1. The Township may regard the electronic transmission of the bid through PARITY (including information about the principal amount of the Notes, the price bid for the Notes and any other information included in such transmission) as though the same information were submitted on the "Proposal for Notes" provided by the Township and executed by a duly authorized signatory of the bidder. If a bid submitted electronically by PARITY is accepted by the Township, the terms of the "Proposal for Notes" and this Notice of Note Sale and the information that is electronically transmitted through PARITY shall form a contract, and the Successful Bidder or Bidders shall be bound by the terms of such contract.
2. PARITY is not an agent of the Township, and the Township shall have no liability whatsoever based on any bidder's use of PARITY, including but not limited to any failure by PARITY to correctly or timely transmit information provided by the Township or information provided by the bidder.

APPENDIX A  
Establishment of Issue Price  
(10% Test to Apply if Competitive  
Sale Requirements are Not Satisfied)

(a) The winning bidder shall assist the Township of Lyndhurst, County of Bergen, New Jersey (the "Issuer") in establishing the issue price of the Notes and shall execute and deliver to the Issuer at closing an "issue price" or similar certificate setting forth the reasonably expected initial offering price to the public or the sales price of the Notes, together with the supporting pricing wires or equivalent communications, substantially in the form attached hereto as Exhibit I, with such modifications as may be appropriate or necessary, in the reasonable judgment of the winning bidder, the Issuer and Bond Counsel.

(b) The Issuer intends that the provisions of Treasury Regulation Section 1.148-1(f)(3)(i) (defining "competitive sale" for purposes of establishing the issue price of the Notes) will apply to the initial sale of the Notes (the "competitive sale requirements") because:

- (i) the Issuer shall disseminate this Notice of Sale to potential underwriters in a manner that is reasonably designed to reach potential underwriters;
- (ii) all bidders shall have an equal opportunity to bid;
- (iii) the Issuer may receive bids from at least three underwriters of municipal bonds who have established industry reputations for underwriting new issuances of municipal bonds; and
- (iv) the Issuer anticipates awarding the sale of the Notes to the bidder who submits a firm offer to purchase the Notes at the highest price (or lowest interest cost), as set forth in this Notice of Sale.

Any bid submitted pursuant to this Notice of Sale shall be considered a firm offer for the purchase of the Notes, as specified in the bid.

(c) In the event that the competitive sale requirements are not satisfied, the Issuer shall so advise the winning bidder. The Issuer shall treat the first price at which 10% of the Notes (the "10% test") is sold to the public as the issue price of the Notes. The winning bidder shall advise the Issuer if the Notes satisfy the 10% test as of the date and time of the award of the Notes. The Issuer will not require bidders to comply with the "hold-the-offering-price rule" and therefore (under the circumstances set forth in this paragraph (c)) does not intend to use the initial offering price to the public as of the sale date of the Notes as the issue price of the Notes. Bids will not be subject to cancellation in the event that the competitive sale requirements are not satisfied. Bidders should prepare their bids on the assumption that the Notes will be subject to the 10% test in order to establish the issue price of the Notes.

(d) If the competitive sale requirements are not satisfied, then until the 10% test has been satisfied as to the Notes, the winning bidder agrees to promptly report to the Issuer the prices at which the unsold Notes have been sold to the public. That reporting obligation shall continue, whether or not the closing date has occurred, until either (i) all Notes have been sold or (ii) the 10% test has been satisfied as to the Notes, provided that, the winning bidder's reporting obligation after the closing date may be at reasonable periodic intervals or otherwise upon request of the Issuer or bond counsel.

(e) By submitting a bid, each bidder confirms that:

- (i) any agreement among underwriters, any selling group agreement and each third-party distribution agreement (to which the bidder is a party) relating to the initial sale of the Notes to the public, together with the related pricing wires, contains or will contain language obligating each underwriter, each dealer who is a member of the selling group, and each broker-dealer that is a party to such third-party distribution agreement, as applicable:
  - (A) to report the prices at which it sells to the public the unsold Notes allocated to it, whether or not the closing date has occurred, until either all Notes allocated to it have been sold or it is notified by the winning bidder that the 10% test has been satisfied as to the Notes, provided that, the reporting obligation after the closing date may be at reasonable periodic intervals or otherwise upon request of the winning bidder,
  - (B) to promptly notify the winning bidder of any sales of Notes that, to its knowledge, are made to a purchaser who is a related party to an underwriter participating in the initial sale of the Notes to the public (each such term being used as defined below), and
  - (C) to acknowledge that, unless otherwise advised by the underwriter, dealer or broker-dealer, the winning bidder shall assume that each order submitted by the underwriter, dealer or broker-dealer is a sale to the public.
- (ii) any agreement among underwriters or selling group agreement relating to the initial sale of the Notes to the public, together with the related pricing wires, contains or will contain language obligating each underwriter or dealer that is a party to a third-party distribution agreement to be employed in connection with the initial sale of the Notes to the public to require each broker-dealer that is a party to such third-party distribution agreement to report the prices at which it sells to the public the unsold Notes allocated to it, whether or not the closing date has occurred, until either all

Notes allocated to it have been sold or it is notified by the winning bidder or such underwriter that the 10% test has been satisfied as to the Notes, provided that, the reporting obligation after the closing date may be at reasonable periodic intervals or otherwise upon request of the winning bidder or such underwriter.

(f) Sales of any Notes to any person that is a related party to an underwriter participating in the initial sale of the Notes to the public (each such term being used as defined below) shall not constitute sales to the public for purposes of this Notice of Sale. Further, for purposes of this Notice of Sale:

- (i) "public" means any person other than an underwriter or a related party,
- (ii) "underwriter" means (A) any person that agrees pursuant to a written contract with the Issuer (or with the lead underwriter to form an underwriting syndicate) to participate in the initial sale of the Notes to the public and (B) any person that agrees pursuant to a written contract directly or indirectly with a person described in clause (A) to participate in the initial sale of the Notes to the public (including a member of a selling group or a party to a third-party distribution agreement participating in the initial sale of the Notes to the public),
- (iii) a purchaser of any of the Notes is a "related party" to an underwriter if the underwriter and the purchaser are subject, directly or indirectly, to (A) more than 50% common ownership of the voting power or the total value of their stock, if both entities are corporations (including direct ownership by one corporation of another), (B) more than 50% common ownership of their capital interests or profits interests, if both entities are partnerships (including direct ownership by one partnership of another), or (C) more than 50% common ownership of the value of the outstanding stock of the corporation or the capital interests or profit interests of the partnership, as applicable, if one entity is a corporation and the other entity is a partnership (including direct ownership of the applicable stock or interests by one entity of the other), and
- (iv) "sale date" means the date that the Notes are awarded by the Issuer to the winning bidder.
