeding a 0.2% probability of occurrence (i.e., "500-year flood" events) since 2015. If the District were to sustain damage to its facilities as a result of such a storm (or any other severe weather event) requiring substantial repair or replacement, or if substantial damage to taxable property within the District were to occur as a result of a severe weather event, the investment security of the Bonds could be adversely affected.

Specific Flood Type Risks

The District may be subject to the following flood risks:

Ponding (or Pluvial) Flooding – Ponding, or pluvial, flooding occurs when heavy rainfall creates a flood event independent of an overflowing water body, typically in relatively flat areas. Intense rainfall can exceed the drainage capacity of a drainage system, which may result in water within the drainage system becoming trapped and diverted onto streets and nearby property until it is able to reach a natural outlet. Ponding can also occur in a flood pool upstream or behind a dam, levee or reservoir.

Riverine (or Fluvial) Flooding – Riverine, or fluvial, flooding occurs when water levels rise over the top of river, bayou or channel banks due to excessive rain from tropical systems making landfall and/or persistent thunderstorms over the same area for extended periods of time. The damage from a riverine flood can be widespread. The overflow can affect smaller rivers and streams downstream, or may sheet-flow over land. Flash flooding is a type of riverine flood that is characterized by an intense, high velocity torrent of water that occurs in an existing river channel with little to no notice. Flash flooding can also occur even if no rain has fallen, for instance, after a levee, dam or reservoir has failed or experienced an uncontrolled release, or after a sudden release of water by a

debris or ice jam. In addition, planned or unplanned controlled releases from a dam, levee or reservoir also may result in flooding in areas adjacent to rivers, bayous or manmade drainage systems (canals or channels) downstream.

National Weather Service Atlas 14 Study

The National Weather Service recently completed a rainfall study known as NOAA Atlas 14, Volume 11 Precipitation-Frequency Atlas of the United States ("Atlas 14"). Floodplain boundaries within the District may be redrawn based on the Atlas 14 study based on a higher statistical rainfall amount, resulting in the application of more stringent floodplain regulations applying to a larger area and potentially leaving less developable property within the District. The application of such regulations could additionally result in higher insurance rates, increased development fees, and stricter building codes for any property located within the expanded boundaries of the floodplain.

Increase in Costs of Building Materials and Labor Shortages

As a result of low supply and high demand, shipping constraints, and the ongoing trade war (including tariffs and retaliatory tariffs), there have been substantial increases in the cost of lumber and other materials, causing developers, homebuilders, and general contractors to experience budget overruns. Further, the federal administration's impositions and threatened impositions of tariffs and the imposition or threatened impositions of retaliatory tariffs against the United States will impact the ability of developers, homebuilders, general contractors, and district consultants to estimate costs, which could have a direct effect on the District's ability to finance water, sanitary, and detention facilities. Furthermore, the federal administration's immigration policies may impact the Texas' workforce.

Cybersecurity

The District's consultants use digital technologies to collect taxes, hold funds and process disbursements. These systems necessarily hold sensitive protected information that is valued on the black market. As a result, the electronic systems and networks of organizations like the District's consultants are considered targets for cyber-attacks and other potential breaches of their systems. To the extent the District is determined to be the party responsible for various electronic systems or suffers a loss of funds due to a security breach, there could be a material adverse effect on the District's finances. Insurance to protect against such breaches is limited.

Registered Owners' Remedies

If the District defaults in the payment of principal of, interest on, or redemption price on the Bonds when due, or if it fails to make payments into any fund or funds created in the Bond Order, or defaults in the observation or performance of any other covenants, conditions, or obligations set forth in the Bond Order, the Registered Owners have the right of a writ of mandamus issued by a court of competent jurisdiction requiring the District and its officials to observe and perform the covenants, obligations, or conditions prescribed in the Bond Order. Except for mandamus, the Bond Order does not specifically provide for remedies to protect and enforce the interests of the Registered Owners. There is no acceleration of maturity of the Bonds in the event of default and, consequently, the remedy of mandamus may have to be relied upon from year to year. Further, there is no trust indenture or trustee, and all legal actions to enforce such remedies would have to be undertaken at the initiative of, and be financed by, the Registered Owners. Statutory language authorizing local governments such as the District to sue and be sued does not waive the local government's sovereign immunity from suits for money damages. Even if such sovereign immunity were waived and a judgment against the District for money damages were obtained, the judgment could not be enforced by direct levy and execution against the District's property. Further, the Registered Owners cannot themselves foreclose on property within the District or sell property within the District to enforce the tax lien on taxable property to pay the principal of and interest on the Bonds. The enforceability of the rights and remedies of the Registered Owners may further be limited by a State of Texas statute reasonably required to attain an important public purpose or by laws relating to bankruptcy, reorganization, or other similar laws of general application affecting the rights of creditors of political subdivisions, such as the District.

Bankruptcy Limitation to Registered Owners' Rights

The enforceability of the rights and remedies of the Registered Owners may be limited by laws relating to bankruptcy, reorganization, or other similar laws of general application affecting the rights of creditors of political subdivisions such as the District. Specifically, the District may voluntarily file a petition for protection from creditors under the federal bankruptcy laws. During the pendency of the bankruptcy proceedings, the remedy of mandamus would not be available to the Registered Owners unless authorized by a federal bankruptcy judge.

Subject to the requirements of Texas law, the District may voluntarily proceed under Chapter 9 of the Federal Bankruptcy Code, 11 U.S.C. Section 901-946, if the District: (a) is generally authorized to file for federal bankruptcy protection by the State law; (b) is insolvent or unable to meet its debts as they mature; (c) desires to effect a plan to adjust such debts; and (d) has either obtained the agreement of, or negotiated in good faith with, its creditors or is unable to negotiate with its creditors because negotiation is impracticable. Under Texas law, the District must obtain the approval of the TCEQ prior to filing bankruptcy. Such law requires that the TCEQ investigate the financial condition of the District and authorize the District to proceed only if the District has fully exercised its rights and powers under Texas law and remains unable to meet its debts and other obligations as they mature.

Notwithstanding noncompliance by a district with Texas law requirements, a district could file a voluntary bankruptcy petition under Chapter 9, thereby invoking the protection of the automatic stay until the bankruptcy court, after a hearing, dismisses the petition.

A federal bankruptcy court is a court of equity and federal bankruptcy judges have considerable discretion in the conduct of bankruptcy proceedings and in making the decision of whether to grant the petitioning district relief from its creditors. While such a decision might be appealable, the concomitant delay and loss of remedies to the Registered Owners could potentially and adversely impair the value of the Registered Owners' claim.

If a petitioning district were allowed to proceed voluntarily under Chapter 9 of the Federal Bankruptcy Code, it could file a plan for an adjustment of its debts. If such a plan were confirmed by the bankruptcy court, it could, among other things, affect Registered Owners by reducing or eliminating the amount of indebtedness, deferring or rearranging the debt service schedule, reducing or eliminating the interest rate, modifying or abrogating collateral or security arrangements, substituting (in whole or in part) other securities, and otherwise compromising and modifying the rights and remedies of the Registered Owners' claims against the District.

A district cannot be placed into bankruptcy involuntarily.

Approval of the Bonds

As required by law, the Attorney General of Texas must approve the legality of the Bonds prior to their delivery. The Attorney General of Texas does not pass upon or guarantee the safety of the Bonds as an investment or the adequacy or accuracy of the information contained in this Official Statement.

USE OF BOND PROCEEDS

Proceeds from the sale of the Bonds will be used to: (1) reimburse the Developer (defined herein) for offsite utilities, land acquisition costs and City of Montgomery impact fees serving the District; (2) fund developer interest related to the advancement of funds for certain construction costs, creation costs and developer advances; and (3) fund 18 months of capitalized interest on the Bonds.

Elevations Land Solutions (the "Engineer") has advised the District that the proceeds listed below should be sufficient for the acquisition of such facilities. The District's present estimate of the use of proceeds of the Bonds is as follows:

<u>CONSTRUCTION COSTS</u>	<u>Total Amount</u>
<i>District Items</i>	
Montgomery Bend Section 1 & Offsite Utilities	\$592,410
Land Acquisition Costs	\$1,179,068
City Water and Wastewater Impact Fees	<u>\$571,323</u>
Total Developer Contribution Items	\$2,342,801
 TOTAL CONSTRUCTION COSTS (68.91% of BIR)	 \$2,342,801
<u>NON-CONSTRUCTION COSTS</u>	
Legal Fees	\$100,000
Fiscal Agent Fees	\$68,000
Interest Costs:	
Capitalized Interest (18 months @ 5.50%)	\$280,500
Developer Interest	\$174,031
Bond Discount (3%)	\$102,000
Bond Issuance Expenses	\$57,868
Bond Application Report Costs	\$50,000
Creation Expenses	\$48,000
Operation Expenses	\$164,900
Attorney General Fee	\$3,400
TCEQ Fee	\$8,500
Contingency	<u>\$0 (a)</u>
TOTAL NON-CONSTRUCTION COSTS (31.09% of BIR)	\$1,057,199
 TOTAL BOND ISSUE REQUIREMENT	 <u>\$3,400,000</u>

- (a) The TCEQ Order requires that the District designate any surplus Bond proceeds resulting from the sale of the Bonds at a lower interest rate than the rate authorized by the TCEQ Order as a contingency line item in the Final Official Statement. Such funds may be used by the District only in accordance with the TCEQ rules.

THE DISTRICT

Authority

The District is a municipal utility district created by an order of the TCEQ dated August 7, 2023. The District was created pursuant to the authority of Article XVI, Section 59 and Article III, Section 52 of the Texas Constitution and operates pursuant to Chapters 49 and 54, Texas Water Code, as amended. The rights, powers, privileges, authority, and functions of the District are established by the general laws of the State of Texas pertaining to municipal utility districts, including particularly Chapters 49 and 54, Texas Water Code, as amended. The District is subject to the continuing supervision of the TCEQ. The District is empowered to purchase, construct, operate, and maintain all works, improvements, facilities, and plants necessary for the supply of water; the collection, transportation, and treatment of wastewater; and the control and diversion of storm water. Additionally, the District is empowered to purchase, construct, operate, and maintain roads and parks and recreational facilities.

Under certain limited circumstances, the District is authorized to construct, develop, maintain, and finance park and recreational facilities, and to construct, develop, maintain, and finance roads. In addition, the District is authorized to establish, operate, and maintain a fire department, independently or with one or more other conservation and reclamation districts, and to provide such facilities and services to the customers of the District. See “RISK FACTORS – Financing Road Facilities,” “– Financing Parks and Recreational Facilities,” and “THE BONDS – Issuance of Additional Debt.”

The District is situated entirely within the corporate limits of the City. In order to obtain the consent of the City to the District's creation, the District has agreed to observe certain City requirements. These requirements limit the purposes for which the District may sell bonds for the acquisition and improvement of waterworks, wastewater, and drainage facilities, road facilities, and park and recreational facilities and limit the net effective interest rate on such bonds and other terms of such bonds.

Description and Location

The District, as it was originally created, included approximately 80 acres. Since the creation of the District, there have been no annexations or exclusions of land. The District is located in western Montgomery County, Texas and is situated entirely within the corporate limits of the City of Montgomery, Texas (the “City”). The District is located approximately 2 miles northeast of the central business district of the City and approximately 30 miles north of the central business district of the City of Houston, Texas. The District is bounded on the northwest by Farm to Market 1097 (FM 1097), on the west by the Terra Vista at Waterstone development, and on the east by the Grand Harbor development. See “AERIAL PHOTOGRAPH.”

Land Uses and Status of Land Development

A summary of the approximate land use in the District as of October 1, 2025, appears in the following table:

<u>Type of Land Use</u>	<u>Approximate Acres</u>
Developed and Improved Acres (a)	33
Acres Under Development (b)	0
Remaining Developable Acreage (c)	29
Undevelopable Acreage (d)	<u>18</u>
Total Approximate Acres	80

-
- | | |
|-----|--|
| (a) | Represents land that is served with utilities and has single-family residential improvements constructed on site, including Montgomery Bend, Sections 1 and 2. See “– Status of Residential Development” herein. |
| (b) | Represents the land located in Montgomery Bend, which is currently under construction. Currently there are no sections of Montgomery Bend under construction. |
| (c) | Represents land available for future development. The District makes no representation that the development of such acreage will ever be undertaken or that taxable improvements will ever be constructed thereon. See “THE DEVELOPER – Future Development.” |
| (d) | Includes road rights-of-way, detention ponds, drainage easements, District plant sites, open spaces, and a recreation center serving the Montgomery Bend subdivision. |

Status of Residential Development

The District is being developed for single-family residential purposes in the subdivision known as Montgomery Bend. Homebuilding within the District commenced on or about December of 2023. The following table indicates the approximate status of single-family residential development as of October 1, 2025. See “APPENDIX B – Photographs Taken in the District” for further illustration of the various products of homes being constructed in the District.

<u>Subdivision/Section</u>	<u>Total Lots</u>	Homes		<u>Vacant Lots</u>
		<u>Complete</u>	<u>Under Construction</u>	
Montgomery Bend, Section 1 (a)	69	32	9	28
Montgomery Bend, Section 2 (a)	88	29	23	36
TOTALS	157	61 (b)	32	64

(a) Homes in the Montgomery Bend subdivision are being constructed by the Developer on 45-foot lots and are currently being marketed and sold in the \$240,990 - \$375,990 price range.

(b) As of October 1, 2025, approximately 47 of the completed homes were owner-occupied.

THE DEVELOPER

Role of a Developer

In general, the activities of developers in a municipal utility district such as the District include purchasing the land within a district, designing the streets in the subdivision, designing any community facilities to be built, defining a marketing program and building schedule, securing necessary governmental approvals and permits for development, arranging for the construction of roads and the installation of utilities, and selling improved lots and commercial reserves to builders, other developers, or other third parties. In most instances, a developer will be required to pay up to 30% of the cost of financing certain water, wastewater, and drainage facilities in the utility district exclusive of water and sewage treatment plants unless a waiver from this requirement is requested and obtained from the TCEQ by the District, pursuant to the rules of the TCEQ. In addition, a developer is ordinarily the major taxpayer within a utility district during the property development phase and the developer's inability to pay the taxes assessed on its property within a district would have a materially adverse effect on the revenues of the district. The relative success or failure of a developer to perform development activities within a utility district may have a profound effect on the ability of the district to generate sufficient tax revenues to service and retire all tax bonds issued by the district. While a developer generally commits to pave streets and pay its allocable portion of the costs of utilities to be financed by the utility district through a specific bond issue, a developer is generally under no obligation to a district to undertake development activities with respect to other property that it owns within a district. Furthermore, there is no restriction on a developer's right to sell any or all of the land that the developer owns within a district.

Description of the Developer

The sole developer of the District is Pulte Homes of Texas, LP, a Texas limited partnership (the "Developer"), whose general partner is Pulte Nevada I LLC, a Delaware limited liability company. Pulte and Pulte Nevada I LLC are wholly-owned subsidiaries of PulteGroup, Inc., a Michigan corporation. The Developer is a wholly owned subsidiary of its publicly traded parent company, PulteGroup, Inc., a Michigan corporation, the stock of which is publicly traded on the New York Stock Exchange under the ticker symbol "PHM." As a publicly traded company, PulteGroup, Inc. is subject to the information requirements of the Securities Exchange Act of 1934, as amended, and in accordance therewith files annual reports, quarterly reports, proxy statements, and periodic statements with the United States Securities and Exchange Commission ("SEC"). Reports, proxy statements, and other information filed by PulteGroup, Inc. can be inspected at the office of the SEC at Judiciary Plaza, Room 1024, 450 Fifth Street, N.W., Washington, D.C. 20549, at prescribed rates. Copies of the above reports, proxy statements and other information may also be inspected at the offices of the New York Stock Exchange, Inc., 20 Broad Street, New York, New York 10005. The SEC maintains a website at <http://www.sec.gov> that contains reports, proxy information statements, and other information regarding registrants that file electronically with the SEC."

While PulteGroup, Inc. may provide internal financing to its subsidiaries, including the Developer, it is not in any way responsible for the payment of taxes to the District or for the payment of interest and principal on the Bonds. Neither the Developer nor PulteGroup, Inc. has made any commitment to pay debt service on the Bonds, and reference to the financial information of PulteGroup, Inc. in this Official Statement should not be so construed. The District has not obtained any representations from PulteGroup, Inc. concerning its publicly available filings or undertaken any review thereof and assumes no responsibility for the information contained therein. See "THE DEVELOPER."

Developer is not legally obligated to provide funds or other financial support for the development of the District, to provide funds to pay taxes on property within the District, or to pay any other obligations of the District. Developer is not responsible for, is not liable for, or has not made any commitment for, payment of the Bonds or other obligations of the District, other than its obligation to pay taxes by virtue of its ownership of land within the District, and any reference to or inclusion of financial information, statements or description of financial arrangements does not imply otherwise. Developer has no legal commitment to the District or to the owners of the Bonds to continue to develop land within the District. Developer may sell or otherwise dispose of its property within the District, or any other assets, at any time.

PulteGroup, Inc. is not legally obligated to provide funds for the development of the District, to provide funds to pay taxes on property within the District, or to pay any other obligations of Developer. Further, neither Developer nor PulteGroup, Inc. are responsible for, liable for, or have made any commitment for payment of the Bonds or other obligations of the District, other than payment of taxes, and the inclusion of such financial statements and description of financial arrangements herein should not be construed as an implication to that effect. Neither Developer nor PulteGroup, Inc. has any legal commitment to the District or owners of the Bonds to continue development of the land within the District and Developer may sell or otherwise dispose of its property within the District, or any other assets, at any time.

Pulte is also the sole homebuilder in the District. Pulte has completed the development of two single-family residential lots in Montgomery Bend, Sections 1-2 with sections 3 and 4 ready for development, and is currently implementing its homebuilding program in such sections. According to Pulte, homes in the District are currently being constructed on 45-foot lots and are currently being marketed in the \$240,990 - \$375,990 price range. See "THE DISTRICT – Land Uses and Status of Land Development" and "– Status of Residential Development."

Future Development

The Developer owns additional land within the District that is currently undeveloped, which is anticipated to be developed for predominantly single-family residential purposes in the Montgomery Bend subdivision. See "THE DISTRICT – Status of Residential Development." As stated elsewhere in this Official Statement, the Developer has no commitment or obligation to proceed at any

particular rate or according to any specified plan with the development of land or the construction of homes in the District. Future development and homebuilding depend, in part, upon short-term and long-term interest rates, availability of mortgage and development funds, labor conditions, and general economic conditions. Neither the District nor the Developer represent that the remaining development of the District will ever be undertaken nor that any taxable improvements will ever be constructed thereon. See “RISK FACTORS – Economic Factors,” “– Competition,” and “– Landowners/Developer Under No Obligation to the District.”

THE SYSTEM

Description of the System and Regulation

According to the Engineer, the water, wastewater, and storm drainage facilities serving the land within the District (the “System”) have been designed in conformance with accepted engineering practices and the requirements of certain governmental agencies having regulatory or supervisory jurisdiction over the construction and operation of such facilities, including, as applicable among others, the TCEQ, the City, and Montgomery County. According to the Engineer, all such facilities constructed to date have been approved by all required governmental agencies. During construction, such facilities are subject to inspection by the foregoing governmental agencies having jurisdiction.

The City operates the water supply and distribution facilities and wastewater collection and treatment facilities serving the District. The water supply and wastewater treatment facilities are subject to regulation by, among others, the United States Environmental Protection Agency, the TCEQ, and the Texas Department of Health. The regulations promulgated by these agencies are subject to revisions.

The District is financing the acquisition or construction of a portion of the water supply and distribution, wastewater collection and treatment, and storm drainage and detention facilities to serve property in the District with the proceeds of the sale of the Bonds. The District expects to finance additional costs of acquisition or construction of the water supply and distribution, wastewater collection and treatment, and storm drainage and detention facilities, among other facilities that have been and will be constructed to serve the land within the District, with proceeds of the sale of bonds, if any, that the District expects to issue in the future. See “USE OF BOND PROCEEDS,” “THE BONDS – Issuance of Additional Debt,” and “RISK FACTORS – Future Debt.”

Water Supply Facilities

The District and the City entered into an Utility Agreement (the “Agreement”) on August 7, 2023, which states the City agrees to provide retail water service to the District to serve the full development of the District. The City agrees to own, operate, and maintain the facilities and charge user fees at the in-City Rates. Under the agreement, the Developer agrees to finance and construct on behalf of the District the internal water facilities and dedicate sites thereunder. Per the Agreement, the City will provide sufficient water capacity to serve the ultimate build-out of the District. The District’s water supply is currently sufficient to serve 309 equivalent single-family connections (“ESFCs”).

Wastewater Treatment Facilities

Pursuant to the Agreement, the City agrees to provide retail wastewater service to the District to serve the full development of the District. The City agrees to own, operate and maintain the facilities and charge user fees at in-City Rates. Under the agreement, the Developer agrees to finance and construct on behalf of the District the internal wastewater facilities and dedicate sites thereunder. Per the Agreement, the City will provide sufficient wastewater capacity to serve the ultimate build-out of the District. The District’s wastewater is treated at the City’s Town Creek Wastewater Treatment Facility, TPDES Permit No. WQ0011521001. The District’s wastewater capacity is currently sufficient to serve 309 ESFCs.

Drainage and Detention Facilities

The underground storm drainage collection system serving Montgomery Bend, Sections 1 and 2 is complete. The District’s drainage system utilizes a combination of curb and gutter street system to convey runoff within the District. Stormwater is collected through such curb and gutter system and storm sewers and is routed through a drainage channel which outfalls to Atkins Creek. The detention facilities serve as the primary runoff conveyance system, generally draining east.

100-Year Flood Plain

According to the Engineer, approximately 0.7 acres of land located in the District’s boundaries is located within the 100-year floodplain as determined by the Federal Emergency Management Agency (FEMA) Flood Insurance Rate Map (FIRM), Map No. 48339C0200G dated August 18, 2014, for Montgomery County, Texas. See “RISK FACTORS – Severe Weather.” This acreage lies within a drainage reserve and will remain undeveloped.

General Fund Operating History

The Bonds are payable from the levy of an ad valorem tax, without legal limitation as to rate or amount, upon all taxable property in the District. The information included in the table below relating to the District's operations is provided for information purposes only.

REVENUES	2025 (a)
Property taxes	\$43,378
TOTAL REVENUES	\$43,378
EXPENDITURES	
Current service operations:	
Professional fees	\$56,391
Contracted services	\$9,047
Other	\$7,813
TOTAL EXPENDITURES	\$73,251
OTHER FINANCING SOURCES	
Developer advances (b)	\$82,000
TOTAL OTHER FINANCING SOURCES	\$82,000
NET CHANGE IN FUND BALANCE	\$52,127
BEGINNING FUND BALANCE	(\$33,281)
ENDING FUND BALANCE (c)	\$18,846

- (a) Data is taken from the District's audited financial statements. See "APPENDIX A." The information for the fiscal year ended May 31, 2025 represents the first year of audited financial statements. The information for the fiscal year ended May 31, 2025 represents audited information.
- (b) The District was funded by operating advances from the Developer for fiscal years 2023 through 2025. As noted elsewhere in this Official Statement, the Developer has entered into an agreement with the District memorializing its obligation to make operating advances to the District as may be required from time to time. See "RISK FACTORS – Operating Funds."
- (c) As of October 1, 2025, the District's General Fund had an unaudited cash and investment balance of \$72,236. For the fiscal year ending May 31, 2026, the District's General Fund is currently budgeting revenues of \$138,015, and expenditures of \$138,015.

MANAGEMENT OF THE DISTRICT

The District is governed by a board of directors (the "Board"), which has control over and management supervision of all affairs of the District. Each of the directors owns a parcel of land within the District that is subject to a note and deed of trust. A directors' election is held within the District in May in even-numbered years. Directors are elected to serve four-year staggered terms. The current members and officers of the Board, along with their titles on the Board, are listed below.

<u>Name</u>	<u>Title</u>	<u>Expires May</u>
William Bood	President	2028
Joshua Brooks	Vice President	2028
Jacob Miller	Secretary	2028
Josh Adair	Assistant Secretary	2026
Jacob Abraham	Assistant Secretary	2026

The District does not employ a general manager or any other full-time employees. The District has contracted for bookkeeping, tax assessing and collecting, auditing, engineering, financial advising, and legal services as follows:

Tax Assessor/Collector – The District's Tax Assessor/Collector is Utility Tax Service, LLC, who is employed under an annual contract to perform the District's tax collection functions.

Bookkeeper – The District has contracted with L&S District Services, LLC. for bookkeeping services.

Auditor – The financial statements of the District as of May 31, 2025, and for the year then ended, included in this offering document, have been audited by McCall Gibson Swedlund Barfoot Ellis, PLLC, independent auditors, as stated in their report appearing herein. See "APPENDIX A" for a copy of the District's May 31, 2025, audited financial statements.

Engineer – The consulting engineer for the District is Elevation Land Solutions.

Financial Advisor – The GMS Group, L.L.C., serves as Financial Advisor to the District, and is paid an hourly fee for certain work performed for the District and a contingent fee to be computed on each separate issuance of the bonds, if and when such bonds are delivered. See "OFFICIAL STATEMENT – Financial Advisor."

Legal Counsel – Sanford Kuhl Hagan Kugle Parker Kahn LLP serves as Bond Counsel to the District and as general counsel for the District on matters other than the issuance of bonds. Fees paid for the Bond Counsel services will be paid from proceeds of the Bonds; such fees are contingent upon the sale and delivery of such Bonds.

Disclosure Counsel – McCall, Parkhurst & Horton L.L.P., Houston, Texas, serves as Disclosure Counsel on certain matters related to the sale and delivery of the Bonds, but such advice should not be relied upon by the purchasers as a due diligence undertaking on their behalf. Fees of the Disclosure Counsel will be paid from proceeds of the Bonds; such fees are contingent upon the sale and delivery of such Bonds.

DISTRICT INVESTMENT POLICY

The District has adopted an Investment Policy as required by the Public Funds Investment Act, Chapter 2256, Texas Government Code, as amended. The District's goal is to preserve principal and maintain liquidity while securing a competitive yield in its portfolio. Funds of the District are invested in short-term U.S. Treasuries, certificates of deposit insured by the Federal Deposit Insurance Corporation ("FDIC") or secured by collateral, evidenced by perfected safekeeping receipts held by a third-party bank, and public funds investment pools rated in the highest rating category by a nationally recognized rating service. The District does not currently own, nor does it anticipate the inclusion of long-term securities or derivative products in the District portfolio.

DISTRICT DEBT

9/15/2025 Estimated Taxable Value	\$27,775,917 (a)
2025 Certified Taxable Value	\$14,752,414 (b)

Direct Debt:

The Bonds	<u>\$3,400,000</u>
Total Direct Debt	\$3,400,000

See "DISTRICT DEBT"

Estimated Overlapping Debt	<u>\$382,541 (c)</u>
Direct and Estimated Overlapping Debt	\$3,782,541

Percentage of Direct Debt to:

9/15/2025 Estimated Taxable Value	12.24%
2025 Certified Taxable Value	23.05%

See "DISTRICT DEBT"

Percentage of Direct and Estimated Overlapping Debt to:

9/15/2025 Estimated Taxable Value	13.62%
2025 Certified Taxable Value	25.64%

2025 Tax Rate Per \$100 of Assessed Value:

Debt Service Tax	\$0.00
Maintenance and Operations Tax	<u>\$1.10</u>
Total 2025 Tax Rate	\$1.10 (d)

Cash and Temporary Investment Balances as of October 8, 2025:

General Fund	\$72,236 (e)
Debt Service Fund (as of the date of delivery on the Bonds)	\$280,500 (f)

-
- (a) Reflects data supplied by the Montgomery Central Appraisal District ("MCAD" or the "Appraisal District"). The Estimated Taxable Value as of September 15, 2025, was prepared by the Appraisal District and provided to the District. Such values are not binding on the Appraisal District and are provided for informational purposes only. Any value as a result of new construction since January 1, 2025 will not be included on the District's tax roll until the subsequent year's tax roll is prepared and certified by the Appraisal District. The District is authorized by law to levy taxes only against certified values. See "DISTRICT TAX DATA" and "TAXING PROCEDURES."
 - (b) Reflects the January 1, 2025, Certified Taxable Value according to data supplied to the District by the Appraisal District, which includes \$46,240, which represents 80% of the uncertified taxable value that is still in the certification process and subject to downward revision or adjustment. See "DISTRICT TAX DATA" and "TAXING PROCEDURES."
 - (c) See "DISTRICT DEBT – Estimated Overlapping Debt."
 - (d) The District has authorized publication of its intent to levy a total tax rate of \$1.10 per \$100 assessed valuation for the 2025 tax year. The District expects to levy its initial debt service tax rate in 2026.
 - (e) Unaudited figure per the District's records. The Developer has entered into an agreement with the District memorializing its obligation to make operating advances to the District as may be required from time to time. See "THE SYSTEM – General Fund Operating History" and "RISK FACTORS – Operating Funds."
 - (f) Represents eighteen (18) months of capitalized interest at an estimated interest rate of 5.50% to be added to the Debt Service Fund at closing. Neither Texas law nor the District's Bond Order requires that the District maintain any particular balance in the Debt Service Fund. The cash and investment balances in the Debt Service Fund are available to make debt service payments on the Bonds. See "DISTRICT TAX DATA – Tax Adequacy of Tax Revenue" and "THE BONDS – Funds." See "USE OF BOND PROCEEDS."

Estimated Overlapping Debt

Other governmental entities whose boundaries overlap the District have outstanding bonds payable from ad valorem taxes. The following statement of direct and estimated overlapping ad valorem tax debt was developed from information contained in the "Texas Municipal Reports," published by the Municipal Advisory Council of Texas and from information obtained directly from certain jurisdictions. Except for the amounts relating to the District, the District has not independently verified the accuracy or completeness of such information, and no person is entitled to rely upon such information as being accurate or complete. Furthermore, certain of the entities listed below may have issued additional bonds, the amount of which has not been reported. Political subdivisions overlapping the District are authorized by Texas law to levy and collect ad valorem taxes for operation, maintenance, and/or general revenue purposes in addition to taxes for payment of their debt, and some are presently levying and collecting such taxes.

<u>Taxing Jurisdiction</u>	<u>Outstanding Debt</u>	<u>Overlapping Debt</u>	
		<u>Overlapping %</u>	<u>Amount</u>
City of Montgomery	\$9,625,000	2.34%	\$225,368
Montgomery County	\$516,260,000	0.01%	\$69,575
Montgomery Independent School District	\$581,745,000	0.02%	\$87,598
Total Estimated Overlapping Debt			\$382,541
The District (a)			<u>\$3,400,000</u>
Total Direct and Estimated Overlapping Debt			\$3,782,541

(a) Represents the Bonds.

DISTRICT TAX DATA

Tax Rate and Collections

The following table sets forth the historical tax information collection experience of the District for the year 2024 and 2025. Such table has also been prepared based upon information from District records. Reference is made to such records for further and complete information.

<u>Year</u>	<u>Taxable Valuation</u>		<u>Tax Rate</u> (a)	<u>Tax Levy</u>	<u>Cumulative Tax Collections</u> (b)	<u>Year Ended September 30</u>
2025	\$14,706,174	(d)	\$1.10 (c)	\$161,768	(e)	2026
2024	\$3,943,422		\$1.10	\$43,378	100.00%	2025

(a) The District intends to levy its initial debt service tax in 2026. See "Tax Rate Distribution" herein.

(b) Represents cumulative collections as of August 31, 2025.

(c) The District has authorized publication of its intent to levy a total tax rate of \$1.10 per \$100 assessed value for the 2025 tax levy.

(d) Reflects the January 1, 2025, Certified Taxable Value according to data supplied to the District by the Appraisal District, which does not include \$46,240, which represents 80% of the uncertified taxable value that is still in the certification process and subject to downward revision or adjustment.

(e) In the process of collections.

Maintenance Tax

The Board has the statutory authority to levy and collect an annual ad valorem tax for maintenance and operation of the District and its facilities. Such tax is in addition to taxes that the District is authorized to levy for paying principal of and interest on the Bonds, and any tax bonds that may be issued in the future. The District's voters authorized a maintenance tax of up to \$1.50 per \$100 of assessed valuation at an election held on November 7, 2023. The District has never levied a road maintenance tax and the District currently has no plans to levy such tax at this time. See "Tax Rate Distribution" herein.

Tax Rate Distribution

The following table sets forth the tax rate distribution of the District for the years 2024 and 2025.

	<u>2025</u>	<u>2024</u>
Debt Service	\$0.00	\$0.00
Maintenance/Operations	<u>\$1.10</u>	<u>\$1.10</u>
Total	\$1.10 (a)	\$1.10

(a) The District has authorized publication of its intent to levy a total tax rate of \$1.10 per \$100 assessed value for the 2025 tax levy.

Additional Penalties

The District has contracted with a delinquent tax attorney to collect certain delinquent taxes. In connection with that contract, the District has established an additional penalty of twenty percent (20%) of the tax to defray the costs of collection. This 20% penalty applies to taxes that either: (1) become delinquent on or after February 1 of a year, but not later than May 1 of that year, and that remain delinquent on April 1 (for personal property) and July 1 (for real property) of the year in which they become delinquent or (2) become delinquent on or after June 1, pursuant to the Texas Tax Code.

Principal Taxpayers

The list of principal taxpayers for 2025 and the other information provided by this table were provided by the Appraisal District to the District's Tax Assessor/Collector based on certified tax rolls net of any exemptions from taxation. This table does not reflect any corrections pursuant to subsequent action of the Appraisal District.

<u>Property Owner</u>	<u>Property Description</u>	<u>Property Value</u>	<u>% of Total</u>
Pulte Homes of Texas LP (a)	Land and Improvement	\$9,119,180	62.00%
Homeowner	Land and Improvement	\$401,905	2.73%
Homeowner	Land and Improvement	\$377,399	2.56%
Homeowner	Land and Improvement	\$345,000	2.34%
Homeowner	Land and Improvement	\$330,643	2.24%
Homeowner	Land and Improvement	\$292,150	1.98%
Homeowner	Land and Improvement	\$252,198	1.71%
Homeowner	Land and Improvement	\$246,168	1.67%
Homeowner	Land and Improvement	\$237,314	1.61%
Homeowner	Land and Improvement	\$212,862	1.44%
TOTALS		\$11,814,819	80.28%

(a) See "THE DEVELOPER" and "RISK FACTORS – Dependence on Principal Taxpayers."

Analysis of Tax Base

Based on information provided to the District by the Appraisal District and its Tax Assessor/Collector, the following represents the composition of property comprising the gross tax roll valuations and the deferments for 2023 through 2025, and includes the September 15, 2025 Estimated Taxable Value.

<u>Year</u>	<u>Land</u>	<u>Improvement</u>	<u>Personal Property</u>	<u>Gross Valuations</u>	<u>Exemptions</u>	<u>Taxable Valuations</u>
9/15/2025						\$27,775,917 (a)
2025	\$8,724,487	\$5,966,364 (c)	\$22,990	\$14,713,841	(\$7,667)	\$14,706,174 (b)
2024	\$3,943,422	\$-	\$-	\$3,943,422	(\$0)	\$3,943,422
2023	\$958,800	\$-	\$-	\$958,800	(\$0)	\$958,800

(a) The Estimated Taxable Value as of September 15, 2025, was prepared by the Appraisal District and provided to the District. Such values are not binding on the Appraisal District and are provided for informational purposes only. The District is authorized by law to levy taxes only against certified values. See "TAXING PROCEDURES."

(b) Reflects the January 1, 2025, Certified Taxable Value according to data supplied to the District by the Appraisal District, which does not include \$46,240, which represents 80% of the uncertified taxable value that is still in the certification process and subject to downward revision or adjustment.

(c) Homebuilding in the District commenced subsequent to January 1, 2025. See "THE DISTRICT – Status of Residential Development."

Estimated Overlapping Taxes

The following table sets forth all 2025 taxes levied by overlapping taxing jurisdictions. No recognition is given to local assessments for civic association dues, fire department contributions, solid waste disposal charges, or any other levy by entities other than political subdivisions.

<u>Taxing Jurisdictions</u>	<u>2025 Tax Rate</u>
Montgomery County	\$0.377000
Montgomery County Hospital District	\$0.047300
Montgomery Independent School District	\$1.091200
Montgomery County Emergency Services District No. 2	\$0.100000
City of Montgomery	<u>\$0.400000(a)</u>
Overlapping Taxes	\$2.015500
 The District	 <u>\$1.100000 (b)</u>
Total Direct & Overlapping Taxes	\$3.115500

(a) Represents the City of Montgomery's 2024 levied total tax rate.

(b) The District has authorized publication of its intent to levy a total tax rate of \$1.10 per \$100 assessed valuation for the 2025 tax year.

Tax Adequacy of Tax Revenue

The calculations shown below are solely for the purpose of illustration, reflect no net revenues of the System, no transfers of surplus funds from the District's General Fund to the Debt Service Fund, and no increase or decrease in assessed valuation over the September 15, 2025 Estimated Taxable Value and the 2025 Certified Taxable Value. The calculations utilize a tax rate adequate to service the District's total debt service requirements after issuance of the Bonds.

Maximum Annual Debt Service Requirements (2052)..... \$240,875 (a)

Requires a \$0.92 debt service tax rate on the September 15, 2025 Estimated Taxable Value
at 95% collections \$242,762 (a)

Requires a \$1.72 debt service tax rate on the 2025 Certified Taxable Value
at 95% collections \$241,054 (a)

(a) Preliminary, subject to change.

TAXING PROCEDURES

Authority to Levy Taxes

The Board is authorized to levy an annual ad valorem tax, without legal limitation as to rate or amount, on all taxable property within the District in an amount sufficient to pay the principal and interest on the Bonds and any additional bonds payable from taxes that the District may hereafter issue and to pay the expenses of assessing and collecting such taxes. See "RISK FACTORS – Future Debt." The District agrees in the Bond Order to levy such a tax from year to year as described more fully in this Official Statement under the caption "THE BONDS – Source of and Security for Payment." Under Texas law, the Board may also levy and collect an annual ad valorem tax for the operation and maintenance of the District and its water and wastewater system and for the payment of certain contractual obligations if authorized by the voters in the District. See "DISTRICT TAX DATA – Maintenance Tax."

Tax Code and County-Wide Appraisal District

Title 1 of the Texas Tax Code (the "Tax Code") specifies the taxing procedures of all political subdivisions of the State of Texas, including the District. Provisions of the Tax Code are complex and are not fully summarized here. The Tax Code requires, among other matters, county-wide appraisal and equalization of taxable property values and establishes in each county of the State of Texas an appraisal district with the responsibility for recording and appraising property for all taxing units in a county and an appraisal review board with responsibility for reviewing and equalizing the values established by the Appraisal District. The Appraisal District has the responsibility for appraising property for all taxing units within their respective county. Such appraisal values are subject to review and change by the Montgomery Central Appraisal Review Board (the "Appraisal Review Board"). The Texas Comptroller of Public Accounts may provide for the administration and enforcement of uniform standards and procedures for appraisal of property.

Property Subject to Taxation by the District

Except for certain exemptions provided by Texas law, all real property, tangible personal property held or used for the production of income, mobile homes, and certain categories of intangible personal property with a tax situs in the District are subject to taxation by the District. Principal categories of exempt property include, but are not limited to, property owned by the State of Texas or its political subdivisions if the property is used for public purposes; property exempt from ad valorem taxation by federal law; certain household goods, family supplies, and personal effects; certain goods, wares, and merchandise in transit; farm products owned by the producer; certain property of charitable organizations, youth development associations, religious organizations, and qualified schools;

designated historical sites; and most individually owned automobiles. In addition, the District may by its own action exempt residential homesteads of persons 65 years or older and of certain disabled persons, and travel trailers, to the extent deemed advisable by the Board. The District may be required to offer such an exemption if a majority of voters approve it at an election. The District would be required to call such an election upon petition by 20% of the number of qualified voters who voted in the preceding election. The District is authorized by statute to disregard exemptions for the disabled and elderly if granting the exemption would impair the District's obligation to pay tax-supported debt incurred prior to adoption of the exemption by the District. Furthermore, the District must grant exemptions to disabled veterans, or certain surviving dependents of disabled veterans if requested, but only to the maximum extent of \$5,000 to \$12,000 of assessed valuation depending upon the disability rating of the veteran, if such rating is less than 100%. A veteran who receives a disability rating of 100% is entitled to the exemption for the full amount of the residential homestead. Additionally, subject to certain conditions, the surviving spouse of a disabled veteran is entitled to an exemption for the full value of the veteran's residence homestead to which the disabled veterans' exemption applied including the surviving spouse of a disabled veteran who would have qualified for such exemption if it had been in effect on the date the disabled veteran died. A partially disabled veteran or certain surviving spouses of partially disabled veterans are entitled to an exemption from taxation of a percentage of the appraised value of their residence homesteads in an amount equal to the partially disabled veteran's disability rating if the residence homestead was donated by a charitable organization. Also, the surviving spouse of a member of the armed forces who was killed or fatally injured in the line of duty is, subject to certain conditions, entitled to an exemption of the total appraised value of the surviving spouse's residence homestead, and subject to certain conditions, an exemption up to the same amount may be transferred to a subsequent residence homestead of the surviving spouse. The surviving spouse of a first responder who was killed or fatally injured in the line of duty is, subject to certain conditions, also entitled to an exemption of the total appraised value of the surviving spouse's residence homestead, and, subject to certain conditions, an exemption up to the same amount may be transferred to a subsequent residence homestead of the surviving spouse.

Residential Homestead Exemptions: The Tax Code authorizes the governing body of each political subdivision in the State of Texas to exempt up to 20% of the appraised value of residential homesteads from ad valorem taxation. Where ad valorem taxes have previously been pledged for the payment of debt, the tax assessor and collector of a political subdivision may continue to levy and collect taxes against the exempt value of the homesteads until the debt is discharged if the cessation of the levy would impair the obligations of the contract by which the debt was created. The adoption of a homestead exemption may be considered each year, but must be adopted before July 1. The District has never adopted an order granting a general residential homestead exemption.

Freeport Goods and Goods-in-Transit Exemptions: A "Freeport Exemption" applies to goods, wares, and merchandise other than oil, gas, and petroleum products (defined as liquid and gaseous materials immediately derived from refining petroleum or natural gas), and to aircraft or repair parts used by a certified air carrier acquired in or imported into Texas that are destined to be forwarded outside of Texas and that are detained in Texas for assembling, storing, manufacturing, processing, or fabricating for fewer than 175 days. Although certain taxing units may take official action to tax such property in transit and negate such exemption, the District does not have such an option. A "Goods-in-Transit" Exemption is applicable to the same categories of tangible personal property that are covered by the Freeport Exemption, if, for tax year 2011 and prior applicable years, such property is acquired in or imported into Texas for assembling, storing, manufacturing, processing, or fabricating purposes and is subsequently forwarded to another location inside or outside of Texas not later than 175 days after acquisition or importation, and the location where said property is detained during that period is not directly or indirectly owned or under the control of the property owner. For tax year 2012 and subsequent years, such Goods-in-Transit Exemption includes tangible personal property acquired in or imported into Texas for storage purposes only if such property is stored under a contract of bailment by a public warehouse operator at one or more public warehouse facilities in Texas that are not in any way owned or controlled by the owner of such property for the account of the person who acquired or imported such property. A property owner who receives the Goods-in-Transit Exemption is not eligible to receive the Freeport Exemption for the same property. Local taxing units such as the District may, by official action and after public hearing, tax goods-in-transit personal property. A taxing unit must exercise its option to tax goods-in-transit property before January 1 of the first tax year in which it proposes to tax the property at the time and in the manner prescribed by applicable law. The District has taken official action to allow taxation of all such goods-in-transit personal property for all prior and subsequent years.

Tax Abatement

Montgomery County or the City may designate all or part of the area within the District as a reinvestment zone. Thereafter, either the City, Montgomery County, or the District, at the option and discretion of each entity, may enter into tax abatement agreements with owners of property within the zone. Prior to entering into a tax abatement agreement, each entity must adopt guidelines and criteria for establishing tax abatement, which each entity will follow in granting tax abatement to owners of property. The tax abatement agreements may exempt property from ad valorem taxation by each of the applicable taxing jurisdictions, including the District, for a period of up to 10 years, all or any part of any increase in the assessed valuation of property covered by the agreement over its assessed valuation in the year in which the agreement is executed on the condition that the property owner make specified improvements or repairs to the property in conformity with the terms of the tax abatement. Each taxing jurisdiction, including the District, has discretion to determine terms for its tax abatement agreements without regard to the terms approved by the other taxing jurisdictions.

Valuation of Property for Taxation

Generally, property in the District must be appraised by MCAD at market value as of January 1 of each year. Once an appraisal roll is prepared and finally approved by the Appraisal Review Board, it is used by the District in establishing its tax rolls and tax rate. Assessments under the Tax Code are to be based on 100% of market value, as such is defined in the Tax Code. A residence

homestead is required to be appraised solely on the basis of its value as a residence homestead regardless of whether residential use is considered to be the highest and best use of the property.

The Tax Code permits land designated for agricultural use, open space, or timberland to be appraised at its value based on the land's capacity to produce agricultural or timber products rather than at its market value. The Tax Code permits, under certain circumstances, that residential real property inventory held by a person in the trade or business are valued at the price all such property would bring if sold as a unit to a purchaser who would continue the business. Landowners wishing to avail themselves of the agricultural use, open space, or timberland designation or residential real property inventory designation must apply for the designation, and the chief appraiser is required by the Tax Code to act on each claimant's right to the designation individually. A claimant may waive the special valuation as to taxation by some political subdivisions while claiming it for another. If a claimant receives the agricultural use designation and later loses it by changing the use of the property or selling it to an unqualified owner, the District can collect taxes based on the new use, including taxes for the previous three years for agricultural use, open space land, and timberland. The Developer in the District has waived its right to agricultural use, open space, or timber land exemptions.

The Tax Code requires MCAD to implement a plan for periodic reappraisal of property to update appraisal values. The plan must provide for appraisal of all real property in MCAD at least once every three years. It is not known what frequency of reappraisal will be utilized by MCAD or whether reappraisals will be conducted on a zone- or county-wide basis. The District, however, at its expense, has the right to obtain from MCAD a current estimate of appraised values within the District or an estimate of any new property or improvements within the District. While such current estimate of appraised values may serve to indicate the rate and extent of growth of taxable values within the District, it cannot be used for establishing a tax rate within the District until such time as MCAD chooses to formally include such values on its appraisal roll.

The Tax Code provides for a temporary exemption from ad valorem taxation of a portion of the appraised value of certain property that is at least 15% physically damaged by a disaster and located within an area declared to be a disaster area by the governor of the State of Texas. This temporary exemption is automatic if the disaster is declared prior to a taxing unit, such as the District, adopting its tax rate for the tax year. A taxing unit, such as the District, may authorize the exemption at its discretion if the disaster is declared after the taxing unit has adopted its tax rate for the tax year. The amount of the exemption is based on the percentage of damage and is prorated based on the date of the disaster. Upon receipt of an application submitted within the eligible timeframe by a person who qualifies for a temporary exemption under the Tax Code, the Appraisal District is required to complete a damage assessment and assign a damage assessment rating to determine the amount of the exemption. The temporary exemption amounts established in the Tax Code range from 15% for property less than 30% damaged to 100% for property that is a total loss. Any such temporary exemption granted for disaster-damaged property expires on January 1 of the first year in which the property is reappraised.

District and Taxpayer Remedies

Under certain circumstances, taxpayers and taxing units (such as the District) may appeal orders of the Appraisal Review Board by filing a timely petition for review in state district court. In such event, the value of the property in question will be determined by the court or by a jury if requested by any party. Additionally, taxing units may bring suit against the Appraisal District to compel compliance with the Tax Code.

The Tax Code sets forth notice and hearing procedures for certain tax rate increases by the District and provides for taxpayer referenda that could result in the repeal of certain tax increases. The Tax Code also establishes a procedure for notice to property owners of reappraisals reflecting increased property values, appraisals that are higher than renditions, and appraisals of property not previously on an appraisal roll.

Levy and Collection of Taxes

The District is responsible for the levy and collection of its taxes unless it elects to transfer such functions to another governmental entity. The rate of taxation is set by the Board of Directors, after the legally required notice has been given to owners of property within the District, based upon: a) the valuation of property within the District as of the preceding January 1, and b) the amount required to be raised for debt service, maintenance purposes, and authorized contractual obligations. Taxes are due October 1, or when billed, whichever comes later, and become delinquent if not paid before February 1 of the year following the year in which imposed. A delinquent tax incurs a penalty of 6% of the amount of the tax for the first calendar month it is delinquent, plus 1% for each additional month or portion of a month the tax remains unpaid prior to July 1 of the year in which it becomes delinquent. If the tax is not paid by July 1 of the year in which it becomes delinquent, the tax incurs a total penalty of 12% regardless of the number of months the tax has been delinquent and incurs an additional penalty for collection costs of an amount established by the District and a delinquent tax attorney. A delinquent tax on personal property incurs an additional penalty, in an amount established by the District and a delinquent tax attorney, 60 days after the date the taxes become delinquent. The delinquent tax accrues interest at a rate of 1% for each month or portion of a month it remains unpaid. The Tax Code makes provisions for the split payment of taxes, discounts for early payment and the postponement of the delinquency date of taxes under certain circumstances which, at the option of the District, may be rejected by taxing units. The District's tax collector is required to enter into an installment payment agreement with any person who is delinquent on the payment of tax on a residence homestead for payment of tax, penalties and interest, if the person requests an installment agreement and has not entered into an installment agreement with the collector in the preceding 24 months. The installment agreement must provide for payments to be made in monthly installments and must extend for a period of at least 12 months and no more than 36 months. Additionally, the owner of a residential homestead property who is (i) 65 years of age or older, (ii) disabled, or (iii) a disabled veteran, is entitled by law to pay current taxes on a residential homestead in installments without penalty or to defer the payment of taxes during the time of ownership. In the instance of tax deferral, a tax lien remains on the property and interest continue to accrue during the period of deferral.

Rollback of Operation and Maintenance Tax Rate

Chapter 49 of the Texas Water Code, as amended, classifies districts differently based on the current operation and maintenance tax rate or on the percentage of build-out that the District has completed. Districts that have adopted an operation and maintenance tax rate for the current year that is 2.5 cents or less per \$100 of taxable value are classified as "Special Taxing Units." Districts that have financed, completed, and issued bonds to pay for all improvements and facilities necessary to serve at least 95% of the projected build-out of the district are classified as "Developed Districts." Districts that do not meet either of the classifications previously discussed can be classified herein as "Developing Districts." The impact each classification has on the ability of a district to increase its maintenance and operations tax rate is described for each classification below. Debt service and contract tax rates cannot be reduced by a rollback election held within any of the districts described below.

Special Taxing Units: Special Taxing Units that adopt a total tax rate that would impose more than 1.08 times the amount of the total tax imposed by such district in the preceding tax year on a residence homestead appraised at the average appraised value of a residence homestead, subject to certain homestead exemptions, may be required to hold an election within the district to determine whether to approve the adopted total tax rate. If the adopted total tax rate is not approved at the election, the total tax rate for a Special Taxing Unit is the current year's debt service and contract tax rate plus 1.08 times the previous year's operation and maintenance tax rate.

Developed Districts: Developed Districts that adopt a total tax rate that would impose more than 1.035 times the amount of the total tax imposed by the district in the preceding tax year on a residence homestead appraised at the average appraised value of a residence homestead, subject to certain homestead exemptions for the preceding tax year, plus any unused increment rates, as calculated and described in Section 26.013 of the Tax Code, may be required to hold an election within the district to determine whether to approve the adopted total tax rate. If the adopted total tax rate is not approved at the election, the total tax rate for a Developed District is the current year's debt service and contract tax rate plus 1.035 times the previous year's operation and maintenance tax rate plus any unused increment rates. In addition, if any part of a Developed District lies within an area declared for disaster by the Governor of Texas or President of the United States, alternative procedures and rate limitations may apply for a temporary period. If a district qualifies as both a Special Taxing Unit and a Developed District, the district will be subject to the operation and maintenance tax threshold applicable to Special Taxing Units.

Developing Districts: Districts that do not meet the classification of a Special Taxing Unit or a Developed District can be classified as Developing Districts. The qualified voters of these districts, upon the Developing District's adoption of a total tax rate that would impose more than 1.08 times the amount of the total tax rate imposed by such district in the preceding tax year on a residence homestead appraised at the average appraised value of a residence homestead, subject to certain homestead exemptions, are authorized to petition for an election to reduce the operation and maintenance tax rate. If an election is called and passes, the total tax rate for Developing Districts is the current year's debt service and contract tax rate plus 1.08 times the previous year's operation and maintenance tax rate.

The District: A determination as to a district's status as a Special Taxing Unit, Developed District, or Developing District is made by the Board of Directors on an annual basis. The Board of Directors designated the District as a Developing District for purposes of setting the 2025 tax rate. The District cannot give any assurances as to what its classification will be at any point in time or whether the District's future tax rates will result in a total tax rate that will reclassify the District into a new classification and new election calculation.

District's Rights in the Event of Tax Delinquencies

Taxes levied by the District are a personal obligation of the owner of the property as of January 1 of the year for which the tax is imposed. On January 1 of each year, a tax lien attaches to property to secure the payment of all state and local taxes, penalties, and interest ultimately imposed for the year on the property. The lien exists in favor of the State of Texas and each local taxing unit, including the District, having power to tax the property. The District's tax lien is on a parity with tax liens of other such taxing units (see "DISTRICT TAX DATA – Estimated Overlapping Taxes"). A tax lien on real property takes priority over the claim of most creditors and other holders of liens on the property encumbered by the tax lien whether or not the debt or lien existed before the attachment of the tax lien; however, whether a lien of the United States is on a parity with or takes priority over a tax lien of the District is determined by applicable federal law. Personal property, under certain circumstances, is subject to seizure and sale for the payment of delinquent taxes, penalty, and interest.

At any time after taxes on property become delinquent, the District may file suit to foreclose the lien securing payment of the tax, to enforce personal liability for the tax, or both. In filing a suit to foreclose a tax lien on real property, the District must join other taxing units that have claims for delinquent taxes against all or part of the same property and land designated for agricultural use and six months for all other property. Collection of delinquent taxes may be adversely affected by the amount of taxes owed to other taxing units, by the effects of market conditions on the foreclosure sale price, by taxpayer redemption rights (a taxpayer may redeem property within six months for commercial property, within two years for residence homesteads and land designated for agricultural use, and six months for all other property after the purchaser's deed issued at the foreclosure sale is filed in the county records), or by bankruptcy proceedings that restrict the collection of taxpayer debts. See "RISK FACTORS – Tax Collections."

Consolidation

The District has the legal authority to consolidate with other districts and, in connection therewith, to provide for the consolidation of its assets (such as cash and the utility system) and liabilities (such as the Bonds) with the assets and liabilities of districts with which it is consolidating. Although no consolidation is presently contemplated by the District, no representation is made concerning the likelihood of consolidation in the future.

THE BONDS

General

The Bond Order authorizes the issuance and sale of the Bonds and prescribes terms, conditions, and provisions for the payment of the principal of, and interest on, the Bonds by the District. Set forth below is a summary of certain provisions of the Bond Order. Capitalized terms in such summary are used as defined in the Bond Order. Such summary is not a complete description of the entire Bond Order and is qualified in its entirety by reference to the Bond Order, a copy of which is available from the District's Bond Counsel upon request.

The Bonds are dated and will bear interest from December 1, 2025, at the per annum rates shown on the cover page hereof. The Bonds are fully registered, serial bonds maturing on April 1 in the years and in the principal amounts set forth on the cover page hereof. Interest on the Bonds is payable April 1, 2026, and each October 1 and April 1 thereafter until the earlier of maturity or redemption. The Record Date on the Bonds is the 15th day of the calendar month next preceding the interest payment date.

The Bonds will be issued only in fully registered form in any integral multiple of \$5,000 of the principal amount for any one maturity and will be initially registered and delivered only to Cede & Co., the nominee of The Depository Trust Company ("DTC"), pursuant to the Book-Entry-Only System described herein. No physical delivery of the Bonds will be made to the owners thereof. Principal of, premium, if any, and interest on the Bonds, will be payable by the Paying Agent/Registrar to Cede & Co., which will make distribution of the amounts so paid to the beneficial owners of the Bonds. See "BOOK-ENTRY-ONLY SYSTEM" herein.

In the event that the Book-Entry-Only System is discontinued, interest on the Bonds shall be payable by check on or before each interest payment date, mailed by the Paying Agent/Registrar to the registered owners ("Registered Owners") as shown on the bond register (the "Register") kept by the Paying Agent/Registrar at the close of business on the 15th calendar day of the month immediately preceding each interest payment date to the address of such Registered Owner as shown on the Register, or by such other customary banking arrangements as may be agreed upon by the Paying Agent/Registrar and a Registered Owner at the risk and expense of such Registered Owner.

Optional Redemption

The Bonds maturing on and after April 1, 2032, are subject to redemption prior to scheduled maturity at the option of the District, in whole or from time to time in part, on April 1, 2031, and on any date thereafter, at a redemption price equal to the principal amount thereof plus accrued interest from the most recent interest payment date to the redemption date. In the event the Bonds are to be redeemed in part, the maturities and principal amounts to be redeemed shall be selected by the District. In the event of redemption of fewer than all of the Bonds of a particular maturity, the Paying Agent/Registrar, on behalf of the District, will select the Bonds of such maturity to be redeemed by lot or by such other customary method as the Paying Agent/Registrar deems fair and appropriate or while the Bonds are in Book-Entry-Only form the portions to be redeemed shall be selected by DTC in accordance with its procedures.

Source of and Security for Payment

The Bonds are secured by, and payable from, the levy of a continuing, direct annual ad valorem tax, without legal limitation as to rate or amount, levied against all taxable property in the District. In the Bond Order, the District covenants to levy a sufficient tax to pay principal of and interest on the Bonds, with full allowance being made for delinquencies, costs of collections, Registrar fees, and Appraisal District fees. The Bonds are obligations of the District and are not the obligations of the State of Texas, Montgomery County, the City of Montgomery, or any entity other than the District.

Defeasance

The Bond Order provides that the District may discharge its obligations to the Registered Owners of any or all of the Bonds to pay principal, interest, and redemption price thereon in any manner permitted by law. Under current tax law such discharge may be accomplished either: (i) by depositing with the Comptroller of Public Accounts of the State of Texas a sum of money equal to the principal of and all interest to accrue on the Bonds to maturity or redemption, or (ii) by depositing with any place of payment (paying agent) of the Bonds or other obligations of the District payable from revenues or from ad valorem taxes or both, amounts sufficient to provide for the payment and/or redemption of the Bonds; provided that such deposits may be invested and reinvested only in (a) direct noncallable obligations of the United States of America, (b) noncallable obligations of an agency or instrumentality of the United States, including obligations that are unconditionally guaranteed or insured by the agency or instrumentality and that, on the date the governing body of the District adopts or approves the proceedings authorizing the issuance of refunding bonds, are rated as to investment quality by a nationally recognized investment rating firm not less than AAA or its equivalent, and (c) noncallable obligations of a state or an agency or a county, municipality, or other political subdivision or a state that have been refunded and that, on the date the governing body of the District adopts or approves the proceedings authorizing the issuance of refunding bonds, are rated as to investment quality

by a nationally recognized investment rating firm not less than AAA or its equivalent and that mature and/or bear interest payable at such times and in such amounts as will be sufficient to provide for the scheduled payment and/or redemption of the Bonds.

Upon such deposit as described above, such Bonds shall no longer be regarded as outstanding or unpaid. After firm banking and financial arrangements for the discharge and final payment or redemption of the Bonds have been made as described above, all rights of the District to initiate proceedings to call the Bonds for redemption or take any other action amending the terms of the Bonds are extinguished; provided however, that the right to call the Bonds for redemption is not extinguished if the District: (i) in the proceedings providing for the firm banking and financial arrangements, expressly reserves the right to call the Bonds for redemption; (ii) gives notice of the reservation of that right to the owners of the Bonds immediately following the making of the firm banking and financial arrangements; and (iii) directs that notice of the reservation be included in any redemption notices that it authorizes.

There is no assurance that the current law will not be changed in the future in a manner that would permit investments other than those described above to be made with amounts deposited to defease the Bonds.

Funds

In the Bond Order, the Debt Service Fund is created and the proceeds from all taxes levied, appraised, and collected for and on account of the Bonds authorized by the Bond Order, shall be deposited as collected in such fund. Accrued interest on the Bonds and 18 months of capitalized interest shall be deposited into the Debt Service Fund upon receipt. The remaining proceeds of sale of the Bonds shall be deposited into the Capital Projects Fund to be used for the purpose of reimbursing the Developer for certain construction costs and for paying the costs of issuance of the Bonds. Any monies remaining in the Capital Projects Fund will be used as described in the Bond Order or ultimately transferred to the Debt Service Fund. See "USE OF BOND PROCEEDS" for a more complete description of the use of the Bond proceeds.

No Arbitrage

The District will certify as of the date the Bonds are delivered and paid for that, based upon all facts and estimates then known or reasonably expected to be in existence on the date the Bonds are delivered and paid for, the District reasonably expects that the proceeds of the Bonds will not be used in a manner that would cause the Bonds, or any portion of the Bonds, to be "arbitrage bonds" under the Internal Revenue Code of 1986, as amended (the "Code"), and the regulations prescribed thereunder. Furthermore, all officers, employees, and agents of the District have been authorized and directed to provide certifications of facts and estimates that are material to the reasonable expectations of the District as of the date the Bonds are delivered and paid for. In particular, all or any officers of the District are authorized to certify to the facts and circumstances and reasonable expectations of the District on the date the Bonds are delivered and paid for regarding the amount and use of the proceeds of the Bonds. Moreover, the District covenants in the Bond Order that it shall make such use of the proceeds of the Bonds, regulate investment of proceeds of the Bonds, and take such other and further actions and follow such procedures, including, without limitation, calculating the yield on the Bonds, as may be that the Bonds shall not become "arbitrage bonds" under the Code and the regulations prescribed from time to time thereunder.

Paying Agent/Registrar

Pursuant to the Bond Order, the initial paying agent and initial registrar with respect to the Bonds is BOKF, N.A., Dallas, Texas. The District will maintain at least one Registrar, where the Bonds may be surrendered for transfer and/or for exchange or replacement for other Bonds, any outstanding bonds, and for the purpose of maintaining the Bond Register on behalf of the District. The Registrar is required at all times to be a duly qualified banking corporation or association organized and doing business under the laws of the United States of America, or of any state thereof, and subject to supervision or examination by federal or state banking authorities.

The District reserves the right and authority to change any paying agent/registrar and, upon any such change, the District covenants and agrees in the Bond Order to promptly cause written notice thereof, specifying the name and address of such successor paying agent/registrar, to be sent to each Registered Owner of the Bonds by United States mail, first class, postage prepaid.

Registration and Transfer

In the event the Book-Entry-Only System should be discontinued, the Bonds will be transferable only on the Bond Register kept by the Registrar upon surrender and reissuance. The Bonds are exchangeable for an equal principal amount of Bonds of the same maturity and of any authorized denomination upon surrender of the Bonds to be exchanged at the operations office of the Registrar in Dallas, Texas. See "BOOK-ENTRY-ONLY SYSTEM" herein for a description of the system to be utilized initially in regard to the ownership and transferability of the Bonds. Every Bond presented or surrendered for transfer is required to be duly endorsed, or be accompanied by a written instrument of transfer, in a form satisfactory to the Registrar. Neither the Registrar nor the District is required (1) to transfer or exchange any Bond during the period beginning at the opening of business on a Record Date (defined herein) and ending at the close of business on the next succeeding interest payment date, or (2) to transfer or exchange any Bond selected for redemption in whole or in part within 30 calendar days of the redemption date. No service charge will be made for any transfer or exchange, but the District or the Registrar may require payment of a sum sufficient to cover any tax or governmental charge payable in connection therewith.

Lost, Stolen, or Destroyed Bonds

In the event the Book-Entry-Only System is discontinued, the District has agreed to replace mutilated, destroyed, lost, or stolen Bonds upon surrender of the mutilated Bonds, or receipt of satisfactory evidence of such destruction, loss, or theft and receipt by the District and the Registrar of security or indemnity as may be required by either of them to keep them harmless. The District will require payment of taxes, governmental charges, and expenses in connection with any such replacement.

Legal Investment and Eligibility to Secure Public Funds in Texas

The following is quoted from Section 49.186 of the Texas Water Code, and is applicable to the District:

- “(a) All bonds, notes, and other obligations issued by a district shall be legal and authorized investments for all banks, trust companies, building and loan associations, savings and loan associations, insurance companies of all kinds and types, fiduciaries, and trustees, and for all interest and sinking funds and other public funds of the state, and all agencies, subdivisions, and instrumentalities of the state, including all counties, cities, towns, villages, school districts, and all other kinds and types of authorities, public agencies, and bodies politic.
- (b) A district's bonds, notes, and other obligations are eligible and lawful security for all deposits of public funds of the state, and all agencies, subdivisions, and instrumentalities of the state, including all counties, cities, towns, villages, school districts, and all other kinds and types of authorities, public agencies, and bodies politic, to the extent of the market value of the bonds, notes, and other obligations when accompanied by any un-matured interest coupons attached to them.”

The Public Funds Collateral Act (Chapter 2257, Texas Government Code) also provides that bonds of the District (including the Bonds) are eligible as collateral for public funds. No representation is made concerning other laws, rules, regulations, or investment criteria which might be utilized by any of such persons or entities to limit the acceptability or suitability of the Bonds for any of the foregoing purposes. Prospective purchasers are urged to carefully evaluate the investment quality of the Bonds as to the suitability or acceptability of the Bonds for investment or collateral purposes.

Issuance of Additional Debt

At an election held on November 7, 2023, the District's voters authorized the issuance of unlimited tax bonds for various purposes as reflected in the table below:

<u>Amount</u>	<u>Purpose</u>
\$351,000,000	For certain water, wastewater, and drainage facilities and refunding purposes
\$149,250,000	For certain road facilities and refunding purposes
\$62,500,000	For certain parks and recreational facilities and refunding purposes

After the issuance of the Bonds, the District will have the following amounts that remain authorized but unissued: (i) \$347,600,000 of unlimited tax bonds for water, wastewater, and drainage facilities and refunding purposes; (ii) \$149,250,000 of unlimited tax bonds for road facilities and refunding purposes; and (iii) \$62,500,000 of unlimited tax bonds for parks and recreational facilities and refunding purposes.

The District has the right to issue additional bonds as may hereafter be approved by both the Board and the voters of the District. Such additional bonds would be issued on a parity with the Bonds. Any future new money bonds (except for new money road bonds) to be issued by the District must also be approved by the TCEQ.

The District is also authorized by statute to engage in fire-fighting activities, including the issuance of bonds payable from taxes for such purpose. Before the District could issue bonds payable from taxes for said purpose, the following actions would be required: (a) authorization of a detailed master plan and bonds for such purpose by the qualified voters in the District; (b) amendment of the existing City of Montgomery ordinance specifying the purposes for which the District may issue bonds; (c) approval of the master plan and issuance of bonds by the TCEQ; and (d) approval of bonds by the Attorney General of Texas. The Board is not considering authorizing preparation of a fire plan or calling a fire bond election at this time. Issuance of bonds for fire-fighting activities could dilute the investment security for the Bonds.

BOOK-ENTRY-ONLY SYSTEM

This section describes how ownership of the Bonds is to be transferred and how the principal of, premium, if any, maturity value and interest on the Bonds are to be paid to and credited by DTC while the Bonds are registered in its nominee's name. The information in this section concerning DTC and the "Book-Entry-Only System" has been provided by DTC for use in disclosure documents such as this Official Statement. The District, the Financial Advisor, and the Underwriter believe the source of such information to be reliable but take no responsibility for the accuracy or completeness thereof.

The District and the Underwriter cannot and does not give any assurance that (1) DTC will distribute payments of debt service on the Bonds, or redemption or other notices, to DTC Participants (hereinafter defined), (2) DTC Participants or others will distribute debt service payments paid to DTC or its nominee (as the registered owner of the Bonds), or redemption or other notices, to the Beneficial Owners, or that they will do so on a timely basis, or (3) DTC will serve and act in the manner described in this Official

Statement. The current rules applicable to DTC are on file with the United States Securities and Exchange Commission, and the current procedures of DTC to be followed in dealing with DTC Participants are on file with DTC.

The Depository Trust Company ("DTC"), New York, New York, will act as securities depository for the Bonds. The Bonds will be issued as fully registered securities registered in the name of Cede & Co. (DTC's partnership nominee) or such other name as may be requested by an authorized representative of DTC. One fully registered certificate will be issued for each maturity of the Bonds, each in the aggregate principal amount or maturity value, as the case may be, of such maturity, and will be deposited with DTC.

DTC, the world's largest securities depository, is a limited-purpose trust company organized under the New York Banking Law, a "banking organization" within the meaning of the New York Banking Law, a member of the Federal Reserve System, a "clearing corporation" within the meaning of the New York Uniform Commercial Code, and a "clearing agency" registered pursuant to the provisions of Section 17A of the Securities Exchange Act of 1934. DTC holds and provides asset servicing for over 3.5 million issues of U.S. and non-U.S. equity issues, corporate and municipal debt issues, and money market instruments (from over 100 countries) that DTC's participants ("Direct Participants") deposit with DTC. DTC also facilitates the post-trade settlement among Direct Participants of sales and other securities transactions in deposited securities, through electronic computerized book-entry transfers and pledges between Direct Participants' accounts. This eliminates the need for physical movement of securities. Direct Participants include both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, clearing corporations, and certain other organizations. DTC is a wholly owned subsidiary of The Depository Trust & Clearing Corporation ("DTCC"). DTCC is the holding company for DTC, National Securities Clearing Corporation, and Fixed Income Clearing Corporation, all of which are registered clearing agencies. DTCC is owned by the users of its regulated subsidiaries. Access to the DTC system is also available to others such as both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, and clearing corporations that clear through or maintain a custodial relationship with a Direct Participant, either directly or indirectly ("Indirect Participants", together with the Direct Participants, the "Participants"). DTC has a rating of AA+ from S&P Global Ratings. The DTC Rules applicable to its Participants are on file with the Securities and Exchange Commission. More information about DTC can be found at www.dtcc.com.

Purchases of Bonds under the DTC system must be made by or through Direct Participants, which will receive a credit for the Bonds on DTC's records. The ownership interest of each actual purchaser ("Beneficial Owner") of the Bonds is in turn to be recorded on the Direct and Indirect Participants' records. Beneficial Owners will not receive written confirmation from DTC of their purchase. Beneficial Owners are, however, expected to receive written confirmations providing details of the transaction, as well as periodic statements of their holdings, from the Direct or Indirect Participant through which the Beneficial Owner entered into the transaction. Transfers of ownership interests in the Bonds are to be accomplished by entries made on the books of Direct and Indirect Participants acting on behalf of Beneficial Owners. Beneficial Owners will not receive securities representing their ownership interests in Bonds except in the event that use of the book-entry system for the Bonds is discontinued.

To facilitate subsequent transfers, all Bonds deposited by Direct Participants with DTC are registered in the name of DTC's partnership nominee, Cede & Co., or such other name as may be requested by an authorized representative of DTC. The deposit of Bonds with DTC and their registration in the name of Cede & Co. or such other DTC nominee do not effect any change in beneficial ownership. DTC has no knowledge of the actual Beneficial Owners of the Bonds; DTC's records reflect only the identity of the Direct Participants to whose accounts such Bonds are credited, which may or may not be the Beneficial Owners.

The Direct and Indirect Participants will remain responsible for keeping account of their holdings on behalf of their customers. Conveyance of notices and other communications by DTC to Direct Participants, by Direct Participants to Indirect Participants, and by Direct Participants and Indirect Participants to Beneficial Owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time. Beneficial Owners of Bonds may wish to take certain steps to augment the transmission to them of notices of significant events with respect to the Bonds, such as redemptions, tenders, defaults, and proposed amendments to the Certificate documents. For example, Beneficial Owners of Bonds may wish to ascertain that the nominee holding the Bonds for their benefit has agreed to obtain and transmit notices to Beneficial Owners. In the alternative, Beneficial Owners may wish to provide their names and addresses to the Registrar and request that copies of notices be provided directly to them.

Redemption notices shall be sent to DTC. If fewer than all of the Bonds within a maturity are being redeemed, DTC's practice is to determine by lot the amount of the interest of each Direct Participant in such maturity to be redeemed.

Neither DTC nor Cede & Co. (nor any other DTC nominee) will consent or vote with respect to Bonds unless authorized by a Direct Participant in accordance with DTC's MMI Procedures. Under its usual procedures, DTC mails an Omnibus Proxy to the District as soon as possible after the record date. The Omnibus Proxy assigns Cede & Co.'s consenting or voting rights to those Direct Participants to whose accounts Bonds are credited on the record date (identified in a listing attached to the Omnibus Proxy).

All payments on the Bonds will be made to Cede & Co., or such other nominee as may be requested by an authorized representative of DTC. DTC's practice is to credit Direct Participants' accounts upon DTC's receipt of funds and corresponding detailed information from the District or the Paying Agent/Registrar, on payable date in accordance with their respective holdings shown on DTC's records. Payments by Participants to Beneficial Owners will be governed by standing instructions and customary practices, as is the case with Bonds held for the accounts of customers in bearer form or registered in "street name," and will be the responsibility of such Participant and not of DTC, the Paying Agent/Registrar, or the District, subject to any statutory or regulatory requirements as may be in effect from time to time. All payments to Cede & Co. (or such other nominee as may be requested by an authorized representative of DTC) are the responsibility of the District or the Paying Agent/Registrar, disbursement of such payments to Direct Participants will be the responsibility of DTC, and disbursement of such payments to the Beneficial Owners will be the responsibility of Direct and Indirect Participants.

DTC may discontinue providing its services as depository with respect to the Bonds at any time by giving reasonable notice to the District or the Paying Agent/Registrar. Under such circumstances, in the event that a successor depository is not obtained, securities are required to be printed and delivered.

The District may decide to discontinue use of the system of Book-Entry-Only System transfers through DTC (or a successor securities depository). In that event, securities will be printed and delivered to DTC.

The information in this section concerning DTC and DTC's Book-Entry-Only System has been obtained from sources that the District believes to be reliable; the District, the District's Financial Advisor, and the Underwriter do not take any responsibility for the accuracy thereof. Termination by the District of the DTC Book-Entry-Only System may require consent of DTC Participants under DTC Operational Arrangements.

LEGAL MATTERS

Legal Opinions

The District will furnish the Underwriter a transcript of certain certified proceedings incident to the issuance and authorization of the Bonds. Such transcript will include the approving legal opinion of the Attorney General of Texas, as recorded in the Bond Register of the Comptroller of the Public Accounts of the State of Texas, to the effect that the Bonds are valid and legally binding obligations of the District payable from the proceeds of an annual ad valorem tax, levied without limit as to rate or amount, upon all taxable property in the District. The District will also furnish the approving legal opinion of Sanford Kuhl Hagan Kugle Parker Kahn LLP, Houston, Texas, Bond Counsel, to the effect that, based upon an examination of such transcript, the Bonds are valid and legally binding obligations of the District under the Constitution and laws of the State of Texas, except to the extent that the enforceability thereof may be affected by bankruptcy, insolvency, reorganization, moratorium, or other similar laws affecting creditors' rights or the exercise of judicial discretion in accordance with general principles of equity, and are payable from annual ad valorem taxes, which are not limited by applicable law in rate or amount, levied against all property within the District which is not exempt from taxation by or under applicable law. The legal opinion of Bond Counsel will further address the matters described above under "TAX MATTERS." Such opinion will express no opinion with respect to the sufficiency of, security for, or marketability of the Bonds.

Legal Review

In its capacity as Bond Counsel, Sanford Kuhl Hagan Kugle Parker Kahn LLP has reviewed the information appearing in this Official Statement under the captions "CONTINUING DISCLOSURE OF INFORMATION – SEC RULE 15c2-12," "THE DISTRICT – Authority," "TAXING PROCEDURES," "THE BONDS," "TAX MATTERS," and "LEGAL MATTERS – Legal Opinions" (to the extent such section relates to the opinion of Bond Counsel) solely to determine whether such information fairly summarizes the legal matters and documents referred to therein. Bond Counsel has not, however, independently verified any of the other factual information contained in this Official Statement, nor has it conducted an investigation of the affairs of the District for the purpose of passing upon the accuracy or completeness of any of the other information contained herein. No person is entitled to rely upon Bond Counsel's limited participation as an assumption of responsibility for or an expression of opinion of any kind with regard to the accuracy or completeness of any information contained herein, other than the matters discussed immediately above.

Sanford Kuhl Hagan Kugle Parker Kahn LLP also serves as general counsel to the District on matters other than the issuance of bonds. The legal fees paid to Bond Counsel for services rendered in connection with issuance of the Bonds are based on a percentage of the Bonds actually issued, sold and delivered and, therefore, such fees are contingent upon the sale and delivery of the Bonds.

The various legal opinions to be delivered concurrently with the delivery of the Bonds express the professional judgment of the attorneys rendering the opinions as to the legal issues explicitly addressed therein. In rendering a legal opinion, the attorney does not become an insurer or guarantor of the expression of professional judgment, of the transaction opined upon, or of the future performance of the parties to the transaction, nor does the rendering of an opinion guarantee the outcome of any legal dispute that may arise out of the transaction.

No-Litigation Certificate

On the date of delivery of the Bonds, the District will execute and deliver a certificate to the effect that there is not pending, and to the knowledge of the District, there is not threatened, any litigation affecting the validity of the Bonds, or the levy and/or collection of taxes for the payment thereof, or the organization or boundaries of the District, or the title of the officers thereof to their respective offices.

No Material Adverse Change

The obligation of the Underwriter to take and pay for the Bonds, and of the District to deliver the Bonds, are subject to the condition that, up to the time of delivery of and receipt of payment for the Bonds, there shall have been no material adverse change in the condition (financial or otherwise) of the District from that set forth or contemplated in the Preliminary Official Statement.

TAX MATTERS

The delivery of Bonds is subject to an opinion of Bond Counsel to the effect that, assuming continuing compliance by the District with the provisions of the Bond Order subsequent to the issuance of the Bonds pursuant to Section 103 of the Code, and existing regulations, published rulings and court decision procedures, interest on the bonds (i) will be excludable from the income, as defined in Section 61 of the Code, of the owners thereof for federal income tax purposes and (ii) is not subject to the alternative minimum tax on individuals; however, such interest is taken into account in determining the annual adjusted financial statement income of applicable corporations (as defined in Section 59(k) of the Code) for the purpose of determining the alternative minimum tax imposed on corporations. The statutes, regulations, published rulings, and court decisions on which such opinion is based are subject to change.

The Code imposes various restrictions, conditions and requirements relating to the exclusion from gross income for federal income tax purposes of interest on obligations such as the Bonds. The District has made certain representations and covenanted to comply with certain restrictions, conditions and requirements designed to ensure that interest on the Bonds will not be included in federal gross income. Inaccuracy of these representations or failure to comply with these covenants may result in interest on the Bonds being included in gross income for federal income tax purposes, possibly from the date of original issuance of the Bonds. The opinion of Bond Counsel assumes the accuracy of these representations and compliance with these covenants. Bond Counsel has not undertaken to determine (or to inform any person) whether any actions taken (or not taken), or events occurring (or not occurring), or any other matters coming to Bond Counsel's attention after the date of issuance of the Bonds may adversely affect the value of, or the tax status of interest on, the Bonds. Accordingly, the opinion of Bond Counsel is not intended to, and may not, be relied upon in connection with any such actions, events or matters.

Although Bond Counsel is of the opinion that interest on the Bonds is excludable from gross income for federal income tax purposes, the ownership or disposition of, or the accrual or receipt of amounts treated as interest on, the Bonds may otherwise affect a Beneficial Owner's federal, state or local tax liability. The nature and extent of these other tax consequences depends upon the particular tax status of the Beneficial Owner or the Beneficial Owner's other items of income or deduction. Bond Counsel expresses no opinion regarding any such other tax consequences.

Current and future legislative proposals, if enacted into law, clarification of the Code, or court decisions may cause interest on the Bonds to be subject, directly or indirectly, in whole or in part, to federal income taxation or otherwise prevent Beneficial Owners from realizing the full current benefit of the tax status of such interest. The introduction or enactment of any such legislative proposals or clarification of the Code or court decisions may also affect, perhaps significantly, the market price for, or marketability of, the Bonds. Prospective purchasers of the Bonds should consult their own tax advisors regarding the potential impact of any pending or proposed federal or state tax legislation, regulations or litigation, as to which Bond Counsel expresses no opinion.

The opinion of Bond Counsel is based on current legal authority, covers certain matters not directly addressed by such authorities, and represents Bond Counsel's judgment as to the proper treatment of the Bonds for federal income tax purposes. It is not binding on the Internal Revenue Service (the "Service") or the courts. Furthermore, Bond Counsel cannot give and has not given any opinion or assurance about the future activities of the District or about the effect of future changes in the Code, the applicable regulations, the interpretation thereof, or the enforcement thereof by the Service. The District has covenanted, however, to comply with the requirements of the Code.

Bond Counsel's engagement with respect to the Bonds ends with the issuance of the Bonds, and, unless separately engaged, Bond Counsel is not obligated to defend the District or the Beneficial Owners regarding the tax-exempt status of the Bonds in the event of an audit examination by the Service. Under current procedures, parties other than the District and its appointed counsel, including the Beneficial Owners, would have little, if any, right to participate in the audit examination process. Moreover, because achieving judicial review in connection with an audit examination of tax-exempt bonds is difficult, obtaining an independent review of Service positions with which the District legitimately disagrees, may not be practicable. Any action of the Service, including but not limited to selection of the Bonds for audit, or the course or result of such audit, or an audit of bonds presenting similar tax issues may affect the market price for, or the marketability of, the Bonds, and may cause the District or the Beneficial Owners to incur significant expense.

Proposed Tax Legislation

Proposed, and if enacted, tax legislation, administrative actions taken by tax authorities, and court decisions may cause interest on the Bonds to be subject, directly or indirectly, to federal income taxation or state income taxation, or otherwise prevent the Beneficial Owners of the Bonds from realizing the full current benefit of the tax status of such interest. For example, future legislation to resolve certain federal budgetary issues may significantly reduce the benefit of, or otherwise affect, the exclusion from gross income for federal income tax purposes of interest on all state and local obligations, including the Bonds. In addition, such legislation or actions (whether currently proposed, proposed in the future or enacted) could affect the market price or marketability of the Bonds. Prospective purchasers of the Bonds should consult their own tax advisors regarding any pending or proposed federal or state tax legislation, regulations or litigation, and its impact on their individual situations, as to which Bond Counsel expresses no opinion.

Tax Accounting Treatment of Discount and Premium on Certain Bonds

To the extent the issue price of any maturity of the Bonds is less than the amount to be paid at maturity of such Bonds (excluding amounts stated to be interest and payable at least annually over the term of such Bonds), the difference constitutes an "original issue discount," the accrual of which, to the extent properly allocable to each Beneficial Owner thereof, is treated as interest on the Bonds which is entitled to be excluded from gross income for federal income tax purposes. For this purpose, the issue price of a particular maturity of the Bonds is the first price at which a substantial amount of such maturity of the Bonds is sold to the public

(excluding bond houses, brokers, or similar persons or organizations acting in the capacity of underwriters, placement agents or wholesalers). The original issue discount with respect to any maturity of the Bonds accrues daily over the term to maturity of such Bonds on the basis of a constant interest rate compounded semiannually (with straight-line interpolations between compounding dates). The accruing original issue discount is added to the adjusted basis of such Bonds to determine taxable gain or loss upon disposition (including sale, redemption, or payment on maturity) of such Bonds. Beneficial Owners of the Bonds should consult their own tax advisors with respect to the tax consequences of ownership of Bonds with original issue discount, including the treatment of Beneficial Owners who do not purchase such Bonds in the original offering to the public at the first price at which a substantial amount of such Bonds is sold to the public.

Bonds purchased, whether at original issuance or otherwise, for an amount higher than their principal amount payable at maturity (or, in some cases, at their earlier call date) ("Premium Bonds") will be treated as having amortizable bond premium. No deduction is allowable for the amortizable bond premium in the case of obligations, like the Premium Bonds, the interest on which is excluded from gross income for federal income tax purposes. However, the amount of tax-exempt interest received, and a Beneficial Owner's basis in a Premium Bond, will be reduced by the amount of amortizable bond premium properly allocable to such Beneficial Owner. Beneficial Owners of Premium Bonds should consult their own tax advisors with respect to the proper treatment of amortizable bond premium in their particular circumstances.

Qualified Tax-Exempt Obligations

The District will designate the Bonds as "qualified tax-exempt obligations" within the meaning of Section 265(b)(3)(B) of the Code and will represent that (i) the aggregate amount of tax-exempt bonds (including the Bonds) issued by the District and entities aggregated with the District under the Code during calendar year 2025 is not expected to exceed \$10,000,000 and (ii) the District and entities aggregated with the District under the Code have not designated more than \$10,000,000 in "qualified tax-exempt obligations" (including the Bonds) during calendar year 2025.

Pursuant to Section 265 of the Code, qualifying financial institutions may be permitted to deduct that portion of interest expense the financial institution is able to allocate to designated bank-qualified investments. Notwithstanding this exception, financial institutions acquiring the Bonds will be subject to a 20% disallowance of allocable interest expense.

THE DISCUSSION CONTAINED HEREIN MAY NOT BE EXHAUSTIVE. INVESTORS, INCLUDING THOSE WHO ARE SUBJECT TO SPECIAL PROVISIONS OF THE CODE, SHOULD CONSULT THEIR OWN TAX ADVISORS AS TO THE TAX TREATMENT WHICH MAY BE ANTICIPATED TO RESULT FROM THE PURCHASE, OWNERSHIP AND DISPOSITION OF TAX-EXEMPT OBLIGATIONS BEFORE DETERMINING WHETHER TO PURCHASE THE BONDS.

REGISTRATION AND QUALIFICATION UNDER SECURITIES LAWS

The offer and sale of the Bonds have not been registered or qualified under the Securities Act of 1933, as amended, in reliance upon the exemptions provided thereunder. The Bonds have not been registered or qualified under the Securities Act of Texas in reliance upon various exemptions contained therein, and the Bonds have not been registered or qualified under the securities laws of any other jurisdiction. The District assumes no responsibility for qualification of the Bonds under the securities laws of any jurisdiction in which the Bonds may be sold, assigned, pledged, hypothecated, or otherwise transferred. This disclaimer of responsibility for registration or qualification for sale or other disposition of the Bonds shall not be construed as an interpretation of any kind with regard to the availability of any exemption from securities registration provisions.

OFFICIAL STATEMENT

Sources of Information

The information contained in this Official Statement has been obtained primarily from the District's records, the Engineer, the Tax Assessor/Collector, and other sources that are believed to be reliable, but no representation is made as to the accuracy or completeness of the information derived from such other sources. The summaries of the statutes, orders, resolutions, engineering, and other related reports set forth in the Official Statement are included herein subject to all of the provisions of such documents. These summaries do not purport to be complete statements of such provisions and reference is made to such documents for further information.

Financial Advisor

The GMS Group, L.L.C. is employed as the Financial Advisor to the District to render certain professional services, including advising the District on a plan of financing and preparing the Official Statement, the Official Notice of Sale and the Official Bid Form for the sale of the Bonds. In its capacity as Financial Advisor, The GMS Group, L.L.C. has compiled and edited this Official Statement. The Financial Advisor has reviewed the information in this Official Statement in accordance with, and as a part of, its responsibilities to the District and, as applicable, to investors under the federal securities laws as applied to the facts and circumstances of this transaction, but the Financial Advisor does not guarantee the accuracy or completeness of such information.

Consultants

In approving this Official Statement, the District has relied upon the following consultants:

Engineer – The information contained in this Official Statement relating to engineering matters generally and to the description of the System and in particular that information included in the sections entitled "THE SYSTEM," "USE OF BOND PROCEEDS," and certain engineering matters included in "THE DISTRICT – Description and Location," and "THE DISTRICT – Land Uses and Status of Land Development," has been provided by Elevations Land Solutions and has been included in reliance upon the authority of such firm as an expert in the field of civil engineering.

Tax Assessor/Collector – The information contained in this Official Statement relating to the estimated assessed valuation of property and, in particular, such information contained in the section captioned "DISTRICT TAX DATA," has been provided by the Appraisal District and by Utility Tax Service, LLC, in reliance upon their authority as experts in the field of tax assessing and appraising.

Auditor – The financial statements of the District as of May 31, 2025, and for the year then ended, included in this offering document, have been audited by McCall Gibson Swedlund Barfoot Ellis, PLLC, independent auditors, as stated in their report appearing herein. See "APPENDIX A" for a copy of the District's May 31, 2025, audited financial statements.

Continuing Availability of Financial Information

Pursuant to Texas law, the District has its financial statements prepared in accordance with generally accepted accounting principles and has its financial statements audited by a certified public accountant in accordance with generally accepted auditing standards within 120 days after the close of its fiscal year. The District's audit report is required to be filed with the TCEQ within 135 days after the close of its fiscal year.

The District's financial records and audited financial statements are available for public inspection during regular business hours at the office of the District and copies will be provided on written request, to the extent permitted by law, upon payment of copying charges. Requests for copies should be addressed to the District in care of Sanford Kuhl Hagan Kugle Parker Kahn LLP, 1330 Post Oak Blvd, Suite 2650, Houston, Texas 77056.

Certification as to Official Statement

The Board of Directors of the District, acting in its official capacity and in reliance upon the consultants listed above and certain certificates of representation to be provided to the Board, hereby certifies, as of the date hereof, that to the best of its knowledge and belief, the information, statements, and descriptions pertaining to the District and its affairs herein contain no untrue statements of a material fact and do not omit to state any material fact necessary to make the statements herein, in the light of the circumstances under which they were made, not misleading. The information, descriptions, and statements concerning entities other than the District, including particularly other governmental entities, have been obtained from sources believed to be reliable, but the District has made no independent investigation of such matters and makes no representation as to the accuracy or completeness thereof.

Updating of Official Statement

The District will keep the Official Statement current by amendment or sticker to reflect material changes in the affairs of the District and, to the extent that information comes to its attention, in the other matters described in the Official Statement, until the delivery of the Bonds. All information with respect to the resale of the Bonds shall be the responsibility of the Underwriter.

MISCELLANEOUS

All estimates, statements, and assumptions in this Official Statement and the Appendices hereto have been made on the basis of the best information available and are believed to be reliable and accurate. Any statement in this Official Statement involving matters of opinion or estimates, whether or not expressly so stated is intended as such and not a representation of fact and no representation is made that any such statement will be realized.

This Official Statement was approved by the Board of Directors of Montgomery County Municipal Utility District No. 224 as of the date shown on the cover page.

INDEPENDENT AUDITOR'S REPORT

Board of Directors
Montgomery County Municipal Utility District No. 224
Montgomery County, Texas

Opinions

We have audited the accompanying financial statements of the governmental activities and major fund of Montgomery County Municipal Utility District No. 224 (the "District") as of and for the year ended May 31, 2025, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and major fund of the District as of May 31, 2025, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the District, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis and the Schedule of Revenues, Expenditures and Changes in Fund Balance - Budget and Actual - General Fund be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's basic financial statements. The supplementary information required by the Texas Commission on Environmental Quality as published in the *Water District Financial Management Guide* is presented for purposes of additional analysis and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The supplementary information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

MONTGOMERY COUNTY MUNICIPAL UTILITY DISTRICT NO. 224
MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE YEAR ENDED MAY 31, 2025

Management's discussion and analysis of the financial performance of Montgomery County Municipal Utility District No. 224 (the "District") provides an overview of the District's financial activities for the year ended May 31, 2025. Please read it in conjunction with the District's financial statements.

USING THIS ANNUAL REPORT

This annual report consists of a series of financial statements. The basic financial statements include: (1) combined fund financial statements and government-wide financial statements and (2) notes to the financial statements. The combined fund financial statements and government-wide financial statements combine both: (1) the Statement of Net Position and Governmental Fund Balance Sheet and (2) the Statement of Activities and Governmental Fund Statement of Revenues, Expenditures and Changes in Fund Balance. This report also includes required and other supplementary information in addition to the basic financial statements.

GOVERNMENT-WIDE FINANCIAL STATEMENTS

The District's annual report includes two financial statements combining the government-wide financial statements and the fund financial statements. The government-wide financial statements provide both long-term and short-term information about the District's overall status. Financial reporting at this level uses a perspective similar to that found in the private sector with its basis in full accrual accounting and elimination or reclassification of internal activities.

The Statement of Net Position includes all the District's assets and liabilities with the difference reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the District is improving or deteriorating. Evaluation of the overall health of the District would extend to other non-financial factors.

The Statement of Activities reports how the District's net position changed during the current year. All current year revenues and expenses are included regardless of when cash is received or paid.

FUND FINANCIAL STATEMENTS

The combined statements also include fund financial statements. A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The District has one governmental fund type. The General Fund accounted for property tax revenues, developer advances, professional fees, and administrative costs.

MONTGOMERY COUNTY MUNICIPAL UTILITY DISTRICT NO. 224
MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE YEAR ENDED MAY 31, 2025

FUND FINANCIAL STATEMENTS (Continued)

Governmental funds are reported in each of the financial statements. The focus in the fund statements provides a distinctive view of the District's governmental funds. These statements report short-term fiscal accountability focusing on the use of spendable resources and balances of spendable resources available at the end of the year. They are useful in evaluating annual financing requirements of the District and the commitment of spendable resources for the near-term.

Since the government-wide focus includes the long-term view, comparisons between these two perspectives may provide insight into the long-term impact of short-term financing decisions. The adjustments columns, the Reconciliation of the Governmental Fund Balance Sheet to the Statement of Net Position and the Reconciliation of the Governmental Fund Statement of Revenues, Expenditures and Changes in Fund Balance to the Statement of Activities explain the differences between the two presentations and assist in understanding the differences between these two perspectives.

NOTES TO THE FINANCIAL STATEMENTS

The accompanying notes to the financial statements provide information essential to a full understanding of the government-wide and fund financial statements.

OTHER INFORMATION

In addition to the financial statements and accompanying notes, this report also presents certain required supplementary information ("RSI") and other supplementary information. A budgetary comparison schedule is included as RSI for the General Fund.

GOVERNMENT-WIDE FINANCIAL ANALYSIS

Net position may serve over time as a useful indicator of the District's financial position. In the case of the District, liabilities exceeded assets by \$1,161,922 as of May 31, 2025. This is the District's first audit. In future years, a comparative analysis of government-wide changes in net position will be presented.

MONTGOMERY COUNTY MUNICIPAL UTILITY DISTRICT NO. 224
MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE YEAR ENDED MAY 31, 2025

GOVERNMENT-WIDE FINANCIAL ANALYSIS (Continued)

The following table provides a summary of the Statement of Net Position for the year ended May 31, 2025:

	Summary Statement of Net Position - 2025
Current and Other Assets	\$ 53,012
Capital Assets (Net of Depreciation)	<u>9,076,813</u>
Total Assets	<u>\$ 9,129,825</u>
Due to Developer	\$ 10,257,581
Other Liabilities	<u>34,166</u>
Total Liabilities	<u>\$ 10,291,747</u>
Net Position:	
Net Investment in Capital Assets	\$ (897,268)
Unrestricted	<u>(264,654)</u>
Total Net Position	<u><u>\$ (1,161,922)</u></u>

The following table provides a summary of the District's operations for the year ended May 31, 2025, which is the initial audit period for the District:

	Summary Statement of Activities - 2025
Total Revenues	\$ 43,378
Total Expenses	<u>\$ 970,519</u>
Change in Net Position	\$ (927,141)
Net Position, Beginning of Year	<u>(234,781)</u>
Net Position, End of Year	<u><u>\$ (1,161,922)</u></u>

**MONTGOMERY COUNTY MUNICIPAL UTILITY DISTRICT NO. 224
MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE YEAR ENDED MAY 31, 2025**

FINANCIAL ANALYSIS OF THE DISTRICT'S GOVERNMENTAL FUND

The District's General Fund fund balance as of May 31, 2025, was \$18,846, an increase of \$52,127 from the previous fiscal year primarily due to property tax revenues and developer advances exceeding professional and administrative costs.

CAPITAL ASSETS

Capital assets as of May 31, 2025, total \$9,076,813 (net of accumulated depreciation) and include the water, wastewater, drainage systems and roads.

Capital Assets At Year-End	
	2025
Capital Assets Not Being Depreciated:	
Land and Land Improvements	\$ 1,001,582
Capital Assets Subject to Depreciation:	
Depreciation:	
Water System	\$ 731,339
Wastewater System	1,764,701
Drainage System	3,126,633
Roads	2,452,558
Total Net Capital Assets	\$ 9,076,813

The District is located within the city limits of the City of Montgomery, Texas (the "City"). All water, wastewater, storm drainage and road facilities constructed within the District are conveyed to the City once completed and placed in service. The City is responsible for the operation and maintenance of these facilities for the benefit of the residents of the District; however, the District retains significant residual interest in these facilities and records such facilities as capital assets in accordance with GASB Statement No. 94. The District owns and maintains the detention facilities. Landscaping and recreational facilities will be conveyed to the HOA for maintenance and operations.

LONG-TERM DEBT

To date, the District has not issued any bond debt.

As of May 31, 2025, the District recorded an amount due to the Developer of \$10,257,581 which consisted of operating advances made by the Developer since inception as well as costs associated with the construction of water, wastewater and drainage facilities, as well as roads.

**MONTGOMERY COUNTY MUNICIPAL UTILITY DISTRICT NO. 224
MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE YEAR ENDED MAY 31, 2025**

GENERAL FUND BUDGETARY HIGHLIGHTS

The Board of Directors adopted an unappropriated budget for the current fiscal year. Actual revenues were \$878 more than budgeted revenues, actual expenditures were \$16,924 less than budgeted expenditures and actual developer advances were \$34,325 more than budgeted advances which resulted in a positive budget variance of \$52,127. See the budget to actual comparison for more information.

CONTACTING THE DISTRICT'S MANAGEMENT

This financial report is designed to provide a general overview of the District's finances. Questions concerning any of the information provided in this report or requests for additional information should be addressed to Montgomery County Municipal Utility District No. 224, c/o Sanford Kuhl Hagan Kugle Parker Kahn LLP, 1330 Post Oak Blvd, Suite 2650, Houston, Texas 77056.

Change in Net Position - Governmental Activities	\$	<u>(927,141)</u>
--	----	------------------

The accompanying notes to the financial
statements are an integral part of this report.

MONTGOMERY COUNTY MUNICIPAL UTILITY DISTRICT NO. 224
NOTES TO THE FINANCIAL STATEMENTS
MAY 31, 2025

NOTE 1. CREATION OF DISTRICT

Montgomery County Municipal Utility District No. 224 (the “District”) was created effective August 7, 2023, by an Order of the Texas Commission on Environmental Quality (the “Commission”). Pursuant to the provisions of Chapters 49 and 54 of the Texas Water Code, as amended, the District is empowered to purchase, operate and maintain all facilities, plants and improvements necessary to provide water, wastewater service, storm sewer drainage, irrigation, to construct roads, to provide solid waste collection and disposal, including recycling, and to construct parks and recreational facilities for the residents of the District. The Board of Directors held its organizational meeting on August 8, 2023.

NOTE 2. SIGNIFICANT ACCOUNTING POLICIES

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America as promulgated by the Governmental Accounting Standards Board (“GASB”). In addition, the accounting records of the District are maintained generally in accordance with the *Water District Financial Management Guide* published by the Commission.

The District is a political subdivision of the State of Texas governed by an elected board. GASB has established the criteria for determining whether an entity is a primary government or a component unit of a primary government. The primary criteria are that it has a separately elected governing body, it is legally separate, and it is fiscally independent of other state and local governments. Under these criteria, the District is considered a primary government and is not a component unit of any other government. Additionally, no other entities meet the criteria for inclusion in the District’s financial statement as component units.

Financial Statement Presentation

These financial statements have been prepared in accordance with GASB Codification of Governmental Accounting and Financial Reporting Standards Part II, Financial Reporting (“GASB Codification”). The GASB Codification sets forth standards for external financial reporting for all state and local government entities, which include a requirement for a Statement of Net Position and a Statement of Activities. It requires the classification of net position into three components: Net Investment in Capital Assets; Restricted; and Unrestricted. These classifications are defined below:

- Net Investment in Capital Assets – This component of net position consists of capital assets, including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvements of those assets.

MONTGOMERY COUNTY MUNICIPAL UTILITY DISTRICT NO. 224
NOTES TO THE FINANCIAL STATEMENTS
MAY 31, 2025

NOTE 2. SIGNIFICANT ACCOUNTING POLICIES (Continued)

Financial Statement Presentation (Continued)

- Restricted Net Position – This component of net position consists of external constraints placed on the use of assets imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulation of other governments or constraints imposed by law through constitutional provisions or enabling legislation.
- Unrestricted Net Position – This component of net position consists of assets that do not meet the definition of Restricted or Net Investment in Capital Assets.

When both restricted and unrestricted resources are available for use, generally it's the District's policy to use restricted resources first.

Government-Wide Financial Statements

The Statement of Net Position and the Statement of Activities display information about the District as a whole. The District's Statement of Net Position and Statement of Activities are combined with the governmental fund financial statements. The District is viewed as a special-purpose government and has the option of combining these financial statements. The Statement of Net Position is reported by adjusting the governmental fund types to report on the full accrual basis, economic resource basis, which recognizes all long-term assets and receivables as well as long-term debt and obligations. Any amounts recorded due to and due from other funds are eliminated in the Statement of Net Position. The Statement of Activities is reported by adjusting the governmental fund types to report only items related to current year revenues and expenditures. Items such as capital outlay are allocated over their estimated useful lives as depreciation expense. Internal activities between governmental funds, if any, are eliminated to obtain net total revenues and expenses of the government-wide Statement of Activities.

Fund Financial Statements

The District's fund financial statements are combined with the government-wide financial statements. The fund financial statements include a Balance Sheet and a Statement of Revenues, Expenditures and Changes in Fund Balance.

Governmental Fund

The District's one governmental fund is considered a major fund. The General Fund accounts for property tax revenues, developer advances, professional fees, and administrative costs.

MONTGOMERY COUNTY MUNICIPAL UTILITY DISTRICT NO. 224
NOTES TO THE FINANCIAL STATEMENTS
MAY 31, 2025

NOTE 2. SIGNIFICANT ACCOUNTING POLICIES (Continued)

Basis of Accounting

The District uses the modified accrual basis of accounting for governmental fund types. The modified accrual basis of accounting recognizes revenues when both “measurable and available.” Measurable means the amount can be determined. Available means collectable within the current period or soon enough thereafter to pay current liabilities. The District considers revenue reported in governmental funds to be available if they are collectable within 60 days after year end. Also, under the modified accrual basis of accounting, expenditures are recorded when the related fund liability is incurred, except for principal and interest on long-term debt, which are recognized as expenditures when payment is due.

Property taxes considered available by the District and included in revenue include taxes collected during the year and taxes collected after year-end, which were considered available to defray the expenditures of the current year. Deferred inflows related to property tax revenues are those taxes which the District does not reasonably expect to be collected soon enough in the subsequent period to finance current expenditures.

Amounts transferred from one fund to another fund are reported as other financing sources and uses. Loans by one fund to another fund and amounts paid by one fund for another fund are reported as interfund receivables and payables in the Governmental Funds Balance Sheet if there is intent to repay the amount and if the debtor fund has the ability to repay the advance on a timely basis.

Capital Assets

Capital assets, which include property, plant, equipment, and infrastructure assets, are reported in the government-wide Statement of Net Position. Capital assets, if acquired, will be reported in the Statement of Net Position at historical cost. Repairs and maintenance are recorded as expenditures in the governmental fund incurred and as an expense in the Statement of Activities. Capital asset additions, improvements and preservation costs that extend the life of an asset will be capitalized and depreciated over the estimated useful life of the asset. Engineering fees and certain other costs are capitalized as part of the asset. Assets are capitalized if they have an original cost greater than \$5,000 and a useful life over 2 years. Depreciation is calculated on each class of depreciable property using the straight-line method of depreciation over 30-45 years.

Water, wastewater, storm drainage and road facilities constructed within the District are conveyed to the City of Montgomery, Texas for operation and maintenance for the benefit of the residents of the District. The District maintains a significant residual interest in these facilities conveyed. Therefore, in accordance with GASB Statement No. 94, these assets are recorded as capital assets of the District. The District owns and maintains the detention facilities. Landscaping and recreational facilities will be conveyed to the HOA for maintenance and operations.

MONTGOMERY COUNTY MUNICIPAL UTILITY DISTRICT NO. 224
NOTES TO THE FINANCIAL STATEMENTS
MAY 31, 2025

NOTE 2. SIGNIFICANT ACCOUNTING POLICIES (Continued)

Budgeting

An annual unappropriated budget is adopted for the General Fund by the District's Board of Directors. The budget is prepared using the same method of accounting as for financial reporting. The original General Fund budget for the current year was not amended. The Schedule of Revenues, Expenditures and Changes in Fund Balance – Budget and Actual – General Fund presents the budgeted amounts compared to the actual amounts of revenues and expenditures for the current year.

Pensions

A pension plan has not been established. The District does not have employees, except that the Internal Revenue Service has determined that directors are considered "employees" for federal payroll tax purposes only.

Measurement Focus

Measurement focus is a term used to describe which transactions are recognized within the various financial statements. In the government-wide Statement of Net Position and Statement of Activities, the governmental activities are presented using the economic resources measurement focus. The accounting objectives of this measurement focus are the determination of operating income, changes in net position, financial position, and cash flows. All assets and liabilities associated with the activities are reported. Fund equity is classified as net position.

Governmental fund types are accounted for on a spending or financial flow measurement focus. Accordingly, only current assets and current liabilities are included on the Balance Sheet, and the reported fund balances provide an indication of available spendable or appropriable resources. Operating statements of governmental fund types report increases and decreases in available spendable resources.

Fund balances in governmental funds are classified using the following hierarchy:

Nonspendable: amounts that cannot be spent either because they are in nonspendable form or because they are legally or contractually required to be maintained intact. The District does not have any nonspendable fund balances.

Restricted: amounts that can be spent only for specific purposes because of constitutional provisions, or enabling legislation, or because of constraints that are imposed externally. The District does not have any restricted fund balances.

Committed: amounts that can be spent only for purposes determined by a formal action of the Board of Directors. The Board is the highest level of decision-making authority for the District. This action must be made no later than the end of the fiscal year. Commitments may be established, modified, or rescinded only through ordinances or resolutions approved by the Board. The District does not have any committed fund balances.

MONTGOMERY COUNTY MUNICIPAL UTILITY DISTRICT NO. 224
NOTES TO THE FINANCIAL STATEMENTS
MAY 31, 2025

NOTE 2. SIGNIFICANT ACCOUNTING POLICIES (Continued)

Measurement Focus (Continued)

Assigned: amounts that do not meet the criteria to be classified as restricted or committed, but that are intended to be used for specific purposes. The District has not adopted a formal policy regarding the assignment of fund balances and does not have any assigned fund balances.

Unassigned: all other spendable amounts in the General Fund.

When expenditures are incurred for which restricted, committed, assigned or unassigned fund balances are available, the District considers amounts to have been spent first out of restricted funds, then committed funds, then assigned funds, and finally unassigned funds.

Accounting Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amount of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenditures during the reporting period. Actual results could differ from those estimates.

NOTE 3. BOND AUTHORIZATION

The District has authorized but unissued bonds in the amount of \$140,400,000 for the purposes of acquiring or construction of water, sewer, drainage and storm sewer facilities, including refunding bonds in the amount of \$210,600,000, \$59,700,000 for road facilities, including refunding bonds in the amount of \$89,550,000, and \$25,000,000 for recreational facilities, including refunding bonds in the amount of \$37,500,000.

NOTE 4. DEPOSITS AND INVESTMENTS

Deposits

Custodial credit risk is the risk that, in the event of the failure of a depository financial institution, a government will not be able to recover deposits or will not be able to recover collateral securities that are in the possession of an outside party. The District's deposit policy for custodial credit risk requires compliance with the provisions of Texas statutes.

Texas statutes require that any cash balance in any fund shall, to the extent not insured by the Federal Deposit Insurance Corporation or its successor, be continuously secured by a valid pledge to the District of securities eligible under the laws of Texas to secure the funds of the District, having an aggregate market value, including accrued interest, at all times equal to the uninsured cash balance in the fund to which such securities are pledged.

MONTGOMERY COUNTY MUNICIPAL UTILITY DISTRICT NO. 224
NOTES TO THE FINANCIAL STATEMENTS
MAY 31, 2025

NOTE 4. DEPOSITS AND INVESTMENTS (Continued)

Deposits (Continued)

At fiscal year end, the carrying amount of the District's deposits was \$53,012 and the bank balance was \$58,178. The District was not exposed to custodial credit risk.

Investments

Under Texas law, the District is required to invest its funds under written investment policies that primarily emphasize safety of principal and liquidity and that address investment diversification, yield, maturity, and the quality and capability of investment management, and all District funds must be invested in accordance with the following investment objectives: understanding the suitability of the investment to the District's financial requirements, first; preservation and safety of principal, second; liquidity, third; marketability of the investments if the need arises to liquidate the investment before maturity, fourth; diversification of the investment portfolio, fifth; and yield, sixth. The District's investments must be made "with judgment and care, under prevailing circumstances, that a person of prudence, discretion, and intelligence would exercise in the management of the person's own affairs, not for speculation, but for investment, considering the probable safety of capital and the probable income to be derived." No person may invest District funds without express written authority from the Board of Directors.

Texas statutes include specifications for and limitations applicable to the District and its authority to purchase investments as defined in the Public Funds Investment Act. The District has adopted a written investment policy to establish the guidelines by which it may invest. This policy is reviewed annually. The District's investment policy may be more restrictive than the Public Funds Investment Act.

As of May 31, 2025, the District did not own any investments.

NOTE 5. MAINTENANCE TAX

On November 7, 2023, District voters authorized the levy and collection of a maintenance tax not to exceed \$1.50 per \$100 of assessed valuation of taxable property within the District. The maintenance tax is to be used for operation and maintenance purposes. During the year ended May 31, 2025, the District levied an ad valorem maintenance tax rate of \$1.10 per \$100 of assessed valuation, which resulted in a tax levy of \$43,378 on the adjusted tax able valuation of \$3,943,422 for the 2024 tax year.

MONTGOMERY COUNTY MUNICIPAL UTILITY DISTRICT NO. 224
NOTES TO THE FINANCIAL STATEMENTS
MAY 31, 2025

NOTE 6. CAPITAL ASSETS

Capital asset activity for the year ended May 31, 2025, is as follows:

	June 1, 2024	Increases	Decreases	May 31, 2025
Capital Assets Not Being Depreciated

Total Depreciable Capital Assets, Net of Accumulated Depreciation	\$ -0-	\$ 8,075,231	\$ -0-	\$ 8,075,231
Total Capital Assets, Net of Accumulated Depreciation	\$ -0-	\$ 9,076,813	\$ -0-	\$ 9,076,813

Water, wastewater, storm drainage and road facilities constructed within the District are conveyed to the City of Montgomery, Texas for operation and maintenance for the benefit of the residents of the District. The District maintains a significant residual interest in these facilities conveyed. Therefore, in accordance with GASB Statement No. 94, these assets are recorded as capital assets of the District. The District owns and maintains the detention facilities. Landscaping and recreational facilities will be conveyed to the HOA for maintenance and operations.

NOTE 7. RISK MANAGEMENT

The District is exposed to various risks of loss related to torts, theft of, damage to and destruction of assets, errors and omissions, and natural disasters for which the District carries commercial insurance. There have been no significant reductions in coverage from the prior year and settlements have not exceeded coverage since inception.

MONTGOMERY COUNTY MUNICIPAL UTILITY DISTRICT NO. 224
NOTES TO THE FINANCIAL STATEMENTS
MAY 31, 2025

NOTE 8. UNREIMBURSED COSTS

The District has entered into a financing and reimbursement agreement with a Developer within the District which provides for the Developer to make payments on behalf of the District for various projects and operating advances. The District has recorded a liability to the Developer of \$10,257,581 for completed construction projects and operating advances as of May 31, 2025. The actual amounts owed, including developer interest, will be calculated at the time debt is issued to reimburse the Developer. The following table summarizes the current fiscal year activity:

Due to Developers, June 1, 2024	\$ 201,500
Current year additions	<u>10,056,081</u>
Due to Developers, May 31, 2025	<u><u>\$ 10,257,581</u></u>

NOTE 9. UTILITY AGREEMENT

The District and the City of Montgomery, Texas (the “City”) entered into a Utility Agreement (the “Agreement”) on November 10, 2023, which states the City agrees to provide retail water service to the District to serve the full development. The City agrees to own, operate, and maintain the facilities and charge user fees at the in-City Rates. Under the agreement, the Developer agrees to finance and construct on behalf of the District the internal water facilities and dedicate sites thereunder. Per the Agreement, the City will provide sufficient water capacity to serve the ultimate build-out of the District. The District’s water supply is currently sufficient to serve 309 equivalent single-family connections (“ESFCs”).

Pursuant to the Agreement, the City agrees to provide retail wastewater service to the District to serve the full development. The City agrees to own, operate and maintain the facilities and charge user fees at in-City Rates. Under the agreement, the Developer agrees to finance and construct on behalf of the District the internal wastewater facilities and dedicate sites thereunder. Per the Agreement, the City will provide sufficient wastewater capacity to serve the ultimate build-out of the District. The District’s wastewater is treated at the City’s Town Creek Wastewater Treatment Facility. The District’s wastewater capacity is currently sufficient to serve 309 ESFCs.

NOTE 10. PENDING BOND SALE

The District anticipates closing on its \$3,400,000 Series 2025 Unlimited Tax Bonds in the 4th quarter of 2025. Proceeds from the bond sale will be used to reimburse the Developer for a portion of the cost of Montgomery Bend Section One and Offsite Utilities, land costs and impact fees. In addition, bond proceeds will be used to fund capitalized interest and to pay for issuance costs of the bonds.

MONTGOMERY COUNTY MUNICIPAL UTILITY DISTRICT NO. 224
NOTES TO THE FINANCIAL STATEMENTS
MAY 31, 2025

NOTE 11. PENDING LITIGATION

On March 24, 2025, the District was named as a Third-Party Defendant by Third-Party Plaintiffs Pulte Homes of Texas, L.P. and Pulte Nevada I, LLC, which previously had been named as traditional Defendants by the Plaintiff Waterstone on Lake Conroe, Inc., in the case styled, *Waterstone on Lake Conroe, Inc. v. Pulte Homes of Texas, L.P. and Pulte Nevada, LLC*, in Cause No. 25-02-01780 in 457th Judicial District Court of Montgomery County, Texas.

The Plaintiff Waterstone on Lake Conroe, Inc. (“Waterstone”) a property owner and residential subdivision developer, sued Pulte Homes of Texas, L.P. and Pulte Nevada I, LLC (“Pulte”), claiming that Pulte, which owns and is developing a neighboring residential community, has allowed massive erosion from its adjacent property to occlude a canal on Waterstone’s property. Waterstone sued Pulte for trespass, nuisance, violation of Texas Water Code Section 11.086, breach of contract, and various forms of negligence.

Then, as Third-Party Plaintiffs, Pulte sued seven Third-Party Defendants, including the District, essentially contending that if Waterstone’s property had been damaged by siltation, such was the fault of the Third-Party Defendants, and not Pulte. Pulte sued the District, specifically, for contribution, negligence, and breach of contract.

The District has answered the case and the parties have engaged in extensive paper discovery, but no depositions have taken place as of yet. The District intends to vigorously contest liability.

Given the early status of discovery, no evaluation of the likelihood of an unfavorable outcome and an estimate of the amount or range of potential loss can be reasonably made at this time. It should be noted that the District does enjoy governmental immunity for some or all of the claims asserted against it by Pulte, unless specifically waived by the Texas legislature.
