

NEW ISSUE**Rating: See “Rating” herein**

In the opinion of Mack Law Associates LLC, Bond Counsel, based upon an analysis of existing law and assuming, among other matters, compliance with certain covenants, interest on the \$2,740,000 General Obligation Bonds, Series 2026 A (the “Bonds”) is excluded from gross income for Federal income tax purposes under Section 103 of the Internal Revenue Code of 1986, as amended (the “Code”). Interest on the Bonds is not a specific preference item for the purpose of calculating the alternative minimum tax imposed under the Code. Bond Counsel is further of the opinion that under existing law, the Bonds, their transfer and the income therefrom, including any profit made from the sale thereof, is exempt from taxation by the State of Rhode Island (the “State”), although the Bonds, their transfer and the income therefrom may be included in the measure of State estate taxes and certain State corporate and business taxes. Bond Counsel expresses no opinion regarding any other tax consequences related to the ownership or disposition of, or the accrual or receipt of interest on the Bonds. See “TAX STATUS”, and “APPENDIX C” herein.

TOWN OF BRISTOL, RHODE ISLAND
Relating to
\$2,740,000
GENERAL OBLIGATION BONDS, SERIES 2026 A

Dated: Date of Delivery**Due: August 1, 2027-2046**

The Bonds are issuable only as fully registered Bonds without coupons, and, when issued, will be registered in the name of Cede & Co., as Bondowner and nominee for The Depository Trust Company (“DTC”), New York, New York. DTC will act as securities depository for the Bonds. Purchases of the Bonds will be made in book-entry form, in the denomination of \$5,000 or any integral multiple in excess thereof. Purchasers will not receive certificates representing their interest in Bonds purchased. So long as Cede & Co. is the Bondowner, as nominee of DTC, references herein to the Bondowners or registered owners shall mean Cede & Co., as aforesaid, and shall not mean the Beneficial Owners (as defined herein) of the Bonds. So long as DTC, or its nominee Cede & Co., is the Bondholder, principal and semiannual interest payments will be made directly to such Bondholder. Principal of and interest on the Bonds will be payable to DTC by U.S. Bank Trust Company, National Association, as Paying Agent. Disbursement of such payments to the DTC Participants is the responsibility of DTC and disbursements of such payments to Beneficial Owners is the responsibility of the DTC Participants and the Indirect Participants, as more fully described herein. (See “THE BONDS—Book-Entry Only System” herein.) **Interest is computed on the basis of a 360-day year consisting of twelve 30-day months.**

The Bonds will be dated the date of delivery. Interest on the Bonds will be payable on February 1, 2027 and semiannually thereafter on February 1 and August 1 of each year at the rates as shown in the maturity schedule below. Principal of the Bonds will be payable on August 1 as shown in the maturity schedule below.

*Priced at the stated yield to the first optional redemption date of August 1, 2036 at the redemption price of 100%.

†CUSIP is a registered trademark of the American Bankers Association. CUSIP Global Services (CGS) is managed on behalf of the American Bankers Association by S&P Global Market Intelligence. Copyright © 2026 CUSIP Global Services. All rights reserved. The CUSIP numbers have been assigned by an independent company not affiliated with the Town and are included solely for the convenience of the holders of the Bonds. Neither the Underwriter or the Town is responsible for the selection or uses of the CUSIP numbers, and no representation is made as to their correctness on the Bonds or as indicated above. The CUSIP number for a specific maturity is subject to being changed after the issuance of the Bonds as a result of various subsequent actions including, but not limited to, a refunding in whole or in part of such maturity or as a result of the procurement of secondary market portfolio insurance or other similar enhancement by investors that is applicable to all or a portion of certain maturities of the Bonds.

The Bonds are subject to redemption prior to maturity, as further described herein.

The Bonds will be designated as “qualified tax-exempt obligations” for purposes of Section 265(b)(3) of the Code.

The Bonds are offered for delivery when, as, and if issued, subject to the final approving opinion of Mack Law Associates LLC, Bond Counsel, of Providence, Rhode Island, and to certain other conditions referred to herein. PFM Financial Advisors LLC will be serving as Municipal Advisor for the Town on this transaction. It is expected that the Bonds in definitive form will be available for delivery to DTC in Brooklyn, New York, on or about August 11, 2026.

No dealer, broker, salesperson or other person has been authorized to give any information or to make any representations, other than those contained, incorporated by reference or referred to in this Official Statement in connection with the offer made hereby, and, if given or made, such information or representations must not be relied upon as having been authorized by the Town. This Official Statement is not to be construed as a contract or agreement between the Town and the purchasers or holders of any of the Bonds. Any statements made in this Official Statement involving matters of opinion, whether or not expressly so stated, are intended merely as opinion and not as representation of fact by the Town. The information and expression of opinion herein are subject to change without notice and neither the delivery of this Official Statement nor any sale hereunder shall, under any circumstances create any implication that there has been no change in the affairs of the Town since the date hereof. The information contained herein has been obtained from the Town and other sources believed to be reliable, but it is not guaranteed as to accuracy or completeness and is not to be construed as a representation of the Town as to information from sources other than the Town.

All quotations from and summaries and explanations of provisions of laws and documents described herein do not purport to be complete and reference is made to said laws and documents for full and complete statements of their provisions.

This Official Statement does not constitute an offer to sell or the solicitation of an offer to buy nor shall there be any sale of any of the Bonds in any jurisdiction in which such offer, solicitation or sale is not authorized, or in which the person making such offer, solicitation or sale is not qualified to do so, or to any person to whom it is unlawful to make such offer, solicitation or sale.

Upon issuance, the Bonds will not be registered under the Securities Act of 1933, as amended, in reliance upon examinations contained in such Act. The Bonds will not be listed on any stock or other securities exchange. Any registration or qualification of the Bonds in accordance with applicable provisions of securities laws of the states in which the Bonds may be registered or qualified and the exemption from registration or qualification in other states cannot be regarded as a recommendation thereof. Neither the Securities and Exchange Commission nor any other federal, state or other governmental entity or agency will have passed upon the accuracy of this Official Statement or, except for the Town, approved the Bonds for sale. Any representation to the contrary may be a criminal offense.

The information relating to The Depository Trust Company (“DTC”) and the book-entry only system contained in this Official Statement have been furnished by the DTC (see “THE BONDS—Book-Entry Only System” herein). No representation is made by the Town as to the adequacy or accuracy of such information. The Town has not made any independent investigation of DTC or the book-entry only system.

The Municipal Advisor to the Town has provided the following sentence for inclusion in this Official Statement. The Municipal Advisor has reviewed the information in this Official Statement in accordance with, and as part of, its responsibilities to the Town and, as applicable, to investors under the federal securities laws as applied to the facts and circumstances of this transaction, but the Municipal Advisor does not guarantee the accuracy or completeness of such information.

The cover page hereof, this page and the appendices attached hereto are an integral part of this Official Statement.

OFFICIAL STATEMENT
of the
TOWN OF BRISTOL, RHODE ISLAND
Relating to

\$2,740,000
GENERAL OBLIGATION BONDS, SERIES 2026 A

This Official Statement provides certain information concerning the Town of Bristol, Rhode Island (the "Town") in connection with the issuance by the Town of its \$2,740,000 General Obligation Bonds, Series 2026 A dated the date of delivery (the "Bonds").

THE BONDS

Description of the Bonds

The Bonds will be issued only as fully registered Bonds in the denomination of \$5,000 or any integral multiple thereof. The Bonds will be dated the date of delivery and will bear interest at the rates shown on the cover page hereof.

Interest on the Bonds will be payable on February 1, 2027 and semi-annually thereafter on August 1 and February 1 of each year at the rates shown in the maturity schedule on the cover page hereof. Principal of the Bonds will be payable on August 1 of each year as set forth on the cover page hereof.

The Bonds are issuable only as fully registered Bonds without coupons, and, when issued, will be registered in the name of Cede & Co., as Bondowner and nominee for The Depository Trust Company ("DTC"), New York, New York. DTC will act as securities depository for the Bonds. Purchases of the Bonds will be made in book-entry form, in the denomination of \$5,000 or any multiple thereof. Purchasers will not receive certificates representing their interest in Bonds purchased. So long as Cede & Co. is the Bondowner, as nominee of DTC, references herein to the Bondowners or registered owners shall mean Cede & Co., as aforesaid, and shall not mean the Beneficial Owners (as defined herein) of the Bonds. See "THE BONDS- Book-Entry Only System" below.

Principal of and interest are payable to DTC by U.S. Bank Trust Company, National Association, as Paying Agent. So long as DTC or its nominee, Cede & Co., is the Bondowner, such payments will be made directly to such Bondowner. Disbursement of such payments to the DTC Participants is the responsibility of DTC and disbursement of such payments to the Beneficial Owners is the responsibility of the DTC Participants and the Indirect Participants, as more fully described herein. Interest on the Bonds is computed on the basis of a 360-day year consisting of twelve 30-day months.

For every transfer and exchange of the Bonds, whether in certificated form or otherwise, the Beneficial Owner may be charged a sum sufficient to cover any tax, fee or other governmental charge that may be imposed in relation thereto. Adequate indemnification may be required to replace any lost, stolen or destroyed Bonds, whether in certificated form or otherwise.

Record Date

The Record Date for each payment of interest on the Bonds is the close of business on the fifteenth day preceding the interest payment date or, if such day is not a business day of the Paying Agent, the next preceding day which is a regular business day of the Paying Agent.

Authorization and Purpose

Bonds in the amount of \$2,690,000 are authorized pursuant to the authority contained Section 45-12-2 of the General Laws of Rhode Island to finance the design, engineering and construction of capital improvement projects in the Town including without limitation, rehabilitation of roads and sidewalks including at Monroe Street, Fenmore Street, Metacom Avenue and Fales Road end of road public access, and in connection therewith, the provision of engineering, surveying, construction management and other professional services necessary or appropriate therefore, and to pay costs of issuance in connection therewith.

Bonds in the amount of \$50,000 are authorized pursuant to the authority contained in Chapter 239/280 of the Rhode Island Public Laws of 2016 finance the design, engineering and construction of capital improvement projects in the Town

including without limitation, drainage projects located at Anthony Avenue and/or alternate drainage projects, and in connection with the above projects, the provision of architectural, engineering, surveying, construction management and other professional services necessary or appropriate therefore; and to pay costs of issuance in connection therewith.

Book-Entry-Only System

This section describes how ownership of the Bonds is to be transferred and how the principal of, premium, if any, and interest on the Bonds are to be paid to and credited by DTC while the Bonds are registered in its nominee name. The information in this section concerning DTC and the Book-Entry-Only System has been provided by DTC for use in disclosure documents such as this Official Statement. The Town believes the source of such information to be reliable, but takes no responsibility for the accuracy or completeness thereof.

The Town cannot and does not give any assurance that (1) DTC will distribute payments of debt service on the Bonds, or redemption or other notices, to DTC Participants, (2) DTC Participants or others will distribute debt service payments paid to DTC or its nominee (as the registered owner of the Bonds), or redemption or other notices, to the Beneficial Owners, or that they will do so on a timely basis, or (3) DTC will serve and act in the manner described in this Official Statement. The current rules applicable to DTC are on file with the Securities and Exchange Commission, and the current procedures of DTC to be followed in dealing with DTC Participants are on file with DTC.

The Depository Trust Company (“DTC”), Brooklyn, NY, will act as securities depository for the Bonds. The Bonds will be issued as fully-registered securities registered in the name of Cede & Co. (DTC’s partnership nominee) or such other name as may be requested by an authorized representative of DTC. One fully-registered security certificate will be issued for each maturity of the Bonds in the principal amounts of such issue, and will be deposited with DTC.

DTC, the world’s largest securities depository, is a limited-purpose trust company organized under the New York Banking Law, a “banking organization” within the meaning of the New York Banking Law, a member of the Federal Reserve System, a “clearing corporation” within the meaning of the New York Uniform Commercial Code, and a “clearing agency” registered pursuant to the provisions of Section 17A of the Securities Exchange Act of 1934. DTC holds and provides asset servicing for over 3.5 million issues of U.S. and non-U.S. equity issues, corporate and municipal debt issues, and money market instruments (from over 100 countries) that DTC’s participants (“Direct Participants”) deposit with DTC. DTC also facilitates the post-trade settlement among Direct Participants of sales and other securities transactions in deposited securities, through electronic computerized book-entry transfers and pledges between Direct Participants’ accounts. This eliminates the need for physical movement of securities certificates. Direct Participants include both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, clearing corporations, and certain other organizations. DTC is a wholly-owned subsidiary of The Depository Trust & Clearing Corporation (“DTCC”). DTCC is the holding company for DTC, National Securities Clearing Corporation and Fixed Income Clearing Corporation, all of which are registered clearing agencies. DTCC is owned by the users of its regulated subsidiaries. Access to the DTC system is also available to others such as both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, and clearing corporations that clear through or maintain a custodial relationship with a Direct Participant, either directly or indirectly (“Indirect Participants”). DTC has Standard & Poor’s rating of AA+. The DTC Rules applicable to its Participants are on file with the Securities and Exchange Commission. More information about DTC can be found at www.dtcc.com and www.dtc.org.

Purchases of Bonds under the DTC system must be made by or through Direct Participants, which will receive a credit for the Bonds on DTC’s records. The ownership interest of each actual purchaser of each Bond (“Beneficial Owner”) is in turn to be recorded on the Direct and Indirect Participants’ records. Beneficial Owners will not receive written confirmation from DTC of their purchase. Beneficial Owners are, however, expected to receive written confirmations providing details of the transaction, as well as periodic statements of their holdings, from the Direct or Indirect Participant through which the Beneficial Owner entered into the transaction. Transfers of ownership interests in the Bonds are to be accomplished by entries made on the books of Direct and Indirect Participants acting on behalf of Beneficial Owners. Beneficial Owners will not receive certificates representing their ownership interests in Bonds, except in the event that use of the book-entry system for the Bonds is discontinued.

To facilitate subsequent transfers, all Bonds deposited by Direct Participants with DTC are registered in the name of DTC’s partnership nominee, Cede & Co., or such other name as may be requested by an authorized representative of DTC. The deposit of Bonds with DTC and their registration in the name of Cede & Co. or such other DTC nominee do not effect any change in beneficial ownership. DTC has no knowledge of the actual Beneficial Owners of the Bonds; DTC’s records reflect only the identity of the Direct Participants to whose accounts such Bonds are credited, which may or may not be the Beneficial Owners. The Direct and Indirect Participants will remain responsible for keeping account of their holdings on behalf of their customers.

Conveyance of notices and other communications by DTC to Direct Participants, by Direct Participants to Indirect Participants, and by Direct Participants and Indirect Participants to Beneficial Owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time. Beneficial Owners of Bonds may wish to take certain steps to augment the transmission to them of notices of significant events with respect to the Bonds, such as redemptions, tenders, defaults, and proposed amendments to the Bond documents. For example, Beneficial Owners of Bonds may wish to ascertain that the nominee holding the Bonds for their benefit has agreed to obtain and transmit notices to Beneficial Owners. In the alternative, Beneficial Owners may wish to provide their names and addresses to the registrar and request that copies of notices be provided directly to them.

Redemption notices shall be sent to DTC. If less than all of the Bonds issued within an issue are being redeemed, DTC's practice is to determine by lot the amount of the interest of each Direct Participant in such issue to be redeemed.

Neither DTC nor Cede & Co. (nor any other DTC nominee) will consent or vote with respect to Securities unless authorized by a Direct Participant in accordance with DTC's MMI Procedures. Under its usual procedures, DTC mails an Omnibus Proxy to the Town as soon as possible after the record date. The Omnibus Proxy assigns Cede & Co.'s consenting or voting rights to those Direct Participants to whose accounts Securities are credited on the record date (identified in a listing attached to the Omnibus Proxy).

Principal and interest payments on the Bonds, and redemption proceeds, will be made to Cede & Co., or such other nominee as may be required by an authorized representative of DTC. DTC's practice is to credit Direct Participants' accounts, upon DTC's receipt of funds and corresponding detail information from the Town or the Paying Agent/Registrar on payable dates in accordance with their respective holdings shown on DTC's records. Payments by Participants to Beneficial Owners will be governed by standing instructions and customary practices, as in the case with securities held for the accounts of customers in bearer form or registered in "street name," and will be the responsibility of such Participant and not of DTC, the Paying Agent or the Town, subject to any statutory or regulatory requirements as may be in effect from time to time. Payment of redemption proceeds and principal and interest to Cede & Co., or such other nominee as may be required by an authorized representative of DTC is the responsibility of the Town, disbursement of such payments to Direct Participants shall be the responsibility of DTC, and disbursement of such payments to the Beneficial Owners shall be the responsibility of Direct and Indirect Participants.

DTC may discontinue providing its services as securities depository with respect to the Bonds at any time by giving reasonable notice to the Town and the Paying Agent/Registrar. Under such circumstances, in the event that a successor securities depository is not obtained, Bond certificates are required to be printed and delivered.

The Town may decide to discontinue use of the system of book-entry-only transfers through DTC (or a successor securities depository). In that event, Bond certificates will be printed and delivered.

Use of Certain Terms in Other Sections of this Official Statement. In reading this Official Statement it should be understood that while the Bonds are in the Book-Entry-Only System, references in other sections of this Official Statement to registered owners should be read to include the person for which the Participant acquires an interest in the Bonds, but (i) all rights of ownership must be exercised through DTC and the Book-Entry-Only System, and (ii) except as described above, notices that are to be given to registered owners will be given only to DTC.

The information in this section concerning DTC and DTC's Book-Entry-Only System has been obtained from sources that the Town believes to be reliable, but neither the Town nor the Financial Advisor takes any responsibility for the accuracy thereof.

Redemption Prior to Maturity

The Bonds maturing on or after August 1, 2037, shall be subject to optional redemption prior to their stated dates of maturity, at the option of the Town, on or after August 1, 2036, as a whole or in part at any time (by lot by DTC), in any order of maturity designated by the Town, at 100% of the aggregate principal amount of the Bonds to be redeemed, together with interest accrued and unpaid to the redemption date.

Notice of any redemption of the Bonds, specifying the numbers and other designations of the Bonds to be redeemed, shall be given not more than 60 days nor less than 30 days prior to the date set for redemption by mailing a copy of such notice to DTC or its nominees.

The Town, so long as a book-entry system is used for determining beneficial ownership of the Bonds, shall send any notice of redemption to DTC, or its nominee, as registered owner of the Bonds. Transfer of such notice to the DTC Participants is the responsibility of DTC. Transfer of such notice to Beneficial Owners by DTC Participants is the responsibility of the DTC Participants and other nominees of Beneficial Owners of the Bonds. Any failure of DTC to mail such notice to any DTC Participant, or any failure by any DTC Participant to notify any Beneficial Owner, will not affect the validity of the redemption of the Bonds. The Town can make no assurances that DTC, the DTC Participants or other nominees of the Beneficial Owners of the Bonds will distribute such redemption notices to the Beneficial Owners of the Bonds, or that they will do so on a timely basis, or that DTC will act as described in this Official Statement.

Security for the Bonds

In the opinion of Bond Counsel, the Bonds will be valid general obligations of the Town and all taxable property in the Town will be subject to taxation without limitation as to rate or amount to pay the Bonds or the interest thereon (See Appendix C Proposed Form of Legal Opinion for the Bonds). The Rhode Island General Laws provide that the Town shall annually appropriate a sum sufficient to pay the principal and interest coming due within the year on all its general obligation bonds and notes to the extent that monies therefore are not otherwise provided, and that if such sum is not appropriated, it shall nevertheless be added to the annual tax levy.

Claims for Payment Due

Rhode Island General Laws Section 45-15-5 permits any person who shall have any claim for money due from any town, for any matter, to present a demand for such claim to the town council and if satisfaction of such claim is not made within forty (40) days to commence an action against the town treasurer for recovery of the claim. If judgment is obtained for such debt due and if the monies available in the town treasury are insufficient to pay the judgment, Rhode Island General Laws 45-15-6 authorizes the town treasurer to apply to any justice of the peace for an order requiring the town to hold a special meeting of the town council "for the speedy ordering and making a tax" to be collected for such purpose. If the town council shall fail to assess voluntarily a tax sufficient to satisfy judgment on a town debt, the Superior Court is authorized to order the assessors of the town "to assess upon the ratable property, and the collector to collect, a tax sufficient for the payment of the judgment, with all incidental costs and charges and the expense of assessing and collecting the tax," pursuant to Rhode Island General Laws Section 45-15-7.

Statutory Lien

In July of 2011, the General Assembly enacted amendments to Section 45-12-1 of the Rhode Island General Laws to provide for a statutory lien on *ad valorem* taxes and general fund revenues for the benefit of general obligation debt of cities and towns and for giving priority to general obligation debt in a bankruptcy. The validity and priority of the lien granted by Section 45-12-1 have not been adjudicated in any Chapter 9 bankruptcy proceeding. The amendments provide, in part, that the faith and credit, *ad valorem* taxes and general fund revenues of each city and town are pledged for the payment of principal of, premium and interest on all general obligation bonds and notes of the city or town, whether or not the pledge is stated in the bonds and notes or in the proceedings authorizing their issue and the pledge constitutes a first lien on such *ad valorem* taxes and general fund revenues.

In addition, annual appropriations for payment of financing leases and obligations securing bonds, notes or certificates ("other financing obligations"), have a first lien on *ad valorem* taxes and general fund revenues commencing on the date of each annual appropriation. Amounts appropriated or added to the tax levy to pay principal of, premium and interest on general obligation bonds or notes and payments of other financing obligations are applied to the payment of such obligations. Any municipal employee or official who intentionally violates such provisions of Section 45-12-1 is personally liable to the city or town for any amounts not expended in accordance with such appropriations. The superior court has jurisdiction to adjudicate claims brought by any city or town and to order such relief as the court may find appropriate to prevent further violations under such provisions of Section 45-12-1. Any municipal employee or official who violates such provisions of Section 45-12-1 is subject to removal.

Section 45-12-1 further provides in part, that notwithstanding any provision of any other law, including the Uniform Commercial Code, Title 6A of the Rhode Island General Laws: (1) the pledge of *ad valorem* taxes and general fund revenues to the payment of the principal, premium and interest on general obligation bonds and notes and payment of other financing obligations is valid and binding, and deemed continuously perfected from the time the bonds or notes or other financing obligations are issued; (2) no filing need be made under the Uniform Commercial Code or otherwise to perfect the first lien on *ad valorem* taxes and general fund revenues; (3) the pledge of *ad valorem taxes* or general fund revenues is subject to the lien of the pledge without delivery or segregation, and the first lien on *ad valorem* taxes and general fund revenues is valid and

binding against all parties having claims of contract or tort or otherwise against the city or town, whether or not the parties have notice thereof; and (4) the pledge shall be a statutory lien effective by operation of law and shall apply to all general obligation bonds and notes and financing obligations of cities, towns and districts and shall not require a security agreement to be effective.

The July 2011 amendments, described above, provide that *ad valorem* taxes and general fund revenues may be applied as required by the pledge without further appropriation except for financing obligations which are subject to annual appropriation.

State Aid Intercept

Rhode Island General Laws § 45-12-32 creates a mechanism to enhance the creditworthiness of cities and towns in financial stress by providing for a state aid intercept mechanism to pay general obligation bonds and notes. Under the statute, the finance director is required to notify the town administrator and the town council if it appears to the finance director that the town is likely to be unable to pay in whole or in part the principal or interest, or both, on any of its bonds, notes or certificates of indebtedness when due. If the town administrator or town council, whether or not so notified, finds upon investigation that the payment cannot or is not likely to be made when due, he, she, or they are required to certify the inability or likely inability to the Director of Revenue of the State. The Town has never made such a certification. Upon receipt of the certificate, the Director of Revenue shall immediately investigate the circumstances and, if the Director finds that the Town is, or in the Director's opinion will be, unable to make the payment when due, the Director shall forthwith certify the inability, the amount of the due or overdue payment and the name of the paying agent for the bonds, notes or certificates of indebtedness to the General Treasurer of the State.

Notwithstanding any provision of general or special law or any rules or regulations with respect to the timing of payment of state aid payments, not later than three (3) days after receipt of the certification from the Director of Revenue or one business day prior to the date on which the principal or interest, or both, becomes due, whichever is later, the General Treasurer of the State is required to pay to the paying agent the amount of the due or overdue payment certified to him/her to the extent of the sums otherwise then payable and the sums estimated to become payable during the remainder of the fiscal year, from the treasury, to the town. The amounts so paid to the paying agent are held in trust and exempt from being levied upon, taken, sequestered or applied for any purpose other than paying principal or interest, or both, on bonds, notes or certificates of indebtedness of the town.

For purposes of the statute, the sums otherwise payable from the treasury to a city or town shall be the funds made available to cities or towns: (i) as state aid pursuant to chapter 45-13 of the Rhode Island General laws, but specifically excluding reimbursements to cities and towns for the cost of state mandates pursuant to § 45-13-9 of the Rhode Island General Laws; (ii) as school housing aid pursuant to §§ 16-7-35 — 16-7-47 of the Rhode Island General Laws, but subject to any pledge to bonds issued to finance school projects by the Rhode Island Health and Educational Building Corporation, and specifically excluding school operations aid provided for in §§ 16-7-15 — 16-7-34.3 of the Rhode Island General Laws; (iii) in replacement of motor vehicle and trailer excise taxes pursuant to chapter 44-34.1 of the Rhode Island General Laws; (iv) from the public service corporation tax pursuant to chapter 44-13 of the Rhode Island General Laws; (v) from the local meal and beverage tax pursuant to § 44-18-18.1 and the hotel tax pursuant to § 44-18-36.1 of the Rhode Island General laws; and (vi) pursuant to all acts supplementing such chapters.

Enforceability of Town Obligations

Enforcement of a claim for payment of principal of or interest on a bond or note issued by the Town is subject to the applicable provisions of the federal bankruptcy laws and of statutes, if any, hereafter enacted by the federal government or the State of Rhode Island extending the time for payment of such obligations or imposing other constitutionally valid constraints upon such enforcement.

Judicial enforcement of statutes such as Rhode Island General Laws Sections 45-15-5 — 45-15-7 described above under the heading "*Claims for Payments Due*", the statutory lien provided for in section 45-12-1 and state aid intercepts such as that provided for in Section 45-12-32 are within the discretion of a court. The status of these rights and remedies of owners of bonds and notes in a proceeding to restructure city or town debt under Chapter 9 of the Federal Bankruptcy Code, or pursuant to other subsequently enacted laws relating to creditors' rights has not been adjudicated.

THE TOWN OF BRISTOL

General

The Town of Bristol is a suburban waterfront community with a moderate industrial base and commercial establishments supporting the local economy. The Town is in proximity to major cities in Rhode Island and southeastern Massachusetts via interstate route 195 and interstate route 95 providing easy access for commuters to the metropolitan areas. In a southerly direction, route 136 provides access to the Newport County resort areas via the Mount Hope Bridge.

The largest employer in the Town is Roger Williams University; founded in 1948, it is a co-educational, private, accredited four-year university. The University established the State's first and only School of Law Program in 1993, leading to a Juris Doctorate Degree. Its bayside campus overlooks Mount Hope Bay in Bristol. As of the Fall of 2025, 4,038 undergraduate and 312 graduate and law school students were enrolled in the University.

In September, 2007 the Town signed a memorandum of understanding with Roger Williams University whereby the University agreed to payment in lieu of taxes ("PILOT") made each fiscal year in the amount of approximately \$150,000 and increased by an additional 1.5% per year with a bonus for enrollments in excess of 5,000 students. Additionally, the University contributes \$100,000 every five years for the purchase of first responder equipment and vehicles and \$25,000 in civic support to be distributed by a Town and University cooperative committee. The University offers scholarships to residents of the community and began a tuition remission program for High School students and Town employees.

An amendment to the PILOT was signed in April 2017 to increase the annual PILOT payment. The Town received \$225,000 in FY2017 and \$275,000 in FY2018. Beginning in FY2019, the Town receives \$350,000 per annum plus 1.5% each year thereafter. The Town received \$388,446 in FY2026 and expects to receive \$394,273 in FY2027 which is the last year of the PILOT. The Town will negotiate a new agreement in fiscal year 2027.

Government

The Town of Bristol, a municipal corporation, is governed under a Home Rule Charter adopted in 1971, and utilizes a Town Council/Administrator form of government. The Council consists of five members elected from the Town at-large who serve for two-year terms and who are responsible for establishing local legislation. Also elected at-large for a term of two years, Mr. Steven Contente currently holds the position of Town Administrator and is serving his fifth two-year term, after having retired from the Town as Deputy Police Chief in 2015. Mr. Contente will be seeking a sixth term in November 2026. The Town Administrator is responsible to the Town Council for the execution of the laws and the daily administration of Town government.

Bristol Warren Regional School District (the "District")

General

The Bristol Warren Regional School District began operations in July of 1992, first with a combination of the administration offices of both Bristol and Warren member towns and, in September 1993, with the merger of the high school and middle school students into one regional high school and one regional middle school. The elementary school of each of the member towns are managed under the District, and the elementary students of each member town attend local schools in Bristol and Warren. The District currently operates grades PreK-12.

Amendments and Withdrawals

The District Enabling Legislation provides that the District Agreement, as defined in the District Enabling Legislation, may be amended from time to time provided it is done by act of the General Assembly and further accepted and approved by a vote of the electors of Bristol and Warren. Any member town of the District may petition to withdraw from the District upon six months' written notice, provided that the petition for withdrawal shall have been approved by a majority of the electors of that town qualified to vote at a referendum called for that purpose. Such town shall remain liable to the District for its share of the indebtedness of the District outstanding, including bonds, if any, at the time of such withdrawal, and for interest thereon, to the same extent and in the same manner as if the town had not withdrawn from the District.

Authorization of District Debt

The District may issue bonds or notes in accordance with its own District Enabling Legislation after approval by voters to finance among other things, construction of additions, renovations and extraordinary repairs to District schools, including acquisition of furnishings and equipment.

Outstanding District Debt

The District has bonded outstanding debt in the amount of \$3,605,000 as of June 30, 2025. As of June 30, 2025, the Town of Bristol is responsible for 61.99% of this debt and the Town of Warren is responsible for 38.01% of this outstanding debt. The District has \$161,735,000 outstanding bond anticipation notes, as more fully described below.

The District received voter approval in November 2023 for up to \$200 million to finance a new high school and renovations to existing District schools. The project includes the construction and/or renovation of a new high school to be located in the District, and improvements, renovations, alterations, furnishing and equipping to the following existing District Schools: Mt. Hope High School, Kickemuit Middle School, Colt Andrews Elementary School, Guiteras Elementary School, Hugh Cole Elementary School and Rockwell Elementary School. The District expects to receive a minimum of 63% school construction aid from the State. On June 3, 2026 the District issued \$6,585,000 Bond Anticipation Note in a negotiated sale, maturing on April 9, 2027 and \$155,150,000 Bond Anticipation Note in a negotiated sale, maturing on June 2, 2027 for purpose of financing Design Development, Construction Document, Permitting and Construction Procurement of the building projects authorized by the voters in 2023.

Security for the District's Bonds

Bonds of the District are general obligations of the District. The District has no direct taxing power. To the extent not paid from other sources, the Bonds are payable as to both principal and interest from sums which are annually apportioned to and appropriated by the member towns of Bristol and Warren. Neither member town is liable for payment of sums apportioned to and assessed upon the other member town. To the extent that the sums apportioned to the member towns are not paid when due, the District, through its Treasurer, has the power to borrow in anticipation of any and all unpaid assessments.

The current status of union contracts for School employees is:

Regional Teachers—3 Year Contract Expires August 31, 2026 and is extended for one additional year until August 31, 2027.

Non-Certified Employees—3 Year Contract Expires June 30, 2027.

Government Services

Public Works

The Town's Public Works Department provides a full range of services including: refuse collection/disposal; park and grounds maintenance; street construction maintenance; street lighting; and snow and ice removal. The public works department expended \$5,338,085 in fiscal year 2025 and budgeted \$5,396,134 and \$5,548,266 for fiscal years 2026 and 2027, respectively.

Bristol Landfill

The Town successfully completed the process of closing the Bristol Landfill in accordance with a Consent Order issued by the Department of Environmental Management, including the closure of the last section of the landfill including a permanent cap. The Town and its residents dispose of their refuse at a transfer station which was constructed and commenced operation on May 15, 2002.

Public Safety

The Bristol Police Department has a force of 42 members as of June 30, 2025. The Police Department expended \$8,502,686 in fiscal year 2025 and has budgeted \$9,067,300 and \$9,703,541 for fiscal years 2026 and 2027, respectively.

The Town's Fire Department consists of a full-time Fire Chief, Deputy Fire Chief, Fire Marshall, EMS Coordinator, Administrative Lieutenant, with a large voluntary force, housed in 5 fire stations. The Fire Department expended \$2,732,874 in fiscal year 2025 and has budgeted \$2,832,490 and \$3,044,588 for fiscal years 2026 and 2027, respectively.

Town Sewerage System

The Town has completed several improvements and additions to its existing sewer system and Wastewater Treatment Plant. Since 1999, the cost of these improvements and additions total in excess of \$52 million. These projects were funded with either general obligation bonds of the Town or subsidized loans with Rhode Island Infrastructure Bank formerly Rhode Island Clean Water Finance Agency ("RIIB"). As of June 30, 2025, the Town borrowed a total of \$48,225,000 through RIIB programs with \$25,004,302 outstanding as of June 30, 2025, including \$39,427 of undrawn proceeds held by RIIB. At present, over 95% of the Town's population is serviced by the sewer collection system, which consists of approximately 90 miles of gravity sewer lines and eleven pumping stations.

Wastewater Pollution Control Facility

The Water Pollution Control Facility was originally constructed in 1933. Since the opening of the facility, the Town has continually upgraded it as new technology and treatment methods emerged. The Town completed the most substantial improvement in 1990, where it added secondary treatment and increased the design average daily flow to 3.79 million gallons per day. The advanced level of secondary treatment results in the production of a byproduct that not only meets federal and state laws for wastewater treatment, but also represents the Town's continued commitment to a cleaner environment.

The Town's Wastewater Facility Plan, which is currently being updated, provides the Town with a document to plan for future wastewater infrastructure needs. The plan describes the current wastewater infrastructure and the population contributing flow to the system. It also reviews the operation of the treatment plant and its performance relative to its permit conditions. The plan provides a summary of the infrastructure needs as well as an assessment of future conditions and how the future conditions will impact the infrastructure.

Consistent with the Facility Planning document, the Town has completed improvements at the wastewater treatment facility and within its collection system. The projects have focused on fortifying existing systems and processes, upgrading treatment and pumping equipment, and protection of infrastructure. The Town is currently constructing upgrades and improvements to their electrical power distribution system. The following major improvements have been completed within the last 10-15 years.

- Replacement of primary and secondary settling tank collector mechanisms and related pumping equipment
- Replacement of 24 Rotating Biological Contactors
- Replacement and rehabilitation of the Headworks facilities
- Disinfection System Improvements
- Rehabilitation of four (4) large wastewater pumping stations including the Main Lift and improvements to several smaller wastewater pumping stations
- WWTF drainage and flood protection improvements

In addition to the Facility Plan, the Town also plans improvements based on the results of their Sewer System Evaluation Survey (SSES). The SSES is a planning level document whose primary purpose is to document the conditions of the sanitary collection system. The document also identifies improvements required to remove infiltration and inflow from the system. The Town's collection system continues to be impacted by infiltration and inflow sources, and significant work remains to identify and remove the extraneous flow.

To date the Town has completed Phase I, II, III and IV SSES rehabilitation projects and has included:

- Investigation work including smoke testing, dye testing, flow metering, private property inspections
- Sewer rehabilitation contracts involving pipe lining and manhole rehabilitation
- Sewer contracts including removal and replacement of damaged/deficient pipe segments, manholes and manhole frames and covers
- Work associated with elimination of sump pump discharges from the collection system including:
 - implementation of an ordinance identifying the discharge as an illicit connection and enforcement through inspection upon real estate transfer
 - establishment of incentive-based programs to encourage homeowners to reroute discharges from sewer
 - Infrastructure projects to provide drainage and connections for sump pump discharges

The Town also continues to work towards completing tasks identified by RIDEM in the Consent Agreement and those identified by the EPA in their Administrative Orders as described below.

The RIDEM Consent Agreement, issued in 2019 is focused on improvements at the wastewater treatment facility as they relate to department staffing, and disinfection and solids handling processes. The Town has completed construction of the disinfection system improvements, and is currently designing solids handling improvements that will include:

- New sludge dewatering equipment
- New sludge blending tank
- Rehabilitation of the gravity thickener
- New sludge pumping equipment and associated piping

The EPA Orders are focused on completing tasks to eliminate sanitary sewer overflows and were issued on February 7, 2007, October 26, 2007, and March 7, 2019 respectively. The tasks included administrative efforts focused on improving the Town's sewer collection system CMOM (Capacity, Management, Operation and Maintenance) efforts, such as implementation of a Fats, Oil and Grease program and changes to the sewer ordinances to prohibit connection of non-wastewater sources to the sanitary collection system. Requirements also included development of system mapping, and emergency response plans, investigatory and capital improvement type projects and maintenance programs that continue to date including:

- Implementation of a comprehensive asset management program, including preventative maintenance and inventory tracking
- Town-wide cleaning, inspection, and assessment of gravity sewer pipes and manholes
- Sewer system rehabilitation and repairs

Completion of the Administrative Order tasks involves documentation of the elimination of sanitary sewer overflows. The plan to accomplish this is a multi-year planning and design effort with multiple phased construction efforts. The Town has made great progress with the program with numerous successful projects involving pumping station improvements, sewer rehabilitation and sump pump removal efforts. The Town is committed to continuing these efforts that include:

- Routine cleaning and inspection of gravity sewer pipes and manholes
- Pumping station improvements
- Sewer system rehabilitation and repairs
- Sump pump removal program
- Inflow source removal and relocation at select Hope Street properties
- Sewer flow monitoring
- Additional Hydraulic Model calibration
- Revised sewer system capacity assessment analysis and report (includes preliminary design of recommended improvements)
- Facility Planning

The tasks listed above are ongoing and in addition to being requirements of Consent Agreements and Administrative Orders, the tasks are inherent to the reliable and safe operation of wastewater infrastructure. Compliance tasks and the associated implementation schedule will continue to evolve as conditions change. It is anticipated that future wastewater infrastructure projects at the wastewater treatment facility and within the collection system will be funded with General Obligation Bonds and by the State Revolving Loan Fund where low interest loans are made available through the RI Infrastructure Bank.

The Town plans to discontinue composting and transition to a biosolids management program utilizing the existing DEM-approved biodrying pilot process at the Compost Facility. Biodrying removes approximately two-thirds of the biosolids' weight before disposal.

The Town has been communicating with Synagro-Epic for biodried solids to be loaded to truck and transported by rail from Westborough, Massachusetts, to a permitted landfill in Ohio. Synagro-Epic has estimated the cost for disposal to be \$190 per ton. Total annual disposal, staffing, and facility operating costs for biodrying is estimated to be approximately \$654,348.

The current Compost Facility budget is \$920,845. The reduction in operating costs, including the outsourcing of yard waste collection, is expected to offset disposal expenses while providing a more predictable and sustainable long-term biosolids management solution at a near similar expense to composting.

Town-Wide Drainage Improvements

In February 2018 the Town was awarded a \$2 million grant from the Community Development Block Grant Disaster Relief fund for the Tanyard Brook culvert replacement project. The Tanyard Brook runs from the State Street Reservoir, centrally located in the Town of Bristol, southwesterly to the outfall in Bristol Harbor, a distance of 4,670 feet. The brook receives runoff from a 500-acre watershed and is the source of many flooding issues in the surrounding neighborhoods. Phase I was completed in 2014 and Phase II was completed in August 2019.

Phase III was started in August 2023, the final phase of the culvert replacement project, with American Rescue Plan funding and Town bond funding. The Town received additional grant funds from the RI Department of Environmental Management to rehabilitate and improve water quality at the State Street Reservoir, a man-made waterbody originally constructed for the retention of storm water which is the headwaters to the Tanyard Brook. This project is completed.

An additional project that the Town recently completed in the Tanyard Brook watershed was installation of drainage in the Fox Hill/Collins Street neighborhood. This was a poor drainage area with impacts to the residential properties that also resulted in icing conditions during winter conditions.

Utilizing American Rescue Plan Funding, the Town restored the East Branch of the Silver Creek in the Silver Creek Watershed. Over time, sections of the Creek have silted in which impacts the flow. By removing sediment and blockages, this project alleviated flooding problems in the Leila Jean neighborhood and at the Mt. Hope High School.

In 2023, the Town completed drainage and water quality improvements to the Bristol Golf Course which is also in the Silver Creek Watershed. The Town leveraged grant funds from multiple partners to undertake this project. The golf course is owned by the Town and operated by a private vendor.

The Mt. Hope High School building project broke ground in 2025 with plans that include drainage improvements to the campus of the original school building. The campus of the original building, from the 1960's, had large, paved parking lots with no stormwater mitigation or water quality improvements. The improved drainage at the high school property with the new construction will also benefit the Silver Creek Watershed with a drainage design that treats water quality and also reduces the stormwater volume and runoff discharge at the site for the 10-year storm per the Town's requirements.

Compost Facility

The Bristol Compost Facility began its operation on January 6, 1992. The compost is a blend of sludge from the wastewater treatment facility and yard waste collected from the Town's curbside pickup program. The entire compost process is performed indoors to reduce odors. The mission of the compost facility is to provide an economical and environmentally sound alternative for the management of organic waste residuals produced by the Town. Bristol is the first community in Rhode Island granted an Order of Approval for Marketing and Distribution of its compost product. The Town budgeted \$93,500 in fiscal 2025 from the sale of its compost and has budgeted \$75,500 and \$30,000 in sales from its compost in fiscal years 2026 and 2027, respectively.

Water

Water service needs in the Town (except for limited portions of the Town currently serviced by private wells) are provided by the Bristol County Water Authority (the "Authority"), a public agency, with administrative offices located in Warren, Rhode Island. Water is purchased from the City of Providence Water Supply Board and distributed to Authority's customers in the Town, as well as those of the nearby towns of Warren and Barrington, Rhode Island. Average daily demand on the system is approximately 3,400,000 gallons. Maximum daily demand is approximately 5,600,000 gallons. The system has a safe yield of up to 7,500,000 gallons from.

Bristol County Water Authority

The Bristol County Water Authority was established in 1981 by the State of Rhode Island as a public corporation to provide adequate potable water to the residents of the towns of Bristol, Warren and Barrington, Rhode Island (the "Towns"), which together constitute Bristol County, Rhode Island (the "County"). The Authority maintains ownership of, and is

responsible for, the construction, replacement, maintenance and operation of the County's water distribution and treatment system. The Authority's service area consists of substantially all of the County, 24.9 square miles in area, having an estimated population of 50,793 as reported by the 2020 US Bureau of the Census. The number of customer accounts served by the Authority is approximately 17,380 with an average daily demand of approximately 3.33 million gallons per day ("MGD").

All of the Authority's water supply is currently obtained from treated Scituate Reservoir water that is purchased from the City of Providence Water Supply Board ("Providence Water"). The supply flows by gravity from Providence through the East Bay Pipeline which runs in a tunnel under Narragansett Bay. The 24" steel pipeline, constructed in 1998, can supply up to 7.5 MGD by contract with Providence Water. The water is distributed through 2 pump stations and approximately 233 miles of transmission and distribution mains to the Authority's customers.

In 1992, the Rhode Island General Assembly enacted the Bristol County Water Supply Act, Chapter 46-15.5 of the Rhode Island General Laws (the "Water Supply Act") which authorized the Authority to construct a new water supply transmission line from the City of Providence (the "East Bay Pipeline") and a new emergency connection and emergency pumping station to the City of East Providence (the "Emergency Connection").

The Water Supply Act also required the Authority to maintain its existing supplies located in Massachusetts and Rhode Island and the 1908 water treatment plant, as an alternate supply. The Act requires the State of Rhode Island Water Resources Board (RIWRB) to pay for any capital costs required to maintain the operation of the alternate system.

However, the three small Massachusetts surface reservoirs that supply water as part of the alternate system (Anawan, Swansea and Shad Factory) and the Rhode Island located Kickemuit Reservoir, developed by the previous owners of the Authority in the 1800's, proved not to be of sufficient quality or quantity to economically meet present day regulatory standards. The water treatment plant is not capable of the level of treatment required by more stringent regulations and would need to be replaced at considerable expense. The required replacement of the Shad Factory pump station and transmission main, along with necessary construction work on the Anawan and Swansea dams, would also be a significant capital expenditure. The RIWRB did allocate funds to replace the Shad factory infrastructure, but permits for any construction were blocked by the Town of Rehoboth, MA.

Initially, once the East Bay Pipeline was in use by the Authority, the alternate supply system was reduced to provide about 1/3 of the supply to the customers of the Authority. Ultimately, use of the alternate supply system was discontinued in 2011 due to poor water quality and the high expense of treatment. In 2015 the Authority performed required construction work on the Anawan Dam, but has yet to be reimbursed by the RIWRB as required by the Bristol County Water Act.

In July 2021, the Bristol County Water Supply Act was modified relieving the BCWA from its responsibilities of maintaining the former water supplies located in Massachusetts and Rhode Island, and associated infrastructure which are no longer of use to the BCWA and its customers.

With the discontinued use of the surface reservoirs in Massachusetts, the Authority is dependent on the Scituate Reservoir for all of its water needs. There is risk in depending on a sole source of supply located thirty miles away and by a water main located under Narragansett Bay. An emergency back-up connection to the East Providence system (also supplied by Providence Water) was installed in 2016 to provide 2 MGD should the East Bay Pipeline be out of service.

The Authority aims to assure a safe, high quality water supply well into the future. Therefore, the Authority is planning a new connection to the Pawtucket Water Supply that includes a system with reservoirs in northern RI, a new treatment plant, and an excess supply of high-quality water. If approved and funded, the design for the new pipeline would run through the City of East Providence from the City of Pawtucket border to the Authority's connection with Providence on Pawtucket Ave, East Providence.

In June, 2022, the BCWA completed and activated Phase I of the pipeline connection to Pawtucket with the construction of 1.5 miles of 24-inch pipe that connects the BCWA's East Bay Pipeline with the City of East Providence's transmission main at its water storage facilities. This interconnection provides both systems with a reliable supply of water in the event of an issue with its respective pipeline connections with the Providence system. The BCWA is in the process of Phase II, the design phase for a five-mile, 30-inch connection to the Pawtucket Water Supply. When it is constructed, BCWA customers will have access to two separate sources of high-quality water. East Providence has partnered with the BCWA to cost share in the design of Phase II of the Pawtucket Pipeline project.

The Authority's 20-year capital plan includes the addition of an alternate supply, maintenance and replacement of infrastructure such as pipes, tanks, pump stations and facilities, computer control systems, mapping, and work order and

customer service systems designed to insure a well maintained and efficient system to provide a reliable supply of the highest quality water to our customers.

Along with the 20-year capital plan, the Authority has a 10 year and 20-year financial plan that are designed to minimize rate increases by balancing new bond issuance to coincide with bond retirements, and ongoing cash expense for capital improvements, while maintaining adequate reserves. Further information on the Authority can be found at www.bcwari.com.

Risk Management

Environmental Resiliency

Bristol joined the Municipal Resilience Program (MRP) in 2020 and hosted the first virtual Community Resilience Building (CRB) workshop in July 2020. This program has helped Bristol identify priority actions to address resilience such as improvements to the wastewater treatment system and facilities, creating watershed management plans to address ecological assets, and emergency preparedness and continuation of services planning. Through the Town's participating in the Municipal Resilience Program, the Town received a grant award of \$222,863 from the Rhode Island Infrastructure Bank to complete the ongoing Watershed Restoration project at the Bristol Golf Course which will restore the wetland habitat at the golf course to increase flood storage in the Silver Creek watershed. Additionally in the Silver Creek watershed, the Town received a Federal Earmark to work with the Army Corps of Engineers to conduct a hydrology and hydraulics modeling of Silver Creek to help determine what can be done to mitigate flooding.

The Town has also been successful in implementation of many of the action items of the Town's Natural Hazard Mitigation Plan of 2016. One significant project identified in this plan that has been completed was upgrading the sewer lines along Ferry Road to allow residents the opportunity to connect to this line in the future if the existing sewer lines along the shore become impacted due to climate change. The Town has also partnered with the State of RI and the surrounding communities: Warren and Barrington on a Resilience Plan for Route 114.

The Town recently received a Certified Local Government grant to conduct a comprehensive vulnerability analysis of historic structures in the Downtown Historic District. The study will identify potential loss of historic and cultural resources due to sea level rise and flooding as a first step in creation of an Environmental and Historic Preservation Plan. The Town partnered with Eastern Rhode Island Conservation District on a grant to update the existing conditions, documentation of our shoreline rights of way and pick one to move forward with plans for improving water quality and access.

The Town continues to prioritize open space preservation within the coastal flood zone and seeks opportunities to secure open space parcels as they present themselves. In addition, the Town has a robust tree planting program to continue to plant trees in needed areas such Wood Street to expand the current tree canopy and protect the elderly population in that neighborhood from heat islands.

The Town participates in the Community Rating System of the Federal Emergency Management Agency and has been elevated to a Class 7 (which is a points-based system awarded to communities for implementing flood plain management activities) under this program. Participation in this program rewards the Town for good flood plain management. A Class 7 rating allows for a 15% discount on flood insurance premiums for residents with policies in the flood zone.

Cyber Security

The Town of Bristol understands the importance of cybersecurity in a 21st century municipality. As a recipient and provider of personally identifiable and sensitive information, the Town may be subject to cyber threats including, but not limited to, hacking, viruses, malware, phishing, and other attacks on computer and other sensitive digital networks and systems.

In July 2019, the Town hired a new information technology vendor with experience working with other municipal and state governments to bring the municipality's digital infrastructure up-to-date and implement best industry practices. To date, their efforts have included conducting a full assessment of the Town's IT infrastructure, upgrading firewalls, updating antivirus software, and implementing a cloud back-up system. In February 2022, they implemented new cyber security measures. Including multi-factor identification, email sweeping, and additional banking security dealing with ACH policies.

In July 2021, the Town established an annual technology replacement program. This program creates a dedicated budget line for computer and related technology purchases and aligns the town's replacement cycle with industry best

practices. The Town is currently developing a five-year Information Technology (IT) Strategic Plan. As part of this plan, the Town intends to implement ERP software for its accounting and financial reporting. In partnership with the Rhode Island State Police, the Town is also reviewing ways to improve its training of staff to better identify and protect systems and data from phishing attempts and other malicious activity.

Although the Town can't guarantee it will be successful in preventing every cyberattack, the Town has implemented measures to mitigate the loss of data and reduce the likelihood that town systems and services will be offline for an extended period of time.

Employee Relations

As of June 30, 2025, the Town had approximately 145 full-time employees*.

The current status of union contracts for Municipal employees is:

Police Civilian—3 Year Contract Expires June 30, 2027.
Policemen—3 Year Contract Expires June 30, 2028.
Public Works—3 Year Contract Expires June 30, 2029.
Town Employees—3 Year Contract Expires June 30, 2029.
Water Pollution Control/Compost Employees—3 Year Contract Expires June 30, 2029.

* Excludes School employees who are now employees of the District.

Retirement Programs

The Town of Bristol participates in the Municipal Employees' Retirement System (the "System" or "MERS"), an agent multiple employer public employee retirement system. The System includes a normal plan for general employees and both a normal and optional plan for police and firemen. All Town employees except police and fire are eligible to participate in the normal plan and the police and fire employees are eligible to participate in the optional plan.

Under the optional plan available for police and firemen, the Town's police have elected the 20-year service option. Police members may retire after reaching the age of 50 with twenty years of contributing service or after 25 years of contributing service, regardless of age. This optional plan provides a benefit equal to 2.5% of their final three average salaries, with a maximum benefit of 75% of the final average salary. In addition, any police member retiring after July 1, 1994 shall be entitled to C.O.L.A. Plan C as defined in the General Laws of Rhode Island Title 45, Chapter 21-52, as amended.

In November 2011, the State enacted the Rhode Island Retirement Security Act of 2011, which substantially changed all MERS plans in which the Town participates. The changes, which became effective on July 1, 2012, include adding a defined contribution element and future cost-of-living adjustments, among others.

Police Pension Plan

As of July 1, 2021, all members in the locally administered plan are retired. Over the past six years, the Town has made the following required contributions:

Police Plan (Town)						
Fiscal Year	Actuarially Determined Contribution	Actual Contribution	Percent Contributed	Unfunded Liability ⁽¹⁾	Funded Ratio	
2025	\$ 1,890,546	\$ 1,890,546	100%	\$ 7,321,792	76%	
2024	1,767,083	1,767,083	100%	8,866,601	72%	
2023	1,704,654	1,732,723	102%	10,811,270	65%	
2022	1,758,980	1,758,890	100%	12,683,708	59%	
2021	1,613,776	1,613,776	100%	11,368,524	63%	
2020	1,421,829	1,424,137	100%	12,925,886	58%	

(1) In 2020 assume 2.50% inflation and 6.625% investment rate of return. 2021-2023 assumes 3% inflation and 6.5% investment rate of return. 2024-2025 assumes 2.5% inflation and 6.50% investment rate of return.

The Town moved to a layered amortization schedule with the most recent valuation and decreased the discount rate to from 6.625% to 6.50% commencing in fiscal year 2021.

Contributions of \$1,977,995 and \$2,002,400 have been budgeted for fiscal years 2026 and 2027, respectively. These contributions represent 100% of the annual required contribution.

Police officers hired after March 31, 1998 are required to and participate in MERS. As of June 30, 2025, 43 active police officers and 9 retirees participate in the System. In connection with the System, the police officers contributed 10% of their salaries and the Town contributed at a rate of 5.53% in fiscal year 2025. Over the past six years, the Town has made the following required contributions:

Police Plan (MERS)					
Fiscal Year	Actuarially Determined Contribution	Actual Contribution	Percent Contributed	Unfunded Liability⁽¹⁾	Funded Ratio
2025	\$ 243,137	\$ 243,137	100%	\$ 14,713	99%
2024	295,016	295,016	100%	(988,733)	106%
2023	272,792	272,792	100%	(1,314,716)	109%
2022	280,119	280,119	100%	(579,493)	113%
2021	240,510	240,510	100%	(1,063,721)	109%
2020	275,019	275,019	100%	(488,867)	105%

(1) Assumes asset appreciation of 7.00% and payroll growth of 3.25% to 7.25% annually.

Contributions of \$324,511 and \$330,779 have been budgeted for fiscal years 2026 and 2027, respectively. These contributions represent 100% of the annual required contribution.

General Municipal Employees' Plan

As of June 30, 2025, 175 general municipal employees (municipal, and fire) of the Town participated in this plan, including 97 active members and 78 retirees/beneficiaries. For fiscal year ended June 30, 2025, the Town contributed 13.56% of compensation if an active non-police and fire member, 5.53% if an active police member and 22.89% if an active fire member. The employee contributions for the fiscal year ended June 30, 2025 were 2%, 10%, and 9% for non-police and fire members, police members, and fire members, respectively. Contributions for non-police and fire members with more than 20 years of service were 9.25%. Retirement benefits are available upon completion of 10 years of service, providing the employee is at least 58 years of age, or upon 30 years of service regardless of age.

Over the past six years, the Town has made the following required contributions:

Municipal Plan (MERS)					
Fiscal Year	Actuarially Determined Contribution	Actual Contribution	Percent Contributed	Unfunded Liability⁽¹⁾	Funded Ratio
2025	\$ 862,020	\$ 862,020	100%	\$ 5,538,892	82%
2024	776,917	776,917	100%	5,896,357	80%
2023	853,468	853,468	100%	5,348,491	81%
2022	801,615	801,615	100%	5,394,049	80%
2021	826,914	826,914	100%	6,052,190	78%
2020	764,102	764,102	100%	6,758,851	74%

(1) Assumes asset appreciation of 7.00% and payroll growth of 3.25% to 7.25% annually.

Contributions of \$960,771 and \$983,282 have been budgeted for fiscal years 2026 and 2027, respectively. These contributions represent 100% of the annual required contribution.

Fire Plan (MERS)

Fiscal Year	Actuarially Determined Contribution	Actual Contribution	Percent Contributed	Unfunded Liability⁽¹⁾	Funded Ratio
2025	\$ 69,339	\$ 69,339	100%	\$ 183,268	84%
2024	24,940	24,940	100%	332,428	73%
2023	26,885	26,885	100%	304,389	73%
2022	28,035	28,035	100%	323,835	71%
2021	25,140	25,140	100%	(30,668)	105%
2020	34,504	34,504	100%	35,062	95%

(1) Assumes asset appreciation of 7.00% and payroll growth of 3.25% to 7.25% annually.

Contributions of \$63,599 and \$79,060 have been budgeted for fiscal years 2026 and 2027, respectively. These contributions represent 100% of the annual required contribution.

Hybrid Plan for State Retirement System

In November 2011, the State enacted the Rhode Island Retirement Security Act of 2011 (“RIRSA”), which made broad changes effective July 1, 2012 to MERS and the Employees’ Retirement System of Rhode Island (“ERSRI”).

The most significant changes include changing the structure of the retirement program from a traditional defined benefit plan to a hybrid plan designed with a smaller defined benefit plan and a supplemental defined contribution plan; changing the automatic cost of living adjustment (COLA) from a CPI- related formula to a formula contingent on the actual investment performance over time; suspension/reduction of the COLA during times when the funded ratio is lower than targeted 80% levels; and the re-amortization of the Unfunded Actuarial Accrued Liability (UAAL) to 25 years from the 19-year schedule as of June 30, 2010. For the Teachers’ Plan, teachers not covered by Social Security will participate in additional defined contribution allocations equal to 2% member plus 2% employer. Included within these significant changes are certain rules for transitioning from the defined benefit structure to the smaller defined benefit plan going forward. The changes in the defined benefit plan instituted by RIRSA have been fully reflected in the actuarial valuation beginning with June 30, 2012. These changes resulting from RIRSA are the subject of ongoing litigation which has been settled by most parties. (Please see also “Litigation Challenging Pension Reform” herein).

The State selected TIAA-CREF to administer the defined contribution plan. All employees in MERS and ERSRI are required to participate. MERS and ERSRI employees contribute 5% of their annual salary into the defined contribution plan, with an additional 2% contribution for those employees that do not participate in Social Security, and the Town must contribute 1% of salary. Participants have a selection of investments options chosen by the State and provided by TIAA-CREF.

A contribution by the Town to the defined contribution plan in the amount of \$1,174,114 was made in fiscal year 2025 and the Town budgeted \$1,285,282 and \$1,195,466 in fiscal years 2026 and 2027, respectively.

Other Post-employment Benefits

The Town provides its workers with certain health care benefits after retirement sometimes called “other post-employment benefits or “OPEB’s.” Changes in accounting rules required the Town to estimate its actuarial OPEB liability and amortize the unfunded liability over a period not to exceed thirty years. In 2006, the Town established an “OPEB” trust for the purpose of funding Other Postemployment Benefits. The Town initially funded its OPEB payment in fiscal year 2006 and has made contributions in each fiscal year thereafter, and anticipates funding it annually until the estimated unfunded liability is eliminated. As of June 30, 2025, the plan’s net position was \$14,029,224. The Town receives employee contributions to the Trust and has received a Private Letter Ruling from the IRS indicating both the contribution and future benefits are not taxable to employees. The OPEB liability was overfunded as of June 30, 2025. The Town does not anticipate making additional contributions to the plan while it is overfunded.

Over the past six years, the Town has made the following required contributions:

OPEB Plan					
Fiscal Year	Actuarially Determined Contribution	Actual Contribution	Percent Contributed	Unfunded Liability (Asset) ⁽¹⁾	Funded Ratio
2025	\$ -	\$ 1,403,033	0%	\$ (2,235,390)	119%
2024	-	1,326,085	0%	(3,614,321)	138%
2023	75,705	1,321,200	1745%	(2,434,434)	124%
2022	206,219	979,828	475%	(1,559,646)	115%
2021	912,606	1,287,258	141%	(2,609,456)	124%
2020	921,461	1,311,761	142%	6,720,271	61%

(1) Assumes rate of return on investments of 6.625% and a pre-medicare medical cost trend rate of 5.1% per year decreasing to 4% per year over 54 years and post medicare trend rate of 2.8% to 4% over 54 years.

ECONOMIC CHARACTERISTICS

Population

Ranked eighteenth in population among the thirty-nine cities and towns in Rhode Island, in 2020, Bristol experienced a decrease in population of 461, 2.0% from 2010 to 2020. Set forth below is a table of population in the Town for various years from 1920 to 2020.

<u>Year</u>	<u>Population</u>
1920.....	11,375
1930.....	11,953
1940.....	11,159

Other services (except Public Administration)	83	345	15,580,273	5.44%
Total Private Only	863	6,346	\$409,410,019	100.00%

* Some data are not shown due to the possibility of identifying data of a specific employer.

Income Levels

According to the 2020-2024 US Census American Community Survey, the median household income for the Town was \$97,764 compared to \$87,796 for the State of Rhode Island. The per capita income of the Town ending 2024 was \$52,739 compared to \$47,150 for the State.

Housing and Building Permits

The Town is a suburban/commuter community which has experienced moderate growth of residential housing units and business establishments in recent years. According to the 2020 US Census, there was a total of 9,629 housing units in the Town compared to 9,315 housing units in 2010, showing an increase of 314 housing units or 3.37%.

Occupied housing units totaled 8,480 according to the 2020-2024 American Community Survey, and 66% of the occupied housing units were owner-occupied. According to the Rhode Island Association of Realtors, the median single-family home selling price in Bristol was \$662,000 as of February 2026 compared to the State average of \$529,000.

The following table lists the value and number of building permits issued for new home construction for the calendar years 2017-2026.

Calendar Year	Permits Issued	Value
2017	25	\$4,999,961
2018	16	4,173,064
2019	22	10,931,100
2020	22	5,969,005
2021	18	4,050,740
2022	14	5,297,875
2023	14	6,799,332
2024	15	15,853,600
2025	13	10,899,440
2026 ⁽¹⁾	12	5,453,639

(1) Through 7/1/2026.

Economic Development

Waterfront/Downtown

As a seaside community, the waterfront is vital to the town's local economy.

In 2016, the Town completed renovations of the historic downtown Naval Reserve Armory into a Maritime Center on Thames Street. The project included the installation of showers, laundry facilities, and other amenities for visiting boaters. In 2024, the Town completed the Church Street marina expansion adjacent to the Maritime Center which added 79 new slips that includes a mix of residential and transient boat slips. The marina expansion also provides tie up space for larger visiting vessels as well as the Providence to Newport Ferry that stops in Bristol on the weekends in the summer. A new fueling station was also installed at the State Street Dock.

The Prudence Island Ferry Dock abuts the Maritime Center on the North side. In May 2018, the Town was awarded a \$1.2 million grant from the Department of Transportation, Federal Transit Administration to rehabilitate the Prudence Ferry Dock. This is a lifeline service and the only ferry serving the residents and visitors of Prudence Island in Portsmouth, Rhode Island.

The Town acquired two waterfront properties adjacent to other Town-owned properties on Thames Street. With these acquisitions, the Town owns all of the waterfront land along the east side of Bristol Harbor from State Street south to Church Street. These purchases allowed for the Town to complete segments of the public Downtown Harbor boardwalk and provide the ability to create new public spaces that enhance the vitality of the waterfront for Bristol residents and visitors.

Having received final permits in 2024, the historic former Robin Rug mill, adjacent to the Maritime Center at the south end of Thames Street, is currently in the process of being rehabilitated by a private development team into 127 residential apartment units and approximately 6,300 square feet of commercial space. The project also includes the continuation of the public Downtown Harbor walk from the Maritime Center to Constitution Street and the public will then be able to walk all along the East side of the harbor from Constitution Street to Independence Park which is approximately ½ a mile long.

In August 2025, the Town completed the upgrade to the Independence Park Boat Ramp and parking area including water quality improvements and improved connection to the East Bay Bike Path for pedestrians and bicyclists.

Metacom Avenue Corridor

Metacom Avenue is a major commercial corridor through Bristol, characterized by small shopping centers and standalone offices and storefronts. Several properties along Metacom Avenue have recently experienced private investment to improve the conditions along the corridor. Examples of current and recently completed renovation and/or development projects include a Shell Gas Station, Dunkin Donuts, Cumberland Farms, Arnold Lumber, and a new full car wash. In March 2020, the State completed improvements at several major intersections to allow for better traffic flow and pedestrian crossing in the area.

East Bay Industrial Park

The East Bay Industrial Park lies in the center of Town, north of the historic downtown area. The Industrial Park maintains a variety of businesses with an emphasis on the composites industry.

Wood Street Neighborhood

The Town continues to see the revitalization of the Wood and High Street business district. This area within the downtown includes historic mill buildings, three decommissioned schools, residential side streets, restaurants and various storefronts.

At the center of the Wood Street Neighborhood, the historic Bristol Industrial Park has undergone significant rehabilitation efforts. The property was rebranded “Unity Park” and has become a hub for commercial and light industrial activity including a microbrewery, distillery, several restaurants and other businesses. In 2021, the Town of Bristol completed a \$1.7M streetscape project, improving the walking and driving conditions on nine local roadways around Unity Park.

Located in the Wood Street neighborhood, the Town owns three decommissioned school buildings. A fourth decommissioned school building, The Oliver School was sold to a private developer in 2024 for an adaptive reuse project to create housing. Two of the other decommissioned school buildings will be sold or leased to private developers for re-use. In 2022, the Town approved plans to convert the former Walley School into a Community Resource & Senior Center which is nearing completion and is planned to be open in the Summer of 2026.

PROPERTY TAXES

General

Under Rhode Island law, Rhode Island municipalities, including the Town, are restricted from levying general taxes except *ad valorem* taxes upon real and personal property.

The fiscal year of the Town begins July 1st with taxes based on the prior December 31st assessment payable in full August 15 or quarterly on August 15, November 15, February 15 and May 15. No discount is allowed by the Town for advance payment of taxes. Historically, after the fourth quarter tax installment is due and paid, the Town has collected an average of 97% of its current levy. (See “Tax Rate, Levy and Collection Record”, herein.) The Town has yearly tax sales for prior year delinquent real property taxes.

Tax Limitations

Rhode Island General Laws Section 44-5-2 limits the amount by which a city or town may increase its tax levy unless it qualifies for certain exemptions relating to loss of non-property tax revenue, emergencies, payment of debt service and substantial increase in the tax base necessitating significant expenditures. Through and including its fiscal year 2007, the maximum amount was five and one-quarter percent (5.25%) in excess of the amount levied for the prior year. The maximum amount a city or town was permitted to levy in excess of the amount levied for the prior fiscal year was gradually decreased from five and one-quarter percent (5.25%) to four percent (4.0%) by decreasing the amount by one-quarter percent (0.25%) annually beginning in 2008 to 2013 and has remained at four percent (4.00%) in fiscal years 2014 and thereafter.

The amount levied by a city or town may exceed the percentage increase as specified above if the city or town qualifies under one or more of the following provisions: (1) the city or town forecasts or experiences a loss in total non-property tax revenues and the loss is certified by the department of revenue; (2) The city or town experiences or anticipates an emergency situation, which causes or will cause the levy to exceed the percentage increase as specified above; (3) a city or town forecasts or experiences debt services expenditures which exceed the prior year’s debt service expenditures by an amount greater than the percentage increase as specified above and which are the result of bonded debt issued in a manner consistent with general law or a special act; or (4) the city or town experiences substantial growth in its tax base as the result of major new construction which necessitates either significant infrastructure or school housing expenditures by the city or town or a significant increase in the need for essential municipal services.

Any levy pursuant to this section in excess of the percentage increase as specified in Section 44-5-2 shall be approved by the affirmative vote of at least four-fifths (4/5) of the full membership of the governing body of the city or town and, in the case of a city or town with a financial town meeting, the majority of electors present and voting at the financial town meeting.

Section 44-5-2 makes it clear that nothing contained in that Section constrains the payment of obligations as described by Section 45-12-1 of the Rhode Island General Laws, which provides that the outstanding notes, bonds and contracts of cities and towns shall be paid and be fulfilled and that the power and obligation of each city and town to pay its general obligation bonds and notes shall be unlimited and each city and town shall levy ad valorem taxes upon all taxable property within the city or town for the payment of such bonds and notes and interest thereon, without limitation as to rate or amount, except as otherwise provided by or pursuant to law.

Assessed Valuations

The following table indicates assessed valuations of taxable real and personal property for the years 2021-2025.

	Assessed Valuation ⁽¹⁾ Ending December 31,				
	2021 ⁽²⁾	2022	2023	2024 ⁽²⁾	2025

TOWN DEBT

Debt Limit

Except as provided below, under Rhode Island Law the Town may not, without special statutory authorization, or ministerial approval by the Auditor General of the State (described below), incur any debt which would increase its aggregate indebtedness not otherwise excepted by law to an amount greater than 3% of the full assessed value of the taxable property within the Town. Deducted from the computation of aggregated indebtedness is the amount of any borrowing in anticipation of taxes authorized by law and the amount of any fund held on account to pay such indebtedness maintained by the Town. In July 2007, the Rhode Island State Legislature enacted legislation providing for ministerial approval by the State's Auditor General of debt outside of the 3% debt limit for communities with an "A" rating or better, if the community satisfies certain requirements.

The State Legislature may by special act permit the Town to incur indebtedness outside the limitations imposed by the 3% debt limit. On June 30, 2025 the total outstanding bonds, bond anticipation notes and RIIB loans of the Town applicable to the 3% debt limit was \$51,912,135. The 3% debt limit of the Town is \$154,163,993 based on net assessed valuations as of December 31, 2025 of \$5,138,799,791 leaving a remaining 3% debt limit capacity of \$102,251,859. The Town has no debt outstanding under the special statutory authorization or ministerial approval process.

In addition to debt authorized within the 3% debt limit, ministerial approved debt, and debt authorized by special act of the Legislature, Rhode Island General Laws 45-12-11 authorizes the Rhode Island State Director of Administration, upon petition by a municipality, to authorize such municipality to incur indebtedness in excess of the 3% debt limit whenever the Director shall determine that the sums appropriated by the municipality or its funds available are insufficient to pay the necessary expenses of the municipality. The Town has never requested the State Director of Administration to authorize indebtedness of the Town under section 45-12-11.

Outstanding Debt

As of June 30, for the years indicated, the outstanding general obligation indebtedness and RIIB loans of the Town was as follows:

General Obligation Bonds	2020	2021	2022	2023	2024	2025
2010 General Obligation Bonds	\$ 1,000,000	\$ -	\$ -	\$ -	\$ -	\$ -

Capital Improvement Program

Beginning fiscal year 2014 the Town introduced a Five-Year Capital Improvement Program (CIP). The CIP document is presented to the Town Council and used as a planning and budget tool. Department heads seeking capital improvements work with the Town Treasurer to develop the CIP. Using this as a guide, the Town Treasurer and Town Administrator jointly review these requests with department heads and develop recommendations to the Town Council for their approval. In fiscal year 2025 the Town budgeted \$742,200, respectively, for the operating capital portion of the Capital Improvement Program.

The Town funds capital improvement projects through a combination of annual appropriations, use of fund balance from designated capital project funds, grants, and, when necessary, issuance of general obligation bonds. As of June 30, 2025, the Town held \$742,200 in capital project funds.

TOWN FINANCES

Financial Reporting and Budgetary Procedures

The accounting policies of the Town of Bristol conform to generally accepted accounting principles applicable to governmental units, except the Sewer and Fiduciary Funds. The modified accrual method is followed for all funds of the Town. Under the modified accrual method revenues are recognized when they become both measurable and available to finance current operations. Property tax revenue is recognized in the fiscal year for which the taxes are levied and due provided they are collected by year end or within sixty days of year end. Uncollected taxes are recorded as assets and credited to liability reserves in the same amount.

The Town's fiscal position is reported monthly by the Town Treasurer to the Town Administrator and the Town Council. This report compares revenues received and expenditures paid or encumbered against budgeted revenues and expenditures. The Town Treasurer supervises and is responsible for the disbursement of all monies and has control over all expenditures to ensure that budget appropriations are not exceeded. All proposed expenditures must be approved by the Town Administrator, and no expenditure may be approved unless he can certify that there is an unencumbered balance of appropriations and funds available. The Town Treasurer is also responsible for maintaining a general accounting system for the Town, preparing annual financial reports and collecting of taxes and assessments. The Town Treasurer has custody of public funds and invests Town funds on hand.

No later than the first Monday in February of each year, the head of each department, board or other agency whose activities are to be supported in whole or in part by Town funds during the fiscal year, except for the School Committee which makes submissions of estimates and capital requests no later than the first Monday in March, submits to the Town Treasurer a proposed budget of expenditures and capital requests.

No later than the third Monday in March of each year, the Town Treasurer delivers copies of the budget recommendations to each member of the Town Council and a copy is filed with the Town Clerk and is available for public inspection. The Town Council considers the budget recommendation submitted by the Town Treasurer, and not later than the third Monday in April, after having made such changes in its discretion, gives provisional approval to the budget. A copy of the provisional budget is placed on file by the Town Clerk for public inspection and a second copy is published in a newspaper having general circulation in the Town. The Town Council holds a public hearing on the budget as provisionally approved and published, which hearing takes place no later than two weeks following the date of the Town Council's preliminary approval, but not less than three days following publication of the provisional budget. Upon completion of the public hearing, the Town Council takes the results thereof under consideration, and makes additional changes in the budget in its discretion. Final adoption of the budget is voted no later than two weeks following the completion of the public hearing. Upon adoption of the final budget, the Town Clerk places a copy on file for public inspection and a second copy is published in a newspaper having general circulation in the Town.

The Town's Charter provides that any qualified elector of the Town may circulate a petition for the holding of a special town meeting to reconsider any item of expenditure in either the operating or the capital budgets as approved by the Town Council or to consider the insertion of a new item or items in the Capital Budget. Any petition for calling of the special town meeting must be filed with the Board of Canvassers no later than two weeks following the publication of the final budget. If a petition is not filed within the time limit or if the petition is not approved by the Board of Canvassers, the budget stands as adopted. The decisions of any such special town meeting, if held, respecting the item or items it was called to consider shall be final and binding on the Town Council, the Town Administrator and all others concerned.

Reporting Requirements of Municipalities and School Districts

In June 2003, the Rhode Island General Assembly passed new financial reporting requirements for municipalities in order to ensure that municipalities and school districts monitor their financial operations on an ongoing basis and to prevent potential budget deficits (Rhode Island General Laws § 45-12-22 (the "Financial Reporting Act")).

Reporting

- The chief financial officer of the municipality must submit monthly reports to the municipality's chief executive officer, each member of the city or town council, and school district committee certifying the status of the municipal budget, including the school department budget or regional school budget.
- The chief financial officer of the municipality must also submit quarterly reports to the State Office of Municipal

Affairs certifying the status of the municipal budget. The chief financial officer of the school department or school district shall certify the status of the school district's budget and shall assist in the preparation of these reports. The school district and the Town are in the first pilot group to implement and report quarterly financial data and a five-year forecast utilizing a uniform reporting of accounts in order for financial data to be uploaded on a State municipal transparency portal.

- If any reports project a year-end deficit, the chief financial officer of the municipality must submit a corrective action plan, providing for the avoidance of a year-end deficit, to the State Office of Municipal Affairs no later than thirty (30) days after completion of his or her monthly budget analysis.
- If, at the end of the fiscal year, the chief financial officer determines that it is likely that the city or town's general fund or combined general fund and unrestricted school special revenue fund will incur a deficit, the municipality must immediately develop a plan to eliminate the accumulated year-end deficit by annual appropriation over no more than five (5) years. This plan must be submitted to the State Auditor General for approval.
- Within 30 days of final action on the budget, the Town must provide an adopted budget survey and 5 year budget forecast to the State Division of Municipal Finance.

Restrictions and Requirements

- No municipality can sell long-term bonds in order to fund a deficit without prior approval by the Rhode Island Auditor General and the Director of the Rhode Island Department of Administration.
- No municipality can incur expenditures or obligate the municipality to expend unbudgeted amounts in excess of \$100,000 without first notifying the city or town council of the proposed expenditure and identifying the source of funding. Any such expenditure must be included in the chief financial officer's monthly report.
- No school committee or school department can incur accumulated unbudgeted expenditures in excess of \$100,000 without notifying the chief financial officer of the municipality of the proposed expenditure and identifying the source of funding. Any such expenditure must be included in the chief financial officer's monthly report.
- School committees, boards or regional school districts that are independent government entities within a municipality must cooperate in providing to the chief financial officer all information needed to formulate his or her reports and the deficit elimination plan.

Remedies

- If a municipality does not comply with the requirements of the Financial Reporting Act, the State Auditor General or State Office of Municipal Affairs, through the Director of Administration, may elect any or all of the following remedies:
 - Petition the Superior Court for mandatory injunctive relief seeking compliance with the provisions of the Financial Reporting Act;
 - In the event a municipality fails to provide a year-end deficit elimination plan, implement a financial review commission pursuant to Rhode Island General Laws Section 45-9-3; or
 - Withhold State Aid.
- If a school committee or board fails to cooperate with the municipality or provide all information requested by the chief financial officer needed to formulate a plan:
 - The Auditor General or the Director of Administration may petition the Superior Court to order the school committee or board to cooperate; and
 - The Director of Administration may also direct the Rhode Island Controller and General Treasurer to withhold State Aid from a school committee until the school committee or board cooperates in the formulation of the plan.

State Oversight

On June 11, 2010, the Rhode Island General Assembly enacted “An Act Relating to Cities and Towns—Providing Financial Stability” the purposes of which are (1) to provide a mechanism for the State to work with cities and towns undergoing financial distress that threatens the fiscal well-being, public safety and welfare of such cities and towns, or welfare of other cities and towns or the state, and (2) to provide stability to the municipal credit markets for Rhode Island and its cities and towns through a predictable, stable mechanism for addressing cities and towns in financial distress.

The Financial Stability Act prohibits municipalities from filing for judicial receivership and clarifies that the Superior Court has no jurisdiction to hear such matters.

The Financial Stability Act gives the State, acting primarily through the department of revenue, the power to exercise varying levels of support and control depending upon the circumstances. It creates three levels of State oversight and control: Level I--Fiscal Overseer, Level II-- Budget Commission, and Level III -- Receiver. The State director of revenue, in consultation with the auditor general, may skip fiscal overseer and budget commission by appointing a receiver in a fiscal emergency.

Fiscal Overseer (Level I)

A fiscal overseer may be appointed by request of the municipality, or the State director of revenue may appoint a fiscal overseer if the director finds, in his or her sole discretion, that any two of the following events have occurred whereby the city or town:

- Projects a deficit in the municipal budget in the current fiscal year and again in the upcoming fiscal year
- Has not filed its audits with the auditor general by the deadlines required by law for two (2) successive fiscal years (not including extensions authorized by the auditor general)
- Has been downgraded by one of the nationally recognized statistical rating organizations
- Otherwise unable to obtain access to credit markets on reasonable terms
- Does not promptly respond to requests made by the director of revenue, or the auditor general, or the chairpersons of the house or senate finance committees for financial information

The director of revenue may also appoint a fiscal overseer for failure to comply with the financial reporting and action plan requirements relating to budget deficits. A fiscal overseer acts in an advisory capacity to municipal officials, approves budgets and reports to State official regarding progress.

Budget Commission (Level II)

A budget commission may be established by request of a municipality or without such a request, if the fiscal overseer reports to the State director of revenue that the city or town, is unable to present a balanced municipal budget, faces a fiscal crisis that poses an imminent danger to the safety of the citizens of the city or town or their property, will not achieve fiscal stability without the assistance of a budget commission the tax levy should not be approved, or otherwise determines that a budget commission should be established. A budget commission is composed of five (5) members: three (3) designees of the director of revenue, the elected chief executive officer of the city, and the president of the city or town council (or in cities or towns in which the elected chief executive officer is the president of the city or town council, then the appointed city or town manager). A budget commission has more significant powers over financial matters, including but not limited to the power to:

- Amend, formulate and execute annual and supplemental municipal budgets and capital budgets;
- Reorganize, consolidate or abolish municipal departments, commissions, authorities, boards, offices or functions;
- Issue bonds, notes or certificates of indebtedness to fund a deficit of the city or town, to fund cash flow and to finance capital projects.

Receiver (Level III)

The State director of revenue may appoint a receiver if budget commission recommends appointment of receiver after concluding that its powers are insufficient to restore fiscal stability to the city or town. A receiver may exercise any function or

power of any municipal officer, employee, board or commission and has the power to file on behalf of a city or town for bankruptcy in federal bankruptcy court.

The Town is not currently subject to the Financial Stability Act.

Town Budgets (2025, 2026 and 2027)

Set forth below are the Town's budgets for the fiscal years ended June 30, 2025, 2026, and 2027:

	ADOPTED BUDGET <u>2024-2025</u>	ADOPTED BUDGET <u>2025-2026</u>	ADOPTED BUDGET <u>2026-2027</u>
REVENUES			
Local Property	\$ 49,196,774	\$ 50,891,761	\$ 52,818,879
Local Non-property	8,094,839	7,867,379	8,450,162
State	5,541,393	5,767,621	5,873,467
All Other (Sewer Use Fee)	6,917,595	7,039,737	6,881,291
TOTAL REVENUES	\$ 69,750,601	\$ 71,566,498	\$ 74,023,799
EXPENDITURES			
Education	\$ 29,990,009	\$ 30,666,328	\$ 31,186,421
General Fund Administration	5,457,980	4,929,589	5,543,062
Public Works	5,289,610	5,396,134	5,548,266
Police Protection	9,396,769	9,970,368	10,656,609
Fire Protection	2,577,542	2,832,490	3,044,588
Sewerage & Composting	7,093,845	7,239,987	7,043,441
Parks & Recreation	1,097,267	1,131,081	1,301,745
Principal on General Debt	3,763,502	3,760,665	4,073,564
Interest on General Debt	1,528,801	1,678,668	1,575,495
All Other - Public Service, Welfare, Etc.	1,583,786	1,701,132	1,856,003
Fixed Charges (Blue Cross, etc.)	1,971,490	2,260,056	2,194,605
TOTAL EXPENDITURES	\$ 69,750,601	\$ 71,566,498	\$ 74,023,799

Tax Anticipation Notes

Under Rhode Island law the Town may borrow in each fiscal year in anticipation of the receipt of the proceeds of the property tax due in such fiscal year an amount which shall not exceed the total tax levy of the then current fiscal year. Tax anticipation notes must be payable not later than one year from their date.

State Aid

Bristol Warren Regional School District

At the primary election held in September, 1991, the voters of the Towns of Bristol and Warren approved an act passed at the January, 1991 session of the General Assembly authorizing the Towns of Bristol and Warren to form a Regional School District of all the public schools in the Towns of Bristol and Warren to include all grades and programs currently provided and any other grades and programs specified by the Regional School Committee. The impact of the establishment of the Regional School District, insofar as State Aid is concerned, is summarized below.

State School Operations Aid

Pursuant to Rhode Island General Laws Sections 16-7-15 to 16-7-34, as amended, the State provides operations assistance aid to each municipality and school district in the State. The statute provides for payment by the State to each community a share of the cost of education of resident pupils in grade kindergarten through grade 12 as determined by a mandated minimum program level plus transportation costs and approved expenditures in excess thereof for a certain reference year, set for each municipality under a formula prescribed by the statute and equalized with other municipalities on the basis of assessed valuations with application of a factor of median and family income of the community and a minimum guaranteed

State assistance payment of 15% of such costs for fiscal 1992-1993 and 9% in subsequent fiscal years. This legislation guarantees a minimum program for every pupil and, if the municipality fails to provide adequate funds for such program, the State transfers other State aid due the municipality to the school account. The establishment of the Bristol Warren Regional School District meant a significant increase in operations aid. The Regional School District received operations aid of \$14,319,357 in fiscal 2025 and \$14,075,171 has been budgeted for fiscal year 2026.

State School Construction Aid

Pursuant to Rhode Island General Laws section 16-7-15, *et seq.*, as amended, the State provides operations assistance aid to each municipality and school district in the State, subject to annual appropriation by the General Assembly. The statutes provide for reimbursement of school expenditures based on a formula which adjusts the reimbursement ratio based on the relative equalized valuation of property and median family income relative to the State as a whole.

The State provides construction aid to Rhode Island municipalities for the cost of building new public schools. All buildings constructed since July 1, 1949 are eligible for assistance of a minimum of 30% of the full cost of such buildings. Such assistance level may be further increased by a formula which takes into account the equalized assessed valuation and debt service burden of the particular municipality. The legislation authorizing State School Construction Aid is subject to future change and all State Aid is subject to annual appropriation by the Rhode Island General Assembly.

Commencing with fiscal year 1990-1991, school housing project costs include the cost of interest on any bond issued after July 1, 1988. However, beginning in FY 2004, only projects bonded through the Rhode Island Health and Educational Building Corporation ("RIHEBC") are eligible for aid on bond interest costs. All projects must also be approved by the State Board of Regents for Elementary and Secondary Education ("Board of Regents"). Further, recent amendments to the necessity of the construction approval process to qualify for aid provide that the approval by the Board of Regents will remain valid until June 30 of the third fiscal year following the fiscal year in which the Board of Regents' approval is granted to the District. A project for new school housing or additional housing shall be deemed to be completed when the work has been officially accepted by the school committee or when the housing is occupied for its intended use, whichever is earlier.

The Regional School District received construction aid of \$936,411 in fiscal 2025 and \$937,715 has been budgeted for fiscal year 2026.

State aid reimbursement for school construction projects is based on the share ratio established for that year by the Rhode Island Department of Education. Currently the Bristol Warren Regional School District's share ratio is approximately 63.0%. This ratio can vary from year to year and is subject to annual appropriation by the Rhode Island General Assembly.

LITIGATION

During the ordinary course of operations, the Town is a party to various claims, legal actions and complaints. These various legal actions include disputes in property valuations and other claims for which the Town has been named as defendant. In the opinion of Town management and the Town Solicitor, they do not anticipate any of them to have a material impact on the finances of the Town.

TAX STATUS

Federal Income Taxes

The Internal Revenue Code of 1986, as amended (the "Code"), imposes certain requirements that must be met subsequent to the issuance and delivery of the Bonds for interest thereon to be and remain excluded from gross income for Federal income tax purposes. Noncompliance with such requirements could cause the interest on the Bonds to be included in gross income for Federal income tax purposes retroactive to the date of issue of the Bonds. Pursuant to the Tax Certificate and the provisions of Sections 103 and 141-150 of the Internal Revenue Code of 1986, as amended (the "Code"), the Town has covenanted to comply with the applicable requirements of the Code in order to maintain the exclusion of the interest on the Bond from gross income for Federal income tax purposes pursuant to Section 103 of the Code. In addition, the Town has made certain representations and certifications in the Tax Certificate. Bond Counsel will not independently verify the accuracy of those representations and certifications.

In the opinion of Mack Law Associates LLC, Bond Counsel, under existing law and assuming compliance with the above covenant, and the accuracy of certain representations and certifications made by the Town described above, interest on the Bonds is excluded from gross income for Federal income tax purposes under Section 103 of the Code. Interest on the Bonds will not be included in computing the alternative minimum taxable of individuals. However, interest on the Bonds will

be included in the “adjusted financial statement income” of certain corporations that are subject to the Federal alternative minimum tax imposed under Section 55 of the Code.

State Taxes

Bond Counsel is also of the opinion that the Bonds, their transfer and the income therefrom, including any profit made on the sale thereof, are exempt from taxation by and within the State of Rhode Island (“State”); although the Bonds, their transfer and the income therefrom, including any profit made on the sale thereof, may be included in the measure of State estate taxes and certain State corporate and business taxes. Bond Counsel expresses no opinion as to other State or local tax consequences arising with respect to the Bonds nor as to the taxability of the Bonds or the income therefrom under the laws of any state other than the State.

Original Issue Discount

Bond Counsel is further of the opinion that the excess of the principal amount of a maturity of the Bonds over the price at which price a substantial amount of such maturity of the Bonds was sold to the public (excluding bond houses, brokers or similar persons or organizations acting in the capacity of underwriters or wholesalers) (each, a “Discount Bond” and collectively the “Discount Bonds”) constitutes original issue discount which is excluded from gross income for federal income tax purposes to the same extent as interest on the Bonds. Further, such original issue discount accrues actuarially on a constant interest rate basis over the term of each Discount Bond and the basis of each Discount Bond acquired at such initial offering price by an initial purchaser thereof will be increased by the amount of such accrued original issue discount. The accrual of original issue discount may be taken into account as an increase in the amount of tax-exempt income for purposes of determining various other tax consequences of owning the Discount Bonds, even though there will not be a corresponding cash payment. Owners of the Discount Bonds are advised that they should consult with their own advisors with respect to the state and local tax consequences of owning such Discount Bonds.

Original Issue Premium

Bonds sold at prices in excess of their principal amounts are “Premium Bonds”. An initial purchaser with an initial adjusted basis in a Premium Bond in excess of its principal amount will have amortizable bond premium which is not deductible from gross income for federal income tax purposes. The amount of amortizable bond premium for a taxable year is determined actuarially on a constant interest rate basis over the term of each Premium Bond based on the purchaser’s yield to maturity (or, in the case of Premium Bonds callable prior to their maturity, over the period to the call date, based on the purchaser’s yield to the call date and giving effect to any call premium). For purposes of determining gain or loss on the sale or other disposition of a Premium Bond, an initial purchaser who acquires such obligation with an amortizable bond premium is required to decrease such purchaser’s adjusted basis in such Premium Bond annually by the amount of amortizable bond premium for the taxable year. The amortization of bond premium may be taken into account as a reduction in the amount of tax-exempt income for purposes of determining various other tax consequences of owning such Bonds. Owners of the Premium Bonds are advised that they should consult with their own advisors with respect to the state and local tax consequences of owning such Premium Bonds.

Ancillary Tax Matters

Ownership of the Bonds may result in other federal tax consequences to certain taxpayers, including, without limitation, certain S corporations, foreign corporations with branches in the United States, property and casualty insurance companies, individuals receiving Social Security or Railroad Retirement benefits, and individuals seeking to claim the earned income credit. Ownership of the Bonds may also result in other federal tax consequences to taxpayers who may be deemed to have incurred or continued indebtedness to purchase or carry the Bonds. Prospective investors are advised to consult their own tax advisors regarding these rules.

Interest paid on tax-exempt obligations such as the Bond is subject to information reporting to the Internal Revenue Service (the “IRS”) in a manner similar to interest paid on taxable obligations. In addition, interest on the Bond may be subject to backup withholding if such interest is paid to a registered owner that (a) fails to provide certain identifying information (such as the registered owner’s taxpayer identification number) in the manner required by the IRS, or (b) has been identified by the IRS as being subject to backup withholding.

Bond Counsel is not rendering any opinion as to any tax matters other than those described in the opinion attached as Appendix C. Prospective investors, particularly those who may be subject to special rules described above, are advised to consult their own tax advisors regarding the Federal tax consequences of owning and disposing of the Bonds, as well as any tax consequences arising under the laws of any state or other taxing jurisdiction.

Changes in Law and Post Issuance Events

Legislative or administrative actions and court decisions, at either the federal or state level, could have an adverse impact on the potential benefits of the exclusion from gross income of the interest on the Bonds for Federal tax purposes or on the Bonds for state income tax purposes, and thus on the value or marketability of the Bonds. This could result from changes to Federal or state income tax rates, changes in the structure of Federal or state income taxes (including replacement with another type of tax), repeal of the exclusion of the interest on the Bonds from gross income for Federal income tax purposes or on the Bonds for state income tax purposes, or otherwise. In this regard, there have been various proposals in recent years that would limit the extent of the exclusion from gross income of interest on obligations of states and political subdivisions under Section 103 of the Code for taxpayers whose income exceeds certain thresholds. It is not possible to predict whether any legislative or administrative actions or court decisions having an adverse impact on the federal or state income tax treatment of holders of the Bonds may occur. Prospective purchasers of the Bonds should consult their own tax advisors regarding the impact of any changes in law on the Bonds.

Bond Counsel has not undertaken to advise in the future whether any events after the date of issuance and delivery of the Bonds may affect the tax status of interest on the Bonds. Bond Counsel expresses no opinion as to any Federal, state or local tax law consequences with respect to the Bonds, or the interest thereon, if any action is taken with respect to the Bonds or the proceeds thereof upon the advice or approval of other counsel.

CONTINUING DISCLOSURE

The Securities and Exchange Commission has promulgated amendments to Rule 15c2-12 (the "Rule") under the Securities and Exchange Act of 1934, as amended, which requires that issuers of municipal securities undertake to provide continuing disclosure with respect to their securities, subject to certain exemptions. The Rule is effective for municipal securities for which an underwriter enters into a contractual commitment on or after July 3, 1995 to purchase such securities and, therefore, applies to the Bonds. The Town will covenant, at the time of the delivery of the Bonds, to provide continuing disclosure consistent with the terms of the Rule, as provided in a Continuing Disclosure Certificate to be dated as of the date of the Bonds.

Pursuant to the Continuing Disclosure Certificate, the Town will undertake to provide the following continuing disclosure with respect to the Bonds:

(I.) The Town will provide to each Nationally Recognized Municipal Securities Information Repository ("National Repository") and the appropriate State Information Depository for the State ("State Repository"), if any: (a) not later than nine (9) months after the close of the Town's fiscal year, which is June 30, commencing March 31, 2027, certain financial information and operating data relating to the Town updating the financial information and operating data presented in the Official Statement prepared in connection with the Bonds to the extent required to comply with the Rule; and (b) as soon as available the audited financial statements of the Town for the most recently ended fiscal year, prepared on a modified accrual basis, reflecting assets, liabilities and financial activities not recorded in separate fund groups. The Town reserves the right to provide the information required in the above clauses (a) and (b) separately and to modify from time to time the specific types of information provided under clause (a) above or the format of the presentation of such information, to the extent necessary or appropriate, provided that any such modification will be done in a manner consistent with the Rule.

(II.) The Town will provide in a timely manner to each National Repository or the Municipal Securities Rulemaking Board, and the State Repository, if any, notice of the occurrence of any of the following events with respect to the Bonds:

- (a) principal and interest payment delinquencies;
- (b) non-payment related defaults, if material;
- (c) unscheduled draws on debt service reserves reflecting financial difficulties;
- (d) unscheduled draws on credit enhancements reflecting financial difficulties;
- (e) substitution of credit or liquidity providers, or their failure to perform;
- (f) adverse tax opinions or the issuance by the Internal Revenue Service ("IRS") of proposed or final determinations of taxability, Notices of Proposed Issue (IRS Form 5701-TEB) or other material notices or determinations with respect to the tax status of the Bonds;
- (g) modifications to rights of owners of the Bonds, if material;
- (h) Bond calls, if material;
- (i) tender offers;
- (j) defeasances;
- (k) release, substitution or sale of property securing the repayment of the Bonds, if material;
- (l) rating changes;

- (m) bankruptcy, insolvency, receivership or similar proceedings (which is considered to occur upon any of the following: the appointment of a receiver, fiscal agent, or similar officer for the Issuer in a proceeding under the United States Bankruptcy Code or in any other proceeding under state or federal law in which a court or governmental authority has assumed jurisdiction over substantially all of the assets or business of the Issuer, or if such jurisdiction has been assumed by leaving the existing governing body and officials or officers in possession by subject to the supervision and orders of a court or governmental authority, or the entry of an order confirming a plan of reorganization, arrangement, or liquidation by a court or governmental authority having supervision or jurisdiction over substantially all of the assets or business of the Issuer);
- (n) merger, consolidation, acquisition, the sale of all or substantially all of the assets of the obligated persons of their termination, if material; or,
- (o) appointment of a successor or additional trustee, or the change of name of a trustee, if material.
- (p) incurrence of a financial obligation of the Town, if material, or agreement to covenants, events of default, remedies, priority rights, or other similar terms of a financial obligation of the Town, any of which affect security holders, if material¹; and
- (q) default, event of acceleration, termination event, modification of terms, or other similar events under the terms of the financial obligation of the Town, any of which reflect financial difficulties¹

Whenever the Town obtains knowledge of the occurrence of a listed event, the Town, or, if appointed, any Dissemination Agent (as defined in the Continuing Disclosure Certificate) shall file a notice of such occurrence with the Municipal Securities Rulemaking Board or the National Repository and each State Repository within ten (10) business days.

The Town from time to time may choose to provide notice of the occurrence of certain other events, in addition to those listed above, if, in the judgment of the Town, such other event is material with respect to the Bonds, but the Town does not undertake to commit to provide any such notice of the occurrence of any material event except those listed above.

(III.) The Town will provide, in a timely manner, to each National Repository or to the Municipal Securities Rulemaking Board and to the State Repository, if any, notice of a failure to satisfy the requirements of paragraph (I) above.

The intent of the Town's undertaking in the Continuing Disclosure Certificate is to provide on a continuing basis the information described in the Rule. Accordingly, the Town reserves the right to modify the disclosure thereunder or format thereof so long as any such modification is made in a manner consistent with the Rule. Furthermore, to the extent that the Rule no longer requires the issuers of municipal securities to provide all or any portion of the information the Town has agreed to provide pursuant to the Continuing Disclosure Certificate, the obligation of the Town to provide such information also shall cease immediately.

The purpose of the Town's undertaking is to conform to the requirements of the Rule and not to create new contractual or other rights for the original purchasers of the Bonds, any registered owner or beneficial owner of the Bonds, any municipal securities broker or dealer, any potential purchaser of the Bonds, the Securities and Exchange Commission or any other person. The sole remedy in the event of any actual or alleged failure by the Town to comply with any covenant of the Continuing Disclosure Certificate shall be an action for the specific performance of the Town's obligations thereunder and not for money damages in any amount. Any failure by the Town to comply with any provision of such undertaking shall not constitute an event of default with respect to the Bonds.

The Town Treasurer of Bristol, Rhode Island or such official's designee from time to time, shall be the contact person on behalf of the Town of Bristol from whom the foregoing information, data and notices may be obtained. The name, address and telephone number of the initial contact person is Carl Carulli, Acting Town Treasurer, Town of Bristol, Rhode Island, 10 Court Street, Bristol, RI 02809, Telephone (401-253-1570).

Previous Undertakings

Except as noted below, the Town of Bristol has complied in all material respects with all continuing disclosure agreements made by it in accordance with the Rule for the past five years.

¹ For purposes of the events identified in Sections II (p) and (q) above, the term "financial obligation" means a (i) debt obligation; (ii) derivative instrument entered into in connection with, or pledged as security or a source of payment for, an existing or planned debt obligation; or (iii) guarantee of (i) or (ii). The term "financial obligation" shall not include municipal securities as to which a final official statement has been provided to the MSRB consistent with the Rule.

Due to changes in staffing at the Town and with its auditor, the FY2024 and FY2025 financial statements were not timely completed. The Town has filed late notices. In addition, the Town entered into three direct loans with the Rhode Island Infrastructure Bank and failed to file a notice of the incurrence of a financial obligation. The Town has since filed the missing notices and has set up procedures for future events.

CONDITIONS PRECEDENT TO DELIVERY

The following, among other things, are conditions precedent to the delivery of the Bonds to the original purchasers thereof:

No Litigation Certificate

Upon delivery of the Bonds the Town shall deliver or cause to be delivered a certificate of an officer of the Town, dated the date of delivery, to the effect that there is no litigation pending or, to the knowledge of such officers, threatened affecting the validity of the Bonds or the power of the Town to levy and collect taxes to pay them, and that neither the corporate existence nor boundaries of the Town, nor the title of any said officers to their respective offices, is being contested.

Approval of Legality

The legality of the Bonds will be approved by Mack Law Associates LLC, Bond Counsel. The unqualified approving opinion of such counsel with respect to the Bonds will be delivered at the time of original delivery of the Bonds and a copy of the opinion (except for the omitted date) will be printed on each of the Bonds. The opinion will be in substantially the form attached hereto as Appendix C. The scope of engagement of Bond Counsel does not extend to passing upon or assuming responsibility for the accuracy or adequacy of the statements made in this Official Statement (other than matters expressly set forth as their opinion) and they make no representations that they have independently verified the same.

Certification of the Bonds

The Bonds shall be certified as to their genuineness by U.S. Bank Trust Company, National Association, Providence, Rhode Island which certificate will appear on the Bonds.

Municipal Advisor

PFM Financial Advisors LLC ("PFM") has served as Municipal Advisor to the Town for the issuance of the Bonds. PFM is not obligated to undertake, and has not undertaken, either to make an independent verification of or to assume responsibility for, the accuracy, completeness, or fairness of the information contained in the Official Statement. PFM is an independent municipal advisory firm and is not engaged in the business of underwriting, trading, or distributing public securities.

Certificate Regarding Official Statement

At the time of the original delivery of and payment for the Bonds, the Town will deliver a certificate of the Town Treasurer certifying that, to the best of her knowledge and belief, both as of its date and as of the date of delivery of the Bonds, this Official Statement does not contain any untrue statement of a material fact and does not omit to state a material fact necessary to make the statements made herein, in the light of the circumstances under which they were made, not misleading.

SALE AT COMPETITIVE BIDDING

The Bonds were offered for sale at competitive bidding on July 29, 2026, and were awarded to TD Financial Products LLC (the "Underwriter"). The Underwriter has supplied the information as to the prices and yields of the Bonds as set forth on the cover page hereof. The Bonds are being purchased from the Town by the Underwriter at an aggregate price of \$2,879,868.65 reflecting the principal amount of \$2,740,000.00 plus a net original issue premium of \$158,641.85 minus Underwriter's discount of \$18,773.20. The Underwriter may offer to sell the Bonds to certain dealers and others at prices other than the initial public offering prices and the public offering prices may be changed from time to time by the Underwriter.

RATING

The Town received a rating on the Bonds of "AA+" from S&P Global Ratings ("S&P"). The rating reflects only the view of S&P, and an explanation of the significance of such rating may be obtained from S&P.

The above rating is not a recommendation to buy, sell or hold the Bonds, and such rating may be subject to revision or withdrawal at any time by S&P. Any downward revision or withdrawal of the rating may have an adverse effect on the market price of the Bonds.

All quotations from and summaries and explanations of laws herein do not purport to be complete, and reference is made to said laws for full and complete statements of their provisions.

This Official Statement is submitted only in connection with the sale of the Bonds by the Town and may not be reproduced or used in whole or in part for any other purpose.

INDEPENDENT AUDITORS' REPORT

Honorable Members of the Town Council
Town of Bristol, Rhode Island

Report on the Audit of the Financial Statements

Opinions

We have audited the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Town of Bristol, Rhode Island, as of and for the year ended June 30, 2025, and the related notes to the financial statements, which collectively comprise the Town of Bristol, Rhode Island's basic financial statements as listed in the table of contents.

In our opinion, the accompanying financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Town of Bristol, Rhode Island, as of June 30, 2025, and the respective changes in financial position, and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Town of Bristol, Rhode Island and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Emphasis of Matter – Change in Accounting Principles

As discussed in Note 1 to the financial statements, the Town adopted Governmental Accounting Standards Board (GASB) Statement No. 101, *Compensated Absences*, effective July 1, 2024, which resulted in a restatement of beginning net position of the governmental activities. Our opinions are not modified with respect to this matter.

Emphasis of Matter – Correction of Errors

As discussed in Note 15 to the financial statements, the Town of Bristol, Rhode Island restated beginning net position and fund balance of the governmental activities, business-type activities, general fund, and sewer funds. Our opinions are not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Town of Bristol, Rhode Island's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Town of Bristol, Rhode Island's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Town of Bristol, Rhode Island's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, the budgetary comparison information, and the pension and OPEB schedules, as listed on the table of contents, be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with GAAS, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Town of Bristol, Rhode Island's basic financial statements. The combining and individual nonmajor fund financial statements, Tax Collector's Annual Report, Annual Supplemental Transparency Report, and schedule of expenditures of federal awards, as required by Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with GAAS. In our opinion, the combining and individual nonmajor fund financial statements, Tax Collector's Annual Report, Annual Supplemental Transparency Report, and schedule of expenditures of federal awards, as required by Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Honorable Members of the Town Council
Town of Bristol, Rhode Island

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated June 3, 2026, on our consideration of the Town of Bristol, Rhode Island's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Town of Bristol, Rhode Island's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Town of Bristol, Rhode Island's internal control over financial reporting and compliance.

**TOWN OF BRISTOL, RHODE ISLAND
MANAGEMENT DISCUSSION AND ANALYSIS (MD&A) (UNAUDITED)
JUNE 30, 2025**

As management of the Town of Bristol, Rhode Island (the Town), we offer readers of the Town's financial statements this narrative overview and analysis of the financial activities of the Town for the fiscal year ended June 30, 2025 (FY2025).

FINANCIAL HIGHLIGHTS

Government-Wide Financial Statements (Governmental Activities)

- The assets of the Town exceeded its liabilities as of June 30, 2025, by \$58,231,647 (net position). The Town realized an increase in net position of \$12,104,033.

Government-Wide Financial Statements (Business-Type Activities)

- As of June 30, 2025, the business-type activities reported net position of \$23,269,790, a decrease of \$(555,514).

Governmental Fund Financial Statements

- As of June 30, 2025, the Town's governmental funds reported combined ending fund balances of \$23,966,075, an increase of \$956,227 in comparison with the prior year.
- As of June 30, 2025, the unassigned fund balance for the General Fund was \$10,159,459, or approximately 16.2% of total General Fund revenues.

OVERVIEW OF THE FINANCIAL STATEMENTS

This discussion and analysis is intended to serve as an introduction to the Town's basic financial statements, which are comprised of three components (1) government-wide financial statements, (2) fund financial statements, and (3) notes to the financial statements.

This report also contains other supplementary information in addition to the basic financial statements themselves.

Government-Wide Financial Statements. The government-wide financial statements are designed to provide readers with a broad overview of the Town's finances in a manner similar to a private-sector business.

The statement of net position presents information on the entire Town's assets and deferred outflows of resources, and liabilities and deferred inflows of resources, with the difference between the two reported as net position. The amount of net position is widely considered a good measure of the Town's financial health as increases or decreases in the Town's net position serves as a useful indicator of whether the financial position is improving or deteriorating.

The statement of activities presents information showing how the Town's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will not result in cash flows until future fiscal periods (e.g., uncollected taxes and earned but unused vacation and sick leave). The statement also presents a comparison between direct expenses and program revenues for each function of the Town.

TOWN OF BRISTOL, RHODE ISLAND
MANAGEMENT DISCUSSION AND ANALYSIS (MD&A) (UNAUDITED)
JUNE 30, 2025

OVERVIEW OF THE FINANCIAL STATEMENTS (CONTINUED)

Government-Wide Financial Statements (Continued). The Governmental Activities section is principally supported by taxes and intergovernmental revenues (federal and state grants.) The Business-Type Activities section is primarily supported by user fees or charges which are intended to recover all or a significant portion of the activities' costs.

The governmental activities of the Town include broad functions of the general government, public safety, public works, community services, and education. The business-type activity of the Town is the Sewer operation.

In the statement of activities, the operations of the Town are presented in a format that reports the net of expenses and revenues of its individual functions – the objective being to report the relative burden of each of the Town's functions to the taxpayers. Revenues offsetting related functional expenses are separated into three categories: charges for services, operating grants and contributions, and capital grants and contributions.

The statement of net position and statement of activities are prepared using the economic resources measurement focus and the accrual basis of accounting. They take into account all revenues recognized and expenses incurred even if the cash has not been received or paid.

The government-wide financial statements can be found on the pages listed in the table of contents of this report.

Fund Financial Statements. Traditional users of governmental fund financial statements will find the fund financial statement presentation to be the most familiar. A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific projects, activities or objectives. The Town uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the Town can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds.

Governmental Funds. Most of the basic services provided by the Town are financed through Governmental funds. Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements. This approach is known as the flow of current financial resources measurement focus and modified accrual basis of accounting. Under this approach, revenues are recorded when cash is received or susceptible to accrual (i.e., measurable and available to liquidate the liabilities of the current period.) Expenditures are generally recorded when liabilities are incurred except for those related to long-term liabilities, which are recorded when due and payable.

TOWN OF BRISTOL, RHODE ISLAND
MANAGEMENT DISCUSSION AND ANALYSIS (MD&A) (UNAUDITED)
JUNE 30, 2025

OVERVIEW OF THE FINANCIAL STATEMENTS (CONTINUED)

Governmental Funds (Continued). Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The Town maintains approximately 120 individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balances for the General Fund, which is considered to be a major fund. Data for the other governmental funds are combined into a single, aggregated presentation.

The Town adopts an annual appropriation budget for its General Fund. Budgetary comparison schedules have been provided for to demonstrate compliance with budgets and are presented on the pages listed in the table of contents of this report.

The basic governmental fund financial statements can be found on the pages listed in the table of contents of this report.

Proprietary Funds. Proprietary funds are used to account for business-like activities provided to the general public (enterprise funds) or within the government (internal service funds). These activities are financed primarily by user charges and the measurement of financial activity focuses on net income measurement similar to the private sector. The economic resources measurement focus and the accrual basis of accounting is used for Proprietary funds. The town uses an enterprise fund to account for its sewer operations.

The basic proprietary fund financial statements can be found on the pages listed in the table of contents of this report.

Fiduciary Funds. Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are not reflected in the government-wide financial statements because the resources of those funds are not available to support the Town's own programs. The economic resources measurement focus and the accrual basis of accounting is used for Fiduciary funds. The accounting used for Fiduciary funds is much like that used for proprietary funds. The Fiduciary funds maintained by the Town include several private-purpose trusts, the Police Retirement Trust Fund, the OPEB Trust Fund, and Custodial funds. The Town is responsible for ensuring that the assets reported in these funds are used for their intended purposes.

The basic fiduciary fund financial statements can be found on the pages listed in the table of contents of this report.

TOWN OF BRISTOL, RHODE ISLAND
MANAGEMENT DISCUSSION AND ANALYSIS (MD&A) (UNAUDITED)
JUNE 30, 2025

OVERVIEW OF THE FINANCIAL STATEMENTS (CONTINUED)

Notes to the Financial Statements. The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found on the pages listed in the table of contents of this report.

Other Information. In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information which presents schedules relating to the Town's pension and other postemployment benefit plans, as well as budgetary comparison schedules for the General Fund to demonstrate compliance with its respective budget. Required supplementary information can be found on the pages listed in the table of contents of this report. Other supplementary information which presents combining financial statements, tax collector's annual report, and annual supplemental transparency report is also presented. Other supplementary information can be found on the pages listed in the table of contents of this report.

Government-Wide Financial Analysis

As noted earlier, net position may serve over time as a useful indicator of a government's financial position. In the case of the Town, assets and deferred outflows exceeded liabilities and deferred inflows by \$81,501,437 as of June 30, 2025.

	Net Position

TOWN OF BRISTOL, RHODE ISLAND
MANAGEMENT DISCUSSION AND ANALYSIS (MD&A) (UNAUDITED)
JUNE 30, 2025

OVERVIEW OF THE FINANCIAL STATEMENTS (CONTINUED)

Government-Wide Financial Analysis (Continued)

The general capital assets (e.g., land, buildings, machinery, and equipment) of the governmental activities of the Town less related outstanding debt equals \$44,032,661 and for business-type activities the amount is \$21,811,803. It should be noted that resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities. A portion of the outstanding debt of the governmental activities was incurred for the installation of infrastructure.

**TOWN OF BRISTOL, RHODE ISLAND
MANAGEMENT DISCUSSION AND ANALYSIS (MD&A) (UNAUDITED)
JUNE 30, 2025**

OVERVIEW OF THE FINANCIAL STATEMENTS (CONTINUED)

Government-Wide Financial Analysis (Continued)

Governmental Activities. Governmental activities increased the Town's net position by \$12,104,033 principally the result of increased revenues in the current year.

Business-Type Activities. Business-type activities decreased the Town's net position by \$(555,514) including transfers of \$(514,095) to the governmental funds.

GOVERNMENT ACTIVITIES EXPENDITURE CHART

Governmental Funds. The focus of the Town's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the Town's financing requirements. In particular, unassigned fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

As of June 30, 2025, the Town's governmental funds reported combined ending fund balances of \$23,966,075. Approximately 9.7%, or \$2,318,344, constitutes committed and assigned fund balances, which the Town Council has designated for specific purposes. Approximately 38.1%, or \$9,133,928, constitutes unassigned fund balance, which is available for spending at the Town's discretion. Approximately 47.9%, or \$11,485,536, is restricted by outside parties to be used for specific purposes. The remaining 4.3%, or \$1,028,267, is nonspendable, representing 1) amounts required to be maintained intact, 2) unexpendable inventory items, or 3) notes receivable that will not be collected in time to liquidate current obligations.

**TOWN OF BRISTOL, RHODE ISLAND
MANAGEMENT DISCUSSION AND ANALYSIS (MD&A) (UNAUDITED)
JUNE 30, 2025**

OVERVIEW OF THE FINANCIAL STATEMENTS (CONTINUED)

Government-Wide Financial Analysis (Continued)

The General Fund is the chief operating fund of the Town. As of June 30, 2025, the total fund balance of the General Fund was \$12,685,152 of which \$10,159,459 was unassigned. Unassigned fund balance represents approximately 16.3% of total General Fund revenues.

The fund balance of the General Fund increased by \$219,145 in fiscal year 2025.

Proprietary Fund. The Town's Sewer Enterprise Fund provides the same type of information found in the government-wide financial statements for business-type activities, but in more detail. Unrestricted net position of the Sewer Enterprise Fund at the end of the fiscal year amounted to \$1,220,589.

General Fund Budgetary Highlights

Actual revenues exceed budgeted revenues by \$1,535,704 primarily as a result of both property taxes and intergovernmental revenue coming in over. Actual expenditures for the year were \$470,830 less than budgeted primarily due to \$739,864 of payroll taxes and benefits being less than budgeted.

CAPITAL ASSETS AND DEBT ADMINISTRATION

Capital Assets

The Town's investment in capital assets for its governmental and business-type activities as of June 30, 2025, amounts to \$140,170,846, net of accumulated depreciation. This investment in capital assets includes land, buildings and improvements, vehicles, machinery and equipment, infrastructure, and construction in progress.

Several major additions to the Town's capital assets related to its governmental activities were made during the year, including sewer system repairs, school renovations, dock repairs and expansion, drainage projects, equipment purchases, and golf course improvements.

MANAGEMENT DISCUSSION AND ANALYSIS (MD&A) (UNAUDITED)
JUNE 30, 2025**

CAPITAL ASSETS AND DEBT ADMINISTRATION

Long-Term Debt

On June 30, 2025, the Town has total bonded debt, loans, and leases outstanding of \$74,318,623, of which is backed by the full faith and credit of the Town.

State statutes limit the amount of general obligation debt a governmental entity may issue to 3% of its total equalized valuation. The current debt limitation for the Town is \$108,660,655, which significantly exceeds the Town's current outstanding general obligation debt.

Additional information about the Town's long-term debt can be found in Note 6 to the basic financial statements.

Economic Factors and Next Year's Budgets and Rates

- The current 2025 average unemployment rate for Bristol County, which includes the Town, is 4.0%. This compares with an unemployment rate of 4.6% for the state of Rhode Island and a national unemployment rate of 4.3%.
- The Town's tax rate remained at \$13.82 per thousand dollars of assessed value for the 2024 and 2025 fiscal years.

Requests for Information

This financial report is designed to provide a general overview of the Town's finances for all those with an interest in the government's finances. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to the Treasurer's Office, Town Hall, 10 Court Street, Bristol, Rhode Island 02809-2234.

TOWN OF BRISTOL, RHODE ISLAND
RECONCILIATION OF THE GOVERNMENTAL FUNDS STATEMENT OF REVENUES,
EXPENDITURES, AND CHANGES IN FUND BALANCES TO THE STATEMENT OF ACTIVITIES
YEAR ENDED JUNE 30, 2025

RECONCILIATION TO THE STATEMENT OF ACTIVITIES

Net Change in Fund Balances - Governmental Funds	\$	956,227
--	----	---------

Amounts reported for governmental activities in the statement of activities are different because:

Governmental funds report capital outlays as expenditures. However, in the statement of activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which capital outlays exceeded depreciation in the current period.		6,474,328
---	--	-----------

Revenues in the statement of activities that do not provide current financial resources are fully deferred in the statement of revenues, expenditures, and changes in fund balances. Therefore, the recognition of revenue for various types of accounts receivable (i.e., real estate and personal property, motor vehicle excise, etc.) differ between the two statements. This amount represents the net change in deferred inflows of resources.		25,903
--	--	--------

The issuance of long-term debt (e.g., bonds and leases) provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the financial resources of governmental funds. Neither transaction, however, has any effect on net position. Also, governmental funds report the effect of issuance costs, premiums, discounts, and similar items when debt is first issued, whereas these amounts are deferred and amortized in the statement of activities. This amount is the net effect of these differences in the treatment of long-term debt and related items.		
Issuance of Bonds		(2,865,000)
Principal Paid on Bonds		3,762,216
Bond Issuance Premiums		(288,753)
Amortization of Bond Premiums		299,784
Amortization of Deferred Charges on Bond Refunding		(66,440)

In the statement of activities, interest is accrued on outstanding long-term debt, whereas in governmental funds interest is not reported until due.		(46,746)
--	--	----------

The OPEB expense reported in the statement of activities requires the use of current financial resources and is not reported as an expenditure in the governmental funds.		1,685,534
---	--	-----------

Some expenses reported in the statement of activities, such as compensated absences do not require the current financial resources and, therefore, are not reported as expenditures in the governmental funds.		(219,087)
--	--	-----------

Some expenses reported in the statement of activities, such as net pension liability do not require the current financial resources and, therefore, are not reported as expenditures in the governmental funds.		
MERS Retirement Plan		632,540
Police Pension Plan		1,753,527

Change in Net Position of Governmental Activities as Reported on the Statement of Activities	\$	12,104,033
--	----	------------

See accompanying Notes to Financial Statements.

TOWN OF BRISTOL, RHODE ISLAND
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2025

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accompanying basic financial statements of the Town of Bristol, Rhode Island (the Town) have been prepared in conformity with accounting principles generally accepted in the United States of America applicable to governmental entities (U.S. GAAP). In certain circumstances, summaries of the Town's significant accounting policies have been presented throughout the notes to the basic financial statements in conjunction with other disclosures to which they relate.

A. Financial Reporting Entity

The Town was founded in 1680 and is governed under the 1971 Bristol Home Rule Charter (the Charter), which provides for a Town Council/Town Administrator form of Government. Legislative authority is vested in a five-member Town Council elected to biennial terms. All legislative powers of the Town, except such powers as are reserved by state law, are vested in the Town Council by the Charter, including the ordering of any tax, making of appropriations and transacting of any other business pertaining to the financial affairs of the Town.

The biennially elected Town Administrator serves as chief executive officer over all municipal services, including public safety (police, fire, animal control, and harbor patrol); public works (sanitation, highways and streets, engineering, civic services, and community development); community services; and general administrative services.

In 1991, the General Assembly authorized the Towns of Bristol and Warren to form a regional school district comprised of all public schools in the Towns of Bristol and Warren to include all grades and programs then provided and any other grades and programs specified by the regional school committee.

B. Basis of Presentation

The Town's basic financial statements include both government-wide (reporting the Town as a whole) and fund financial statements (reporting the Town's major and other funds.) Both the government-wide and fund financial statements are required to categorize primary activities as either governmental or business-type. The Town's public safety, public works, community services, education, and general and financial administrative services are classified as governmental activities. The Town's Sewer Fund is classified as a business-type activity.

TOWN OF BRISTOL, RHODE ISLAND
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2025

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

C. Government-Wide Financial Statements

The statement of net position and statement of activities display information about the Town as a whole and distinguish between governmental and business-type activities. They include all funds of the Town except for fiduciary funds. Governmental activities generally are financed through taxes, intergovernmental revenues and other nonexchange revenues. Business-type activities are financed in whole or in part by fees charged to external parties for goods or services.

In the government-wide statement of net position, the governmental activities column is presented on a consolidated basis and is reported on a full accrual, economic resources basis, which recognizes all long-term assets and receivables as well as long-term debt and obligations. The Town's net position is reported in three parts – net investment in capital assets; restricted net position; and unrestricted net position.

The government-wide statement of activities reports both the gross and net cost of each of the Town's functions (public safety, public works, etc.). The functions are also supported by general government revenues (property, sales and use taxes, certain intergovernmental revenues, fines, permits and charges, etc.). The statement of activities reduces gross expenses (including depreciation) by related program revenues, operating grants and capital grants. Program revenues must be directly associated with functions (public safety, public works, community and economic development, etc.). Operating grants include operating-specific and discretionary (either operating or capital) grants while the capital grants column reflects capital-specific grants.

The net costs (by function) are normally covered by general revenues (property, sales taxes, intergovernmental revenues, interest income, etc.).

The government-wide focus is more on the sustainability of the Town as an entity and the change in the Town's net position resulting from the current year's activities.

D. Basic Financial Statements – Fund Financial Statements

Financial transactions of the Town are reported in individual funds in the fund financial statements. Each fund is accounted for by providing a separate set of self-balancing accounts which comprise its assets, liabilities, fund balances/net position, revenues, and expenditures/expenses. Funds are organized into three major categories: governmental, proprietary, and fiduciary. Separate fund financial statements are provided for governmental, proprietary and fiduciary funds. However, fiduciary funds are not included in the government-wide financial statements since these assets are held for the benefit of private parties and retirees and cannot be used to satisfy obligations of the primary government.

TOWN OF BRISTOL, RHODE ISLAND
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2025

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

D. Basic Financial Statements – Fund Financial Statements (Continued)

Major individual governmental and proprietary funds are emphasized by being reported as separate columns in the fund financial statements. Nonmajor governmental funds are reported in the aggregate in a separate column in the fund financial statements.

Fund types used by the Town and a description of the funds comprising each are as follows:

1. Governmental Funds

Governmental funds are used to account for operations that supply basic government services. The Town uses the following governmental funds:

General Fund

The General Fund is the primary operating fund of the Town and is always classified as a major fund. It is used to account for and report all financial resources and activities not accounted for and reported in another fund. The General Fund is the only fund that operates a positive unassigned fund balance.

Special Revenue Funds

The Special Revenue Funds are used to account for and report the proceeds of specific revenue sources that are restricted or committed to expenditures for specific purposes other than debt service or capital projects. The Town's Special Revenue Funds are all considered nonmajor funds.

Capital Projects Funds

The Capital Projects Funds are used to account for and report financial resources to be used for the acquisition or construction of major capital facilities or specific capital outlays.

Permanent Funds

The Permanent Funds are used to account for and report resources that are restricted to the extent that only earnings and not principal may be used for purposes that support the Town's programs. The Town's Permanent Funds are all considered nonmajor funds. All resources of these funds, including any earnings on investments, may be used except for amounts required to be preserved as capital.

**TOWN OF BRISTOL, RHODE ISLAND
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2025**

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

D. Basic Financial Statements – Fund Financial Statements (Continued)

2. Proprietary Funds

Proprietary funds are used to account for business-like activities provided to the general public (enterprise funds) or within the government (internal service funds). These activities are financed primarily by user charges and the measurement of financial activity focuses on net income measurement similar to the private sector. The Town's only enterprise fund, the Sewer Fund, is considered a major fund. The Town has no internal service funds.

3. Fiduciary Funds

Pension (and Other Employee Benefit) Trust Funds

The Pension (and Other Employee Benefit) Trust Funds account for the activities of the Police Pension Trust Fund and Police Other Postemployment Benefit Trust Fund, which accumulates resources held in trust for pension and other postemployment benefit payments to qualified beneficiaries.

Private-Purpose Trust

The Town's Private-Purpose Trust Funds are used to account for resources legally held in trust for use by parties outside of the Town in accordance with a donor's instructions, and cannot be used at the Town's discretion or to support the Town's general operations. These trusts are for the benefit of local educational organizations, social benefit groups, and other private parties.

Custodial Funds

The Custodial Funds account for assets collected and held by the Town of Bristol, Rhode Island in a fiduciary capacity for individuals, organizations, and other governments.

TOWN OF BRISTOL, RHODE ISLAND
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2025

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

E. Measurement Focus and Basis of Accounting

The accounting and financial reporting treatment is determined by the applicable measurement focus and basis of accounting. Measurement focus indicates the type of resources being measured such as *current financial resources* or *economic resources*. The basis of accounting indicates the timing of recognition in the financial statements of various kinds of transactions or events.

The government-wide, proprietary, and fiduciary fund financial statements are reported using the *economic resources measurement focus* and the *accrual basis of accounting*. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

The governmental fund financial statements are reported using the *current financial resources measurement focus* and the *modified accrual basis of accounting*. Revenues are recognized when they have been earned and they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the Town of Bristol, Rhode Island considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service principal and interest expenditures on general long-term debt as well as expenditures related to compensated absences, and claims and judgments, and postemployment benefits are recognized based on specific accounting rules applicable to each, generally when payment is due. General capital asset acquisitions are reported as expenditures in governmental funds. Issuance of long-term debt arrangements are reported as other financing sources.

Those revenues susceptible to accrual are property taxes, special assessments, federal impact aid, state aid, meals, and hotel taxes collected by the state of Rhode Island (the State) on behalf of the Town, interest and charges for services. Fines, licenses, and permit revenues are not susceptible to accrual because generally they are not measurable until received in cash; therefore, they are recognized when received.

Recognition of grant revenues is based on the susceptibility of accrual as determined by the legal and contractual requirements established by each grantor. For grants not restrictive as to specific purposes and revocable only for failure to comply with general prescribed requirements, revenues are recognized when actually received. Where expenditure is the prime factor in determining eligibility, grant revenue is recognized as allowable expenditures are made provided they are collected during the year or within 60 days subsequent to year-end. Prior to expenditure, proceeds are recorded as deferred inflows of resources.

TOWN OF BRISTOL, RHODE ISLAND
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2025

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

E. Measurement Focus and Basis of Accounting (Continued)

Amounts reported as program revenues include: 1) charges to customers or applicants for goods, services, or privileges provided, 2) operating grants and contributions, and 3) capital grants and contributions. Internally dedicated resources are reported as general revenues rather than program revenues. Likewise, general revenues include all taxes.

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the Sewer Fund are charges to customers for sales and services. Operating expenses for the proprietary funds include the cost of sales and services, administrative expenses, and depreciation of capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

F. Cash and Cash Equivalents

Cash and cash equivalents consist of cash on hand, time and demand deposits, and short-term investments maturing within three months from the date of acquisition.

Under Rhode Island General Law, depository institutions holding deposits of the State, its agencies, or governmental subdivisions of the State shall, at a minimum, insure or pledge eligible collateral equal to 100% of the deposits which are time deposits with maturities greater than 60 days. Any institution not meeting certain minimum capital standards prescribed by federal regulators shall insure or pledge eligible collateral equal to 100% of the deposits, regardless of maturities. The Town complied with these requirements. The Town does not have a deposit policy for custodial credit risk or other risks.

G. Investments

The Town's investment in a certificate of deposit is recorded at cost or amortized cost.

Investments, excluding certificates of deposits, including those held in the Police Pension Trust, are reported at fair value, based on quotations from applicable national securities exchanges. Unrealized gains and losses from changes in fair value are recognized as investment income (loss). The State does not have pertinent laws regarding investments that apply to cities and towns. The Town has an investment policy for custodial credit risk or other risks relating to any investment of taxpayer dollars, except investments in the OPEB Trust. The investment policy applies to investments with a maturity of one year or less, with the primary objective being the preservation of capital. The investment policy authorizes investments in the following instruments: U.S. Treasury Bills, U.S. Treasury Notes or Bonds, U.S. Agency obligations, certificates of deposit, repurchase agreements, commercial paper, Eurodollar time deposits, money market mutual funds, and collective short-term funds.

TOWN OF BRISTOL, RHODE ISLAND
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2025

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

H. Fair Value Measurements

The Town categorizes its fair value measurements within the fair value hierarchy established by U.S. GAAP. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets. Level 2 inputs are inputs, other than quoted prices, that are observable for the asset, either directly or indirectly. Level 3 inputs are unobservable inputs for an asset.

I. Intergovernmental Receivables

Various federal and state grants for operating and capital purposes are applied for and received annually. For nonexpenditure driven grants, receivables are recorded as soon as all eligibility requirements imposed by the provider have been met. For expenditure-driven grants, receivables are recorded when the qualifying expenditures are incurred and all other grants requirements are met.

These receivables are considered 100% collectible; therefore, the Town has not reported an allowance for uncollectible grants.

J. Supplies

The Town maintains an inventory of fuel for use in Town-owned vehicles in various departments. Inventory is maintained on a periodic system and is stated at cost (first-in, first-out method of inventory valuation). Inventories in the governmental funds are recorded as expenditures when consumed.

K. Capital Assets

In the government-wide financial statements, fixed assets are accounted for as capital assets. All capital assets are valued at historical cost or estimated historical cost if actual is unavailable, except for donated capital assets, which are recorded at the price that would be paid to acquire an asset or liquidate a liability at the date of donation (acquisition value).

Capitalizable fixed assets are defined by the Town as assets with an initial, individual cost of \$5,000 or more and an estimated useful life in excess of one year. Major outlays for capital assets and improvements are capitalized as projects are constructed. Interest incurred during the construction phase of capital assets of business-type activities is included as part of the capitalized value of the assets constructed. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized.

TOWN OF BRISTOL, RHODE ISLAND
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2025

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

K. Capital Assets (Continued)

Depreciation of all exhaustible capital assets is recorded as an allocated expense in the statement of activities, with accumulated depreciation reflected in the statement of net position. Depreciation is provided over the assets estimated useful lives using the straight-line method.

The ranges of estimated useful lives by type of asset are as follows:

Land Improvements	15 to 30 Years
Buildings and Improvements	25 to 50 Years
Machinery, Equipment, and Furniture	3 to 30 Years
Vehicles	3 to 25 Years
Sewer Lines	50 to 100 Years
Infrastructure	20 to 65 Years

Capital assets acquired by governmental funds are accounted for as capital outlay expenditures.

L. Interfund Balances

Activity between funds that is representative of lending or borrowing arrangements is reported as either "due to/from other funds". Any residual balances outstanding between the governmental activities and business-type activities are reported in the government-wide financial statements as "internal balances."

M. Long-Term Obligations

Long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund statement of net position. Bond premiums and discounts are amortized over the life of the bonds. Bonds payable are reported net of the applicable bond premium or discount.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

TOWN OF BRISTOL, RHODE ISLAND
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2025

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

N. Compensated Absences

The Town of Bristol, Rhode Island recognizes a liability for compensated absences for leave time that (1) has been earned for services previously rendered by employees, (2) accumulates and is allowed to be carried over to subsequent years, and (3) is more-likely-than-not to be used as time off or settled during or upon separation from employment. Based on the criteria listed, two types of leave qualify for liability recognition for compensated absences – *vacation* and *sick leave*. The liability for compensated absences is reported as incurred in the government-wide and proprietary fund financial statements. A liability for compensated absences is recorded in the governmental funds only if the liability has matured because of employee resignations or retirements. The liability for compensated absences includes salary-related benefits, where applicable.

Vacation

The Town of Bristol, Rhode Island's policy permits employees to accumulate earned but unused vacation benefits, which are eligible for payment at the employee's current pay rate upon separation from employment.

Sick Leave

The Town of Bristol, Rhode Island's policy permits employees to accumulate earned but unused sick leave. All sick leave lapses when employees leave the employ of the Town of Bristol, Rhode Island and, upon separation from service, a percentage of the eligible balance would be eligible for payment at the employee's current pay rate. In addition, for sick time ineligible for payment, a liability for estimated value of sick leave that will be used by employees as time off is included in the liability for compensated absences.

TOWN OF BRISTOL, RHODE ISLAND

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

O. Deferred Inflows and Outflows of Resources

In addition to assets, the statement of net position includes a separate section for deferred outflows of resources. Deferred outflows of resources represent a consumption of net assets that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then. The category of deferred outflows of resources reported in the statement of net position is related to debt refunding, pensions, and other postemployment benefits. The deferred charge on refunding resulted from the difference between the carrying value of refunded debt and its reacquisition price. This amount is deferred and amortized over the shorter of the life of the refunded or refunding debt. The deferred outflows related to pensions and OPEB results from differences between projected and actual earnings on plan investments and changes in actuarial assumptions. The deferred outflows related to contributions will be recognized in the following year while the deferred outflows related to projected and actual earnings will be amortized over the average remaining service life of all plan members.

In addition to liabilities, the statement of net position and the governmental funds balance sheet includes a separate section for deferred inflows of resources. Deferred inflows of resources represent an acquisition of net assets that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. In the government-wide financial statements the deferred inflows of resources related to pensions and OPEB is the difference between projected and actual earnings on pension plan investment and changes in actuarial assumptions. These deferred inflows will be amortized over the average remaining services life of all plan members. The statement of net position and the governmental funds balance sheet also report a deferred inflow of resources related to leases. The lease related deferred inflow of resources is recorded in an amount equal to the corresponding lease receivable plus any payments received at or before the start of the lease term that relates to future periods, less any lease incentives paid to, or on behalf of the lessee at or before the commencement of the lease term. The inflow of resources is recognized in a systematic and rational manner over the term of the lease.

Under the modified accrual basis of accounting, deferred inflows of resources also include revenues not collected within the availability period after the fiscal year-end. The Town of Bristol, Rhode Island has reported deferred inflows of resources related to unavailable revenues for property taxes, grants, and special assessments. These amounts are deferred and will be recognized as an inflow of resources in the period that amounts become available.

TOWN OF BRISTOL, RHODE ISLAND
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2025

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

P. Pension

For purposes of measuring the net pension liability, deferred outflows/inflows of resources, and pension expense, information about the fiduciary net position of the Municipal Employees' Retirement System (MERS) and Police Pension defined benefit plans (collectively, the Plans) and additions to/deductions from the Plans fiduciary net position have been determined on the same basis as they are reported by the Plans. For this purpose, plan contributions are recognized as of employer payroll paid dates and benefit payments and refunds of employee contributions are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

Q. Other Postemployment Benefits (OPEB)

For purposes of measuring the net OPEB liability, deferred outflows/inflows of resources, and OPEB expense, information about the fiduciary net position of the Town OPEB plan and additions to/deductions from the Plans fiduciary net position have been determined on the same basis as they are reported by the Plans. For this purpose, benefit payments are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

R. Leases

A lease is a contract that conveys the control of the right to use another entity's nonfinancial asset (the underlying asset) for a period of time in an exchange or exchange-like transaction. The Town has contracts in which it is a lessee. Lessors recognize a lease receivable and a deferred inflow of resources (not applicable to the Town). Lessees recognize an intangible right to use asset and a lease liability. These transactions are measured at the present value of payments expected to be made during the lease term using the discount rate in the lease. If the lease discount rate cannot be readily determined from the lease, the Town uses its incremental borrowing rate.

A right to use lease asset with a lease term greater than one year and an initial present value over \$5,000 are recorded as intangible assets. Right to use lease assets are amortized over the contract term of the lease. Leases that do not meet these criteria are recognized as current period revenues and expense.

TOWN OF BRISTOL, RHODE ISLAND
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2025

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

S. Fund Balance/Net Position

Government-Wide and Proprietary Fund Financial Statements

The Town of Bristol's net position has been segregated into the following three components:

Net Investment in Capital Assets – Consists of capital assets including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvements of those assets.

Restricted – Assets that have been limited to uses specified either externally by creditors, contributors, laws or regulations of other governments, or internally by enabling legislation or law; reduced by liabilities and deferred inflows of resources related to the restricted assets.

Unrestricted – A residual category for the balance of net position. All other net positions that do not meet the definition of restricted or net investment in capital assets.

When both restricted and unrestricted resources are available for use, it is the Town of Bristol, Rhode Island's policy to use restricted resources first, then unrestricted resources as they are needed.

Governmental fund equity is classified as fund balance. The Town's fund balance is reported in the following categories:

Nonspendable Fund Balance – Amounts that cannot be spent because they are either a) not in spendable form or b) legally or contractually required to be maintained intact (such as corpus of an endowment fund).

Restricted Fund Balance – Amounts that have been restricted to specific purposes either by creditors, grantors, contributors, or laws or regulations of other governments; or imposed by law through constitutional provisions or enabling legislation. The Town's restricted fund balance consists principally of bond funds restricted for capital projects, amounts in permanent funds restricted for specific uses, and grant funds restricted for specific grant expenditures.

Committed Fund Balance – Amounts constrained to specific purposes by the Town, using its highest level of decision-making authority. Commitments will only be used for specific purposes pursuant to a formal action of the Town Council. A majority vote is required to approve, modify, or rescind a fund balance commitment.

TOWN OF BRISTOL, RHODE ISLAND
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2025

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

T. Fund Balance/Net Position (Continued)

Government-Wide and Proprietary Fund Financial Statements (Continued)

Assigned Fund Balance – Amounts that are intended by the Town to be used for specific purposes, but are neither restricted nor committed. The Town Council delegates to the Town Administrator the authority to assign amounts to be used for specific purposes. Such assignments cannot exceed the available (spendable, unrestricted, uncommitted) fund balance in any particular fund.

Unassigned Fund Balance – Amounts available for any purpose; these amounts are reported only in the General fund.

When an expenditure is incurred for purposes for which both restricted and unrestricted fund balance is available, the Town of Bristol, Rhode Island considers restricted funds to have been spent first. When an expenditure is incurred for which committed, assigned, or unassigned fund balances are available, the Town of Bristol, Rhode Island considers amounts to have been spent first out of committed funds, then assigned funds, and finally unassigned funds.

U. Property Taxes

Real and personal property taxes are recognized as revenue in the year they are levied and become available. Taxes are levied in July on (a) 80% of the full and fair value of real and tangible personal property owned within the Town the previous December 31; and (b) the value, as determined by the Rhode Island Vehicle Valuation Commission, of vehicles registered within the Town the previous calendar year, prorated for the actual number of days so registered, reduced by the amount exempt under the Motor Vehicle Phase-Out Program. Taxes levied in July are payable quarterly on August 15, November 15, February 15, and May 15. Taxes due and unpaid after the respective due dates are subject to interest and penalties. Failure to make payments by March 10 may result in a lien on the taxpayer's property. In addition to those receivables specifically identified as uncollectible, a general allowance is established for receivables older than one year.

Once levied, these taxes are recorded as receivables, net of estimated uncollectible amounts. In the governmental fund financial statements, property tax revenues have been recorded using the modified accrual basis of accounting. Under the modified accrual basis, real estate, personal property, and other excise taxes levied are recorded as receivables in the year of the levy and as revenue when collected within the current year or expected to be collected within 60 days after the end of the current year. Taxes not collected within this time period are classified as deferred inflows of resources. Deferred inflows of resources are those where asset recognition has been met for which the revenue recognition criteria have not been met. The government-wide statements recognize property tax revenues when taxes are levied, net of an allowance for doubtful accounts. For 2021, Rhode Island general laws restrict the Town's ability to increase its total tax levy by more than 4.00% over that of the preceding fiscal year.

TOWN OF BRISTOL, RHODE ISLAND
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2025

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

V. Use of Estimates

The preparation of basic financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the basic financial statements. Estimates also affect the reported amounts of revenues, expenditures, and expenses during the reporting period. Actual results could differ from those estimates.

NOTE 2 STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY

A. Budgetary Accounting

In accordance with the Town's Charter, the Town has formally established budgetary accounting control for its General Fund. The General Fund is subject to an annual operating budget legally adopted by the Town Council. The annual operating budget's appropriation amounts are supported by revenue estimates and take into account the elimination of accumulated deficits and the re-appropriation of accumulated surpluses to the extent necessary. The General Fund operating budget is in conformity with the legally enacted budgetary basis, which is not in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) in that budgetary other financing sources include re-appropriations from fund equity previously recognized under U.S. GAAP.

The General Fund annual operating budget is in conformity with the legally enacted budgetary basis. The legally enacted budgetary basis differs from accounting principles generally accepted in the United States (U.S. GAAP) in several regards. Budgets are adopted on the modified accrual basis with certain exceptions. Budgetary revenues may include re-appropriations from fund equity previously recognized under U.S. GAAP. Budgetary expenditures and expenses are recognized when legally binding orders (encumbrances) are placed.

Costs of operations for all departments, offices, and agencies established within the Town Charter must be approved through the annual budget process. These departments are presented within the General Fund municipal budgetary control is legally enforced at the department level. Appropriation transfers between departments require approval by the Town Council. Other appropriation increases require both the establishment of a funding source and passage of a budget amendment ordinance.

TOWN OF BRISTOL, RHODE ISLAND
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2025

NOTE 2 STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY (CONTINUED)

B. Excess of Expenditures over Appropriations

Appropriations in addition to those contained in the annual operating budget require Town Council approval. Amendments to the operating budget that do not result in additional appropriations may be made within departments by means of transfer. Transfers within the department can be approved by the Town Administrator or the Town Council. Transfers made outside the departmental level require Town Council approval. The level at which the General Fund budgeted expenditures may not legally exceed appropriations is at the department level. Unexpended appropriations lapse at fiscal year-end, but unexpended capital and special appropriations have historically been carried forward.

The following General Fund Departments have an excess of expenditures over appropriations:

General Government	\$ 239,841
Public Safety	79,165

C. Deficit Fund Balance

The following individuals funds has unassigned fund deficits as of June 30, 2025:

Special Revenue Funds:	
Special Events	\$ 2,617
University Town Committee	27,068
End of Road - RIIB	26,454
Substance Abuse Task Abuse	26,650
HEZ Program	10,736
Emergency Dialers Program	867
Spay/Neuter	468

Capital Reserve	41,090
Rescue Equipment	5,702
Accounting Systems Conversion	24,802
Harbor Capital	22,120
Road Repair Bonded Projects	359,318
Resiliency Plan	8,691
Band Stand	30
Total	<u>\$ 1,025,531</u>

TOWN OF BRISTOL, RHODE ISLAND
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2025

NOTE 2 STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY (CONTINUED)

C. Deficit Fund Balance (Continued)

The fund deficits will either be funded through external contributions or revenues or by support from the General Fund if needed. Any General Fund support would need to be deliberated by management of the Town with a resolution passed by the Town Council.

NOTE 3 CASH, CASH EQUIVALENTS, AND INVESTMENTS

Cash and Cash Equivalents (Deposits)

At June 30, 2025, the carrying amount of the Town's cash and cash equivalents, including cash with fiscal agents, totaled \$20,769,694, while the bank balances totaled \$18,528,080. Of this amount, \$2,224,414 was insured with FDIC and approximately \$16,303,666 was exposed to custodial credit risk because it was uninsured and collateralized but not in the Town's name.

Investments

The Town measures and records its investments using fair value measurement guidelines established by generally accepted accounting principles (GAAP). These guidelines recognize a three-tiered fair value hierarchy as follows:

Level 1 - Quoted prices for identical investments in active markets,

Level 2 - Observable inputs other than those in Level 1; and

Level 3 - Unobservable inputs.

At June 30, 2025, the Town's categorizations of investment fair value measurements were as follows:

	Fair Value Measurements			Total
	(Level 1)	(Level 2)	(Level 3)	
U.S. Government Securities	\$ 3,128,723	\$ -	\$ -	\$ 3,128,723
U.S. Government Agencies	-	634,501	-	634,501

Common Stock	7,004,392			
Real Estate Investment Trusts	40,701			
Collective Trusts	1,782,303			
Total Investments	<u>\$ 48,510,116</u>			

Interest Rate Risk

Interest rate risk is the risk that changes in market interest rates will adversely affect the fair value of an investment.

The majority of the Town's investments are held in stocks and mutual funds. These investments do not specify an interest rate; rather, the rate of return is dependent on operating results and economic conditions. The remaining investments are in long-term corporate and government bonds which have interest rates that are fixed for long-term periods and are subject to more variability in their fair value as a result of future changes in interest rates.

TOWN OF BRISTOL, RHODE ISLAND
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2025

NOTE 3 CASH, CASH EQUIVALENTS, AND INVESTMENTS (CONTINUED)

Investments (Continued)

Credit Risk

Credit risk is the risk that an issuer of an investment will not fulfill its obligation to the holder of the investment. This is measured by the assignment of a rating by a nationally recognized statistical rating organization to debt securities.

Concentration of Credit Risk

Concentration of credit risk is the risk of loss attributed to the magnitude of the investment in a single issuer. The Town of Bristol, Rhode Island has no investments at June 30, 2025 that were 5% or more invested in any one investment vehicle.

Custodial Credit Risk

Custodial credit risk for deposits is the risk that, in the event of failure of a depository financial institution, a government will not be able to recover its deposits or will not be able to recover collateral securities that are in the possession of an outside party. Custodial credit risk for investments is the risk that, in the event of a failure of the counterparty, the Town will not be able to recover the value of its investments or collateral securities that are in the possession of the outside party. The Town does not believe that it has significant custodial risk with regard to investments as substantially all investments are registered and held in the name of the Town.

NOTE 4 RECEIVABLES

Receivables as of year-end for the Town's individual major funds and nonmajor funds in the aggregate, including the applicable allowances for uncollectible accounts, are as follows:

	General Fund	Sewer	Other Nonmajor Funds	Total
Receivables:				
Taxes	\$ 1,663,545	\$ -	\$ -	\$ 1,663,545

TOWN OF BRISTOL, RHODE ISLAND
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2025

NOTE 5 LEASE RECEIVABLES

The Town, acting as lessor, leases real property under long-term, noncancelable lease agreements. The leases expire at various dates through 2075 if all renewal options are exercised. During the year ended June 30, 2025, the Town recognized \$87,681 and \$534,792 in lease revenue and interest revenue, respectively, pursuant to these contracts.

Total future minimum lease payments to be received under lease agreements are as follows:

<u>Year Ending June 30.</u>	Governmental Activities		
	Principal	Interest	Total
2026	\$ 50,483	\$ 132,650	\$ 183,133
2027	54,404	130,578	184,982
2028	58,670	128,334	187,004
2029	63,354	125,917	189,271
2030	55,541	123,560	179,101
2031-2035	295,927	583,837	879,764

**TOWN OF BRISTOL, RHODE ISLAND
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2025**

NOTE 8 LONG-TERM OBLIGATIONS (CONTINUED)

General Obligation Bonds and Loan Payable

The Town issues general obligation bonds to provide funds for the acquisition and construction of major capital facilities. General obligation bonds have been issued for both general government and proprietary activities; as well as to refund previously outstanding general obligation bonds. General obligation bonds pledge the full faith and credit of the Town.

Rhode Island General Law caps the amount of each municipality's general obligation bonds that may be outstanding to 3% of its assessed property values. Exceptions apply to bonds approved pursuant to special acts or financed from non-tax revenues; additional special exemptions are granted for other purposes as well. The net assessed value of the Town's properties at December 31, 2023 was \$3,622,021,830 limiting the amount of non-excepted general obligation bonds outstanding to \$108,660,655. At June 30, 2025, bonds and loans outstanding totaled \$74,318,623.

Events of default include failure to make principal and interest payments when due, defaults related to the performance or observance of any other covenants, agreements, or conditions that have not been remedied, or the Town's inability to pay its debts. Upon notice of any events of default, all principal and accrued interest may be declared due and payable immediately.

NOTE 9 POSTEMPLOYMENT BENEFITS

A. Plan Description

The Town established the Postemployment Benefits (OPEB) Plan (the Plan) and Trust (the Trust) on December 31, 2006. The Plan, a single-employer defined benefit plan, provides postemployment health care benefits to all Town employees who meet years of service and age requirements and, in some cases, to their surviving spouses, who are eligible under the terms of collective bargaining agreements or personal contracts. The Plan does not issue a stand-alone financial report. The Trust's assets and liabilities at June 30, 2025, and its activity for the year then ended are included in the statements of fiduciary net position and changes in fiduciary net position.

TOWN OF BRISTOL, RHODE ISLAND
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2025

NOTE 9 POSTEMPLOYMENT BENEFITS (CONTINUED)

B. Benefits Provided

The Town provides postemployment health care and dental insurance benefits to its retirees. Employees hired after July 1, 1997, are offered \$50,000 whole life insurance. The Town, through the Trust, pays 100% of the cost of the insurance policies. To be eligible for benefits, an employee must qualify for retirement. All healthcare benefits are provided through the Town of Bristol, Rhode Island's health plan. The benefit levels are the same as those afforded to active employees. Benefits include general inpatient and outpatient medical services; mental, nervous, and substance abuse care; vision care; dental care; and prescriptions. Death benefits are split between the Trust and the employee's estate, with \$15,000 going to the employee's estate if the employee dies in active service; \$10,000 if the employee has retired. The balance is retained by the Trust. For fiscal year 2025, the OPEB benefit payments implicit rate subsidy was \$400,048.

C. Contributions

Employees are required under terms of collective bargaining agreements or personal contracts to contribute to the Trust. The contribution, which ranges from 1% to 1.5% of set salary amounts, is made in the form of payroll deductions.

Employee contributions are recognized in the Trust when withheld from the employees' pay. Employer contributions are recognized in the period to which the contribution relates. Benefit payments are charged to expense in the period paid.

D. Covered Participants

At June 30, 2025, membership consisted of:

Active Employees	121
Inactive or Beneficiaries Receiving Benefits	<u>122</u>
Total	<u><u>243</u></u>

E. Net OPEB Liability

The Town's net OPEB liability was measured as of June 30, 2025, and the total OPEB liability used to calculate the net OPEB liability was determined by an actuarial valuation as of July 1, 2024.

TOWN OF BRISTOL, RHODE ISLAND
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2025

NOTE 9 POSTEMPLOYMENT BENEFITS (CONTINUED)

F. Actuarial Methods and Assumptions

The projection of future benefit payments for an ongoing plan involves estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality and the healthcare cost trend. Amounts determined regarding the funded status of the plan and annual required contributions are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future.

Projections of benefits are based on the substantive plan (the plan as understood by the employer and plan members) and include the types of benefits in force at the valuation date and the pattern of sharing benefit costs between the employer and plan members to that point. The projection of benefits for financial reporting purposes does not explicitly incorporate potential effects of legal or contractual funding limitations on the pattern of cost-sharing between the employer and plan members in the future. Actuarial calculations reflect a long-term perspective. Consistent with that perspective, actuarial methods and assumptions used include techniques that are designed to reduce short-term volatility in actuarial accrued liabilities and the actuarial value of assets. Some key assumptions are as follows:

Description	Assumption
Single Equivalent Discount Rate	6.50%, net of OPEB plan investment expense, including inflation
Inflation	2.50% as of June 30, 2025 and for future periods
Investment Rate of Return	6.50%, net of OPEB plan investment expense, including inflation
Salary Increases	4.25% annually as of June 30, 2025 and for future periods

G. Investment Policy

The long-term expected rate of return on OPEB plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of OPEB plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target allocation and best estimates of arithmetic real rates of return for each major asset class are summarized in the following table:

Portfolio Nominal Mean Return		6.91	6.24
Portfolio Standard Deviation			12.00
Long-Term Expected Rate of Return			6.50

H. Discount Rate

The discount rate used to measure the total OPEB liability was 6.50%. The projection of cash flows used to determine the discount rate assumed that Town contributions will be made at rates equal to the actuarially determined contribution rates. Based on those assumptions, the OPEB plan's fiduciary net position was projected to be available to make all projected OPEB payments for current active and inactive employees. Therefore, the long-term expected rate of return on OPEB plan investments was applied to all periods of projected benefit payments to determine the total OPEB liability.

The following presents the net OPEB liability of the Town, as well as what the Town's net OPEB liability would be if it were calculated using healthcare cost trend rates that are 1-percentage-point lower or 1-percentage-point higher than the current discount rate:

	<u>Impact of 1% Change in Healthcare Trend Rate</u>		
	<u>1% Decrease</u>	<u>Current Trend Rate</u>	<u>1% Increase</u>
Net OPEB Liability	\$ (3,265,382)	\$ (2,235,390)	\$ (1,052,947)

M. Rate of Return

For the year ended June 30, 2025, the annual money-weighted rate of return on investment, net of investment expense was 5.94%. The money-weighted rate of return expresses investment performance, net of investment expense, adjusted for the changing amounts actually invested.

NOTE 10 PENSION PLANS

All eligible employees of the Town are covered by one of four pension plans: the Municipal Employees' Retirement System of the State of Rhode Island (MERS), the Town of Bristol, Rhode Island Police Retirement Plan (Police Plan), the Town of Bristol Fire Retirement Plan (Fire Plan), and the Police Plan covers full-time employees of the Police Department hired prior to March 22, 1998. The MERS Plans cover all other eligible employees. Total covered payroll under the MERS plans during the year ended June 30, 2024, was \$9,536,496.

Municipal Employees' Retirement System (MERS) Plan

A. Plan Description

The Municipal Employees' Retirement System (MERS) – an agent multiemployer defined benefit pension plan – provides certain retirement, disability, and death benefits to plan members and beneficiaries. MERS was established under Rhode Island General Law and placed under the management of the Employee's Retirement System of Rhode Island (ERSRI) Board to provide retirement allowances to employees of municipalities, housing authorities, water and sewer districts, and municipal police and fire persons that have elected to participate. Benefit provisions are subject to amendment by the General Assembly.

MERS issues a publicly available financial report that includes financial statements and required supplementary information. This report may be obtained accessing the ERSRI website at www.ersri.org.

TOWN OF BRISTOL, RHODE ISLAND
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2025

NOTE 10 PENSION PLANS (CONTINUED)

Municipal Employees' Retirement System (MERS) Plan (Continued)

B. Benefits Provided

General employees, police officers, and firefighters employed by electing municipalities participate in MERS. Eligible employees become members at their date of employment. Anyone employed by a municipality at the time the municipality joins MERS may elect not to be covered. Elected officials may opt to be covered by MERS. Employees covered under another plan maintained by the municipality may not become members of MERS. Police officers and/or firefighters may be designated as such by the municipality, in which case the special contribution and benefit provisions described below will apply to them, or they may be designated as general employees with no special benefits. Members designated as police officers and/or firefighters are treated as belonging to a unit separate from the general employees, with separate contribution rates applicable.

Salary

Salary includes the member's base earnings plus any payments under a regular longevity or incentive plan. Salary excludes overtime, unused sick and vacation leave, severance pay, and other extraordinary compensation. Certain amounts that are excluded from taxable wages, such as amounts sheltered under a Section 125 plan or amounts picked up by the employer under Internal Revenue Code (IRC) Section 414(h), are not excluded from salary.

Service

Employees receive credit for service while a member. In addition, a member may purchase credit for certain periods by making an additional contribution to purchase the additional service. Special rules and limits govern the purchase of additional service and the contribution required.

Final Compensation

Prior to July 1, 2012 and for general employee members eligible to retire as of June 30, 2012, the average was based on the member's highest three consecutive annual salaries. Effective July 1, 2012, the average was based on the member's highest five consecutive annual salaries. Once a member retires or is terminated, the applicable Final Average Compensation (FAC) will be the greater of the member's highest three year FAC as of July 1, 2012 or the five year FAC as of the retirement/termination date. For members retiring after July 1, 2024, retiree benefit amounts are based on the average three consecutive years of compensation. Monthly benefits are based on one-twelfth of this amount.

NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2025**

NOTE 10 PENSION PLANS (CONTINUED)

Municipal Employees' Retirement System (MERS) Plan (Continued)

B. Benefits Provided (Continued)

General Employees

Members with less than five years of contributory service as of June 30, 2012, and members hired on or after that date are eligible for retirement on or after their Social Security normal retirement age (SSNRA).

Members who had at least five years of contributory service as of June 30, 2012, will be eligible for retirement at an individually determined age. This age is the result of interpolating between the member's prior Retirement Date, described below, and the retirement age applicable to members hired after June 30, 2012 as described above. The interpolation is based on service as of June 30, 2012, divided by projected service at the member's prior Retirement Date. The minimum retirement age is 59.

Members with 10 or more years of contributory service on June 30, 2012 may choose to retire at their prior Retirement Date if they continue to work and contribute until that date. If this option is elected, the retirement benefit will be calculated using the benefits accrued as of June 30, 2012, i.e., the member will accumulate no additional defined benefits after this date, but the benefit will be paid without any actuarial reduction.

Effective July 1, 2015, members will be eligible to retire with full benefits at the earlier of their current Rhode Island Retirement Security Act (RIRSA) date described above or upon the attainment of age 65 with 30 years of service, age 64 with 31 years of service, age 63 with 32 years of service, or age 62 with 33 years of service.

A member who is within five years of reaching their retirement eligibility date and has 20 or more years of service, may elect to retire at any time with an actuarially reduced benefit.

Prior to July 1, 2012, members were eligible for retirement on or after age 58 if they had credit for 10 or more years of service, or at any age if they had credit for at least 30 years of service. Members eligible to retire before July 1, 2012 were not impacted by the changes to retirement eligibility above.

The annual benefit is equal to 2.00% of the member's monthly FAC for each year of service prior to July 1, 2012 and 1.00% of the member's monthly FAC for each year of service from July 1, 2012 through June 30, 2015. For all service after June 30, 2015, the annual benefit is equal to 1.0% per year unless the member had 20 or more years of service as of June 30, 2012 in which case the benefit accrual is 2.0% per year for service after June 30, 2015. The benefit cannot exceed 75% of the member's FAC. Benefits are paid monthly.

**TOWN OF BRISTOL, RHODE ISLAND
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2025**

NOTE 10 PENSION PLANS (CONTINUED)

Municipal Employees' Retirement System (MERS) Plan (Continued)

B. Benefits Provided (Continued)

Police and Fire Employees

Members are eligible to retire when they are at least 50 years old and have a minimum of 25 years of contributing service or if they have 27 years of contributing service at any age. Members with less than 25 years of contributing service are eligible for retirement on or after their Social Security normal retirement age.

Members who, as of June 30, 2012, had at least 10 years of contributing service, had attained age 45, and had a prior Retirement Date before age 52 may retire at age 52.

Active members on June 30, 2012 may choose to retire at their prior Retirement Date if they continue to work and contribute until that date. If option is elected, the retirement benefit will be calculated using the benefits accrued as of June 30, 2012, i.e., the member will accumulate no additional defined benefits after this date, but the benefit will be paid without any actuarial reduction.

A member who is within five years of reaching their retirement eligibility date, as described in this section, and has 20 or more years of service, may elect to retire at any time with an actuarially reduced benefit.

Prior to July 1, 2012, members designated as police officers or firefighters were eligible for retirement at or after age 55 with credit for at least 10 years of service or at any age with credit for 25 or more years of service. Members were also eligible to retire and receive a reduced benefit if they are at least age 50 and have at least 20 years of service. If the municipality elected to adopt the 20-year retirement provisions for police officers and/or firefighters, then such a member was eligible to retire at any age with 20 or more years of service. Members eligible to retire before July 1, 2012 were not impacted by the changes to retirement eligibility above.

A monthly benefit is paid equal to 2.00% of the member's monthly FAC for each year of service, up to 37.5 years (75% of FAC maximum).

If the optional 20-year retirement provisions were adopted by the municipality prior to July 1, 2012: benefits are based on 2.50% of the member's FAC for each year of service prior to July 1, 2012 and 2.00% of the member's FAC for each year of service after July 1, 2012. The benefit cannot exceed 75% of the member's FAC.

Active members (including future hires), members who retire after July 1, 2015 and after attaining age 57 with 30 years of service will have a benefit equal to the greater of their current benefit described in (a) and (b) below and one calculated based on a 2.25% multiplier for all years of service.

**TOWN OF BRISTOL, RHODE ISLAND
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2025**

NOTE 10 PENSION PLANS (CONTINUED)

Municipal Employees' Retirement System (MERS) Plan (Continued)

B. Benefits Provided (Continued)

Other Benefit Provisions

Death and disability benefits are also provided to members. A member is eligible for a disability retirement provided he/she has credit for at least five years of service or if the disability is work-related. Members are not eligible for an ordinary disability benefit if they are eligible for unreduced retirement.

Joint and survivor benefit options are available to retirees. For some employees, a Social Security Option is also available where an annuity is paid at one amount prior to age 62, and at a reduced amount after age 62, designed to provide a level total income when combined with the member's age 62 Social Security benefit. Benefits cease upon the member's death.

Postretirement benefit increases are paid to members who retire after June 30, 2012. Members will be eligible to receive cost of living increases at the later of the member's third anniversary of retirement and the month following their SSNRA (age 55 for members designated as police officers and/or firefighters). When a municipality elects coverage, it may elect either COLA C (covering only current and future active members and excluding members already retired) or COLA B (covering current retired members as well as current and future active members).

Cost-of-living adjustments (COLA) are provided to retirees based on statutory provisions (Section 36-10-35 of the Rhode Island General Laws). For members and/or beneficiaries of members who retired on or before June 30, 2012, cost-of-living adjustments are computed annually. For members retiring on or after July 1, 2012, 25% (or 1/4th) of the cost-of-living adjustment is computed annually until the plan reaches a 75% funded status. The full benefit adjustment is reinstated for all members upon the plan reaching the 75% funded status.

- a. Effective July 1, 2015, the COLA is determined based on 50% of the plan's five-year average investment rate of return less 5.5% limited to a range of 0.0% to 4.0%, plus 50% of the lesser of 3.0% or last year's CPI-U increase for a total maximum increase of 3.50%. Previously, it was the plan's five-year average investment rate of return less 5.5% limited to a range of 0.0% to 4.0%.
- b. The COLA will be limited to the first \$25,000 of the member's annual pension benefit. For retirees and beneficiaries who retired on or before July 1, 2015, years in which a COLA is payable based on the every fourth year provision described in (a) above will be limited to the first \$30,000. These limits will be indexed annually to increase in the same manner as COLAs, with the known values of \$27,901 for 2022, \$28,878 for 2023 and \$29,776 for 2024.

**TOWN OF BRISTOL, RHODE ISLAND
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2025**

NOTE 10 PENSION PLANS (CONTINUED)

Municipal Employees' Retirement System (MERS) Plan (Continued)

C. Employees Covered by Benefit Terms

At the June 30, 2023 valuation date, the following employees were covered by the benefit terms:

	General	Police	Fire
Retirees and Beneficiaries	77	2	3
Active Members	94	40	4
Inactive, Nonretired Members	37	7	-
Total	208	49	7

D. Contributions

The amount of employee and employer contributions have been established under Rhode Island General Law Chapter 45-21. General employees with less than 20 years of service as of June 30, 2012 are required to contribute 1% of their salaries. General employees with more than 20 years of service as of June 30, 2012 are required to contribute 8.25%. Public safety employees are required to contribute 9% of their salaries. The Town of Bristol contributes at a rate of covered employee payroll as determined by an independent actuary on an annual basis. The General Assembly can amend the amount of these contribution requirements. The Town of Bristol contributed \$1,174,114, \$1,081,643, 1,166,706 for 2025, 2024, and 2023, respectively.

E. Net Pension Liability (Asset)

The total pension liability was determined by actuarial valuations performed as of June 30, 2023 and rolled forward to June 30, 2024, using the following actuarial assumptions, applied to all periods included in the measurement.

Actuarial Cost Method	Entry Age Normal
Amortization Method	Level percentage of payroll, closed
Investment Rate of Return	7.00%
Projected Salary Increases	3.00% to 14.0%
Inflation	2.50%
Mortality	Male Employees: PUB(10) Median Table for Healthy General Employee Males, loaded by 115%, projected with Scale Ultimate MP16 Female Employees: PUB(10) Median Table for Healthy General Employee Femals, loaded by 111%, projected with Scale Ultimate MP16

TOWN OF BRISTOL, RHODE ISLAND
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2025

NOTE 10 PENSION PLANS (CONTINUED)

Municipal Employees' Retirement System (MERS) Plan (Continued)

E. Net Pension Liability (Asset) (Continued)

The actuarial assumptions used in the calculation of the total pension liability at June 30, 2024 measurement date were based on the 2023 Actuarial Experience Investigation Study for the six-year period ended June 30, 2022 as approved by the System's Board on May 17, 2023.

The long-term expected rate of return best-estimate on pension plan investments was determined by the actuary using a building-block method. The actuary started by calculating best-estimate future expected real rates of return (expected returns net of pension plan investment expense and inflation) for each major asset class, based on a collective summary of capital market expectations from 40 sources. The June 30, 2024 expected arithmetic returns over the long-term (20 years) by asset class are summarized in the following table:

Asset Class	Target Allocation	Long-Term Expected Real Rate of Return
Global Equity:		
U.S. Equity	25.90 %	5.98 %
International Developed Equity	10.00	6.47
International Emerging Markets	4.10	8.10
Private Growth:		
Private Equity	12.50	9.37
Non-Core Real Estate	2.50	4.92
Income:		
Equity Options	2.00	5.69
Liquid Credit	5.00	4.36
Private Credit	3.00	4.36
Collateralized Loan Obligations	2.00	4.36
Crisis Protection Class:		
Treasury Duration	5.00	1.00
Systematic Trend	5.00	4.02
Inflation Protection:		
Core Real Estate	4.00	4.92
Private Infrastructure	4.00	6.02
Volatility Protection:		
IG Fixed Income	3.25	2.60
Securitized Credit	3.25	2.60
Absolute Return	6.50	4.02
U.S. REITs	2.00	1.00
Total	100.00 %	

TOWN OF BRISTOL, RHODE ISLAND
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2025

NOTE 10 PENSION PLANS (CONTINUED)

Municipal Employees' Retirement System (MERS) Plan (Continued)

E. Net Pension Liability (Asset) (Continued)

These return assumptions are then weighted by the target asset allocation percentage, factoring in correlation effects, to develop the overall long-term expected rate of return best-estimate on an arithmetic basis.

F. Discount Rate

The discount rate used to measure the total pension liability of the plans was 7.0%. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current contribution rate and that contributions from the employers will be made at statutorily required rates, actuarially determined. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

	General	Police	Fire
Pension Liability:			
Balances as of July 1, 2023	\$ 27,858,931	\$ 13,786,445	\$ 1,175,087

Defined Contribution Plan

A. Plan Description

Employees participating in the General and Police Units of the MERS Plan, as described previously, may also participate in a defined contribution plan authorized by State of Rhode Island General Law Chapter 36-10.3. The defined contribution plan is established under Internal Revenue Service (IRS) section 401(a) and is administered by TIAA-CREF. Employees may choose among various investment options available to plan participants.

Employees in the General Unit contribute 5% of their annual covered salary and the employer contributes 1.25% or 1.50% of annual covered salary based on years of service. Employees in the Police and Fire Units contribute 3% of their annual covered salary and the employer contributes 3% of annual covered salary.

Employee contributions are immediately vested while employer contributions are vested after three years of contributory service. Benefit terms and contributions required under the plan by both the employee and employer are established by the General Laws, which are subject to amendment by the General Assembly.

Amounts in the defined contribution plan are available to participants in accordance with IRS guidelines for such plans.

The Town recognized pension expense for the defined contribution plan of \$178,880 for the fiscal year ended June 30, 2025.

NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2025**

NOTE 10 PENSION PLANS (CONTINUED)

Police Plan

A. Plan Description

The Town administers and contributes to the Police Plan, a single-employer public employee retirement plan. The assets of the Police Plan are held in a Trust which is reported as a fiduciary fund in the accompanying financial statements. The Police Plan was established by the Town in accordance with the Town Charter. The Town's payroll for employees covered by the Police Plan for the year ended June 30, 2025, was \$-0-.

Retirees and Beneficiaries	42
Terminated Vested and Other Inactive	-
Active Members	-
Total	<u><u>42</u></u>

B. Benefits Provided

All full-time employees of the Police Department hired prior to March 22, 1998, were eligible to participate in the Police Plan. The Police Plan provides retirement benefits as well as death and disability benefits. Participants in the Police Plan were eligible for retirement at the completion of 20 or more years of service. The normal retirement benefit is 60% of average monthly salary for the two consecutive years which results in the highest salary, and 1% of average monthly salary for each completed year of service in excess of 20 years to the maximum of 10 additional years. Average monthly salary is base pay plus longevity and holiday pay. The retirement benefit for late retirement is the same as above, except that salary and years of service are recognized to late retirement date (maximum of 30 years). Participants are eligible for disability benefits after ten years of service or immediately if the disability results from performance of duties. The benefit is 75% of average monthly salary and will be adjusted annually on July 1 each year by a 3% cost-of-living adjustment. Upon reaching normal retirement date, the disability benefit will cease and the retirement benefit based on the accrued benefit at the time of disability will begin.

Eligibility for pre-retirement survivor's benefits is death as a result of performance of duties or completion of at least five years of service. The spouse is entitled to 67.5% of the accrued benefit; children are entitled to 22.5% until the earliest of the child's 22nd birthday, unless disabled, or marriage of the child. If the spouse is more than three years younger than the participant, the survivor's benefit is reduced to the actuarial equivalent of a survivor's benefit where the spouse is precisely three years younger. A maximum of three children is eligible to receive benefits for each death claim.

TOWN OF BRISTOL, RHODE ISLAND
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2025

NOTE 10 PENSION PLANS (CONTINUED)

Police Plan (Continued)

B. Benefits Provided (Continued)

Eligibility for post-retirement survivor's benefits is if death occurs after retirement. The spouse is entitled to 67.5% of the normal retirement benefit; children are entitled to 22.5% (i.e., one-third of 67.5%) until the earliest of the child's 22nd birthday, discontinuance of school attendance, unless disabled, or marriage. If the spouse is more than three years younger than the participant, the survivor's benefit is reduced to the actuarial equivalent of a survivor's benefit where the spouse is precisely three years younger. A maximum of three children is eligible to receive benefits for each death claim.

An additional death benefit is given if death occurs after the participant's actual retirement date.

A participant is eligible for severance benefits for less than 10 years of service. The benefit is the greater of the participant's accumulations or two weeks' pay for each year of service.

Participants are eligible for vested severance benefits after 10 years of service. The benefit is the greater of the normal retirement benefit reduced by the ratio of actual years of service at date of termination over total years of service the participant would have worked had they continued working to their normal retirement date, or the greater of three weeks' pay for each year of service or the total of their contributions to the fund with interest at 3%.

All participants retiring on and after April 1, 1998, will be eligible for annuity payments with an annual 3% cost-of-living adjustment. The cost-of-living increase is payable on July 1 of each year.

C. Contributions

Total contributions to the Police Plan during the year ended June 30, 2025, amounted to \$1,890,546 made by the Town, of which \$1,890,546 were required to be made by the Town. For the year ended June 30, 2025, there was no covered payroll under this plan. Administrative costs are included in the actuarial valuation as part of the normal cost and are financed through contributions.

**TOWN OF BRISTOL, RHODE ISLAND
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2025**

NOTE 10 PENSION PLANS (CONTINUED)

Police Plan (Continued)

D. Receivables

Employer and Employee contributions for the month of June in the current fiscal year are made in July of the following fiscal year and are included in plan assets.

E. Actuarial Assumptions

The total pension liability was determined by actuarial valuations performed as of July 1, 2024, and rolled forward to June 30, 2025, using the following actuarial assumptions applied to all periods included in the measurement.

The Town's contribution to the Police Plan was determined as part of the July 1, 2023, actuarial valuation using the entry age normal actuarial cost method. Normal cost is funded on a current basis. The unfunded actuarial accrued liability is funded over a decreasing 20-year period. The amortization period remaining on the unfunded actuarial accrued liability at July 1, 2024, was 10 years. Periodic contributions for both normal cost and the amortization of the unfunded actuarial accrued liability are based on the level percentage of payroll method. The actuarial assumptions included (a) 6.5% interest compounded annually, (b) cost-of-living adjustments of 3.00%, and (c) inflation of 2.5%.

Periodic contributions for both normal cost and the amortization of the unfunded actuarial accrued liability are based on the level percentage of payroll method. The actuarial assumptions included:

Inflation	2.50%
Salary Increases	N/A
Cost-of-Living Adjustments	3.00%
Investment Rate of Return	6.50%

The assumptions did not include post-retirement health insurance benefit increases, which are funded by the Town on a pay-as-you-go basis. The asset valuation method used is designed to stabilize the investment yield credited for actuarial valuation purposes. The method does not distinguish investment yield by source such as interest, dividends or realized or unrealized capital gains. Investment yield variances from the expected yield, the valuation interest rate applied to market value, are spread over five years. Assets used for valuation purposes are equal to the market value. The most recent valuation was performed on July 1, 2024. Mortality rates were based on PUBS-2010 mortality with generational projection per the MP-2021 ultimate scale.

**TOWN OF BRISTOL, RHODE ISLAND
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2025**

NOTE 10 PENSION PLANS (CONTINUED)

Police Plan (Continued)

F. Investment Rate of Return

For the year ended June 30, 2025, the annual money-weighted rate of return on Police Plan investments, net of investment expense, was 10.46%. The money-weighted rate of return expresses investment performance, net of investment expense, adjusted for the changing amounts actually invested.

G. Investment Policy

The long-term expected rate of return on Police Plan investments was determined using a building block method on which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return and by adding expected inflation. Best estimates of arithmetic rates of return for each major asset class included in the Police Plan's target allocation as of June 30, 2025, are summarized in the following table:

Asset Class	Target Allocation	Long-Term Expected Arithmetic Real Rate of Return	Long-Term Expected Geometric Real Rate of Return
U.S. Cash	2.00 %	0.83 %	0.80 %
U.S. Core Fixed Income	26.50	2.35	2.20
U.S. High Yield Bonds	6.50	4.03	3.48
U.S. Large Caps	21.00	5.39	3.78
U.S. Equity Market	13.50	5.48	3.76
Foreign Developed Equity	9.00	6.61	4.79
Emerging Markets Equity	8.00	8.78	5.73
U.S. REITs	3.50	6.71	4.46
Non-U.S. REITs	5.00	7.10	4.76
Master Limited Partnerships	5.00	6.91	3.63
Total	<u>100.00 %</u>		
Assumed Inflation - Mean		2.50	2.50
Assumed Inflation - Standard Deviation		1.47	1.47
Portfolio Real Mean Return		5.01	4.22
Portfolio Nominal Mean Return		7.51	6.82
Portfolio Standard Deviation			12.19

TOWN OF BRISTOL, RHODE ISLAND
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2025

NOTE 10 PENSION PLANS (CONTINUED)

Police Plan (Continued)

H. Discount Rate

The discount rate used to measure the total pension liability was 6.50%. The projection of cash flows used to determine the discount rate assumed the Town contributions will continue to follow the current funding policy. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

K. Sensitivity of the Net Pension Liability to Changes in the Discount Rate

The following presents the net pension liability, calculated using the discount rate of 6.50%, as well as what the Town's net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (5.50%) or 1-percentage-point higher (7.50%) than the current rate:

	1% Decrease (5.50%)	Current Discount Rate (6.50%)	1% Increase (7.50%)
Plan's Net Pension Liability	\$ 10,730,215	\$ 6,605,301	\$ 3,237,511

L. Annual Pension Cost

The actuarially determined employer contribution requirement of \$1,890,546 was determined as described above and was based on an actuarial valuation as of July 1, 2023. The contribution consists of normal cost plus past service costs and one year of interest at 6.50%.

Aggregate Pension Amounts Reported in the Financial Statements

As required by GASB Statement No. 68, *Accounting and Financial Reporting for Pensions and amendment of GASB Statement No. 34*, the table below presents the aggregate amount of pension expense, pension liabilities (assets), and deferred inflows and outflows for the defined benefit plans of the Town of Bristol, Rhode Island.

NOTE 12 TAX STABILIZATION AGREEMENTS

The Town offers an economic growth tax stabilization agreement through Town Ordinance Section 27-5. The agreement is offered to new and improved commercial and manufacturing businesses in an effort to encourage employment and economic growth in the Town.

**TOWN OF BRISTOL, RHODE ISLAND
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2025**

NOTE 12 TAX STABILIZATION AGREEMENTS (CONTINUED)

The Town Council, in its sole discretion, is authorized but not required to phase in over a period of up to five years, but not more than 10 years, the taxes due on certain commercial and industrial properties. The exemption schedule is as follows:

Year of Exemption	Five-Year Program: Percent Exempt from Taxation	Ten-Year Program: Percent Exempt from Taxation
Year 1	100 %	90 %
Year 2	90	80
Year 3	80	70
Year 4	70	60
Year 5	60	50
Year 6		40
Year 7		30
Year 8		20
Year 9		10
Year 10		0

The exemption begins on December 31 following the post-construction review and issuance of the certificate of occupancy. The value must be greater than \$250,000 and the improvement must represent greater than 50% of the assessed value of the existing building or structure. The stabilization program is not available for residential properties. There is one property that has entered into the current stabilization program, which became effective July 8, 2015.

There are three properties under the prior stabilization program, which was amended on July 8, 2015. While this program had primarily the same purpose, there was a requirement for the subject property to be in need of substantial rehabilitation and/or new construction and/or vacant for a period of 12 months prior to executing the agreement. A five-year option was provided for properties where the value of the improvement was 25% or more of the existing assessed value, up to \$500,000. A 10-year option was provided for properties where the value of the improvement was greater than \$500,000.

TOWN OF BRISTOL, RHODE ISLAND
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2025

NOTE 12 TAX STABILIZATION AGREEMENTS (CONTINUED)

The prior stabilization program schedule was as follows:

Year of Exemption	Five-Year Program: Percent Exempt from Taxation	Ten-Year Program: Percent Exempt from Taxation
Year 1	100 %	100 %
Year 2	90	90
Year 3	80	80
Year 4	70	70
Year 5	60	60
Year 6		50
Year 7		40
Year 8		30
Year 9		20
Year 10		10
Year 11		0

Under both stabilization programs, taxes are reduced through a reduction in assessed value. Under the prior agreement, the Town Council reserved the right to revoke the stabilization at any time. The current agreement allows for revocation by the Town Council only due to tax delinquency or in the event of fraud or misrepresentation. The following chart provides information on the stabilization agreements in place as of June 30, 2025:

Purpose for Stabilization Agreement	Stabilization Agreement	Starting Year	Term of Agreement	Amount of Taxes Abated During the Fiscal Year
Demolition of Blighted Building/New Construction:				
Incubator Space for New Businesses	Pre-July 8, 2015	2015	10 Years	\$ 1,765
New Construction:				
Commercial Business	Post-July 8, 2015	2015	10 Years	829
Commercial Rental Space:				
Demolition of Building New Construction	Post-July 8, 2015	2019	10 Years	3,637
Improvement/Rehabilitation of Blighted Buildings	Post-July 8, 2015	2022	10 Years	5,092

Improvement/Rehabilitation of Blighted Buildings	Post-July 8, 2015	2022	10 Years	14,002
Total				<u>\$ 32,388</u>

TOWN OF BRISTOL, RHODE ISLAND
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2025

NOTE 13 RISK MANAGEMENT

The Town is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors or omissions; and natural disasters. As a result, the Town participates in a nonprofit, public entity risk pool (Rhode Island Interlocal Risk Management Trust, Inc.) (the Trust) which provides coverage for property/liability and workers' compensation claims. Upon joining the Trust, the Town signed a participation agreement which outlines the rights and responsibilities of both the Trust and the Town. The agreement states that for premiums paid by the Town, the Trust will assume financial responsibility for the Town's losses up to the maximum amount of insurance purchased, minus the Town's deductible amounts. The Trust provides this insurance coverage through a pooled, self-insurance mechanism which includes reinsurance purchased by the Trust to protect against large, catastrophic claims above the losses the Trust retains internally for payment from the pooled contributions of its members. Under the participation agreement, the Town is insured for a maximum of \$3,000,000 per occurrence (\$5,000,000 for workers' compensation claims). Settled claims resulting from these risks have not exceeded the Trust coverage in any of the past three fiscal years. There were no significant reductions in insurance coverage during the year ended June 30, 2025.

NOTE 14 COMMITMENTS AND CONTINGENCIES

The Town also participates in the Health Pool (the Pool), a nonprofit, public entity risk pool which provides programs of liability, workers' compensation, and health insurance coverage to Rhode Island cities, towns, and other governmental units. Upon joining the Pool, members execute a member agreement. That document, pursuant to which the Pool was established and operates, outlines the rights and responsibilities of both the members and the Pool. Members of the Pool participate in the Pool's health insurance plan administered through the Trust and Blue Cross Blue Shield of Rhode Island (BCBSRI). Using the rate calculations prepared by BCBSRI, the Pool sets annual contribution rates for the subscribers of each member for each program offered. The Pool agreement requires that those contribution rates be set at a level sufficient, in the aggregate, to satisfy the funding requirements of the Pool. The contributions of each member are deposited into the General Fund and are used to pay for claims, reinsurance and all administrative expenses.

Under the terms of federal and state grants, periodic compliance audits by the grantors or their representatives are required; consequently, certain costs may be questioned as not being appropriate and may result in reimbursement to the grantor agencies. The amount, if any, of expenditures which may be disallowed by the granting agencies cannot be determined at this time. Town officials believe that such disallowances, if any, would not be material.

The Town is a defendant in various lawsuits. Although the outcome of these lawsuits is not presently determinable, in the opinion of the Town's attorney's, the resolution of these matters will not have a material adverse effect on the financial condition of the Town.

TOWN OF BRISTOL, RHODE ISLAND
NOTES TO FINANCIAL STATEMENTS

TOWN OF BRISTOL, RHODE ISLAND
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2025

NOTE 16 ACCOUNTING CHANGES AND ERROR CORRECTIONS

During fiscal year 2025, changes to or within the financial reporting entity, error corrections and the change in accounting principle for the implementation of GASB Statement No. 101, *Compensated Absences*, resulted in adjustments to and restatements of beginning net position and fund balance as follows:

	Government-Wide Financial Statements		General Fund	Sewer Enterprise Fund
	Governmental Activities	Business-Type Activities		
Net Position/Fund Balance as Previously Reported at July 1, 2024	\$ 48,099,082	\$ 23,295,604	\$ 12,357,109	\$ 23,295,604
Adjustment:				
Implementation of GASB Statement No. 101	(1,033,837)	-	-	-
To Record GASB 87 Lease Receivables Not Previously Recorded	108,898	-	108,898	-
Adjustment to Correct the Balance of Capital Assets	(456,078)	322,179	-	322,179
To Record the Enterprise Capital Fund Not Previously Reflected in the Financial Statements	-	207,521	-	207,521
Restatement to Properly Allocate Net OPEB Asset and Related Deferred Inflows and Outflows to Governmental Activities	(164,404)	-	-	-
Restatement Due to Debt Being Recorded Net of Related Unspent Debt Proceeds in the Prior Year	(807,271)	-	-	-
Restatement to Unamortized Bond Premium Using the Effective Interest Method	381,224	-	-	-
Beginning Balance, July 1, 2024, Restated	<u>\$ 46,127,614</u>	<u>\$ 23,825,304</u>	<u>\$ 12,466,007</u>	<u>\$ 23,825,304</u>

Change in Accounting Principle

Effective July 1, 2024, the Town implemented GASB Statement No. 101, *Compensated Absences*. This statement updated the recognition and measurement guidance for compensated absences and associated salary-related payments and amended certain previously required disclosures. As a result of the implementation of this standard, the compensated absence liability as of July 1, 2024, was understated by \$1,033,837 in the governmental activities. The effect of the implementation of this standard is shown in the table above.

Correction of Errors in Previously Issued Financial Statements

During fiscal year 2025, the Town determined that transactions qualifying as leases under GASB Statement No. 87, *Leases*, entered into during prior years should have been recorded as a lease receivable and deferred inflow in the governmental funds. Therefore, in the general fund, the fund balance was understated by \$108,898 and the governmental activities net position was understated by the same amount. The effect of correcting that error is shown in the table above.

During fiscal year 2025, the Town determined that the amounts reported as beginning balance for capital assets, net of accumulated depreciation, did not agree to the Town's records. The net position of the sewer enterprise fund and business-type activities were understated by \$322,179 and the net position of the governmental activities were overstated by \$456,078. The effect of correcting that error is shown in the table above.

**TOWN OF BRISTOL, RHODE ISLAND
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2025**

NOTE 16 ACCOUNTING CHANGES AND ERROR CORRECTIONS (CONTINUED)

Correction of Errors in Previously Issued Financial Statements (Continued)

During fiscal year 2025, the Town determined that the enterprise capital fund was omitted from prior years' financial statements and should have been presented with the activity of the sewer fund and business-type activities. The net position of the sewer fund and business-type activities was understated by \$207,521. The effect of correcting that error is shown in the table above.

During fiscal year 2025, the Town determined that the net OPEB asset and related deferred inflows and outflows were not properly allocated between the governmental activities and business-type activities in the prior year. The net position of the governmental activities was overstated by \$164,408. The effect of correcting that error is shown in the table above.

During fiscal year 2025, the Town determined that in the prior year, undrawn loan proceeds were incorrectly presented net of the related debt rather than at gross value. The net position of the governmental activities was overstated by \$807,271. The effect of correcting that error is shown in the table above.

During fiscal year 2025, the Town determined that outstanding bond premium was previously being amortized using a method other than the effective interest method in accordance with GASB Statement No. 34. Therefore, the beginning net position of the governmental activities was understated by \$381,224. The effect of correcting that error is shown in the table above.

NOTE 17 SUBSEQUENT EVENTS

Management has evaluated subsequent events through the report date June 3, 2026. No material events have occurred that require disclosure.

TOWN OF BRISTOL, RHODE ISLAND
NOTE TO BUDGETARY COMPARISON SCHEDULE
JUNE 30, 2025

NOTE 1 BUDGETARY PREPARATION AND BUDGETARY BASIS OF ACCOUNTING

In accordance with the Town's Charter, the Town has formally established budgetary accounting control for its General Fund. The General Fund is subject to an annual operating budget legally adopted by the Town Council. The annual operating budget's appropriation amounts are supported by revenue estimates and take into account the elimination of accumulated deficits and the re-appropriation of accumulated surpluses to the extent necessary. The General Fund operating budget is in conformity with the legally enacted budgetary basis, which is not in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) in that budgetary other financing sources include Re-appropriations from fund equity previously recognized under U.S. GAAP.

The following reconciliation summarizes the difference between budgetary and GAAP basis accounting principles for the year ended June 30, 2025:

Excess of Revenues and Other Financing	
Sources (Uses) Over Expenditures	\$ 375,975
Unbudgeted Activity:	
Gooding/Hope	(91,008)
Severance	3,007
Revaluation	(9,393)
Police Patrol Boat	24,600
DPW Scrap	(42,485)
Fire Prevention	4,314
Tent Inspection	351
CPR	933
Hazmat Fees	(1,424)
Police M/V Detail	(110,033)
GASB 87	55,431
Expenditures Budgeted for Other Funds	<u>8,877</u>
Excess of Revenues and Other Financing	
Sources (Uses) Over Expenditures (GAAP)	<u>\$ 219,145</u>

Appropriations in addition to those contained in the annual operating budget require Town Council approval. Amendments to the operating budget that do not result in additional appropriations may be made within departments by means of transfer. Transfers within the department can be approved by the Town Administrator or the Town Council. Transfers made outside the departmental level require Town Council approval. The level at which the General Fund budgeted expenditures may not legally exceed appropriations is at the department level. Unexpended appropriations lapse at fiscal year-end, but unexpended capital and special appropriations have historically been carried forward.

TOWN OF BRISTOL, RHODE ISLAND
NOTES TO REQUIRED SUPPLEMENTARY INFORMATION
MERS MUNICIPAL PLAN
JUNE 30, 2025

The amounts presented for each fiscal year were determined as of the June 30 measurement date prior to the fiscal year-end. The schedules are intended to show information for 10 years; additional years will be displayed as they become available.

Employers participating in the MERS Employees' Retirement System (MERS) are required by Rhode Island General Laws (RIGL), Section 45-21-42, to contribute an actuarially determined contribution rate each year. Employers participating in the State Employees' Retirement System (ERS) are required by RIGL, Section 36-10-2, to contribute an actuarially determined contribution rate each year. Employers participating in the Teachers' Survivors Benefit Plan (TSB) contribute at a rate established by RIGL, Section 16-16-35.

Change in benefit provisions:

June 30, 2024 measurement date –

There were no changes in actuarial methods or assumptions reflected in the calculation of the net pension liability (asset) of the plans as of the June 30, 2024 measurement date compared to the June 30, 2023 measurement date.

June 30, 2023 measurement date –

There were no changes in actuarial methods or assumptions reflected in the calculation of the net pension liability (asset) of the plans as of the June 30, 2023 measurement date compared to the June 30, 2022 measurement date.

June 30, 2022 measurement date –

There were no changes in actuarial methods or assumptions reflected in the calculation of the net pension liability (asset) of the plans as of the June 30, 2022 measurement date compared to the June 30, 2021 measurement date.

June 30, 2021 measurement date –

There were no changes in actuarial methods or assumptions reflected in the calculation of the net pension liability (asset) of the plans as of the June 30, 2021 measurement date compared to the June 30, 2020 measurement date.

June 30, 2020 measurement date –

As part of the 2020 Actuarial Experience Study for the six-year period ending June 30, 2019 as approved by the System Board on May 22, 2020, certain assumptions were modified and reflected in the determination of net pension liability (asset) at the June 30, 2020 measurement date. The following summarizes the more significant changes in assumptions:

- Updated the underlying mortality tables from the RP-2014 set of tables to the public sector-based PUB (10) tables.
- Increased slightly the probabilities of turnover.
- Decreased slightly the probabilities of retirement.
- Modified slightly the probabilities of disability, including adding material incidence of disability for members in the age ranges that historically have been eligible to retire but under prospective provisions are not.

TOWN OF BRISTOL, RHODE ISLAND
NOTES TO REQUIRED SUPPLEMENTARY INFORMATION
MERS MUNICIPAL PLAN
JUNE 30, 2025

Change in benefit provisions (continued):

June 30, 2019 measurement date –

There were no changes in actuarial methods or assumptions reflected in the calculation of the net pension liability (asset) of the plans as of the June 30, 2019 measurement date compared to the June 30, 2018 measurement date.

June 30, 2018 measurement date –

There were no changes in actuarial methods or assumptions reflected in the calculation of the net pension liability (asset) of the plans as of the June 30, 2018 measurement date compared to the June 30, 2017 measurement date.

June 30, 2017 measurement date –

As part of the 2017 Actuarial Experience Investigation Study for the six-year period ending June 30, 2016 as approved by the System Board on May 15, 2017, certain assumptions were modified and reflected in the determination of the net pension liability (asset) at the June 30, 2017 measurement date. The following summarizes the more significant changes in assumptions:

- Decreased the general inflation assumption from 2.75% to 2.50%;
- Decreased the nominal investment return assumption from 7.50% to 7.00%;
- Decreased the general wage growth assumption from 3.25% to 3.00%;
- Decreased salary increase assumptions; and
- Updated the post-retirement mortality tables to variants of the RP-2014 table. For the improvement scale, update to the ultimate rates of the MP-2016 projection scale.

June 30, 2016 measurement date –

There were no changes in actuarial methods or assumptions reflected in the calculation of the net pension liability (asset) of the plans as of the June 30, 2016 measurement date compared to the June 30, 2015 measurement date.

June 30, 2015 measurement date –

There were no changes in actuarial methods or assumptions reflected in the calculation of the net pension liability (asset) of the plans as of the June 30, 2015 measurement date compared to the June 30, 2014 measurement date.

TOWN OF BRISTOL, RHODE ISLAND
NOTES TO REQUIRED SUPPLEMENTARY INFORMATION
MERS MUNICIPAL PLAN
JUNE 30, 2025

Change in benefit provisions (continued):

June 30, 2015 measurement date (continued) –

The June 30, 2015 measurement date determination of the net pension liability for the ERS and MERS plans reflects changes in benefit changes resulting from the settlement of litigation challenging the various pension reform measures enacted in previous years by the General Assembly. The final settlement approved by the Court on July 8, 2015 also included enactment of the pension settlement provisions by the General Assembly. These amended benefit provisions, are summarized below:

- Employees with more than 20 years of service at July 1, 2012 will increase their employee contribution rates to 11% for state employees and municipal general employees will contribute 8.25% (9.25% for units with a COLA provision) and participate solely in the defined benefit plan going forward – service credit accruals will increase from 1% to 2% per year.
- Members are eligible to retire upon the attainment of: age 65 with 30 years of service, 64 with 31 years of service, 63 with 32 years of service, or 62 with 33 years of service. Members may retire earlier if their RIRSA date is earlier or are eligible under a transition rule.
- MERS public safety employees may retire at age 50 with 25 years of service, or any age with 27 years of service. MERS public safety employees will contribute 9.00% (10.00% for units with a COLA provision).
- Employees with more than 10 but less than 20 years of service at July 1, 2012 will receive an increased employer contribution to the defined contribution plan. Also, members who earn less than \$35,000 per year will not be required to pay the administrative fees to the defined contribution plan.
- Members who retired from a COLA eligible plan before July 1, 2012 will received a one-time cost-of-living adjustment of 2% of the first \$25,000 paid as soon as administratively possible.
- Retirees as of June 30, 2015, will receive two \$500 stipends; the interim cost-of-living increases will occur at four-year intervals rather than five-year intervals.
- The COLA formula was adjusted to: 50% of the COLA is calculated by taking the previous five-year average investment return, less 5.5% (five-year return – 5.5%, with a max of 4%) and 50% calculated using previous year's CPI-U (max of 3%) for a total max COLA of 3.5%. This COLA is calculated on the first \$25,855, effective January 1, 2016, and indexed as of that date as well. (The indexing formula is run annually regardless of funding level each year.)
- Minor adjustments were made to the actuarial reduction for employees choosing to retire early.

NOTE 1 BASIS OF PRESENTATION

The *Annual Supplemental Transparency Report* (MTP2) is a supplemental schedule required by the State of Rhode Island General Laws 45-12-22.2 and 44-35-10. This supplementary schedule included within the audit report is part of a broader project to create a municipal transparency portal (MTP) website to host municipal financial information in a centralized location.

The format of the *Annual Supplemental Transparency Report* (MTP2) was prescribed by the State Department of Revenue (Division of Municipal Finance), Office of the Auditor General, and the Department of Education.

NOTE 2 REPORTABLE GOVERNMENT SERVICES

Data consistency and comparability are among the key objectives of the State's Municipal Transparency portal. Consistent with that goal, the State has defined "reportable government services", RGS, to include those operational revenues, expenditures, and transfers related to activities which are essential to the achievement of municipal operations. The determination of RGS may be different from the activities included within the legally adopted budget of the municipality. In practice, some communities report certain RGS in separate funds (e.g., special revenue funds, enterprise funds) rather than the municipality's general fund. The *Annual Supplemental Transparency Report* (MTP2) includes a reconciliation to the fund level statements.

NOTE 3 ALLOCATIONS

The State reporting requires expenditures to be reported by departments, as defined by the State. Some of the departmental groupings are not consistent with the departments reflected in the City's (or Town's) budget and accounting system. To report these costs, the City (or Town) made allocations of costs to the State's departmental groupings based on a reasonable basis.

NOTE 4 EMPLOYEE GROUPS – COMPENSATION AND BENEFIT COSTS

Compensation includes salaries, longevity, stipends, clothing allowance/maintenance, shift differential, out-of-rank, holiday pay, and bonuses.

For Public Safety departments (i.e., police, fire, and centralized dispatch) and the Education Department, compensation and most benefit costs are reported in the following employee groupings:

NOTE 4 EMPLOYEE GROUPS – COMPENSATION AND BENEFIT COSTS (CONTINUED)

Group A: This group consists of employees who serve the primary function of the department.

- Police Department – police officers (e.g., uniform personnel – including, leadership positions)
- Fire Department – fire fighters (e.g., uniform personnel – including, leadership positions)
- Centralized Dispatch Department – civilian dispatchers only
- Education Department – professional staff providing direct services to students
- For the remaining departments – all employees' compensation and benefits are reported under Group A

Group B: For Police and Fire Departments, compensation and benefits paid to its administrative employees and civilian dispatch employees are reported under Group B. The Education Department reports compensation and benefits paid to executive/mid-level educational administration employees under Group B.

Group C: This group is only used for the Education Department and it includes administrative and support staff.

Other postemployment benefits (OPEB) are not reported by employee groups on the MTP2. They are reported in total as either (1) contributions to a qualified OPEB trust or (2) the amount paid for medical and dental insurance for retirees when an OPEB trust fund has not been established. The detail employee group information for the Education Department can be found on the State's Municipal Transparency portal website.

NOTE 5 EDUCATION REVENUE AND EXPENDITURES

The revenues and expenditures presented on the MTP2 under the Education Department is consistent with existing Uniform Chart of Accounts (UCOA) guidelines. Each MTP account code has been mapped to the corresponding UCOA code or group of UCOA codes to facilitate the preparation of the MTP reporting.

Additional guidance and definitions regarding the State's Municipal Transparency Portal can be found on the State Division of Municipal Finance website: <http://www.municipalfinance.ri.gov/>.

APPENDIX C

PROPOSED FORM OF LEGAL OPINION FOR THE BONDS

[Delivery Date of Bonds]

Town of Bristol
Town Hall
10 Court Street
Bristol, Rhode Island 02809

Re: Town of Bristol, Rhode Island General Obligation Bonds, Series 2026

We have acted as bond counsel to the Town of Bristol, Rhode Island (the “Town”) in connection with the issuance by the Town of the \$2,740,000 General Obligation Bonds, Series 2026 (the “Bonds”). In such capacity, we have examined the law and a record of proceedings as we have deemed necessary to render this opinion.

As to questions of fact material to our opinion we have relied upon representations and covenants of the Town and other certified proceedings and other certifications of public officials furnished to us without undertaking to verify the same by independent investigation.

Based upon the foregoing we are of the opinion that, under existing law:

(1) The Bonds are valid general obligations of the Town for which all taxable property in the Town is subject to *ad valorem* taxation without limitation as to rate or amount to pay the Bonds and the interest thereon.

(2) The interest on the Bonds is excluded from gross income of the owners of the Bonds for federal income tax purposes. Interest on the Bonds will not be included in computing the alternative minimum taxable income of individuals. However, interest on the Bonds will be included in the “adjusted financial statement income” of certain corporations that are subject to the alternative minimum tax under Section 55 of the Internal Revenue Code of 1986 (the “Code”). The opinions set forth in the preceding sentences are subject to the condition that the Town comply with all requirements of the Code that must be satisfied subsequent to the issuance of the Bonds in order that interest thereon be, or continue to be, excluded from gross income for federal income tax purposes. The Town has covenanted to comply with all such requirements and to take all lawful action necessary under the Code to ensure that interest on the Bonds will remain exempt from federal income taxes, and to refrain from taking any action which would cause interest on the Bonds to become subject to federal income taxes. Failure by the Town to comply with certain of such requirements may cause the inclusion of interest on the Bonds in gross income for federal income tax

purposes retroactive to the date of issuance of the Bonds. We express no opinion regarding any other federal tax consequences arising with respect to the Bonds.

(3) The Bonds, their transfer and the income therefrom, including any profit made on the sale thereof, are exempt from taxation by and within the State of Rhode Island (“State”); although the Bonds, their transfer and the income therefrom, including any profit made on the sale thereof, may be included in the measure of State estate taxes and certain State corporate and business taxes. We express no opinion as to other State or local tax consequences arising with respect to the Bonds nor as to the taxability of the Bonds or the income therefrom under the laws of any state other than the State.

Except as stated in the preceding two paragraphs, we express no opinion as to any other federal, state or local tax consequences of the ownership or disposition of the Bonds. Furthermore, we express no opinion as to any federal, state or local tax law consequences with respect to the Bonds, or the interest thereon, if any action is taken with respect to the Bonds or the proceeds thereof upon the advice or approval of other counsel.

This opinion is expressed as of the date hereof, and no opinion is expressed as to the effect of future applicable laws and court decisions. We neither assume nor undertake any obligation to update, revise, supplement or restate this opinion to reflect any action taken or omitted, or any facts or circumstances or changes in law or in the interpretation thereof, that may hereafter arise or occur, or for any other reason.

It is understood that the rights of the holders of the Bonds and the enforceability thereof may be subject to bankruptcy, insolvency, reorganization, moratorium and other similar laws affecting creditors’ rights heretofore or hereafter enacted to the extent constitutionally applicable and their enforcement may also be subject to the exercise of judicial discretion in appropriate cases.

Very truly yours,

Mack Law Associates LLC
