# PRELIMINARY OFFICIAL STATEMENT DATED JULY 8, 2025 BONDS TO BE SOLD JULY 15, 2025, AT 9:30 A.M. C.D.T.

New Issue Ratings: Moody's "Aaa"
Book-Entry Only S&P "AAA"

S&P "AAA" Fitch "AAA"

Due: April 1, as shown below

In the opinion of Bond Counsel, based on existing law and assuming compliance with certain tax covenants of the County, interest on the Bonds is excludable from gross income for federal income tax purposes under Section 103 of the Internal Revenue Code of 1986, as amended (the "Code") and is not an item of tax preference for purposes of the federal alternative minimum tax imposed on individuals; however, such interest on the Bonds may be taken into account for the purpose of computing the alternative minimum tax imposed on certain corporations. Under existing law and subject to certain exceptions, the Bonds and the income therefrom will be exempt from state, county and municipal taxation in the State of Tennessee. (See "Tax Matters" herein).

# \$108,000,000\* RUTHERFORD COUNTY, TENNESSEE GENERAL OBLIGATION SCHOOL BONDS, SERIES 2025B

Dated: Date of Issuance (projected to be July 30, 2025)

Rutherford County, Tennessee (the "County") will issue its \$108,000,000\* General Obligation School Bonds, Series 2025B (the "Bonds") in fully registered form, without coupons, and, when issued, the Bonds will be registered in the name of Cede & Co., as nominee of The Depository Trust Company, New York, New York ("DTC"). DTC will act as securities depository of the Bonds. Individual purchases of beneficial ownership interest in the Bonds will be made in book-entry form only, in denominations of \$5,000 or multiples thereof through DTC Participants. Interest on the Bonds will be payable semiannually on April 1 and October 1 of each year, commencing on April 1, 2026, calculated on the basis of a 360-day year consisting of twelve 30-day months.

Payments of principal of and interest on the Bonds are to be made to purchasers by DTC through the Participants (as such term is herein defined). Purchasers will not receive physical delivery of Bonds purchased by them. See "The Bonds—Book-Entry-Only System." Principal of and interest on the Bonds are payable by the County to the designated trust office of U.S. Bank Trust Company, National Association, Nashville, Tennessee, as registration and paying agent (the "Registration Agent").

The Bonds are subject to optional redemption as set forth herein. (See "The Bonds – Redemption" herein). The Bonds are payable on April 1 of each year as follows:

#### NOTICE OF SALE

#### \$108,000,000\* RUTHERFORD COUNTY, TENNESSEE

#### GENERAL OBLIGATION SCHOOL BONDS, SERIES 2025B

Notice is hereby given that the County Mayor of Rutherford County, Tennessee (the "County") will accept a written bid or electronic bid for the purchase of all, but not less than all, of the County's \$108,000,000\* General Obligation School Bonds, Series 2025B (the "Bonds") until:

# 9:30 A.M. C.D.T. on July 15, 2025.

Written bids must be addressed and delivered to the County to the attention of the County Mayor, Suite 101, Public Square, Rutherford County Courthouse, Murfreesboro, Tennessee 37130. Electronic bids must be submitted to PARITY® via the BiDCOMP Competitive Bidding System. No other form of bid or provider of electronic bidding services will be accepted. Such bids are to be publicly opened and read at such time and place on said day. For the purposes of both the written sealed bid process and the electronic bidding process, the time as maintained by BiDCOMP/PARITY® shall constitute the official time with respect to all bids submitted. If any provisions of this Notice of Sale conflict with information provided by BiDCOMP/PARITY® as the approved provider of electronic bidding services, this Notice of Sale shall control. The sale of all the Bonds on July 15, 2025, may be postponed prior to the time bids are to be received and as published on I-dealProspectus.com. If such postponement occurs, a later public sale may be held at the hour and place and on such date as communicated via I-dealProspectus.com upon forty-eight hours' notice.

The Bonds will be dated the date of delivery. The interest rate or rates on the Bonds shall not exceed 5.00% per annum and shall be payable semi-annually on April 1 and October 1, commencing April 1, 2026. No bid for the Bonds will be considered for less than 99.00% of par nor more than 120% of par, as described in the Detailed Notice of Sale. In addition, each maturity of Bonds must be reoffered at a price of not less than 98% of the par amount of such maturity. The Bonds will mature on April 1 in the years 2026 through 2045, inclusive, with term bonds optional and will be awarded on the sale date by the County Mayor to the bidder whose bid results in the lowest true interest cost on the Bonds. The Bonds shall not be subject to redemption prior to maturity at the option of the County.

After opening the bids, the County reserves the right to adjust the principal amount of each maturity of the Bonds as described in the Detailed Notice of Sale.

In the event that the competitive sale requirements of applicable Treasury Regulations are not met, the County will require bidders to comply with the "hold-the-offering-price" rule for purposes of determining the issue price of the Bonds. Bids will not be subject to cancellation in the event that the competitive sale requirements of applicable Treasury Regulations are not satisfied.

The Bonds in book-entry only form (except as otherwise set forth in the Detailed Notice of Sale) and approving opinion of Bass, Berry & Sims PLC, Nashville, Tennessee, will be furnished at the expense of the County. Additional information, including the Official Statement and Detailed Notice of Sale, may be obtained from the undersigned at the office of the Budget and Finance Director, Rutherford County Courthouse, Public Square, Murfreesboro, Tennessee 37130, or from Stephens Inc. # **Registration and Depository Participation**

The Bonds will be issued by means of a book-entry system with no physical distribution of bond certificates made to the public. One Bond certificate for each maturity of each series of Bonds will be issued to The Depository Trust Company, New York, New York ("DTC"), and immobilized in its custody. The book-entry system will evidence beneficial ownership interests of the Bonds in the principal amount of \$5,000 and any integral multiple of \$5,000, with transfers of beneficial ownership interest effected on the records of DTC participants and, if necessary, in turn by DTC pursuant to rules and procedures established by DTC and its participants. The successful bidder, as a condition to delivery of the Bonds, shall be required to deposit the Bond certificates with DTC, registered in the name of Cede & Co., nominee of DTC. Interest on the Bonds will be payable semiannually on April 1 and October 1, beginning April 1, 2026, and principal of the Bonds will be payable, at maturity or upon redemption, to DTC or its nominee as registered owner of the Bonds. Transfer of principal and interest payments to participants of DTC will be the responsibility of DTC, and transfer of principal and interest payments to beneficial owners of the Bonds by Participants of DTC, will be the responsibility of such participants and of the nominees of beneficial owners. The County will not be responsible or liable for such transfer of payments or for maintaining, supervising or reviewing the records maintained by DTC, its participants or persons acting through such participants.

In the event that the book-entry only system for the Bonds is discontinued and a successor securities depository is not appointed by the County, Bond Certificates in fully registered form will be delivered to, and registered in the names of, the DTC Participants or such other persons as such DTC participants may specify (which may be the indirect participants or beneficial owners), in authorized denominations of \$5,000 or integral multiples thereof. In addition, if the successful bidder for the Bonds certifies that it has no present intent to reoffer the Bonds, the Bonds may be issued in fully registered form only. The ownership of Bonds so delivered shall be registered in registration books to be kept by U.S. Bank Trust Company, National Association, Nashville, Tennessee, as registration and paying agent (the "Registration Agent"), at its principal corporate trust office, and the County and the Registration Agent shall be entitled to treat the registered owners of the Bonds, as their names appear in such registration books as of the appropriate dates, as the owners thereof for all purposes described herein and in the resolution authorizing the Bonds.

# **Optional Redemption**

The Bonds maturing on or before April 1, 2035, are not subject to redemption prior to maturity at the option of the County. Bonds maturing on April 1, 2036, and thereafter shall be subject to redemption prior to maturity at the option of the County on and after April 1, 2035, as a whole or in part at any time at the redemption price of par, plus interest accrued to the redemption date.

If less than all the Bonds shall be called for redemption, the maturities to be redeemed shall be selected by the Board of County Commissioners of the County in its discretion. If less than all of the Bonds within a single maturity shall be called for redemption, the interests within the maturity to be redeemed shall be selected as follows:

- (i) if the Bonds are being held under a Book-Entry System by DTC, or a successor Depository, the Bonds to be redeemed shall be determined by DTC, or such successor Depository, by lot or such other manner as DTC, or such successor Depository, shall determine; or
- (ii) if the Bonds are not being held under a Book-Entry System by DTC, or a successor Depository, the Bonds within the maturity to be redeemed shall be selected by the

Registration Agent by lot or such other random manner as the Registration Agent in its discretion shall determine.

# **Mandatory Redemption**

The successful bidder for each series of Bonds shall have the option to designate certain consecutive serial maturities of such Bonds as one or more Term Bonds, each Term Bond bearing a single interest rate. If a successful bidder designates certain consecutive serial maturities to be combined into one or more Term Bonds, each Term Bond shall be subject to mandatory sinking fund redemption by the County at a redemption price equal to 100% of the principal amount thereof, together with accrued interest to the date fixed for redemption at the rate stated in the Term Bonds to be redeemed. Each such mandatory sinking fund redemption shall be made on the date on which a consecutive maturity included as part of a Term Bond is payable in accordance with the proposal of the successful bidder for the Bonds and in the amount of the maturing principal installment for the Bonds listed above for such principal payment date. Term Bonds to be redeemed within a single maturity shall be selected as follows:

- (i) if the Bonds are being held under a Book-Entry System by DTC, or a successor Depository, the Bonds to be redeemed shall be determined by DTC, or such successor Depository, by lot or such other manner as DTC, or such successor Depository, shall determine; or
- (ii) if the Bonds are not being held under a Book-Entry System by DTC, or a successor Depository, the Bonds within the maturity to be redeemed shall be selected by the Registration Agent by lot or such other random manner as the Registration Agent in its discretion shall determine.

# **Purpose and Authority of Bonds**

The Bonds are being issued to provide funds to (i) finance the (a) acquisition of land for, design, site development, construction, improvement, renovation, repair and equipping of County schools and school facilities and the acquisition of transportation equipment for schools; (b) payment of legal, fiscal, administrative, architectural and engineering costs incident to any or all of the foregoing; (c) acquisition of all property, real and personal, related to the foregoing (collectively, the "Projects"); (d) if required by applicable law, the payment of funds required to be shared with the City of Murfreesboro, Tennessee, to the extent not waived, pursuant to Sections 9-21-129 and 49-3-1003, Tennessee Code Annotated, as amended; (ii) reimburse the appropriate fund of the County for prior expenditures for the foregoing costs, if applicable; and (iii) pay costs incident to the issuance and sale of the Bonds.

The Bonds are being issued under and in full compliance with the constitution and statutes of the State of Tennessee, including Sections 9-21-101 et seq., Tennessee Code Annotated, and a bond resolution duly adopted by the Board of County Commissioners on May 15, 2025 (the "Resolution").

# **Security and Sources of Payment**

The Bonds are payable from unlimited <u>ad valorem</u> taxes to be levied on all taxable property within the County. For the prompt payment of principal of and interest on the Bonds, the full faith and credit of the County are pledged.

# Levy of Tax

Pursuant to the Resolution, the County has covenanted to annually levy and collect a tax upon all taxable property within the County, in addition to all other taxes authorized by law, sufficient to pay principal of and interest on the Bonds when due, and levy a direct annual tax in such amount as may be found necessary each year to pay principal and interest coming due on the Bonds in said year. Principal and interest falling due at any time when there are insufficient funds on hand from this tax levy will be paid from the current funds of the County and reimbursement therefor will be made out of the taxes provided for under the Resolution to be levied when collected. Such tax may be reduced to the extent of any appropriations from other legally available funds, taxes and revenues of the County, to the payment of debt service on the Bonds.

Under Tennessee law, the County's legislative body is authorized to levy a tax on all taxable property within the County, or a portion thereof, without limitation as to rate or amount, and a referendum is neither required nor permitted to set the rate or amount. For a more complete statement of the general covenants and provisions to which the Bonds are issued, reference is hereby made to the Resolution.

# **Submission of Bid**

All bids submitted, electronic or otherwise, must be submitted as set forth under the heading "Time and Place of Sale", set forth above.

A written bid for the Bonds must be enclosed in a sealed envelope bearing the name and address of the bidder, clearly and legibly marked on the outside "Bid for Bonds" and addressed and delivered to the following address:

Office of the County Mayor Suite 101, Public Square Rutherford County Courthouse Murfreesboro, Tennessee 37130

Written bids must be submitted on the applicable Bid Form included with the Preliminary Official Statement or on a reasonable facsimile thereof. Electronic bids for the Bonds must be submitted to PARITY® via the BiDCOMP Competitive Bidding System. An electronic bid made through the facilities of BiDCOMP/PARITY® shall be deemed an offer to purchase in response to the Notice of Sale and shall be binding upon the bidder as if made by a signed sealed written bid made to the County. To the extent any instructions or directions set forth in BiDCOMP/PARITY® conflict with the terms of the Detailed Notice of Sale, the Detailed Notice of Sale shall prevail. The County shall not be responsible for any malfunction or mistake made by or as a result of the use of electronic bidding facilities. The use of such facilities is at the sole risk of the bidders. Subscription to I-Deal's BiDCOMP/PARITY® Competitive Bidding System by a bidder is required in order to submit an electronic bid. The County will not confirm any subscription or be responsible for the failure of any prospective bidder to subscribe. Both written bids and electronic bids must be unconditional and received by the office of the County Mayor and/or BiDCOMP/PARITY®, respectively, before the time stated above. Bidders shall be required to comply with the provisions regarding a Good Faith Deposit as described below in the section entitled "Good Faith Deposit". The County is not liable for any costs incurred in the preparation, delivery, acceptance or rejection of any bid, including, without limitation, the providing of a bid security deposit.

#### Form of Bids

All bids for the Bonds must be for not less than all of the Bonds. Bidders must bid not less than 99.00% of par nor greater than 120% of par (the "Purchase Price") for the Bonds. In addition, each maturity of

the Bonds must be reoffered at a price not less than 98% of the par amount of such maturity. Bidders must name the reoffering prices and must name the interest rate or rates the Bonds are to bear in multiples of one-eighth (1/8<sup>th</sup>) or one-one hundredth (1/100<sup>th</sup>) of one percent (1%), but no rate specified for the Bonds shall be in excess of 5.00% per annum. There will be no limitation on the number of rates of interest which may be specified for the Bonds, but one rate of interest shall apply to all of the Bonds of a maturity. With respect to the Bonds, bidders may designate two or more consecutive serial maturities as one or more Term Bond maturities equal in aggregate principal amount to, and with mandatory redemption requirements corresponding to, such designated serial maturities.

#### **Revised Maturity Schedule and/or Bid Parameters**

The aggregate principal amount of the Bonds (the "Preliminary Aggregate Principal Amount") and the annual principal amounts of Bonds (the "Preliminary Annual Principal Amounts" and collectively, with reference to the Preliminary Aggregate Principal Amounts, the "Preliminary Amounts") set forth in this Detailed Notice of Sale may be revised before the viewing of bids for the purchase of the Bonds, as may the bid parameters set forth herein. Any such revisions (the "Revised Aggregate Principal Amount", the "Revised Annual Principal Amounts" and the "Revised Amounts") WILL BE GIVEN BY NOTIFICATION PUBLISHED ON <a href="https://www.I-dealProspectus.com">www.I-dealProspectus.com</a> NOT LATER THAN 4:00 P.M., CENTRAL STANDARD TIME ON THE DAY PRECEDING THE RECEIPT OF BIDS. In the event that no such revisions are made, the Preliminary Amounts will constitute the Revised Amounts and will remain as stated in this Detailed Notice of Sale, and the bid parameters shall remain as set forth herein. BIDDERS SHALL SUBMIT BIDS BASED ON THE REVISED AMOUNTS AND BID PARAMETERS, IF ANY. Prospective bidders may request notification by facsimile transmission of any revisions in the Preliminary Amounts and bid parameters by so advising and faxing their telecopier number(s) to Stephens Inc., Municipal Advisor to the County, at (615) 279-4351 by 12:00 Noon, Central Standard Time, at least one day prior to the date for receipt of the bids.

# **Changes to Maturity Schedule**

The County reserves the right to change the Revised Aggregate Principal Amount of the Bonds and the Revised Annual Principal Amounts of the Bonds after determination of the winning bidder, by increasing or decreasing the Revised Aggregate Principal Amount and the Revised Annual Principal Amount of each maturity of the Bonds by up to 30%; provided, however, that the aggregate principal amount of the issue shall not exceed \$112,000,000. No changes beyond this amount will be made without the consent of the successful bidder. Such changes, if any, will determine the final annual principal amount of the Bonds (the "Final Annual Principal Amounts") and the final aggregate principal amount of the Bonds (the "Final Aggregate Principal Amount"). The dollar amount bid by the successful bidder will be adjusted to reflect any adjustments in the Final Aggregate Principal Amount of the Bonds. The interest rates specified by the successful bidder for the various maturities at the initial reoffering prices will not change. THE SUCCESSFUL BIDDER MAY NOT WITHDRAW ITS BID OR CHANGE THE INTEREST RATES BID OR THE INITIAL REOFFERING PRICES AS A RESULT OF ANY CHANGES MADE TO THE PRINCIPAL AMOUNTS WITHIN THESE LIMITS. The County anticipates that the Final Annual Principal Amounts of the Bonds and the Final Aggregate Principal Amount of Bonds will be communicated to the successful bidder prior to the award of the Bonds. THE DOLLAR AMOUNT BID BY THE SUCCESSFUL BIDDER FOR THE PURCHASE OF THE BONDS WILL BE ADJUSTED TO REFLECT ANY CHANGE IN THE ANNUAL PRINCIPAL AMOUNTS BASED UPON THE ASSUMPTION THAT THE COUPON RATES, REOFFERING PRICES, AND UNDERWRITER'S DISCOUNT (EXCLUDING ORIGINAL ISSUE DISCOUNT/PREMIUM) STATED AS A PERCENTAGE OF THE AGGREGATE PRINCIPAL AMOUNT, AS SPECIFIED BY THE SUCCESSFUL BIDDER, WILL NOT CHANGE.

#### **Basis of Award**

If an award is made, the Bonds will be awarded to the bidder whose bid results in the lowest true interest cost to the County for the Bonds as determined by reference to the Revised Aggregate Principal Amount as discussed above. The lowest true interest cost of the Bonds will be calculated as that rate which when used in computing the present worth of all payments of principal and interest on such Bonds (compounded semi-annually from the dated date of such Bonds) produces a value equal to the purchase price of such Bonds. For the purpose of calculating the true interest cost, the principal amount of Term Bonds scheduled for mandatory sinking fund redemption as part of a Term Bond shall be treated as a serial maturity in each year. Each bidder is required to specify its calculation of the true interest cost resulting from its bid, but such information shall not be treated as part of its proposal.

In the event that two or more of the bidders offer to purchase the Bonds at the same lowest true interest cost, the County Mayor shall determine in his sole discretion which of the bidders shall be awarded the Bonds.

The County Mayor reserves the right to waive any irregularity or informality in any bid, and to reject any or all bids, and notice of rejection of any bid will be made promptly. Unless all bids are rejected, award of the Bonds will be made by the County Mayor on the sale date.

# **Good Faith Deposit**

The successful bidder is required to submit, in the manner described below, a good faith deposit (the "Deposit") in the amount of \$1,080,000.00 for the Bonds to secure the faithful performance of the terms of the bid to purchase the Bonds. The Deposit will be delivered to the County by wire transfer or certified check for the prescribed amount. The Deposit may be provided in the form of:

- 1. **Federal Funds Wire Transfer.** A federal funds wire transfer submitted to the County or the County's Municipal Advisor by the successful bidder by 3:00 p.m. C.D.T. on the day of the sale provided the County awards the bid by 1:00 p.m. C.D.T.; otherwise the wire shall be received not later than 12:00 noon C.D.T. on the next business day following the award. The County Mayor reserves the right to adjust the time the deposit is to be received if there are problems with electronic transfers of funds or other acceptable reasons.
- 2. **Certified Check.** A bank certified check, bank cashier's check or a treasurer's check drawn upon an incorporated bank or trust company payable unconditionally to the order of the County. If a check is used, it must accompany a bid and be received by the time and date bids are required. If the successful bidder's Deposit is by check, the check will be deposited on the date of the sale.

Wire transfer instructions are available from Stephens Inc., Attn: Sam Crewse, One American Center, 3100 West End Avenue, Suite 630, Nashville, Tennessee 37203, Telephone (615) 279-4336 or (615) 279-4338; Fax: (615) 279-4351. In the event the successful bidder fails to timely submit the Deposit, the award may be terminated by the County Mayor, and the County Mayor in his discretion may award the Bonds to the bidder whose bid results in the next lowest true interest cost to the County as the lowest complying bidder or hold a subsequent sale of the Bonds. The County shall have no liability to any bidder who fails to properly submit a Deposit.

The Deposit of the successful bidder will be deposited by the County and the proceeds thereof credited with no interest allowed thereon against the total purchase price to be paid for the Bonds upon their delivery or retained as and for full liquidated damages if the successful bidder fails to accept delivery of and pay for such Bonds. Checks of unsuccessful bidders will be returned promptly upon the award of the Bonds. If a successful bidder fails to timely make the Deposit for the Bonds, the award may be

terminated in the discretion of the County Mayor and the County shall be entitled to an amount equal to the Deposit as liquidated damages for failure of the successful bidder to comply with the terms of the award of such Bonds.

#### **Establishment of Issue Price**

General. The winning bidder shall assist the County in establishing the issue price of the Bonds as more fully described herein. All actions to be taken by the County under this Notice of Sale to establish the issue price of the Bonds may be taken on behalf of the County by the County's Municipal Advisor identified herein and any notice or report to be provided to the County may be provided to the County's Municipal Advisor.

Anticipated Compliance with Competitive Sale Requirements. The County anticipates that the provisions of Treasury Regulation Section 1.148-1(f)(3)(i) (defining "competitive sale" for purposes of establishing the issue price of the Bonds) will apply to the initial sale of the Bonds (the "competitive sale requirements") because:

- the County shall disseminate this Notice of Sale to potential underwriters in a manner that is reasonably designed to reach potential underwriters;
- all bidders shall have an equal opportunity to bid;
- the County expects to receive bids from at least three underwriters of municipal bonds who have established industry reputations for underwriting new issuances of municipal bonds; and
- the County anticipates awarding the sale of the Bonds to the bidder who submits a firm offer to purchase the Bonds at the highest price (or lowest interest cost), as set forth in this Notice of Sale.

Any bid submitted pursuant to this Notice of Sale shall be considered a firm offer for the purchase of the Bonds, as specified in the bid.

Intention to Apply the Hold-the-Offering-Price Rule if Competitive Sale Requirements are Not Met. In the event that the competitive sale requirements are not satisfied with respect to the Bonds, the County intends to treat the initial offering prices of the Bonds to the public as the issue price of such Bonds (the "hold-the-offering-price" rule), in each case applied on a maturity-by-maturity basis (and if different interest rates apply within a maturity, to each separate CUSIP number within that maturity).

Application of the Hold-the-Offering-Price Rule. If the competitive sale requirements are not satisfied, then the successful bidder shall, on behalf of the underwriters participating in the purchase of the Bonds, (i) confirm that the underwriters have offered or will offer each maturity of the Bonds to the public on or before the date of award at the offering price or prices (the "initial offering price"), or at the corresponding yield or yields, set forth in the bid submitted by the winning bidder and (ii) agree, on behalf of the underwriters participating in the purchase of the Bonds, that the underwriters will neither offer nor sell unsold Bonds of any maturity to any person at a price that is higher than the initial offering price to the public during the period starting on the sale date and ending on the earlier of the following:

- the close of the fifth (5th) business day after the sale date; or
- the date on which the underwriters have sold at least 10% of that maturity of the Bonds to the public at a price that is no higher than the initial offering price to the public.

The winning bidder shall promptly advise the County when the underwriters have sold 10% of that maturity of the Bonds to the public at a price that is no higher than the initial offering price to the public, if that occurs prior to the close of the fifth (5th) business day after the sale date.

By submitting a bid, each bidder confirms that: (i) any agreement among underwriters, any selling group agreement and each third-party distribution agreement (to which the bidder is a party) relating to the

initial sale of the Bonds to the public, together with the related pricing wires, contains or will contain language obligating each underwriter, each dealer who is a member of the selling group, and each broker-dealer that is a party to such third-party distribution agreement, as applicable, to report the prices at which it sells to the public the unsold Bonds of each maturity allotted to it until it is notified by the winning bidder that either the 10% test has been satisfied as to the Bonds of that maturity or all Bonds of that maturity have been sold to the public, if and for so long as directed by the winning bidder and as set forth in the related pricing wires, and (ii) any agreement among underwriters relating to the initial sale of the Bonds to the public, together with the related pricing wires, contains or will contain language obligating each underwriter that is a party to a third-party distribution agreement to be employed in connection with the initial sale of the Bonds to the public to require each broker-dealer that is a party to such third-party distribution agreement to report the prices at which it sells to the public the unsold Bonds of each maturity allotted to it until it is notified by the winning bidder or such underwriter that either the 10% test has been satisfied as to the Bonds of that maturity or all Bonds of that maturity have been sold to the public, if and for so long as directed by the winning bidder or such underwriter and as set forth in the related pricing wires.

The County acknowledges that, in making the agreements and representations set forth above, the winning bidder will rely on (i) the agreement of each underwriter to comply with the hold-the-offering-price rule, as set forth in an agreement among underwriters and the related pricing wires, (ii) in the event a selling group has been created in connection with the initial sale of the Bonds to the public, the agreement of each dealer who is a member of the selling group to comply with the hold-the-offering-price rule, as set forth in a selling group agreement and the related pricing wires, and (iii) in the event that an underwriter is a party to a third-party distribution agreement that was employed in connection with the initial sale of the Bonds to the public, the agreement of each broker-dealer that is a party to such agreement to comply with the hold-the-offering-price rule, as set forth in the third-party distribution agreement and the related pricing wires. The County further acknowledges that each underwriter shall be solely liable for its failure to comply with its agreement regarding the hold-the-offering-price rule and that no underwriter shall be liable for the failure of any other underwriter, or of any dealer who is a member of a selling group, or of any broker-dealer that is a party to a third-party distribution agreement to comply with its corresponding agreement regarding the hold-the-offering-price rule as applicable to the Bonds.

*Definitions*. Sales of any Bonds to any person that is a related party to an underwriter shall not constitute sales to the public for purposes of this Notice of Sale. Further, for purposes of this Notice of Sale:

- "public" means any person other than an underwriter or a related party,
- "underwriter" means (A) any person that agrees pursuant to a written contract with the County (or with the lead underwriter to form an underwriting syndicate) to participate in the initial sale of the Bonds to the public and (B) any person that agrees pursuant to a written contract directly or indirectly with a person described in clause (A) to participate in the initial sale of the Bonds to the public (including a member of a selling group or a party to a third-party distribution agreement participating in the initial sale of the Bonds to the public),
- a purchaser of any of the Bonds is a "related party" to an underwriter if the underwriter and the purchaser are subject, directly or indirectly, to (i) more than 50% common ownership of the voting power or the total value of their stock, if both entities are corporations (including direct ownership by one corporation of another), (ii) more than 50% common ownership of their capital interests or profits interests, if both entities are partnerships (including direct ownership by one partnership of another), or (iii) more than 50% common ownership of the value of the outstanding stock of the corporation or the capital interests or profit interests of the partnership, as applicable, if one entity is a corporation and the other entity is a partnership (including direct ownership of the applicable stock or interests by one entity of the other), and
- "sale date" means the date that the Bonds are awarded by the County to the winning bidder.

Issue Price Certificate. The winning bidder of the Bonds will be required to provide the County, at closing, with an issue price certificate consistent with the foregoing. A form of the issue price certificate is attached to this Detailed Notice of Sale as Exhibit A. In the event the winning bidder will not reoffer any maturity of the Bonds for sale to the Public (as defined herein) by the delivery date of the Bonds, the issue price certificate may be modified in a manner approved by the County and Bond Counsel.

#### **Provision of Information for the Official Statement**

The successful bidders must furnish the following information to the County to complete the *Official Statement* in final form within 2 hours after receipt and award of the bids for the Bonds:

- 1. The initial offering prices or yields for the Bonds (expressed as a price or yield per maturity, exclusive of any accrued interest, if applicable);
- 2. Selling compensation (aggregate total anticipated compensation to the underwriters expressed in dollars, based on the expectation that all the Bonds are sold at the prices or yields as provided above).
- 3. The identity of the underwriters if the successful bidders are part of a group or syndicate; and
- 4. Any other material information necessary to complete the Official Statement in final form but not known to the County.

#### **CUSIP**

The Municipal Advisor will request the assignment of CUSIP numbers prior to the sale of the Bonds. The CUSIP Service Bureau charges for the assignment of said numbers will be the responsibility of and will be paid for by the successful bidder. Although CUSIP numbers will be printed on the Bonds (except where the Bonds will not be reoffered, in which case, CUSIP numbers are not required), the County will assume no obligation for assignment or insertion of such numbers on the Bonds or the correctness of such numbers, and neither failure to print or type any such numbers on any Bond nor any error with respect thereto shall constitute cause for a failure or refusal by the purchaser(s) thereof to accept delivery of and make payment for the Bonds.

#### **Official Statement**

The County will provide or cause to be provided, to the successful bidder, either in electronic format or printed copies, the final official statement sufficient in quantity to enable the successful bidder to comply with SEC Rule 15c2-12 and the rules of the Municipal Securities Rulemaking Board. Said final official statement will be provided to the successful bidder not later than seven (7) business days after the sale, or, if the County, or its Municipal Advisor, is notified that any confirmation requesting payment from any customer will be sent before the expiration of such period and specifying the date such confirmation will be sent the final official statement will be provided in sufficient time to accompany such confirmation.

#### **Continuing Disclosure**

The County will, at the time the Bonds are delivered, execute a Continuing Disclosure Agreement in which it will covenant for the benefit of holders and beneficial owners of the Bonds to provide certain financial information and operating data relating to the County not later than twelve months after each of the County's fiscal years (the "Annual Report"), and to provide notice of the occurrence of certain enumerated events and timely notice of failure to provide any required financial information of the

County. The Annual Report (and audited financial statements, if filed separately) and notices described above will be filed by the County with the Municipal Securities Rulemaking Board ("MSRB") at <a href="https://www.emma.msrb.org">www.emma.msrb.org</a> and with any State Information Depository established in the State (the "SID"). The specific nature of the information to be contained in the Annual Report or the notices of events will be summarized in the County's official statement to be prepared and distributed in connection with the sale of the Bonds.

# **Legal Opinion and Transcript**

The book-entry Bonds and the approving opinion of Bass, Berry & Sims PLC, Nashville, Tennessee, Bond Counsel (which will be delivered with the Bonds), together with the Bond transcript, including a certificate as to no litigation from the County dated as of the date of the delivery of the Bonds, will be furnished to the purchaser at the expense of the County. As set forth in the Official Statement and subject to the limitations set forth therein, bond counsel's opinion will include an opinion that, based on existing law and assuming compliance with certain tax covenants of the County, interest on the Bonds is excludable from gross income for federal income tax purposes under Section 103 of the Internal Revenue Code of 1986, as amended (the "Code") and is not an item of tax preference for purposes of the federal alternative minimum tax imposed on individuals; however, such interest on the Bonds may be taken into account for the purpose of computing the alternative minimum tax imposed on certain corporations. Owners of the Bonds, however, may be subject to certain additional taxes or tax consequences arising with respect to ownership of the Bonds. For a discussion thereof, reference is hereby made to the Official Statement and the form of opinion contained therein.

# **Delivery and Payment**

The Bonds are expected to be ready for delivery on July 30, 2025, in book-entry form. Delivery will be made through The Depository Trust Company, New York, New York, at the expense of the purchaser. Payment for the Bonds must be made in federal funds or other immediately available funds.

# Bidder Certification Regarding Non-Engagement in a Boycott of Israel

To the extent an accepted bid constitutes a contract to acquire or dispose of services, supplies, information technology, or construction for purpose of Tennessee Code Annotated Section 12-4-119, by submitting a bid each bidder certifies that it (including its wholly-owned subsidiaries, majority-owned subsidiaries, parent companies, or affiliates, if any) is not currently engaged in, and will not, through the issue date of the Bonds, engage in, a boycott of Israel. For this purpose, (1) "Israel" means the State of Israel and Israeli-controlled territories, and (2) a "boycott of Israel" means engaging in refusals to deal, terminating business activities, or other commercial actions that are intended to limit commercial relations with Israel, or companies doing business in or with Israel or authorized by, licensed by, or organized under the laws of the State of Israel to do business, or persons or entities doing business in Israel, when such actions are taken (i) in compliance with, or adherence to, calls for a boycott of Israel, or (ii) in a manner that discriminates on the basis of nationality, national origin, religion, or other unreasonable basis, and is not based on a valid business reason. The provisions of this paragraph shall not apply, and a bidder shall not be required to provide the certification provided above, if the bidder's compensation as a result of the purchase of the Bonds is less than \$250,000.

# **Further Information**

Copies of the Preliminary Official Statement may be obtained from the undersigned at the office of the Budget and Finance Director, Public Square, Rutherford County Courthouse, Murfreesboro, Tennessee 37130, or from Stephens Inc., Attn: Sam Crewse, One American Center, 3100 West End Avenue, Suite 630, Nashville, Tennessee 37203, Telephone: (615) 279-4336 or (615) 279-4338; Fax: (615) 279-4351.

# **Exhibit A to Detailed Notice of Sale**

#### RUTHERFORD COUNTY, TENNESSEE

# \$108,000,000\* GENERAL OBLIGATION SCHOOL BONDS, SERIES 2025B

#### ISSUE PRICE CERTIFICATE

The undersigned, on behalf of [NAME OF UNDERWRITER] (the "Purchaser"), hereby certifies as set forth below with respect to the sale of the above-captioned obligation (the "Bonds").

# [Assuming the Qualified Competitive Sale Requirements Are Satisfied]

# 1. Reasonably Expected Initial Offering Price.

- (a) I am familiar with the facts herein certified, and I am duly authorized to execute and deliver this certificate on behalf of the Purchaser and any underwriting syndicate.
- (b) As of the Sale Date, the reasonably expected initial offering prices of the Bonds to the Public by the Purchaser are the prices listed below (the "Expected Offering Prices"). The Expected Offering Prices are the prices for the Maturities of the Bonds used by the Purchaser in formulating its bid to purchase the Bonds. Attached as <u>Exhibit A</u> is a true and correct copy of the bid provided by the Purchaser to purchase the Bonds.
- (c) The Purchaser was not given the opportunity to review other bids prior to submitting its bid.
- (d) The bid submitted by the Purchaser constituted a firm offer to purchase the Bonds.

# [Assuming the Qualified Competitive Sale Requirements Are Not Satisfied and the Hold-the-Offering-Price Rule Applies]

# 2. Initial Offering Price.

- (a) The Purchaser offered each Maturity of the Bonds to the Public for purchase at the respective initial offering prices listed in its bid attached hereto as <u>Exhibit A</u> (the "Initial Offering Prices") on or before the Sale Date. A copy of the pricing wire or equivalent communication for the Bonds is attached to this Certificate as Exhibit B.
- (b) As set forth in the Detailed Notice of Sale for the Bonds, the Purchaser has agreed in writing that, for each maturity of the Bonds, it would neither offer nor sell any of the Bonds of such Maturity to any person at a price that is higher than the Initial Offering Price for such maturity during the Holding Period (as defined below) for such Maturity, nor would it permit a related party to do so. Pursuant to such agreement, the Purchaser has neither offered nor sold any Maturity of the Bonds at a price that is higher than the respective Initial Offering Price for that Maturity of the Bonds during the Holding Period. As used in this paragraph, the term "Holding Period" means the period starting on the Sale Date and ending on the earlier of (i) the close of the fifth business day after the Sale Date, or (ii) the date on which at least 10% of such Maturity has been sold to the Public at a price that is no higher than the Initial Offering Price for such Maturity.

-

<sup>\*</sup> Preliminary, subject to change as provided in the Detailed Notice of Sale.

# 2. Defined Terms.

- (a) *Maturity* means Bonds with the same credit and payment terms. Bonds with different maturity dates, or Bonds with the same maturity date but different stated interest rates, are treated as separate Maturities.
- (b) County means Rutherford County, Tennessee.
- (c) *Public* means any person (including an individual, trust, estate, partnership, association, company, or corporation) other than an Underwriter or a related party to an Underwriter. The term "related party" for purposes of this Certificate generally means any two or more persons who have greater than 50 percent common ownership, directly or indirectly.
- (d) Sale Date means the first day on which there is a binding contract in writing for the sale or exchange the Bonds. The Sale Date of the Bonds is [\_\_\_\_\_\_\_\_\_, 2025].
- (e) *Underwriter* means (i) any person that agrees pursuant to a written contract with the County (or with the lead underwriter to form an underwriting syndicate) to participate in the initial sale of the Bonds to the Public, and (ii) any person that agrees pursuant to a written contract directly or indirectly with a person described in clause (i) of this paragraph to participate in the initial sale of the Bonds to the Public (including a member of a selling group or a party to a third-party distribution agreement participating in the initial sale of the Bonds to the Public).

The representations set forth in this certificate are limited to factual matters only. Nothing in this certificate represents the Purchaser's interpretation of any laws, including specifically Sections 103 and 148 of the Internal Revenue Code of 1986, as amended, and the Treasury Regulations thereunder. The undersigned understands that the foregoing information will be relied upon by the County with respect to certain of the representations set forth in the Federal Tax Certificate and Agreement and with respect to compliance with the federal income tax rules affecting the Bonds, and by Bass, Berry & Sims PLC in connection with rendering its opinion that the interest on the Bonds is excluded from gross income for federal income tax purposes, the preparation of the Internal Revenue Service Form 8038-G, and other federal income tax advice that it may give to the County from time to time relating to the Bonds.

<sup>\*</sup> Preliminary, subject to change as provided in the Detailed Notice of Sale.

In accordance with the terms of the Detailed Notice of Sale, we have or will make a good faith deposit for \$1,080,000.00 as set forth in the Detailed Notice of Sale, which is to be applied in accordance with the Detailed Notice of Sale. The good faith deposit may be provided in the form of:

- 1. Federal Funds Wire Transfer. A federal funds wire transfer submitted to the County or the County's Municipal Advisor by the successful bidder by 3:00 p.m. C.D.T. on the day of the sale provided the County awards the bid by 1:00 p.m. C.D.T.; otherwise the wire shall be received not later than 12:00 noon C.D.T. on the next business day following the award. The County Mayor reserves the right to adjust the time the deposit is to be received if there are problems with electronic transfers of funds or other acceptable reasons.
- 2. Certified Check. A bank certified check, bank cashier's check or a treasurer's check drawn upon an incorporated bank or trust company payable unconditionally to the order of the County. If a check is used, it must accompany a bid and be received by the time and date bids are required. If the successful bidder's Deposit is by check, the check will be deposited on the date of the sale.

Wire transfer instructions are available from Stephens Inc., Attn: Sam Crewse, One American Center, 3100 West End Avenue, Suite 630, Nashville, Tennessee 37203, Telephone (615) 279-4336 or (615) 279-4338; Fax: (615) 279-4351. If a successful bidder fails to timely make the Deposit for a series of Bonds, the award may be terminated in the discretion of the County Mayor and the County shall be entitled to an amount equal to the Deposit as liquidated damages for failure of the successful bidder to comply with the terms of the award of such Bonds. The County Mayor in his discretion may award the Bonds to the bidder whose bid results in the next lowest true interest cost to the County as the lowest complying bidder or hold a subsequent sale of the Bonds. The County shall have no liability to any bidder who fails to properly submit a Deposit.

In the event this bid is accepted and should for any reason we fail to comply with the terms of this bid, said deposit will be forfeited by us as full liquidated damages; otherwise, said deposit will be credited against the purchase price of the Bonds at closing. In the event the County Mayor fails to deliver the Bonds to us as described in the Detailed Notice of Sale, said deposit will be returned to us.

make any representations as to the appropriateness of such ratings.

There is no assurance that such ratings will continue for any given period of time or that they will not be lowered or withdrawn. Any such downward change in or withdrawal of the ratings may have an adverse effect on the secondary market price of the Bonds. Any explanation of the significance of the ratings may be obtained from Moody's, S&P and Fitch. See "Ratings" herein.

TAX MATTERS .....

In the opinion of Bond Counsel, based on existing law and assuming compliance with certain tax covenants of the County, interest on the Bonds is excludable from gross income for federal income tax purposes under Section 103 of the Internal Revenue Code of 1986, as amended (the "Code") and is not an item of tax preference for purposes of the federal alternative minimum tax imposed on individuals; however, such interest on the Bonds may be taken into account for the purpose of computing the alternative minimum tax imposed on certain corporations. For an explanation of certain tax consequences under federal law which may result from the ownership of the Bonds, see the discussion under the heading "Tax Matters" herein. Under existing law, the Bonds and the income therefrom will be exempt from all state, county and municipal taxation in the State of Tennessee, except Tennessee franchise and excise taxes. # General Obligation School Bonds, Series 2025B

#### Introduction

The Official Statement, including the cover page and appendices hereto, is furnished in connection with the issuance by Rutherford County, Tennessee (the "County") of \$108,000,000\* General Obligation School Bonds, Series 2025B (the "Bonds").

The Bonds are being issued under and in full compliance with the constitution and statutes of the State of Tennessee (the "State"), including Sections 9-21-101 et seq., Tennessee Code Annotated, and a bond resolution duly adopted by the Board of County Commissioners on May 15, 2025 (the "Resolution").

This Official Statement includes descriptions of, among other matters, the Bonds, the Resolution, and the County. Such descriptions and information do not purport to be comprehensive or definitive. All references to the Resolution are qualified in their entirety by reference to the definitive document, including the form of the Bonds included in the Resolution. During the period of the offering of the Bonds, copies of the Resolution and any other documents described herein or in the Resolution may be obtained from the County. After delivery of the Bonds, copies of such documents will be available for inspection at the County Mayor's office. All capitalized terms used in this Official Statement and not otherwise defined herein have the meanings set forth in the Resolution.

#### The Bonds

#### **Description**

The Bonds are being issued to provide funds to (i) finance the (a) acquisition of land for, design, site development, construction, improvement, renovation, repair and equipping of County schools and school facilities and the acquisition of transportation equipment for schools; (b) payment of legal, fiscal, administrative, architectural and engineering costs incident to any or all of the foregoing; (c) acquisition of all property, real and personal, related to the foregoing (collectively, the "Projects"); (d) if required by applicable law, the payment of funds required to be shared with the City of Murfreesboro, Tennessee, to the extent not waived, pursuant to Sections 9-21-129 and 49-3-1003, Tennessee Code Annotated, as amended; (ii) reimburse the appropriate fund of the County for prior expenditures for the foregoing costs, if applicable; and (iii) pay costs incident to the issuance and sale of the Bonds.

The Bonds will be issued as fully registered book-entry Bonds, without coupons, in denominations of \$5,000 or any integral multiple thereof. The Bonds will be dated their date of issuance. Interest on the Bonds, at the rates per annum set forth on the cover page and calculated on the basis of a 360-day year, consisting of twelve 30-day months, will be payable semiannually on April 1 and October 1 of each year (herein an "Interest Payment Date"), commencing April 1, 2026.

The Bonds will mature on the dates and in the amounts set forth on the cover page.

1

<sup>\*</sup> Preliminary, subject to change as provided in the Detailed Notice of Sale.

The Bonds will be initially registered only in the name of Cede & Co., as nominee of The Depository Trust Company, New York, New York ("DTC"), which will act as securities depository for the Bonds.

U.S. Bank Trust Company, National Association, Nashville, Tennessee (the "Registration Agent") will make all interest payments with respect to the Bonds on each Interest Payment Date directly to the registered owners as shown on the Bond registration records maintained by the Registration Agent as of the close of business on the fifteenth day of the month next preceding the Interest Payment Date (the "Regular Record Date") by check or draft mailed to such owners at their addresses shown on said registration records, without, except for final payment, the presentation or surrender of such registered Bonds, and all such payments shall discharge the obligations of the County in respect of such Bonds to the extent of the payments so made. Payment of principal of the Bonds shall be made upon presentation and surrender of such Bonds to the Registration Agent as the same shall become due and payable. In the event the Bonds are no longer registered in the name of DTC or its successor or assigns, if requested by the Owner of at least \$1,000,000 in aggregate principal amount of the Bonds, payment of interest on such Bonds shall be paid by wire transfer to a bank within the continental United States or deposited to a designated account if such account is maintained with the Registration Agent and written notice of any such election and designated account is given to the Registration Agent prior to the record date.

Any interest on any Bond which is payable but is not punctually paid or duly provided for on any interest payment date (hereinafter "Defaulted Interest") shall forthwith cease to be payable to the registered owner on the relevant Regular Record Date; and, in lieu thereof, such Defaulted Interest shall be paid by the County to the persons in whose names the Bonds are registered at the close of business on a date (the "Special Record Date") for the payment of such Defaulted Interest, which shall be fixed in the following manner: The County shall notify the Registration Agent in writing of the amount of Defaulted Interest proposed to be paid on each Bond and the date of the proposed payment, and at the same time the County shall deposit with the Registration Agent an amount of money equal to the aggregate amount proposed to be paid in respect of such Defaulted Interest or shall make arrangements satisfactory to the Registration Agent for such deposit prior to the date of the proposed payment, such money when deposited to be held in trust for the benefit of the persons entitled to such Defaulted Interest. Thereupon, not less than ten (10) days after the receipt by the Registration Agent of the notice of the proposed payment, the Registration Agent shall fix a Special Record Date for the payment of such Defaulted Interest which date shall not be more than fifteen (15) nor less than ten (10) days prior to the date of the proposed payment to the registered owners. The Registration Agent shall promptly notify the County of such Special Record Date and, in the name and at the expense of the County, not less than ten (10) days prior to such Special Record Date, shall cause notice of the proposed payment of such Defaulted Interest and the Special Record Date therefor to be mailed, first class postage prepaid, to each registered owner at the address thereof as it appears in the Bond registration records maintained by the Registration Agent as of the date of such notice. Nothing contained in the Resolution or in the Bonds shall impair any statutory or other rights in law or in equity of any registered owner arising as a result of the failure of the County to punctually pay or duly provide for the payment of principal of and interest on the Bonds when due.

#### Redemption

# **Optional Redemption**

The Bonds maturing on or before April 1, 2035, are not subject to redemption prior to maturity at the option of the County. The Bonds maturing on April 1, 2036, and thereafter shall be subject to redemption prior to maturity at the option of the County on and after April 1, 2035, as a whole or in part at any time at the redemption price of par, plus interest accrued to the redemption date.

If less than all the Bonds shall be called for redemption, the maturities to be redeemed shall be selected by the Board of County Commissioners of the County in its discretion. If less than all of the Bonds within a single maturity shall be called for redemption, the interests within the maturity to be redeemed shall be selected as follows:

- (i) if the Bonds are being held under a Book-Entry System by DTC, or a successor Depository, the Bonds to be redeemed shall be determined by DTC, or such successor Depository, by lot or such other manner as DTC, or such successor Depository, shall determine; or
- (ii) if the Bonds are not being held under a Book-Entry System by DTC, or a successor Depository, the Bonds within the maturity to be redeemed shall be selected by the Registration Agent by lot or such other random manner as the Registration Agent in its discretion shall determine.

# Mandatory Redemption

Subject to the credit hereinafter provided, the County shall redeem Bonds maturing April 1, 20\_\_ on the redemption dates set forth below opposite the maturity dates, in aggregate principal amounts equal to the respective dollar amounts set forth below opposite the respective redemption dates at a price of par plus accrued interest thereon to the date of redemption. DTC, or such Person as shall then be serving as the securities depository for the Bonds, shall determine the interest of each Participant in the Bonds to be redeemed using its procedures generally in use at that time. If DTC or another securities depository is no longer serving as securities depository for the Bonds, the Bonds to be redeemed within a maturity shall be selected by the Registration Agent by lot or such other random manner as the Registration Agent in its discretion shall select. The dates of redemption and principal amount of Bonds to be redeemed on said dates are as follows:

| Final           | Redemption  | Principal Amount of |  |  |
|-----------------|-------------|---------------------|--|--|
|                 |             | Bonds               |  |  |
| <u>Maturity</u> | <u>Date</u> | Redeemed            |  |  |

\*Final Maturity

At its option, to be exercised on or before the forty-fifth (45th) day next preceding any such redemption date, the County may (i) deliver to the Registration Agent for cancellation Bonds maturing April 1, 20\_\_ to be redeemed, in any aggregate principal amount desired, and/or (ii) receive a credit in respect of its redemption obligation under this mandatory redemption provision for any Bonds of the maturity to be redeemed which prior to said date have been purchased or redeemed (otherwise than through the operation of this mandatory sinking fund redemption provision) and canceled by the Registration Agent and not theretofore applied as a credit against any redemption obligation under this mandatory sinking fund provision. Each Bond maturing April 1, 20\_ so delivered or previously purchased or redeemed shall be credited by the Registration Agent at 100% of the principal amount thereof on the obligation of the County on such payment date and any excess shall be credited on future redemption obligations in chronological order, and the principal amount of Bonds to be redeemed by operation of this mandatory sinking fund provision shall be accordingly reduced.

# Notice of Redemption

Notice of call for redemption, whether optional or mandatory, shall be given by the Registration Agent on behalf of the County not less than twenty (20) nor more than sixty (60) days prior to the date fixed for redemption by sending an appropriate notice to the registered owners of the Bonds to be redeemed by first-class mail or certified mail, postage prepaid, at the addresses shown on the Bond registration records of the Registration Agent as of the date of the notice; but neither failure to mail such notice nor any defect in any such notice so mailed shall affect the sufficiency of the proceedings for redemption of any of the Bonds for which proper notice was given. The notice may state that it is conditioned upon the deposit of moneys in an amount equal to the amount necessary to effect the redemption with the Registration Agent no later than the redemption date ("Conditional Redemption"). As long as DTC, or a successor Depository, is the registered owner of the Bonds, all redemption notices shall be mailed by the Registration Agent to DTC, or such successor Depository, as the registered owner of the Bonds, as and when above provided, and neither the County nor the Registration Agent shall be responsible for mailing notices of redemption to DTC Participants, or Beneficial Owners. Failure of DTC, or any successor Depository, to provide notice to any DTC Participant or Beneficial Owner will not affect the validity of such redemption. The Registration Agent shall mail said notices as and when directed by the County pursuant to written instructions from an authorized representative of the County (other than for a mandatory sinking fund redemption, if applicable), notices of which shall be given at least forty-five (45) days prior to the redemption date (unless a shorter notice period shall be satisfactory to the Registration Agent). From and after the redemption date, all Bonds called for redemption shall cease to bear interest if funds are available at the office of the Registration Agent for the payment thereof and if notice has been duly provided. In the case of a Conditional Redemption, the failure of the County to make funds available in part or in whole on or before the redemption date shall not constitute an event of default, and the Registration Agent shall give immediate notice to the Depository, if applicable, or the affected Bondholders that the redemption did not occur and that the Bonds called for redemption and not so paid remain outstanding.

#### **Security and Sources of Payment**

The Bonds shall be payable from unlimited <u>ad valorem</u> taxes to be levied on all taxable property within the County. For the prompt payment of principal of and interest on the Bonds, the full faith and credit of the County are irrevocably pledged.

# Levy of Tax

Pursuant to the Resolution, the County has covenanted to annually levy and collect a tax upon all taxable property within the County, in addition to all other taxes authorized by law, sufficient to pay principal of and interest on the Bonds when due, and levy a direct annual tax in such amount as may be found necessary each year to pay principal and interest coming due on the Bonds in said year. Principal and interest falling due at any time when there are insufficient funds on hand from this tax levy will be paid from the current funds of the County and reimbursement therefor will be made out of the taxes provided for under the Resolution to be levied when collected. Such tax may be reduced to the extent of any appropriations from other legally available funds, taxes and revenues of the County, to the payment of debt service on the Bonds.

Under Tennessee law, the County's legislative body is authorized to levy a tax on all taxable property within the County, or a portion thereof, without limitation as to rate or amount, and a referendum is neither required nor permitted to set the rate or amount. For a more complete statement of the general covenants and provisions pursuant to which the Bonds are issued, reference is made to the Resolution.

# **Discharge and Satisfaction of Bonds**

The Bonds may be discharged and defeased in any one or more of the following ways:

- (a) By depositing sufficient funds as and when required with the Registration Agent, to pay the principal of and interest on such Bonds as and when the same become due and payable;
- (b) By depositing or causing to be deposited with any trust company or financial institution whose deposits are insured by the Federal Deposit Insurance Corporation or similar federal agency and which has trust powers (an "Agent"; which Agent may be the Registration Agent) in trust or escrow, on or before the date of maturity, sufficient money or Defeasance Obligations, as hereafter defined, the principal of and interest on which, when due and payable, will provide sufficient moneys to pay or redeem such Bonds and to pay interest thereon when due until the maturity date;
  - (c) By delivering such Bonds to the Registration Agent, for cancellation by it;

and if the County shall also pay or cause to be paid all other sums payable under the Resolution, or make adequate provision therefor, and by resolution of the Governing Body instruct any such Agent to pay amounts when and as required to the Registration Agent for the payment of principal of and interest on such Bonds when due, then such Bonds shall be discharged and satisfied and all covenants, agreements and obligations of the County to the holders of such Bonds shall be fully discharged and satisfied.

If the County pays and discharges the indebtedness evidenced by any of the Bonds in the manner provided in either clause (a) or clause (b) above, then the registered owners of such Bonds shall thereafter be entitled only to payment out of the money or Defeasance Obligations.

Defeasance Obligations are direct obligations of, or obligations, the principal of and interest on which are guaranteed by, the United States of America, which bonds or other obligations shall not be subject to redemption prior to their maturity other than at the option of the registered owner thereof.

#### **Remedies of Bondholders**

Under Tennessee law, any Bondholder has the right, in addition to all other rights:

- (1) By mandamus or other suit, action or proceeding in any court of competent jurisdiction to enforce its rights against the County, including, but not limited to, the right to require the County to assess, levy and collect taxes adequate to carry out any agreement as to, or pledge of, such taxes, fees, rents, tolls, or other charges, and to require the County to carry out any other covenants and agreements, or
- (2) By action or suit in equity, to enjoin any acts or things which may be unlawful or a violation of the rights of such Bondholder.

#### **Book-Entry-Only System**

The Depository Trust Company ("DTC"), New York, NY, will act as securities depository for the securities (the "Securities"). The Securities will be issued as fully-registered securities registered in the name of Cede & Co. (DTC's partnership nominee) or such other name as may be requested by an authorized representative of DTC. One fully-registered Security certificate will be issued for the Securities, in the aggregate principal amount of such issue, and will be deposited with DTC.

DTC, the world's largest depository, is a limited-purpose trust company organized under the New York Banking Law, a "banking organization" within the meaning of the New York Banking Law, a member of the Federal Reserve System, a "clearing corporation" within the meaning of the New York Uniform Commercial Code, and a "clearing agency" registered pursuant to the provisions of Section 17A of the Securities Exchange Act of 1934. DTC holds and provides asset servicing for over 2.2 million issues of U.S. and non-U.S. equity, corporate and municipal debt issues, and money market instrument from over 100 countries that DTC's participants ("Direct Participants") deposit with DTC. DTC also facilitates the post-trade settlement among Direct Participants of sales and other securities transactions in deposited securities through electronic computerized book-entry transfers and pledges between Direct Participants' accounts. This eliminates the need for physical movement of securities certificates. Direct Participants include both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, clearing corporations, and certain other organizations. DTC is a wholly-owned subsidiary of The Depository Trust & Clearing Corporation ("DTCC"). DTCC, in turn, is owned by a number of Direct Participants of DTC and Members of the National Securities Clearing Corporation, Fixed Income Clearing Corporation, and Emerging Markets Clearing Corporation (NSCC, FICC, and EMCC, also subsidiaries of DTCC), as well as by the New York Stock Exchange, Inc., the American Stock Exchange LLC, and the National Association of Securities Dealers, Inc. Access to the DTC system is also available to others such as both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, and clearing corporations that clear through or maintain a custodial relationship with a Direct Participant, either directly or indirectly ("Indirect Participants"). DTC has S&P's rating of AA+. The DTC Rules applicable to its Participants are on file with the Securities and Exchange Commission. More information about DTC can be found at www.dtcc.com and www.dtc.org.

Purchases of Securities under the DTC system must be made by or through Direct Participants, which will receive a credit for the Securities on DTC's records. The ownership interest of each actual purchaser of each Security ("Beneficial Owner") is in turn to be recorded on the Direct and Indirect Participants' records. Beneficial Owners will not receive written confirmation from DTC of their purchase. Beneficial Owners are, however, expected to receive written confirmations providing details of the transaction, as well as periodic statements of their holdings, from the Direct or Indirect Participant through which the Beneficial Owner entered into the transaction. Transfers of ownership interests in the Securities are to be accomplished by entries made on the books of Direct and Indirect Participants acting on behalf of Beneficial Owners. Beneficial Owners will not receive certificates representing their ownership interests in Securities, except in the event that use of the book-entry system for the Securities is discontinued.

To facilitate subsequent transfers, all Securities deposited by Direct Participants with DTC are registered in the name of DTC's partnership nominee, Cede & Co. or such other name as may be requested by an authorized representative of DTC. The deposit of Securities with DTC and their registration in the name of Cede & Co. or such other nominee do not effect any change in beneficial ownership. DTC has no knowledge of the actual Beneficial Owners of the Securities; DTC's records reflect only the identity of the Direct Participants to whose accounts such Securities are credited, which may or may not be the Beneficial Owners. The Direct and Indirect Participants will remain responsible for keeping account of their holdings on behalf of their customers.

Conveyance of notices and other communications by DTC to Direct Participants, by Direct Participants to Indirect Participants, and by Direct Participants and Indirect Participants to Beneficial Owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time.

Redemption notices shall be sent to DTC. If less than all of the Securities within an issue are being redeemed, DTC's practice is to determine by lot the amount of the interest of each Direct Participant in such issue to be redeemed.

Neither DTC nor Cede & Co. (nor such other DTC nominee) will consent or vote with respect to the Securities unless authorized by a Direct Participant in accordance with DTC's Procedures. Under its usual procedures, DTC mails an Omnibus Proxy to Issuer as soon as possible after the record date. The Omnibus Proxy assigns Cede & Co.'s consenting or voting rights to those Direct Participants to whose accounts the Securities are credited on the record date (identified in a listing attached to the Omnibus Proxy).

Redemption proceeds, distributions, and dividend payments on the Securities will be made to Cede & Co., or such other nominee as may be requested by an authorized representative of DTC. DTC's practice is to credit Direct Participants' accounts, upon DTC's receipt of funds and corresponding detail information from Issuer or Agent on payable date in accordance with their respective holdings shown on DTC's records. Payments by Participants to Beneficial Owners will be governed by standing instructions and customary practices, as is the case with securities held for the accounts of customers in bearer form or registered in "street name," and will be the responsibility of such Participant and not of DTC nor its nominee, Agent, or Issuer, subject to any statutory or regulatory requirements as may be in effect from time to time. Payment of redemption proceeds, distributions, and dividend payments to Cede & Co. (or such other nominee as may be requested by an authorized representative of DTC) is the responsibility of County or Agent, disbursement of such payments to Direct Participants will be the responsibility of DTC, and disbursement of such payments to the Beneficial Owners will be the responsibility of Direct and Indirect Participants.

DTC may discontinue providing its services as securities depository with respect to the Securities at any time by giving reasonable notice to the County or Agent. Under such circumstances, in the event that a successor securities depository is not obtained, Security certificates are required to be printed and delivered.

The County may decide to discontinue use of the system of book-entry-only transfers through DTC (or a successor securities depository). In that event, Security certificates will be printed and delivered to DTC.

The information in this section concerning DTC and DTC's book-entry system has been obtained from sources that County believes to be reliable, but County takes no responsibility for the accuracy thereof.

THE COUNTY AND THE REGISTRATION AGENT HAVE NO RESPONSIBILITY OR OBLIGATION TO PARTICIPANTS, OR TO ANY BENEFICIAL OWNER WITH RESPECT TO (I) THE ACCURACY OF ANY RECORDS MAINTAINED BY DTC OR ANY PARTICIPANT; (II) THE PAYMENT BY DTC OR ANY PARTICIPANT OF ANY AMOUNT WITH RESPECT TO THE PRINCIPAL OF OR INTEREST ON THE BONDS; (III) THE DELIVERY OR TIMELINESS OF DELIVERY BY ANY PARTICIPANT OR ANY NOTICE TO ANY BENEFICIAL OWNER WHICH IS REQUIRED OR PERMITTED UNDER THE TERMS OF THE RESOLUTION TO BE GIVEN TO BONDHOLDERS; OR (IV) ANY CONSENT GIVEN OR OTHER ACTION TAKEN BY DTC OR CEDE & CO. AS BONDHOLDER.

#### Plan of Financing

The proceeds of the Bonds (other than proceeds used to pay issuance costs) authorized to be issued under the Resolution will be used to finance the Projects. Pursuant to the Resolution, a portion of the proceeds of the Bonds will be deposited in a construction fund (the "Construction Fund") to be held and invested in accordance with applicable law and used to pay costs of the Projects, to reimburse the County for any funds previously expended for costs of the Projects, and to pay costs of issuance of the Bonds. Moneys in the Construction Fund may be invested as permitted by Tennessee law and may not be used for any purpose other than the Projects or as otherwise provided in the Resolution. The County shall pay to the

Treasurer of the City those proceeds of the Bonds required to be shared with the City, to the extent not waived, pursuant to Sections 9-21-129 and 49-3-1003, Tennessee Code Annotated, as amended.

The following table sets forth the estimated sources and uses of funds in connection with the issuance of the Bonds.

# **Sources of Funds**

# **Ratings**

The Bonds have been assigned ratings of "Aaa" by Moody's Investors Service, Inc. ("Moody's"), "AAA" by S&P Global Ratings, a Division of Standard & Poor's Financial Services LLC ("S&P"), and "AAA" by Fitch Ratings, Inc. ("Fitch"), based on documents and other information provided by the County. The ratings reflect only the views of Moody's, S&P and Fitch, and the County, the Municipal Advisor and the Underwriter make no representation as to the appropriateness of such ratings.

There is no assurance that such ratings will continue for any given period of time or that they will not be lowered or withdrawn entirely. Any such downward change in or withdrawal of the ratings may have an adverse effect on the secondary market price of the Bonds. Any explanation of the significance of the ratings may be obtained from Moody's, S&P and Fitch.

#### **Continuing Disclosure**

#### General

The County will at the time the Bonds are delivered execute a Continuing Disclosure Agreement ("Disclosure Agreement") under which it will covenant for the benefit of holders and beneficial owners of the Bonds to provide certain financial information and operating data relating to the County by not later than twelve months after the end of each fiscal year commencing with the fiscal year ending June 30, 2025 (the "Annual Report"), and to provide notice of the occurrence of certain enumerated events and timely notice of failure to provide any required financial information of the County. The Annual Report (and audited financial statements, if filed separately) and notices described above will be filed by the County with the Municipal Securities Rulemaking Board ("MSRB") at <a href="www.emma.msrb.org">www.emma.msrb.org</a> ("EMMA") and with any State Information Depository which may be established in Tennessee (the "SID"). The specific nature of the information to be contained in the Annual Report or the notices of events is summarized below. These covenants have been made in order to assist the Underwriters in complying with SEC Rule 15c2-12(b), as it may be amended from time to time (the "Rule"). The County has not failed to comply in any material respect with previous continuing disclosure undertakings in the past five years.

# **Annual Report**

The County's Annual Report shall contain or incorporate by reference the General Purpose Financial Statements of the Issuer for the fiscal year, prepared in accordance with generally accepted accounting principles; provided, however, if the County's audited financial statements are not available by the time the Annual Report is required to be filed, the Annual Report shall contain unaudited financial statements in a format similar to the financial statements contained herein, and the audited financial statements shall be filed when available. The Annual Report shall also include the following information included in Appendix B to this Official Statement (which data may be presented in a format other than as set forth in the Official Statement) as follows.

- 1. "Summary of Outstanding Debt";
- 2. "Debt Statement";
- 3. "Per Capita Debt Ratios";
- 4. "Debt Ratios";
- 5. "Debt Trend";
- 6. "Debt Service Requirements";
- 7. "Property Valuation and Property Tax";
- 8. "Top Taxpayers";
- 9. "Fund Balances";
- 10. "Local Sales Tax Collections"; and
- 11. "Wheel Tax."

Any required disclosure may be incorporated by reference to other documents filed with the MSRB on EMMA or by such other method as may be subsequently determined by the MSRB. The County shall clearly identify each such other document so incorporated by reference. The County will provide, in a timely manner, notice of failure to provide the required annual financial information described above on or before the date specified above.

#### **Reporting of Significant Events**

The County will file notice of Listed Events (as defined in (3) below) with the MSRB and SID, if any, as follows:

- 1. Upon the occurrence of a Listed Event, the County shall in a timely manner, but in no event more than ten (10) business days after the occurrence of such event, file a notice of such occurrence with the MSRB and SID, if any.
- 2. For Listed Events where notice is only required upon a determination that such event would be material under applicable Federal securities laws, the County shall determine the materiality of such event as soon as possible after learning of its occurrence.

- 3. The following are the Listed Events:
  - a. Principal and interest payment delinquencies;
  - b. Non-payment related defaults, if material;
  - c. Unscheduled draws on debt service reserves reflecting financial difficulties;
  - d. Unscheduled draws on credit enhancements reflecting financial difficulties;
  - e. Substitution of credit or liquidity providers, or their failure to perform;
  - f. Adverse tax opinions, the issuance by the Internal Revenue Service of proposed or final determinations of taxability, Notices of Proposed Issue (IRS Form 5701-TEB) or other material notices or determinations with respect to the tax status of the Bonds or other material events affecting the tax status of the Bonds;
  - g. Modifications to rights of Bondholders, if material;
  - h. Bond calls, if material, and tender offers;
  - i. Defeasances;
  - j. Release, substitution, or sale of property securing repayment of the securities, if material;
  - k. Rating changes;
  - 1. Bankruptcy, insolvency, receivership or similar event of the obligated person;
  - m. The consummation of a merger, consolidation or acquisition involving an obligated person or the sale of all or substantially all of the assets of the obligated person, other than in the ordinary course of business, the entry into a definitive agreement to undertake such an action or the termination of a definitive agreement relating to any such actions, other than pursuant to its terms, if material:
  - n. Appointment of a successor or additional trustee or the change of name of a trustee, if material;
  - o. Incurrence of a financial obligation (as defined by the Rule) of the County, if material, or agreement to covenants, events of default, remedies, priority rights, or other similar terms of a financial obligation of the County, any of which affect security holders, if material; and
  - p. Default, event of acceleration, termination event, modification of terms, or other similar events under the terms of a financial obligation (as defined by the Rule) of the County, any of which reflect financial difficulties.

# **Termination of Reporting Obligation**

The County's obligations under the Disclosure Agreement shall terminate upon the legal defeasance, prior redemption or payment in full of all of the Bonds.

#### Amendment

Notwithstanding any other provision of the Disclosure Agreement, the County may amend the Disclosure Agreement, provided that the following conditions are satisfied:

- (a) any such amendments are not violative of any rule or regulation of the SEC or MSRB, or other federal or state regulatory body;
- (b) the amendment is in connection with a change in circumstances that arises from a change in legal requirements, change in law, or change in the identity, nature, or status of the obligated person, or type of business conducted;
- (c) the Disclosure Agreement, as amended, would have complied with the requirements of the Rule at the time of the primary offering of the Bonds, after taking into account any amendments or interpretations of the Rule, as well as any change in circumstances; and
- (d) the amendment does not materially impair the interests of beneficial owners or registered owners, as determined either by parties unaffiliated with the County (such as bond counsel), or by approving vote of the beneficial owners and registered owners pursuant to the terms of the Resolution at the time of the amendment.

In the event of any amendment to the Disclosure Agreement, the County shall describe such amendment in the next Annual Report, and shall include, as applicable, a narrative explanation of the reason for the amendment and its impact on the type (or, in the case of a change of accounting principles, on the presentation) of financial information or operating data being presented by the County. In addition, if the amendment relates to the accounting principles to be followed in preparing financial statements, (i) notice of such change shall be given, and (ii) the Annual Report for the year in which the change is made should present a comparison (in narrative form and also, if feasible, in quantitative form) between the financial statements as prepared on the basis of the new accounting principles and those prepared on the basis of the former accounting principles.

# **Default**

In the event of a failure of the County to comply with any provision of the Disclosure Agreement, any Bondholder or any Beneficial Owner may take such actions as may be necessary and appropriate, including seeking mandate or specific performance by court order, to cause the County to comply with its obligations under the Disclosure Agreement. A default under the Disclosure Agreement shall not be deemed an event of default, if any, under the Resolution, and the sole remedy under the Disclosure Agreement in the event of any failure of the County to comply with the Disclosure Agreement shall be an action to compel performance.

#### **Investment Considerations**

#### General

The purchase of the Bonds is subject to a number of investment considerations. The following is a discussion of certain investment considerations, which, among others, could affect the ability of the

County to pay the principal of and interest and premium, if any, on the Bonds and which could also affect the marketability of, or the market price for, the Bonds. Such discussion is not, and is not intended to be, a comprehensive compilation of all possible investment considerations nor a substitute for an independent evaluation of the information presented in this Official Statement, including the Appendices attached hereto. Each prospective purchaser of any Bond should read this Official Statement, including the Appendices attached hereto, in its entirety and consult such prospective purchaser's own investment or legal advisor for a more complete explanation of the matters that should be considered when purchasing an investment such as the Bonds.

# **Enforceability of Remedies**

The remedies available to the holders or beneficial owners of the Bonds upon any event of default under the Resolution are in many respects dependent upon judicial actions which are often subject to discretion and delay.

The enforceability of remedies or rights with respect to the Bonds may be limited by state and federal laws, rulings and decisions affecting remedies and by bankruptcy, insolvency or other laws affecting creditors' rights or remedies heretofore or hereafter enacted.

Under existing law, municipalities must obtain the consent of state governments in order to avail themselves of federal bankruptcy protection under Title 11 of the United States Code. There is currently no law in the State granting such consent. The various legal opinions to be delivered concurrently with the delivery of the Bonds will be qualified as to the enforceability of the various legal instruments by limitations imposed by bankruptcy, reorganization, insolvency, moratorium, or other similar laws affecting the rights of creditors generally or as to the availability of any particular remedy.

# **Secondary Market Prices**

No assurance can be given that a secondary market for any of the Bonds will be available and no assurance can be given that the initial offering prices for the Bonds will continue for any period of time.

The Bonds may not constitute a liquid investment, and there is no assurance that a liquid secondary market will exist for the Bonds in the event a holder or beneficial owner thereof determines to solicit purchasers of the Bonds. Even if a liquid secondary market exists, there can be no assurance as to the price for which the Bonds may be sold. Such price may be lower than that paid by the current holder or beneficial owner of the Bonds, depending on existing market conditions and other factors.

#### **Adverse Weather Events**

Numerous scientific studies have detailed changing global weather patterns and the potential for increasing extreme weather events across the world. The County's location in the southern United States near various waterways increases its vulnerability to flooding and extreme heat. In addition to flooding and extreme heat, the County faces other threats due to changing weather patterns, including possible drought conditions that could become more severe and frequent. Severe weather and natural disasters, generally, including tornadoes and other storm events, can affect the County and its residents in a number of ways, including by damaging County property, causing the temporary or permanent displacement of County residents and interrupting County services. The County cannot predict the timing, extent or severity of any adverse weather events and their impact on the County's operations and finances.

# **Cyber Security**

The County utilizes various computer systems and network technology to perform many of its vital operations. Such operations often include the storage and transmission of sensitive information. As a result, the County may be the target of cyberattacks attempting to gain access to such information. In addition to intentional attacks, information breaches may occur due to unintentional employee error. A successful cyberattack or unintentional breach may require the expenditure of an unknown amount of money or time to resolve, substantially interrupt County services and operations and subject the County to legal action. Attempted cyber security attacks against organizations or entities similar to the County are increasingly common. In January 2024, the Federal Bureau of Investigation issued a specific warning that international hackers are working to attack governmental infrastructure in the United States. In November 2024, the County experienced a cyber security incident that affected County school servers, interrupted certain school services and resulted in the unauthorized release of certain school employee and student personal information. Essential network services were restored within a week, and the County addressed the incident in accordance with law. Though the County is still reviewing the incident, there has not been any material impact and there is not expected to be any future material impact to the County's operations or finances as a result such incident. To mitigate against such risks, the County has continued to institute various policies and procedures to protect its network infrastructure, including a cyber-security training requirement for certain departments, as well as general cyber security training and awareness for all employees. The County also maintains insurance against cyber security incidents, though such insurance may not be sufficient to cover all losses incurred by the County as a result of any cyberattack. Despite the County's measures to safeguard its network infrastructure, there are no guarantees that such measures will be successful.

#### **COVID-19 and Other Public Health Emergencies**

The outbreak of COVID-19, a respiratory disease caused by a new strain of coronavirus, has affected and continues to affect the entire world, including the County. In March 2020, in response to the COVID-19 outbreak, the Governor of the State issued a state of emergency and the World Health Organization declared the COVID-19 outbreak to be a global health emergency. The spread of COVID-19 led, from time to time, to quarantine and other "social distancing" measures. These measures included: (i) the closure, from time to time, of nonessential businesses, (ii) recommendations and warnings to limit nonessential travel and promote telecommuting, (iii) the postponement or cancellation of or reduced capacity at large-scale gatherings such as conventions, concerts and sporting events, (iv) limits on operations and customer capacity at commercial and retail establishments and (v) the closure, from time to time, of school buildings and community centers. The Governor of the State lifted the state of emergency in April 2021. The World Health Organization declared an end to the global health emergency in May 2023. The County is unable to predict whether and to what extent any increases in COVID-19 cases or the emergence of any other epidemic or pandemic may disrupt the local or global economy, or whether any such disruption may adversely affect the operations or financial condition of the County.

Various types of information regarding employment, income trends, and business activity in the County are detailed in Appendix B, including historical data collected both before and during the COVID-19 pandemic. Certain data and other information collected prior to and during the COVID-19 outbreak may not reflect current conditions. For example, some of the largest employers and taxpayers in the County may have been forced to reduce their employment during the COVID-19 outbreak and may be similarly affected as a result of any future epidemic, pandemic or other public health emergency. For additional information, see Appendix B to the Official Statement.

#### **Future Issues**

The County continues to experience significant population growth. This growth has created, and will likely continue to create, a need for capital improvement financings. Most of the projected capital projects will be for new school facilities to accommodate the growing enrollment. Rutherford County Schools projects the need for approximately \$400 million over the next four years to build, renovate or expand elementary, middle and high school facilities. With the exception of the Bonds, the funding for these new projects has not been approved by the County Commission, and the projects, amounts, and timing are all subject to change.

#### Litigation

The County, like other similar bodies, is subject to a variety of suits and proceedings arising in the ordinary conduct of its affairs. After reviewing the current status of all pending and threatened litigation with its counsel, the County believes that, while the outcome of litigation cannot be predicted, the final settlement of all lawsuits which have been filed and of any actions or claims pending or threatened against the County or its officials in such capacity are adequately covered by insurance or by sovereign immunity and/or will not have a material adverse effect upon the County's financial condition.

As of the date of this Official Statement, the County has no knowledge or information concerning any pending or threatened litigation contesting the authority of the County to issue, sell or deliver the Bonds. The County has no knowledge or information of any actions pending or expected that would materially affect the County's ability to pay the debt service requirements of the Bonds.

## **Approval of Legal Proceedings**

Legal matters incident to the authorization and issuance of the Bonds are subject to the unqualified approving opinion of Bass, Berry & Sims PLC, Bond Counsel. A copy of the opinion will be available upon delivery of the Bonds. (See Appendix A). Certain legal matters will be passed upon for the County by Nicholas C. Christiansen, Esq., County Attorney.

#### **Tax Matters**

#### **Federal**

*General*. Bass, Berry & Sims PLC, Nashville, Tennessee, is Bond Counsel for the Bonds. Their opinion under existing law, relying on certain statements by the County and assuming compliance by the County with certain covenants, is that interest on the Bonds:

- is excludable from gross income for federal income tax purposes under Section 103 of the Internal Revenue Code of 1986, as amended (the "Code") and
- is not an item of tax preference for purposes of the federal alternative minimum tax imposed on individuals; however, such interest on the Bonds may be taken into account for the purpose of computing the alternative minimum tax imposed on certain corporations.

The Code imposes requirements on the Bonds that the County must continue to meet after the Bonds are issued. These requirements generally involve the way that the Bond proceeds must be invested and ultimately used. If the County does not meet these requirements, it is possible that a bondholder may have to include interest on the Bonds in its federal gross income on a retroactive basis to the date of issue. The County has covenanted to do everything necessary to meet these requirements of the Code.

A bondholder who is a particular kind of taxpayer may also have additional tax consequences from owning the Bonds. This is possible if a bondholder is:

- an S corporation,
- a United States branch of a foreign corporation,
- a financial institution,
- a property and casualty or a life insurance company,
- an individual receiving Social Security or railroad retirement benefits,
- an individual claiming the earned income credit or
- a borrower of money to purchase or carry the Bonds.

If a bondholder is in any of these categories, it should consult its tax advisor.

Bond Counsel is not responsible for updating its opinion in the future. It is possible that future events or changes in applicable law could change the tax treatment of the interest on the Bonds or affect the market price of the Bonds. See also "Changes in Federal and State Tax Law" below in this heading.

Bond Counsel expresses no opinion on the effect of any action taken or not taken in reliance upon an opinion of other counsel on the federal income tax treatment of interest on the Bonds, or under State, local or foreign tax law.

**Bond Premium**. If a bondholder purchases a Bond for a price that is more than the principal amount, generally the excess is "bond premium" on that Bond. The tax accounting treatment of bond premium is complex. It is amortized over time and as it is amortized a bondholder's tax basis in that Bond will be reduced. The holder of a Bond that is callable before its stated maturity date may be required to amortize the premium over a shorter period, resulting in a lower yield on such Bonds. A bondholder in certain circumstances may realize a taxable gain upon the sale of a Bond with bond premium, even though the Bond is sold for an amount less than or equal to the owner's original cost. If a bondholder owns any Bonds with bond premium, it should consult its tax advisor regarding the tax accounting treatment of bond premium.

*Original Issue Discount*. A Bond will have "original issue discount" if the price paid by the original purchaser of such Bond is less than the principal amount of such Bond. Bond Counsel's opinion is that any original issue discount on these Bonds as it accrues is excluded from a bondholder's federal gross income under the Internal Revenue Code. The tax accounting treatment of original issue discount is complex. It accrues on an actuarial basis and as it accrues a bondholder's tax basis in these Bonds will be increased. If a bondholder owns one of these Bonds, it should consult its tax advisor regarding the tax treatment of original issue discount.

Information Reporting and Backup Withholding. Information reporting requirements apply to interest on tax-exempt obligations, including the Bonds. In general, such requirements are satisfied if the interest recipient completes, and provides the payor with a Form W-9, "Request for Taxpayer Identification Number and Certification," or if the recipient is one of a limited class of exempt recipients. A recipient not otherwise exempt from information reporting who fails to satisfy the information reporting requirements will be subject to "backup withholding," which means that the payor is required to deduct and withhold a tax from the interest payment, calculated in the manner set forth in the Code. For the foregoing purpose, a "payor" generally refers to the person or entity from whom a recipient receives its payments of interest or who collects such payments on behalf of the recipient.

If an owner purchasing a Bond through a brokerage account has executed a Form W-9 in connection with the establishment of such account, as generally can be expected, no backup withholding should occur. In any event, backup withholding does not affect the excludability of the interest on the Bonds from gross

income for Federal income tax purposes. Any amounts withheld pursuant to backup withholding would be allowed as a refund or a credit against the owner's Federal income tax once the required information is furnished to the Internal Revenue Service.

#### **State Taxes**

Under existing law, the Bonds and the income therefrom are exempt from all present state, county and municipal taxes in Tennessee except (a) Tennessee excise taxes on interest on the Bonds during the period the Bonds are held or beneficially owned by any organization or entity, or other than a sole proprietorship or general partnership doing business in the State and (b) Tennessee franchise taxes by reason of the inclusion of the book value of the Bonds in the Tennessee franchise tax base of any organization or entity, other than a sole proprietorship or general partnership, doing business in the State.

# **Changes in Federal and State Tax Law**

From time to time, there are Presidential proposals, proposals of various federal committees, and legislative proposals in the Congress and in the states that, if enacted, could alter or amend the federal and state tax matters referred to herein or adversely affect the marketability or market value of the Bonds or otherwise prevent holders of the Bonds from realizing, where applicable, the full benefit of the tax exemption of interest on the Bonds. Further, such proposals may impact the marketability or market value of the Bonds simply by being proposed. It cannot be predicted whether or in what form any such proposal might be enacted or whether if enacted it would apply to bonds issued prior to enactment. In addition, regulatory actions are from time to time announced or proposed and litigation is threatened or commenced which, if implemented or concluded in a particular manner, could adversely affect the market value, marketability or tax status of the Bonds. It cannot be predicted whether any such regulatory action will be implemented, how any particular litigation or judicial action will be resolved, or whether the Bonds would be impacted thereby. Purchasers of the Bonds should consult their tax advisors regarding any pending or proposed legislation, regulatory initiatives or litigation. The opinions expressed by Bond Counsel are based upon existing legislation and regulations as interpreted by relevant judicial and regulatory authorities as of the date of issuance and delivery of the Bonds, and Bond Counsel has expressed no opinion as of any date subsequent thereto or with respect to any proposed or pending legislation, regulatory initiatives or litigation.

Prospective purchasers of the Bonds should consult their own tax advisors regarding the foregoing matters.

#### **Municipal Advisor**

Stephens Inc. is serving as Municipal Advisor to the County in connection with the issuance of the Bonds. Stephens Inc., in its capacity as Municipal Advisor, has relied on the opinion of Bond Counsel and has not verified and does not assume any responsibility for the information, covenants and representations contained in any of the legal documents with respect to the federal or state income tax status of the Bonds or the possible impact of any present, pending or future actions taken by any legislative or judicial bodies. The information set forth herein has been obtained from the County and other sources believed to be reliable but has not been independently verified by the Municipal Advisor.

The Municipal Advisor's fee for services rendered with respect to the sale of the Bonds is contingent upon the issuance and delivery of the Bonds.

The Municipal Advisor has reviewed the information in this Official Statement in accordance with, and as part of, its responsibilities to the County and, as applicable, to investors under the federal securities laws as applied to the facts and circumstances of this transaction, but the Municipal Advisor does not guarantee the accuracy or completeness of such information.

## **Forward-Looking Statements**

from time to time by the Underwriter.

The statements contained in this Official Statement, and in any other information provided that are not purely historic, are forward-looking statements, including statements regarding the expectations, hopes, intentions, or strategies regarding the future. Readers should not place undue reliance on forward-looking statements. All forward-looking statements included in this Official Statement are based on information available on the date hereof, and assumes no obligation to update any such forward-looking statements.

The forward-looking statements herein are necessarily based on various assumptions and estimates and are inherently subject to various risks and uncertainties, including risks and uncertainties relating to the possible invalidity of the underlying assumptions and estimates and possible changes or developments in social, economic, business, industry, market, legal and regulatory circumstances and conditions and actions taken or omitted to be taken by third parties, including customers, suppliers, business partners and competitors, and legislative, judicial and other governmental authorities and officials. Assumptions related to the foregoing involve judgments with respect to, among other things, future economic, competitive, and market conditions and future business and policy decisions, all of which are difficult or impossible to predict accurately and, therefore, there can be no assurance that the forward-looking statements included in this Official Statement would prove to be accurate.

#### Miscellaneous

Any statement made in this Official Statement involving matters of opinion and estimates, whether or not so expressly stated, are set forth as such and not as representations of fact, and no representation is made that any of the estimates will be realized.

The execution and delivery of this Official Statement was duly authorized by the County.

| 2025 (the "Bonds"). We have ex     | camined the law and such certified proceedings and other papers as we | e |
| deemed necessary to render this of | pinion.   |   |

As to questions of fact material to our opinion, we have relied upon the certified proceedings and other certifications of public officials furnished to us without undertaking to verify such facts by independent investigation.

Based on our examination, we are of the opinion, as of the date hereof, as follows:

- 1. The Bonds have been duly authorized, executed and issued in accordance with the constitution and laws of the State of Tennessee and constitute valid and binding general obligations of the Issuer.
- 2. The resolution of the Board of County Commissioners of the Issuer authorizing the Bonds has been duly and lawfully adopted, is in full force and effect and is a valid and binding agreement of the Issuer.
- 3. The Bonds constitute general obligations of the Issuer for the payment of which the Issuer has validly and irrevocably pledged its full faith and credit. The principal of and interest on the Bonds are payable from unlimited <u>ad valorem</u> taxes to be levied on all taxable property within the County.
- 4. Interest on the Bonds is excludable from gross income for federal income tax purposes under Section 103 of the Internal Revenue Code of 1986, as amended (the "Code") and is not an item of tax preference for purposes of the federal alternative minimum tax imposed on individuals; however, such interest on the Bonds may be taken into account for the purpose of computing the alternative minimum tax imposed on certain corporations. The opinion set forth in the preceding sentence is subject to the condition that the Issuer comply with all requirements of the Code that must be satisfied subsequent to the issuance of the Bonds in order that interest thereon be, or continue to be, excludable from gross income for federal income tax purposes under Section 103 of the Code. Failure to comply with certain of such requirements could cause interest on the Bonds to be so includable in gross income for federal income tax purposes retroactively to the date of issuance of the Bonds. The Issuer has covenanted to comply with all such requirements.
- 5. Under existing law, the Bonds and the income therefrom are exempt from all present state, county and municipal taxes in Tennessee except (a) Tennessee excise taxes on all or a portion of the interest on any of the Bonds during the period such Bonds are held or beneficially owned by any organization or entity, other than a sole proprietorship or general partnership, doing business in the State of Tennessee and (b) Tennessee franchise taxes by reason of the inclusion of the book value of the Bonds in the Tennessee franchise tax base of any organization or entity, other than a sole proprietorship or general partnership doing business in the State of Tennessee.

The rights of the owners of the Bonds and the enforceability of the Bonds and the resolution authorizing the Bonds may be subject to bankruptcy, insolvency, reorganization, moratorium and other similar laws affecting the rights and remedies of creditors, and by equity principles, whether considered at law or in equity.

We express no opinion herein as to the accuracy, adequacy or completeness of the Official Statement relating to the Bonds. Further, we express no opinion herein regarding tax consequences arising with respect to the Bonds other than as expressly set forth herein.

This opinion is given as of the date hereof, and we assume no obligation to update or supplement this opinion to reflect any facts or circumstances that may hereafter come to our attention or any changes in law that may hereafter occur.

Yours truly,

Demographic and General Financial Information Related to the County

#### PROFILE OF THE GOVERNMENT

Located in the middle of Tennessee with 615 square miles of land area, Rutherford County is the approximate geographic center of the state and the 5<sup>th</sup> largest county in the state. The County is adjacent to the southern border of the Metropolitan Government of Nashville and Davidson County. Rutherford County was incorporated in 1834 and is governed by an elected County Mayor and a 21-member County Commission. Elections are held every four years. The most recent election was held in August 2022. The new officials took office in September 2022. Virtually all of the County Commission's business is conducted through the committee system before moving to the full County Commission for a final vote.

The City of Murfreesboro is the County Seat of Rutherford County. Murfreesboro has an estimated population of 165,430. Murfreesboro is home to Middle Tennessee State University, the Saint Thomas Rutherford Hospital, and a large commercial and retail base. The Town of Smyrna is located in the northwestern part of the County. The Town of Smyrna is located near the Nashville – Davidson County border and has an estimated population of approximately 57,418. Smyrna is also notably the home to the TriStar Stonecrest Medical Center, a Motlow State Community College Campus and the large Nissan Assembly Plant. The City of La Vergne is adjacent to the Nashville-Davidson County border and has an estimated population of 39,597. La Vergne is known for its significant manufacturing, warehouse and distribution facilities. The County also includes the small City of Eagleville and numerous unincorporated areas.

The County provides a full range of services, including elementary and secondary education, law enforcement and corrections, judicial, solid waste collection, public health and welfare, and the construction and maintenance of highways and related infrastructure. Counties in Tennessee are political subdivisions of the State of Tennessee (the "State"). As a political subdivision of the State, a county only has authority delegated to it by the State. The State delegates authority and powers to counties through legislative action of the State's General Assembly, either through its Public or Private Acts. Public Acts apply to all counties in the State and are codified in the Tennessee Code Annotated which is revised and published on an annual basis and is widely available. Private Acts apply only to the counties named in the particular Private Act. Private Acts are available from the Secretary of State. Rutherford County operates under both Public and Private Acts. The majority of the Public Acts applicable to Rutherford County are found in Title 5 of the Tennessee Code Annotated, except to the extent such provisions have been modified by Private Acts specific to Rutherford County.

The Rutherford County Finance Department operates under Chapter 49, Private Acts of 1979, as amended. This legislation is specific only to Rutherford County and governs the authorities, responsibilities, and day-to-day operations of the Finance Department. The finance director reports directly to the County Commission and is responsible for establishing and maintaining an accounting system for all funds of the County in accordance with generally accepted accounting principles. The appropriated budget is prepared by fund, function (e.g., public safety), and department (e.g., sheriff). A formal budget is adopted annually by the County Commission and is reviewed daily by the Finance Department for compliance. No appropriation made by the County Commission may be legally exceeded, except by resolution of the full commission.

# **DEMOGRAPHIC DATA**

# **Population**

According to the 2024 U. S. Census estimate, the County is the fifth largest county in the state with a population of 376,996 reflecting a 43% increase since the 2010 census and a 10% increase since the 2020 Census.

#### LOCAL ECONOMY

The strength of Rutherford County's economy can be attributed to its diversity of manufacturing, retail establishments, warehouse facilities, higher education institutions, medical services and corporate call centers. The County's strong economy in turn attracts a growing population. Rutherford County has been recognized as one of the fastest growing counties in America. The citizenry has grown to 376,996 per the 2024 Census estimates, which is 10% above the 2020 Census and 43% above the 2010 Census. The County also benefits from being within a day's drive of 75 percent of the nation's markets and only minutes from three major interstates.

The County's largest manufacturing employers include Nissan USA, Ingram Content Group, Asurion, Adient, Schneider Electric, and General Mills. While manufacturing is one of the County's strongest economic segments, distribution, transportation, and other service related industries are also large contributors to the strength of the economy. Tennessee's second largest state university with an enrollment over 20,000, a regional veteran's facility with 347 hospital beds and 245 long-term care beds, a call center for the Veteran's Administration, and numerous other companies are all located in Rutherford County. In March 2025, Barret Firearms announced plans to expand their headquarters and build a new manufacturing and operations center in the County. This should result in an approximately \$76 million investment and create approximately 183 new jobs. Additionally, in May 2025, TriStar announced plans to build a new freestanding 24/7 Emergency Room Center in Murfreesboro.

Nissan, with approximately 8,500 employees from throughout the region, is a major employer in the County. The Nissan Vehicle Assembly Plant in Smyrna was opened in 1983. Nissan has reportedly invested over \$6.4 billion in manufacturing facilities. The Smyrna plant is located on over 884 acres and the facility covers over 5.9 million square feet. The plant capacity is over 500,000 vehicles per year. Currently, the Nissan plant produces the Murano, Pathfinder, Infiniti QX60 and the Rogue. On November 7, 2024, Nissan announced plans to reduce global production capacity by 20% and the global workforce by 9,000. Nissan's current global workforce is over 133,000 employees. Nissan also announced plans to close several automobile plants. Nissan did not disclose any specific plans or cuts, yet, related to the manufacturing

facility in Smyrna, Tennessee. In April 2025, however, the Chairman of Nissan Americas announced new plans to increase production and employment at the Nissan Smyrna plant. No timeline for this planned increase in production was provided.

# LABOR FORCE, EMPLOYMENT AND UNEMPLOYMENT DATA

The labor force within the County has increased from 156,173 in 2015 to 212,362 in April 2025, reflecting a 36% increase. The Covid-19 outbreak, and the impact on economic conditions, resulted in a sharp increase in the unemployment rate in 2020. However, as of April 2025, the County's estimated unemployment rate is 2.3% which compares favorably to the State average of 3.5% and the U. S. average of 4.2%.

<sup>(1)</sup> In November 2024, Nissan announced plans to cut 9,000 jobs and reduce global manufacturing capacity by 20%. The announced job reductions were global in nature, but some workforce reductions at the Smyrna plant were expected. In April 2025, however, the Chairman of Nissan Americas announced new plans to increase production and employment at the Nissan Smyrna plant. No timeline for this planned increase in production was provided.

#### **EDUCATION**

Two accredited public school systems—the Rutherford County Schools and the Murfreesboro City Schools—educate the majority of children in the County. In the 2023-2024 school year, the Rutherford County School System had an average daily membership of 50,751, an increase of 24% from the 2013-2014 school year. The Murfreesboro City School System had an average daily membership of 8,992 in the 2023-2024 school year, an increase of 27% from the 2013-2014 school year.

Rutherford County is also the home to several institutions of higher education. Middle Tennessee State University, located in Murfreesboro, is the second largest university in Tennessee. MTSU has enrollment over 20,000 students and faculty of approximately 900. Motlow Community College has four campuses including one in Rutherford County. The Rutherford County campus in Smyrna serves over 2,000 students.

#### ACCOUNTING AND FINANCIAL REPORTING FOR RETIREMENT COMMITMENTS

Employees of Rutherford County and non-certified employees of the Rutherford County School Department and employees of Community Care of Rutherford County are provided a defined benefit pension plan through the Public Employee Retirement Plan, an agent multiple-employer pension plan administered by the Tennessee Consolidated Retirement System (TCRS). Teachers of the Rutherford County School Department with membership in the TCRS before July 1, 2014, are provided with pensions through the Teacher Legacy Pension Plan, a cost-sharing multiple-employer pension plan administered by the TCRS. The Teacher Legacy Pension Plan is now closed to new membership. Teachers with membership in TCRS after June 30, 2014, are provided with pensions through a legally separate plan referred to as the Teacher Retirement Plan.

The TCRS was created by state statute under *Tennessee Code Annotated (TCA)*, Title 8, Chapters 34-37. The TCRS Board of Trustees is responsible for the proper operation and administrations of the TCRS. The Tennessee Treasury Department, an agency in the legislative branch of state government, administers the plans of the TCRS. The TCRS issues a publicly available financial report that can be obtained at <a href="https://www.treasury.tn.gov/tcrs">www.treasury.tn.gov/tcrs</a>.

For detailed information on retirement commitments, see page 96, Note F, of the Comprehensive Annual Financial Report of the County for the Fiscal Year Ended June 30, 2024.

#### ACCOUNTING AND FINANCIAL REPORTING FOR OTHER POSTEMPLOYMENT BENEFITS

All full-time employees and eligible retirees of the primary government, the Smyrna-Rutherford County Airport Authority, Community Care of Rutherford County, Rutherford County Emergency Communications District and the Rutherford County School Department are eligible to participate in the health insurance cost-sharing plan accounted for in the Employee Insurance – Health Fund (internal service fund). For accounting purposes, the plan is an agent multiple-employer defined benefit OPEB plan. Benefits and premium requirements are established and amended by an insurance committee established by the County Commission. The plan is self-insured and financed on a pay-as-you-go basis. For detailed information on other post-employment benefits, see Appendix C, page 114, Note G of the Comprehensive Annual Financial Report of the County for the Fiscal Year Ended June 30, 2024.

#### PROPERTY TAX FREEZE PROGRAM

In its 2007 session, the 105th General Assembly enacted the <u>Property Tax Freeze Act</u> which authorizes the legislative body of any county and/or municipality to adopt the property tax freeze program for lower income senior citizens. The Act became effective on July 1, 2007.

Homeowners qualifying for an authorized program will have the property taxes on their principal residence frozen at a base tax amount, which is the amount of taxes owed in the year they first qualify for the program. Thereafter, as long as the owner continues to qualify for the program, the amount of property taxes owed for that property will not change, even if there is a property tax rate increase.

In order to qualify, the homeowner must file an application annually and must:

- Own their principal place of residence in a participating county and/or city
- Be 65 years of age or older by the end of the year in which the application is filed
- Have an income from all sources that does not exceed the county income limit established for that tax year

The Rutherford County Board of Commissioners created a property tax freeze program for qualifying citizens.

#### LONG-TERM FINANCIAL PLANNING AND RELEVANT FINANCIAL POLICIES

Significant financial demands continue as a result of the population growth rate being experienced by Rutherford County. A significant impact of this growth is the demand for additional capital investment. Tennessee statutes mandate to counties the primary responsibility for elementary and secondary education. Education is the largest single major expenditure function of the county. The Board of Education continues to forecast a need for additional schools and significant additions to existing schools within the next five years if growth continues.

In addition to the initial construction costs for new facilities, Rutherford County will incur significant additional recurring costs to staff, operate, and maintain the new facilities. The commissioners are aware of the significance of the additional costs and are expected to prepare the operating budgets accordingly.

Rutherford County is required to conduct a reappraisal of all taxable property every four years. The County completed a reappraisal process in 2022. The reappraisal resulted in a significant increase in recorded property valuations. Upon completion of a reappraisal a county is required to calculate a certified tax rate which is revenue neutral. For Rutherford County, the increase in property values resulted in a reduction of the prior tax rate of \$2.2194 per \$100 of assessed values down to a new certified tax rate of \$1.6162 per \$100 of assessed values.

For fiscal year 2023-2024, the County Commission increased the property tax rate from \$1.6162 to \$1.8762. This 16% increase in the property tax rate was approved to support the operations of the County and support the County's capital improvement plan. After the tax increase, the County's projected unassigned general fund balance is expected to exceed the minimum set by policy (15 percent). According to the Commission's policy, the excess is available to cover revenue shortfalls, unanticipated expenditures, and to ensure stable tax rates.

The County Commission maintained the \$1.8762 tax rate for the 2024-2025 fiscal year. County officials initially projected that the 2024-2025 ending General Fund balance and Debt Service Fund Balance would be approximately unchanged from the prior year. Due to conservative budgeting and strong performance, the County now expects a surplus of \$15 million to \$20 million. The County Commission has voted to maintain the \$1.8762 tax rate for FY 2025-2026.

To better serve the needs of the commission and the public, the commission reviewed the county's policy concerning the fund balance in the General Debt Service Fund. The last revision to this policy was approved April 17, 2014. The policy requires the finance director to determine or estimate the principal and interest requirements of the county and recommend sources of revenues to meet those actual or projected requirements. Additionally, the policy of the county requires that at the beginning of each fiscal year, the county will maintain an adequate amount in cash or investments in the General Debt Service Fund that is conservatively calculated to meet (1) cash flow needs, (2) budgeting contingencies, (3) emergency contingencies, (4) variable rate volatility contingencies, and (5) future forecasted needs. The ending fund balance of the General Debt Service Fund meets the debt service fund balance policy.

## Real Property Assessment, Tax Levy and Collection Procedures

# State Taxation of Property; Classifications of Taxable Property; Assessment Rates

Under the Constitution and laws of the State of Tennessee, all real and personal property is subject to taxation, except to the extent that the General Assembly of the State of Tennessee (the "General Assembly") exempts certain constitutionally permitted categories of property from taxation. Property exempt from taxation includes federal, state and local government property, property of housing authorities, certain low cost housing for elderly persons, property owned and used exclusively for certain religious, charitable, scientific and educational purposes and certain other property as defined under the *Tennessee Code Annotated*.

Under the Constitution and laws of the State of Tennessee, property is classified into three separate classes for purposes of taxation: Real Property; Tangible Personal Property; and Intangible Personal Property. Real Property includes lands, structures, improvements, machinery and equipment affixed to realty and related rights and interests. Real Property is required constitutionally to be classified into four sub classifications and assessed at the rates as follows:

- (a) Public Utility Property (which includes all property of every kind used or held for use in the operation of a public utility, such as railroad companies, certain telephone companies, freight and private car companies, street car companies, power companies, express companies and other public utility companies), to be assessed at 55% of its value;
- (b) Industrial and Commercial Property (which includes all property of every kind used or held for use for any commercial, mining, industrial, manufacturing, business or similar purpose), to be assessed at 40% of its value;
- (c) Residential Property (which includes all property which is used or held for use for dwelling purposes and contains no more than one rental unit), to be assessed at 25% of its value; and
- (d) Farm Property (which includes all real property used or held for use in agriculture), to be assessed at 25% of its value.

Tangible Personal Property includes personal property such as goods, chattels and other articles of value, which are capable of manual or physical possession and certain machinery and equipment. Tangible Personal Property is required constitutionally to be classified into three sub classifications and assessed at the rates as follows:

- (a) Public Utility Property, to be assessed at 55% of its value;
- (b) Industrial and Commercial Property, to be assessed at 30% of its value; and

(c) All other Tangible Personal Property (including that used in agriculture), to be assessed at 5% of its value, subject to an exemption of \$7,500 worth of Tangible Personal Property for personal household goods and furnishings, wearing apparel and other tangible personal property in the hands of a taxpayer.

Intangible Personal Property includes personal property, such as money, any evidence of debt owed to a taxpayer, any evidence of ownership in a corporation or other business organization having multiple owners and all other forms of property, the value of which is expressed in terms of what the property represents rather than its own intrinsic value. The Constitution of the State of Tennessee empowers the General Assembly to classify Intangible Personal Property into sub classifications and to establish a ratio of assessment to value in each class or subclass and to provide fair and equitable methods of apportionment of the value to the State of Tennessee for purposes of taxation.

The Constitution of the State of Tennessee requires that the ratio of assessment to value of property in each class or subclass be equal and uniform throughout the State of Tennessee and that the General Assembly direct the method to ascertain the value and definition of property in each class or subclass. Each respective taxing authority is constitutionally required to apply the same tax rate to all property within its jurisdiction.

# **County Taxation of Property**

The Constitution of the State of Tennessee empowers the General Assembly to authorize the several counties and incorporated towns in the State of Tennessee to impose taxes for county and municipal purposes in the manner prescribed by law. Under the *Tennessee Code Annotated*, the General Assembly has authorized the counties in Tennessee to levy an *ad valorem* tax on all taxable property within their respective jurisdictions, the amount of which is required to be fixed by the county legislative body of each county.

All property is required to be taxed according to its values upon the principles established in regard to State taxation as described above, including equality and uniformity. All counties, which levy and collect taxes to pay off any bonded indebtedness are empowered, through the respective county legislative bodies, to place all funds levied and collected into a special fund of the respective counties and to appropriate and use the money for the purpose of discharging any bonded indebtedness of the respective counties.

#### **Assessment of Property**

The function of assessment is to assess all property (with certain exceptions) to the person or persons owning or claiming to own such property on January 1 for the year for which the assessment is made. All assessment of real and personal property are required to be made annually and as of January 1 for the year to which the assessment applies. Not later than May 20 of each year, the assessor of property in each county is required to (a) make an assessment of all property in the county and (b) note upon the assessor's records the current classification and assessed value of all taxable property within the assessor's jurisdiction.

The assessment records are open to public inspection at the assessor's office during normal business hours. The assessor is required to notify each taxpayer of any change in the classification or assessed value of the taxpayer's property and to cause a notice to be published in a newspaper of general circulation stating where and when such records may be inspected and describing certain information concerning the convening of the county board of equalization. The notice to taxpayers and such published notice are required to be provided and published at least 10 days before the local board of equalization begins its annual session.

## Valuation for Property Tax Purposes

The value of all property is based upon its sound, intrinsic and immediate value for purposes of sale between a willing seller and a willing buyer without consideration of speculative values. In determining the value of all property of every kind, the assessor is to be guided by, and follow the instructions of, the appropriate assessment manuals issued by the division of property assessments and approved by the State board of equalization. Such assessment manuals are required to take into account various factors that are generally recognized by appraisers as bearing on the sound, intrinsic and immediate economic value of property at the time of assessment.

#### **Payment In Lieu of Tax Agreements**

Fiscal

Rutherford County had payment in lieu of tax (PILOT) agreements with 22 companies in 2023-2024. Section 7-53-305, Tennessee Code Annotated, is the statutory basis for these agreements. This statute allows the County's Industrial Development Board to finance new development with revenue bonds and establish the payment agreements for the term of the bonds.

The value of the property covered by these agreements declined in FY 2024 because a large portion of the PILOT agreement for Nissan expired in FY 2023. A new PILOT agreement with Nissan was entered into for the 2024 Tax Year. This agreement is expected to result in approximately \$2.8 million in new revenue per year beginning with FY 2025.

PILOT revenues go directly to the General Fund of the County. The revenues shown in the County's financial statements include a portion which is allocable to the Town of Smyrna. Smyrna's portion of the revenues is excluded from the table below.

#### FUND BALANCES

The General Fund is the chief operating fund of Rutherford County Government. At the end of the 2023-2024 fiscal year, the total fund balance and unassigned fund balance of the General Fund were approximately \$135 million and \$115 million, respectively. The increase in the General Fund balance was attributable to an increase in the property tax rate, conservative budgeting, a national opioid settlement, and higher than expected investment income. The increase in the Debt Service Fund balance was attributable to the repayment of an internal loan, an increase in property tax revenues, conservative budgeting and higher than expected investment income. Through the first 10 months of Fiscal Year 2025, actual revenues are exceeding budgeted revenues. The County expects to end the fiscal year with a \$15 million to \$20 million surplus due to conservative budgeting and stronger than expected tax collections and investment income.

#### LOCAL SALES TAX

Tennessee counties may, by a resolution approved by the governing body, levy a sales tax on the same privileges subject to the State sales tax. The local option sales tax rate cannot exceed 2.75%. Additionally, the local option sales tax is only applicable to the first \$1,600 of any single article of personal property. The County's local sales tax collections for FY 2023-24 were over \$115 million, which excludes sales tax collected on behalf of, and distributed to, Cities within the County and the City School System. The County receives the portion of sales taxes originated in unincorporated areas. Sales tax revenues are an important part of the Rutherford County School budget but not a large part of the Rutherford County budget. Through May 2025, the County projects that sales tax collections are approximately 2.47% higher than the same period in Fiscal Year 2024.

#### SELECTED FINANCIAL INFORMATION REGARDING THE COUNTY

#### General

The County accounts for its financial resources on the basis of funds and account groups, each of which is considered a separate accounting entity. The General Fund is the general operating fund of the County. Other funds include Special Revenue Funds, the General Debt Service Fund, Capital Projects Funds, Internal Service Funds and Trust and Agency Funds. For additional information regarding the component units, see Notes to the General Purpose Financial Statements contained in Appendix C hereto.

Revenues received from ad valorem taxes levied on all taxable property within the boundaries of the County securing the payment of principal of and interest on the Obligations are deposited in the Debt Service Funds of the County. Such tax collections for the Obligations will be used exclusively to pay the principal of and interest on the Obligations. Included as Appendix C to this Official Statement are the General Purpose Financial Statements and notes thereto for the fiscal year ended June 30, 2024. Potential purchasers should read Appendix C in its entirety for more complete information concerning the County's financial position.

The County uses the modified accrual basis of accounting for all Governmental Funds, Expendable Trust Funds and Agency Funds. Under the modified accrual basis of accounting, revenues are recognized when they become measurable and available as net current assets. Expenditures are generally recognized when the related fund liability is incurred. Funds where expenditures determine the eligibility for grants recognize revenue at the time of the expenditures. Grant proceeds received prior to meeting the aforementioned revenue recognition policy are recorded as deferred revenues. Principal and interest on general long-term debt are recognized as fund liabilities when due or when amounts have been accumulated in the General Debt Service Fund for payments to be made early in the following year.

The primary revenues susceptible to accrual are revenues received from the State of Tennessee. Sales tax collected and held by the State at year-end on behalf of the County and its component units are also recognized as revenue.

All Proprietary Funds are accounted for using the accrual basis of accounting. Their revenues are recognized when they are earned and their expenses are recognized when incurred.

For additional information regarding these funds, see Notes to the Comprehensive Annual Financial Report of the County for the Fiscal Year Ended June 30, 2024, in Appendix C hereto.

#### LETTER OF TRANSMITTAL

December 10, 2024

To the County Mayor, Board of County Commissioners, and Citizens of Rutherford County, Tennessee

The Annual Comprehensive Financial Report (ACFR) of Rutherford County, Tennessee, for the year ended June 30, 2024, is hereby submitted as required by state statutes. These statutes require that all local governments publish a complete set of financial statements presented in conformity with generally accepted accounting principles (GAAP) and audited in accordance with generally accepted auditing standards by the State of Tennessee's Comptroller of the Treasury, Division of Local Government Audit, or by independent public accountants within six months of the close of each fiscal year. Pursuant to that requirement, we hereby issue the Annual Comprehensive Financial Report of Rutherford County. This report was prepared by the County's Finance Department in conjunction with the above state agency.

This report consists of management's representations concerning the finances of Rutherford County. Consequently, management assumes full responsibility for the completeness and reliability of all the information presented in this report. To provide a reasonable basis for making these representations, management of Rutherford County has established a comprehensive internal control framework that is designed both to protect the government's assets from loss, theft, or misuse and to compile sufficient reliable information for the preparation of financial statements in conformity with GAAP. The cost of internal controls should not outweigh their benefits in Rutherford County. The comprehensive framework of internal controls has been designed to provide reasonable rather than absolute assurance that the financial statements will be free from material misstatement. As management, we assert that, to the best of our knowledge and belief, this financial report is complete and reliable in all material respects.

The goal of the independent audit was to provide reasonable assurance that the financial statements of Rutherford County, for the fiscal year ended June 30, 2024, are free of material misstatement. The independent audit involved examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements; assessing the accounting principles used and significant estimates made by management; and evaluating the overall financial statement presentation. The financial statements of Rutherford County have been audited by the State of Tennessee's Comptroller of the Treasury, Division of Local Government Audit. The independent

auditor concluded, based upon the audit, that there was a reasonable basis for rendering an unmodified opinion on the financial statements of Rutherford County, for the fiscal year ended June 30, 2024, that are fairly presented in accordance with GAAP. The independent auditor's report is presented as the first component of the financial section of this report.

The independent audit of the financial statements of Rutherford County was part of a broader, federally mandated "Single Audit" designed to meet the special needs of federal grantor agencies. The standards governing Single Audit engagements require the independent auditor to report not only on the fair presentation of the financial statements, but also on the audited government's internal controls and compliance with legal requirements, with special emphasis on internal controls and compliance with legal requirements involving the administration of federal awards. These reports are available in a separate section of this annual comprehensive financial report.

GAAP requires that management provide a narrative introduction, overview, and analysis to accompany the basic financial statements in the form of Management's Discussion and Analysis (MD&A). This letter of transmittal is designed to complement MD&A and should be read in conjunction with it. Rutherford County's MD&A can be found immediately following the report of the independent auditors.

#### Profile of the Government

Located in the "Heart of Tennessee" with 615 square miles of land area, Rutherford County is the geographic center of the state and is the fifth largest county in the state. Rutherford County was incorporated in 1834 and is governed by an elected County Mayor and a 21-member County Commission. Virtually all the County Commission's business is conducted through the committee system before moving to the full County Commission for a final vote. The County provides a full range of services, including elementary and secondary education, law enforcement and corrections, judicial, solid waste collection, public health and welfare, and the construction and maintenance of highways and related infrastructure.

Rutherford County operates under Chapter 49, Private Acts of 1979, as amended. This legislation is specific only to Rutherford County and governs the authorities, responsibilities, and day-to-day operations of the Finance Department. The finance director reports directly to the County Commission and is responsible for establishing and maintaining an accounting system for all funds of the County in accordance with generally accepted accounting principles. The appropriated budget is prepared by fund, function (e.g., public safety), and department (e.g., sheriff). A formal budget is adopted annually by the County Commission for the General fund, Solid Waste fund, Ambulance fund, Industrial/Economic Development Fund, Special Purpose (DEA) fund, Drug Control fund, Highway Dept. fund, and General Debt Service fund. In the additional the County Commission, also approves the school department funds and is their funding body. These funds are reviewed daily by the Finance Department for compliance. No appropriation made by the County Commission may be legally exceeded, except by resolution of the full commission. The County Commission's budgetary control is at the major category level as defined by the County Uniform Chart of Accounts, prescribed by the Tennessee State Comptroller's Office. Budget to actual comparisons are provided in this report for each individual governmental fund for which an appropriated annual budget has been adopted. For the General Fund, this comparison is presented on Exhibit C-5. For governmental funds with appropriated annual budgets, other than the General Fund, the information is presented on Exhibits G-3 through H.

The financial statements include separate reporting for three legally separate entities: (1) Rutherford County Board of Education, which operates the public school system in the County; (2) Community Care of Rutherford County, Inc., which provides nursing home care to the citizens of Rutherford County; and (3) Rutherford County Emergency Communications District, which provides a simplified means of securing emergency services through a uniform emergency number for the residents of Rutherford County. Rutherford County is financially accountable only for the Rutherford County Board of Education.

#### **ECONOMIC CONDITION**

#### **Local Economy**

The strength of Rutherford County's economy can be attributed to its diversity of manufacturing, retail establishments, warehouse facilities, higher education institutions, medical services and corporate call centers. The County's strong economy in turn attracts a growing population. Rutherford County has been recognized as one of the fastest growing counties in America. The citizenry has grown to 367,619 per the 2024 Census estimates, which is 27% above the 2015 Census.

The County's largest manufacturing employers include Nissan USA, Asurion, Bridgestone, Adient, Schneider Electric, and General Mills. While manufacturing is one of the County's strongest economic segments, distribution, transportation, and other service related industries are also large contributors to the strength of the economy. Tennessee's second largest state university with an enrollment of approximately 22,000, a regional veteran's facility with 347 hospital beds and 245 long-term care beds, a call center for the Veteran's Administration, and numerous other companies are all located in Rutherford County. The employees of the south-central regional office for State Farm Insurance continue to work remotely. The County also benefits from being within a day's drive of 75 percent of the nation's markets and only minutes from three major interstates.

Nissan, with approximately 8,000 employees from throughout the region, is a major employer in the County. The Nissan Vehicle Assembly Plant in Smyrna was opened in 1983. Nissan has reportedly invested over \$6.4 billion in manufacturing facilities. The Smyrna plant is located on over 884 acres and the facility covers over 5.9 million square feet. The plant capacity is over 640,000 vehicles per year. Currently, the Nissan plant produces the Maxima, Murano, Pathfinder, Leaf, Infiniti QX60 and the Rogue.

The economic base in the County continues to grow. In August 2022, Minnesota-based McNeilus Truck and Manufacturing, Inc., an Oshkosh Corporation company, announced that they were investing more than \$50 million to expand its manufacturing presence in Murfreesboro. McNeilus expected to occupy a new facility which will bring 230 new jobs to the area over the next five years. In July of 2023, McNeilus announced the investment of an additional \$25.2 million to expand its manufacturing presence. The new investment is expected to bring an additional 100 jobs for the fabrication and weldment of custom vehicle components.

Murfreesboro welcomed numerous new small businesses, construction projects, and started on a One East College infill downtown development project which is expected to vitalize downtown Murfreesboro to have more foot traffic. Additionally, the city and county approved a new development to revitalize portions of broad street in the Downtown area.

The labor force within the County has increased from 149,973 in 2014 to 199,566 in December 2023, reflecting a 33% increase. The Covid-19 outbreak, and the impact on economic conditions, resulted in a sharp increase in the unemployment rate in 2020. However, as of December 2023, the County's estimated unemployment rate is 2.4% which compares favorably to the State average of 3.5% and the U. S. average of 3.7%.

Using the local option sales tax revenue received by the General Purpose School Fund as another economic indicator for the County, since all local sales tax includes an education component, it's interesting to note during FY 2024 this revenue component increased 2.87 percent over the prior year to \$104.7 million. Rutherford County Board of Education depends on the education component of the local option sales tax to provide 19.5 percent of its income for the fiscal year.

Rutherford County had a major impact on tourism numbers in the Volunteer State last year. According to Rutherford County, the annual amount of money spent by visitors to Rutherford County increased by 3.78% between 2022 and 2023. A total of \$772 million was spent by guests in Rutherford County in 2023. Of the money spent locally, 30% went to the food and beverage industry, 30% was spent on transportation, 22% was used for lodging, 10% was spent in local retail stores and the remaining 8% was used for recreation.

#### **Major Initiatives**

**Schools:** Major financial pressures continue because of the very high population growth rate being experienced by Rutherford County. The most significant impact of this growth is the demand for additional capital investment. As expected, school enrollment increased by 929 students from the prior year.

In April 2024, the Commission approved funding of \$60 million for the construction of a new elementary school. The county was able fund \$30 million from reserves rather than borrowing the full amount.

Solid Waste: Besides the remarkable population growth, the County is experiencing, another pressing challenge facing the County and Municipal Governments is our locally available disposal capacity for both solid waste and debris. In August 2016, the County and city of Murfreesboro contracted with Gershman, Brickner & Bratton, Inc. (GBB) to prepare a solid waste strategic plan that would identify and evaluate available technologies to expand, create, supplement, or replace the existing infrastructure to manage the community's solid waste management needs into the next 20 to 40 years. To evaluate the situation, representatives from the County and cities of Murfreesboro, Eagleville, LaVergne and town of Smyrna participated in a Solid Waste Advisory/Steering Council (SWAC) organized by the County and City of Murfreesboro. The GBB Project Team conducted a planning and public decision-making process that reviewed key factors such as: technology and management options for the future solid waste management system; who the solid waste management system should serve; how the system should be implemented; and, how the system will be administered. In February 2018, at its final meeting, the SWAC endorsed the organizational option of creating a solid waste management authority under the Tennessee Solid Waste Authority Act of 1991. At the same meeting the SWAC recommended the solid waste authority pursue two management options. The first being a plan to extend the available time for disposing of waste at the Middle Point landfill, delaying closure and the loss of economic benefits (referred to as Middle Point 2.0). The second was the idea to develop two transfer stations in the County allowing waste and recyclables to be consolidated and better marketed for disposal or processing (referred to as Max-Flex system). In April 2018, the Rutherford County Commission dismissed the recommendation for Middle Point 2.0 and tabled a decision regarding the recommendation for the creation of an Authority but requested additional information regarding the Max-Flex system. During the 2018-2019 fiscal year, key decision makers visited many solid waste and recycle facilities across the country and within Tennessee. During 2019-2020 many companies proposed various ideas for waste disposal and recycling efforts in response to a request for information issued by the County in June 2020. Based on the gathered information, the County engaged Caldwell Environmental Solutions, LLC in November 2020 to assist with a request for proposal process. As a result, nine companies responded and have presented their proposals to the Public Works Committee. In October 2022, the commission authorized \$200 thousand for the design and engineering of a transfer station. In October 2023, the commission borrowed \$20 million through a General Obligation Bond Debt issuance to fund the construction of a waste transfer station. As of December 2024, construction is ongoing and anticipated to be completed in Spring of 2025.

#### Long-term Financial Planning and Relevant Financial Policies

On June 24, 2024, the County Commission agreed to use \$312 of the unassigned fund balance to fund the General Fund operations for the 2024-2025 fiscal year. For fiscal year 2024-2025, the County Commission approved no change to the property tax rate of \$1.8775. The County's projected unassigned general fund balance is expected to exceed the minimum set by policy (15 percent). According to the Commission's policy, the excess is available to cover revenue shortfalls, unanticipated expenditures, and to ensure stable tax rates.

To better serve the needs of the commission and the public, the commission has reviewed the County's policy concerning the fund balance in the General Debt Service Fund. The policy requires the finance director to determine or estimate the principal and interest requirements of the County and recommend sources of revenues to meet those actual or projected requirements. Additionally, the policy of the County requires that at the beginning of each fiscal year, the County will maintain an adequate amount in cash or investments in the General Debt Service Fund that is conservatively calculated to meet (1) cash flow needs, (2) budgeting contingencies, (3) emergency contingencies, (4) variable rate volatility contingencies, and (5) future forecasted needs. The ending fund balance of the General Debt Service Fund meets the debt service fund balance policy.

#### Awards and Acknowledgments

The Government Finance Officers Association (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the County for its annual comprehensive financial report (ACFR) for the fiscal year ended June 30, 2023. The Certificate of Achievement is a prestigious national award, recognizing conformance with the highest standards for preparation of state and local government financial reports.

To be awarded a Certificate of Achievement, the County had to publish an easily readable and efficiently organized ACFR that satisfied both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. Rutherford County has received the Certificate of Achievement for 28 consecutive fiscal years. We believe that our current ACFR continues to conform to the Certificate of Achievement Program requirements, and we are submitting it to the GFOA to determine its eligibility for another certificate.

The preparation of this report could not have been accomplished without the efficient and dedicated services of the entire staff of the Finance Department during the past fiscal year. They

are Mark Tucker, Teresa Jolly, Chrissi Caruthers, Reba Carleton, Sharon Richards, Jennifer Henson, Scott Magner, Lisa Boulanger, Kierstie Jensen, Patricia Newcomb, Denise Terranova, Megan Mckee and Alissa Phillips. I would also like to thank the staff of the County's Office of Information Technology for keeping our accounting system operational. Credit should also be given to the County Mayor and the governing body for their interest and support in planning and conducting the operations of Rutherford County government in a responsible and progressive manner.

Sincerely,

Michael Smith, CPA Finance Director

#### **Independent Auditor's Report**

Rutherford County Mayor and Board of County Commissioners Rutherford County, Tennessee

To the County Mayor and Board of County Commissioners:

#### Report on the Audit of the Financial Statements

#### **Opinions**

We have audited the financial statements of the governmental activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of Rutherford County, Tennessee, as of and for the year ended June 30, 2024, and the related notes to the financial statements, which collectively comprise the county's basic financial statements as listed in the table of contents.

In our opinion, based on our audit and the report of the other auditors, the accompanying financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of Rutherford County, Tennessee, as of June 30, 2024, and the respective changes in financial position and, where applicable, cash flows thereof and the respective budgetary comparison for the General Fund for the year then ended in accordance with accounting principles generally accepted in the United States of America.

We did not audit the financial statements of the discretely presented Community Care of Rutherford County, Inc., which represent 0.49 percent, 0.54 percent, and 1.5 percent, respectively, of the assets, net position, and revenues of the aggregate discretely presented component units. We did not audit the financial statements of the discretely presented Rutherford County Emergency Communications District, which represent 0.94 percent, .99 percent, and 0.36 percent, respectively, of the assets, net position, and revenues of the aggregate discretely presented component units. We did not audit the financial statements of the Internal School Fund of the Rutherford County School Department (a discretely presented component unit), which represent one percent, 1.09 percent, and 2.9 percent, respectively, of the assets, net position, and revenues of the discretely presented school department component unit. Those amounts were audited by other auditors whose reports have been furnished to us, and our opinion, insofar as it relates to amounts included for the discretely presented Community Care of Rutherford County, Inc., the Rutherford County Emergency Communications District, and the Internal School Fund of the discretely presented Rutherford County School Department is based solely on the reports of the other auditors.

#### Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States. Our responsibilities under those standards are further

described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Rutherford County, Tennessee, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

#### Change in Accounting Principle

As described in Note V.B., Rutherford County has adopted the provisions of Governmental Accounting Standards Board (GASB) Statement No. 100, *Accounting Changes and Error Corrections*. GASB 100 clarifies financial and reporting requirements for changes in accounting principles, changes in accounting estimates, error corrections, and changes within the reporting entity.

#### Emphasis of Matter

We draw attention to Note I.D.11. to the financial statements, which describes a change in accounting estimate. For the year ended June 30, 2024, the measurement date for the OPEB obligations changed from June 30 of the prior year to June 30 of the current year which resulted in two years of activity reflected in the current year's schedule. Also, the amortization period changed from 6.58 years to five years. Our opinion is not modified with respect to this matter.

#### Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Rutherford County's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

#### Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and Government Auditing Standards, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such

procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- obtain an understanding of internal control relevant to the audit in order to design audit
  procedures that are appropriate in the circumstances, but not for the purpose of expressing an
  opinion on the effectiveness of Rutherford County's internal control. Accordingly, no such
  opinion is expressed.
- evaluate the appropriateness of accounting policies used and the reasonableness of significant
  accounting estimates made by management, as well as evaluate the overall presentation of the
  financial statements.
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Rutherford County's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

#### Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, the schedules of changes in the county's and school department's net pension liability (asset) and related ratios, schedules of county and school contributions, schedules of school's proportionate share of the net pension liability (asset), and schedules of county and school changes in the total OPEB liability and related ratios as listed under Required Supplementary Information in the table of contents, be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

#### Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise Rutherford County's basic financial statements. The combining and individual nonmajor fund financial statements, budgetary comparison schedules of nonmajor governmental funds and the General Debt Service Fund, combining and individual fund financial statements of the Rutherford County School Department (a discretely presented component unit), and miscellaneous schedules are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our

opinion, the combining and individual nonmajor fund financial statements, budgetary comparison schedules of nonmajor governmental funds and the General Debt Service Fund, combining and individual fund financial statements of the Rutherford County School Department (a discretely presented component unit), and miscellaneous schedules are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

#### Other Information

Management is responsible for the other information included in the annual report. The other information comprises the introductory and statistical sections but does not include the basic financial statements and our auditor's report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

#### Other Reporting Requirements by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated December 10, 2024, on our consideration of Rutherford County's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of Rutherford County's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Rutherford County's internal control over financial reporting and compliance.

#### Financial Highlights

- The assets and deferred outflows of resources of Rutherford County Government exceeded its liabilities and deferred inflows of resources at the close of the most recent fiscal year by \$105,115 (net position). Part of the liabilities (\$493,462) is long-term debt that is attributable to the Rutherford County Board of Education (RCBOE), a component unit. The related capital assets are reported in the financial statements of the RCBOE.
- From yearly activity, the government's total net position increased by \$7,648 resulting mostly from the primary government borrowing funds on behalf of RCBOE in the fiscal year.
- As of the close of the current fiscal year, the governmental funds of Rutherford County, Tennessee, reported combined ending fund balances of \$312,013, an increase of \$134,243 in comparison with the prior year. Most of the increase occurred in the General and General Debt Service funds, due to larger than expected investment income because of higher interest rates. Of the combined fund balances, \$240,793 is available for spending at the government's discretion (assigned and unassigned fund balances).
- At the end of the current fiscal year, an assigned fund balance of \$312 in the General Fund will be used to fund operations in the 2024-2025 fiscal year. Unassigned fund balance for the General Fund was \$115,707 or 76.76% of total General Fund expenditures.
- The total debt of Rutherford County, Tennessee increased by \$155,228 (34.72%) during the current fiscal year. During the fiscal year, the county retired \$40,585 of bonded debt, and retired principal balances of \$367 for other loans.

#### Overview of the Financial Statements

This discussion and analysis is intended to serve as an introduction to the basic financial statements of Rutherford County, Tennessee. The basic financial statements comprise three components: (1) government-wide financial statements, (2) fund financial statements, and (3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

Government-wide financial statements. The government-wide financial statements are designed to provide readers with a broad overview of the finances of Rutherford County, Tennessee, in a manner similar to a private-sector business. The government-wide financial statements consist of two statements: the Statement of Net Position and the Statement of Activities.

The Statement of Net Position presents information on all of the assets, deferred outflows, liabilities, and deferred inflows for Rutherford County, Tennessee, with the difference reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of Rutherford County, Tennessee, is improving or deteriorating.

The Statement of Activities presents information showing how Rutherford County's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes and earned but unused vacation leave).

Both of the government-wide financial statements distinguish functions of Rutherford County, Tennessee, that are principally supported by taxes and intergovernmental revenues (governmental activities) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (business-type activities). The governmental activities of Rutherford County, Tennessee, include general government; finance; administration of justice; public safety; public health and welfare; social, cultural, and recreational services; agriculture and natural resources; and highways/public works. The Rutherford County Government has no business-type activities to report.

The government-wide financial statements include not only Rutherford County Government itself (known as the primary government), but also a legally separate school system for which the Rutherford County Government is financially accountable. These statements also include a legally separate E-911 district and a legally separate nursing home facility. Financial information for these component units is reported separately from the financial information presented for the primary government itself.

The government-wide financial statements can be found on Exhibits A and B of this report.

**Fund financial statements.** A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. Rutherford County, Tennessee, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of Rutherford County, Tennessee, can be divided into three categories: governmental, proprietary, and fiduciary.

Governmental funds. Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on

balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is short-term in comparison to the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

Rutherford County, Tennessee, maintains 11 individual governmental funds. Information is presented separately in the governmental fund Balance Sheet and in the governmental fund Statement of Revenues, Expenditures, and Changes in Fund Balances for the General Fund and General Debt Service Fund, both of which are considered to be major funds. Data from the other nine governmental funds are combined into a single, aggregated presentation. Individual fund data for each of these nonmajor governmental funds is provided in the form of combining statements elsewhere in this report.

Rutherford County, Tennessee, adopts an annual appropriated budget for its General Fund. A budgetary comparison statement has been provided for the General Fund to demonstrate compliance with this budget.

The basic governmental fund financial statements can be found on Exhibits C-1 through C-5 of this report.

Proprietary funds. Rutherford County maintains one type of proprietary fund. Internal service funds are an accounting device used to accumulate and allocate costs internally among Rutherford County's various functions. Rutherford County, Tennessee, uses internal service funds to account for the county's self-insured insurance funds (workers' compensation, employee health insurance, and liability). Because these services benefit governmental rather than business-type functions, they have been included within governmental activities in the government-wide financial statements.

Proprietary funds provide the same type of information as the government-wide financial statements, only in more detail. Individual fund data for the internal service funds is provided in the form of combining statements elsewhere in this report. The basic proprietary fund financial statements can be found on Exhibits D-1 through D-3 of this report.

**Fiduciary funds.** Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are not reflected in the government-wide financial statements because the resources of those funds are not available to support Rutherford County's own programs. The accounting used for fiduciary funds is much like that used for proprietary funds. The basic fiduciary fund financial statements can be found on Exhibits E-1 through E-2 of this report.

Notes to the financial statements. The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund

financial statements. The notes to the financial statements can be found after the Basic Financial Statements; see the table of contents for location.

Other information. In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information concerning pension information and other postemployment benefits information. This required information has been presented in the required supplementary information section of this report.

The combining statements referred to earlier in connection with non-major governmental funds and internal service funds are presented immediately following the notes to the required supplementary information. Combining and individual fund statements and schedules can be found on Exhibits G-1 through J-2 of this report.

#### Government-wide Financial Analysis

As noted earlier, net position may serve over time as a useful indicator of a government's financial position. In the case of Rutherford County, Tennessee, assets and deferred outflows of resources exceeded liabilities and deferred inflows of resources by \$105,115 at the close of the fiscal year. The Constitution for the State of Tennessee allows only the local legislative body authorization to issue debt. Therefore, whenever the Rutherford County Board of Education requires additional money to fund school construction and equipment, the related debt must be issued by the Rutherford County Government. As of June 30, 2024, Rutherford County had outstanding debt totaling (\$493,462) for capital purposes of the Rutherford County Board of Education, but the capital assets are reported in the financial statements of the Rutherford County Board of Education. Rutherford County has incurred the related liability significantly decreasing its unrestricted net position without a corresponding increase in the county's capital assets.

By far the largest portion of Rutherford County's net position reflects its investment in capital assets (e.g., land, buildings, machinery, and equipment) of \$318,772; less any related debt used to acquire those assets that is still outstanding. Rutherford County uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although Rutherford County's investment in capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

#### **Rutherford County's Changes in Net Position**

Governmental activities. Governmental activities increased Rutherford County Government's net position by \$7,648. Key elements of this increase are displayed on the Changes in Net Position Table. While revenues increased \$65,965 from the prior year, the largest portion coming from property taxes. Additionally, expenses increased \$91,226. The following table also presents 2023-2024 revenues and expenses as a percentage of total revenues and expenses.

Changes in general revenue occurred primarily due to an increase in the property tax rate and investment income, and a decrease in program revenues due to the school system no longer participating in the county self-insured medical program. The County Trustee's offices collected 97.41 % of the current year tax levy by year end compared to 98.16% in the prior

year. The property tax rate increased 16.09% due to the county board of commissioners raising the tax rate.

#### Governmental Program Expenses

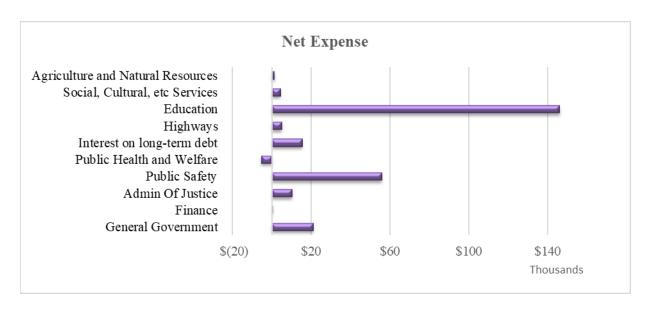

The cost of all governmental activities was \$366,820. However, as shown on the previous page, 30.56% of these costs (\$112,086) were paid either by those who directly benefited from the programs (\$74,181), by other governments and organizations that subsidized certain programs with operating grants and contributions (\$18,400), or by capital grants and contributions (\$19,505). The county paid for the remaining "public benefit" portion of governmental activities with taxes, general grants and contributions, and other miscellaneous revenue (69.44% of the cost of all governmental activities).

Education expenses of \$167,352, Public Safety expenses of \$67,651, General Government expenses of \$31,723 and Public Health and Welfare expenses of \$28,106 comprise the largest categories of expenses of Rutherford County, which when combined (\$294,832) comprise 80.4% of total expenses. Rutherford County's Board of Education is a component unit of the primary government and does not have the authority to issue debt. Rutherford County issues debt on the Board of Education's behalf; then contributes the proceeds to the Board so they can purchase, build, or renovate schools. For FY 2022-2023, the county issued \$35,000 in bond anticipation notes as a contribution to the Rutherford County School Department, repaid in October 2023 to the General Debt Service Fund as bonds issued. Additionally, the county issued Series 2023 bonds on October 6, 2023, with \$146,581 being for school construction and Series 2024 bonds on April 24, 2024, with \$26,845 being for school construction.

Expenses by Governmental Activities. The following table shows the "net (expense) revenue" as a percentage of the total expense. Net expense is all program expenses less all program revenue. Citizens must then pay for these governmental activities through taxes, unrestricted grants, contributions, and investment income. The next table shows the percentage of total expenses, along with the impact of the program on the local citizens' tax base, as a percentage. For example, during the 2023-2024 fiscal year, 39.8% of Education expenses was covered by the local citizen tax base while 15.2% for Public Safety expenses was covered by the local citizen tax base. Seldom does program revenue exceed the government expenses; however, program revenue for Public Health and Welfare programs did indeed exceed the expense.

#### Revenues

Revenues on the government-wide statement of activities are broken into two major categories: program and general revenues. Of the total revenues, 29.98% is received from program revenues and 70.02 from general revenues.

**Program revenues** are of three types: charges for services/exchange type transactions (arise from charges to customers), operating grants and contributions that are restricted for a specific purpose, and capital grants and contributions that are restricted for a specific purpose. As depicted in the previous chart, the largest source of program revenue is from charges for services.

General revenues are all revenues that do not qualify as program revenues and by far are the largest revenue source. Within this major category, as in prior years, the largest single revenue source is property tax and payments in-lieu-of tax (PILOT) as illustrated in the following chart.

|  |            | % of total |

#### Financial Analysis of the Government's Funds

As noted earlier, Rutherford County Government uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental funds. The focus of Rutherford County Government's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing Rutherford County Government's financing requirements.

In the fund financial statements, governmental funds report fund balance in classifications that comprise a hierarchy based primarily on the extent to which the government is bound to honor constraints on the specific purposes for which amounts in these funds can be spent. These classifications may consist of the following: non-spendable, restricted, committed, assigned, or unassigned.

- Non-spendable Fund Balance, \$59 includes amounts that cannot be spent because
  they are either (a) not in spendable form or (b) legally or contractually required to be
  maintained intact.
- Restricted Fund Balance, \$44,554 includes amounts that have constraints placed on the use of the resources that are either (a) externally imposed by creditors, grantors, contributors or laws and regulations of other governments or (b) imposed by law through constitutional provisions or enabling legislation.
- Committed Fund Balance, \$26,607 includes amounts that can only be used for specific purposes pursuant to constraints imposed by formal resolutions of the County Commission, the county's highest level of decision-making authority.

- Assigned Fund Balance, \$125,086 includes amounts that are constrained by the county's intent to be used for specific purposes but are neither restricted nor committed (excluding stabilization arrangements). The County Commission has authorized the Budget/Finance Committee by resolution to make assignments.
- Unassigned Fund Balance, \$115,707 the residual classification of the General Fund. This classification generally represents fund balance that has not been assigned to other funds and that has not been restricted, committed, or assigned to specific purposes within the General Fund.

As of the end of the current fiscal year, Rutherford County Government's governmental funds reported combined ending fund balances of \$312,013, which was an increase of \$134,243 in comparison with the prior year. The County General Fund and General Debt Service Fund experienced most of the increase due to larger than expected investment income and a \$35,000 contribution to the Rutherford County school department in prior year, that was repaid to the debt service fund in October 2023.

The General Fund is the chief operating fund of Rutherford County Government. On a budgetary basis, the actual net change to fund balance was an increase of \$46,940. Revenues were less than final estimates by \$3,420. All of the negative performance was due to grant revenue budgeted but not received until next fiscal year. Estimates for local taxes and fees from county officials performed better than anticipated. The current property tax levy was estimated at 95.5% collected as of fiscal year end; however, the County Trustee's Office collected 97.41% of this tax. Unspent appropriations totaled \$23,782 which mostly resulted from unspent grant funds, salary, wages, and related benefits. Net other financing sources/uses was \$881 less than expected.

On a GAAP basis, the unassigned fund balance was \$115,707 while total General Fund balance was \$135,434, which is an increase of \$46,940 over the prior fiscal year. Assigned fund balance was \$312, which has been assigned for the purpose to fund operations in the next fiscal year. As a measure of the General Fund's liquidity, it may be useful to compare both unassigned fund balance and total fund balance to total fund expenditures. Unassigned fund balance represents 76.76% of total General Fund expenditures, while total fund balance represents 89.84% of that same amount. It should be noted that when the original budget for 2023-2024 was adopted, the assigned and unassigned fund balance was estimated at \$71,610 by June 30, 2024. The improvement to the estimate of unassigned fund balance was primarily due to the conservative budgeting of property tax collection, an increase in interest rates, which caused an increase in investment income, and receiving monies from the national opioid settlement. Additionally, all departments did not spend all their appropriations. Wages and related benefits are budgeted as if all positions would be filled for the entire year, which is rarely the case.

The General Debt Service Fund is the fund Rutherford County sets aside resources to meet current and future debt service requirements on general long-term debt. At the end of the current fiscal year, assigned fund balance in this fund was \$66,934 while total fund balance was \$68,754. The restricted fund balance offsets the Note Receivable due from the City of Murfreesboro Water and Sewer Department. The funding from the city will come from monies collected from sewer taps sold in the Rockvale area. The county and city both contributed to

the cost of a sewer line constructed to service Rockvale Middle School. As a measure of the debt service liquidity, it will be most useful to compare assigned fund balance to the total of debt service expenditures. The assigned fund balance represents 107.46% of total FY24 expenditures for debt service. However, \$35,000 of bonds issued was repaid to the General Debt Service Fund in October 2023, due to a temporary contribution made to the Rutheford County School District.

## General Fund Budgetary Highlights

During the fiscal year, there was an increase of \$15,931 in appropriations from the original budget. These differences are summarized in the following table. Significant changes are displayed in the following table and discussed further by function below.

This fiscal year General Government had a net increase of \$479. Appropriations for the County Mayor increased \$108 to hire additional contracted security for county buildings. Additional appropriations totaling \$72 were needed in Building Maintenance to provide necessary repairs to county buildings and risk management had an increase of \$177 due to additional liability insurance costs.

The increase in Finance was primarily for the accounting office hiring additional personnel and the county's Office of Information Technology needed additional appropriations of \$68 for a grant received to provide additional security equipment.

The increase of \$939 in appropriations for Administration of Justice were needed for several departments and offices. Drug Court needed \$678 which was related to grants they received to run their various programs.

The increase in appropriations for Public Safety totaled \$5,951. Most related to the Jail. The \$1,048 increase in the jail was necessary to provide additional appropriations for medical services and facility repairs. Disaster Relief (\$1,226) also received additional appropriations for a radio communications contract.

Within Public Health and Welfare, an additional appropriation of \$439 was authorized for the expenditure of opioid grant funds.

For Social, Cultural, and Recreation - the Parks and Recreation department needed an additional \$60 for a contribution to the City of Murfreesboro for the county's obligation for maintenance of the greenway. The County contributes 5% of the collected hotel/ motel tax for this purpose. As discussed before, the hotel/motel tax collected during the year was more than anticipated, which caused the need for an increase in appropriations.

The increase in Agriculture and Natural Resources totaled \$35 and was mostly needed by the Agriculture Extension Service for various cleaning and maintenance projects and to add LED lighting in various areas.

The largest change to the original budget was \$7,879 for Other Operations which mostly resulted from federal grant funds awarded to Rutherford County. The county received an award of \$5,579 for water infrastructure projects. This project carried over from the prior year. An increase in appropriations was needed for Employee Benefits (\$250) to pay claims stemming from the workers compensation/on the job injury program. The County contributes 15% of the collected hotel motel tax to the Convention & Visitor's Bureau. As noted above, the hotel/motel tax collected during the year was more than anticipated, which required the additional appropriation of \$925 for Tourism. Because of improving estimated revenue, additional appropriation of \$1,100 was needed for the trustee's commission reflected in the Miscellaneous function. Also, in this function there was an additional appropriation of \$500 for judgements.

The actual results compared to the final budget are displayed on the next table. On a budgetary basis, at the close of the fiscal year, actual expenditures were \$23,782 less than budgetary estimates. Also, across all functions personnel and benefit line items left unspent totaled \$9,273. The county typically budgets all positions as being filled for the entire year. Because of turnover, there are normally appropriations left unspent in those cost categories. Unspent appropriations for services and supplies are estimated at approximately \$11,425 while unspent appropriations for other expenditures totaled approximately \$3,084.

## **Capital Assets and Debt Administration**

Capital Assets. Rutherford County Government's investment in capital assets for its governmental funds as of June 30, 2024, totaled \$409,989 (net of accumulated depreciation). The investment in capital assets includes land, intangibles – right of ways, buildings and improvements, other capital assets (includes equipment), other intangibles, and infrastructure (roads, highways, and bridges). The increase in Rutherford County Government's investment in capital assets for the current fiscal year totaled \$20,684, which represented a 5.31% increase over the prior year.

**Long-term debt.** At the end of the current fiscal year, Rutherford County Government had total bonded debt and loans outstanding of \$602,266. All debt is backed by the full faith and credit of the government.

Rutherford County Board of Education is currently servicing some of the debt on behalf of the primary government. In previous years, this debt was reflected as debt of the Board of Education; however, this debt has been reclassified as debt of the primary government because the primary government is legally obligated to repay the debt.

Rutherford County increased its long-term debt by \$155,228 (34.72%) during the 2023-2024 fiscal year. Rutherford County Government maintains a rating of "Aaa" from Moody's and a rating of "AA+" from Standard and Poor's for the general obligation bonds. Currently, state statutes do not limit the amount of general obligation debt a government entity may issue. Additional information on the Rutherford County Government's long-term debt can be found in Exhibits L-1, L-2, and Notes IV.F. of this report.

## **Economic Factors and Next Year's Budget and Rates**

Rutherford County adopted a budget for the fiscal year ending June 30, 2024, on June 26, 2023. As in prior years, many factors were considered when adopting this budget. Rutherford County continues to be one of the fastest growing areas in the State of Tennessee. Based on continued increases in the local sales tax and revenues related to residential construction, it appears that the county's economy continues to be stable and strengthened in some areas. However, as in prior years, estimates for revenues from property tax, sales tax, development tax, hotel/motel tax and building related revenues were conservatively developed for the next fiscal year. Rutherford County's Board of Commissioners has strived to limit the tax burden on property owners but has always been cognizant of the financial policies they have set in place.

For calendar year 2024, the County Commission moved pennies to the General, Ambulance Fund, and Education Capital Projects Fund form the Rutherford County School General Purpose Fund. The county was able to do this due to other local revenues (i.e. Sales tax) increasing in the General Purpose School Fund. The chart below shows how the property tax rate was allocated to the various funds.

Projected amounts were sufficient and available in the unassigned fund balance in the General Fund to allow a portion to be used to fund operations in the next fiscal year. Rutherford County Government has appropriated \$312 for spending in the 2024-2025 fiscal year. This is reflected as the Assigned for Other Purposes in the Balance Sheet of the Governmental Funds as of June 30, 2024. Unassigned fund balance in the General Fund was projected at \$115,707 as of June 30, 2024, which is 67% of the original 2024-2025 General Fund appropriations.

The Board of Education requested funding for three high school additions during FY23. The County Commission approved funding and issued a Bond Anticipation Note (BAN) in June 2023, for \$35 million. This BAN was repaid to the General Debt Service fund in October 2023 with the issuance of \$171 million in General Obligation Bonds on October 6, 2023. This debt issuance included money for three high school additions, construction of a solid waste transfer station and funding for a joint road project with the Tennessee Department of

Transportation. Additionally, with this bond issuance, in September 2023 Moody's maintained their rating of "Aaa" for the general obligation bonds of Rutherford County. Standard and Poor's maintained their "AA+" rating for the County. These ratings were reaffirmed with a debt refunding and new issuance in April 2024. This issuance was for construction of a new elementary school. Due to the strong financial position of the county, we were able to borrow for 10 years instead of 20 years and pay for almost half of the school without borrowing.

Reconciliation of the Statement of Revenues, Expenditures, and Changes in Fund Balances of Governmental Funds to the Statement of Activities

For the Year Ended June 30, 2024

Amounts reported for governmental activities in the statement

|-----|---|--|-------------------|
| Net | t change in fund balances - total governmental funds (Exhibit C-3)  |  | \$<br>134,242,797 |
| (1) | Governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost of these assets is allocated over their useful lives and reported as depreciation expense. The difference between capital outlays and depreciation is itemized as follows:   |  |                   |
|     | Add: capital assets purchased in the current period Less: current-year depreciation expense   | \$ 32,267,218<br>(11,502,437)  | 20,764,781        |
| (2) | The net effect of various miscellaneous transactions involving capital assets (sales, trade-ins, and donations) is to decrease net position.  Less: book value of capital assets disposed   |  | (81,496)          |

| (4) | The issuance of long-term debt (e.g. bond and other loans) provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net position. Also, governmental funds report the effect of premiums, discounts, and similar items when debt is first issued, whereas these amounts are deferred and amortized in the statement of activities. This amount is the |  |                   |

# RUTHERFORD COUNTY, TENNESSEE NOTES TO THE FINANCIAL STATEMENTS

For the Year Ended June 30, 2024

#### I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Rutherford County's financial statements are presented in accordance with generally accepted accounting principles (GAAP). The Governmental Accounting Standards Board (GASB) is responsible for establishing GAAP for state and local governments.

The following are the more significant accounting policies of Rutherford County:

## A. Reporting Entity

Rutherford County is a public municipal corporation governed by an elected 21-member board. As required by GAAP, these financial statements present Rutherford County (the primary government) and its component units. The component units discussed below are included in the county's reporting entity because of the significance of their operational or financial relationships with the county.

**Discretely Presented Component Units** – The following entities meet the criteria for discretely presented component units of the county. They are reported in separate columns in the government-wide financial statements to emphasize that they are legally separate from the county.

The Rutherford County School Department operates the public school system in the county, and the voters of Rutherford County elect its board. The school department is fiscally dependent on the county because it may not issue debt, and its budget and property tax levy are subject to the county commission's approval. The school department's taxes are levied under the taxing authority of the county and are included as part of the county's total tax levy.

Community Care of Rutherford County, Inc., provides nursing care to the citizens of Rutherford County, and the Rutherford County Commission appoints its governing body. Patient charges provide the majority of the revenues for the entity. Before the issuance of debt instruments, the entity must obtain the county commission's approval.

The Rutherford County Emergency Communications District provides a simplified means of securing emergency services through a uniform emergency number for the residents of Rutherford County, and the Rutherford County Commission appoints its governing body. The district is funded primarily through a service charge levied on telephone services. Before the issuance of most debt instruments, the district must obtain the county commission's approval.

The Rutherford County School Department does not issue separate financial statements from those of the county. Therefore, basic financial statements of the school department are included in this report as listed in the table of contents. Complete financial statements of the Community Care of Rutherford County, Inc., and the Rutherford County Emergency Communications District can be obtained from their administrative offices at the following addresses:

#### Administrative Offices:

Community Care of Rutherford County, Inc. 901 East County Farm Road Murfreesboro, TN 37127

Rutherford County Emergency Communications District 591 Fortress Boulevard Murfreesboro, TN 37128

Related Organizations – The Public Building Authority of Rutherford County and Rutherford County Industrial Development Board are related organizations of Rutherford County. The county's officials are responsible for appointing the members of the boards, but the county's accountability for these organizations does not extend beyond making the appointments.

#### B. Government-wide and Fund Financial Statements

The government-wide financial statements (i.e., the Statement of Net Position and the Statement of Activities) report information on all the nonfiduciary activities of the primary government and its component units. For the most part, the effect of interfund activity has been removed from these statements. However, when applicable, interfund services provided and used between functions are not eliminated in the process of consolidation in the Statement of Activities. Governmental activities are normally supported by taxes and intergovernmental revenues. Business-type activities, which rely to a significant extent on fees and charges, are required to be reported separately from governmental activities in government-wide financial statements. However, the primary government of Rutherford County does not have any business-type activities to report. Likewise, the primary government is reported separately from certain legally separate component units for which the primary government is financially accountable. The Rutherford County School Department component unit only reports governmental activities in the government-wide financial statements.

The Statement of Activities demonstrates the degree to which the direct expenses of a given function are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function. Program revenues include (1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function and (2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function. Taxes and other items not properly included among program revenues are reported instead as general revenues.

Rutherford County issues all debt for the discretely presented Rutherford County School Department. Net debt issues totaling \$148,875,697 were contributed by the county to the school department during the year ended June 30, 2024.

Separate financial statements are provided for governmental funds, proprietary funds (internal service), and fiduciary funds. The internal service funds are reported with the governmental activities in the government-wide financial statements, and the fiduciary funds are excluded from the government-wide financial statements. Major individual governmental funds are reported as separate columns in the fund financial statements.

### C. Measurement Focus, Basis of Accounting, and Financial Statement Presentation

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary funds and fiduciary funds financial statements. Revenues are recorded when earned, and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Fund financial statements of Rutherford County are organized into funds, each of which is considered to be a separate accounting entity. Each fund is accounted for by providing a separate set of self-balancing accounts that constitute its assets, deferred outflow of resources, liabilities, deferred inflow of resources, fund balance/fund net position, revenues, and expenditures/expenses. Funds are organized into three major categories: governmental, proprietary, and fiduciary. An emphasis is placed on major funds within the governmental category. Rutherford County reports three proprietary funds (internal service funds). It has no enterprise funds to report.

Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds. Major individual governmental funds are reported as separate columns in the fund financial statements. All other governmental funds are aggregated into a single column on the fund financial statements. The internal service funds and the fiduciary funds in total are reported in single columns by fund type.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they become both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the county considers revenues other than grants to be available if they are collected within 30 days after year-end. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met and the revenues are available. Rutherford County considers grants and similar revenues to be available if they are collected within 60 days after year-end. Expenditures are generally recognized under the modified accrual basis of accounting when the related fund liability is incurred. Principal and interest on long-term debt are recognized as fund liabilities when due or when amounts have been accumulated in the General Debt Service Fund for payments to be made early in the following year.

Property taxes for the period levied, in-lieu-of tax payments, sales taxes, interest, and miscellaneous taxes are all considered to be susceptible to accrual and have been recognized as revenues of the current period. Applicable business taxes, litigation taxes, state-shared excise taxes, fines, forfeitures, and penalties are not susceptible to accrual since they are not measurable (reasonably estimable). All other revenue items are considered to be measurable and available only when the county receives cash.

Proprietary funds and fiduciary funds financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recognized when earned, and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met. Fiduciary fund reporting focuses on net position and changes in net position. The fiduciary fund category includes an

employee benefit trust fund and custodial funds. Trust funds are distinguished from custodial funds by the existence of a trust agreement or equivalent arrangement.

Rutherford County reports the following major governmental funds:

**General Fund** – This is the county's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

General Debt Service Fund – This fund accounts for the resources accumulated and payments made for principal and interest on long-term general obligation debt of governmental funds.

**Education Capital Projects Fund** – This fund accounts for debt issued by Rutherford County that is subsequently contributed to the discretely presented Rutherford County School Department for construction and renovation projects.

Additionally, Rutherford County reports the following fund types:

**Special Revenue Funds** – These funds account for and report the proceeds of specific revenue sources that are restricted or committed to expenditure for specified purposes other than debt service or capital projects.

**Internal Service Funds** – The Self-Insurance, Employee Insurance - Health, and Workers' Compensation funds are used to account for the county's self-insured general liability, health, and workers' compensation programs. Premiums charged to the various county funds/component units/joint venture and employee payroll deductions are placed in these funds for the payment of claims.

Other Employee Benefit Trust Fund – The Flexible Benefits Fund is used to account for operations of the flexible benefits program for Rutherford County employees.

Custodial Funds – These funds account for amounts collected in a custodial capacity by the constitutional officers, local sales taxes received by the state to be forwarded to the various cities in Rutherford County, property taxes for the city of Smyrna and the city of Eagleville, the city school system's share of educational revenues, restricted revenues held for the benefit of the Office of District Attorney General, and assets in a regional planning agency.

The discretely presented Rutherford County School Department reports the following major governmental funds:

General Purpose School Fund – This fund is the primary operating fund for the school department. It is used to account for general operations of the school department.

Education Capital Projects Fund – This fund is used to account for projects and renovations of the school department.

Other Capital Projects Fund – This fund is used to account for building construction and additions of the school department.

Additionally, the Rutherford County School Department reports the following fund types:

**Special Revenue Funds** – These funds account for and report the proceeds of specific revenue sources that are restricted or committed to expenditure for specified purposes other than debt service or capital projects.

**Private-Purpose Trust Fund** – The Endowment Fund is used to account for resources legally held in trust to fund a scholarship at a local high school. Earnings on invested resources may be used to fund the scholarship, but the principal is required to be maintained intact.

The school department reports a nonmajor special revenue fund (Internal School Fund) which is used to account for funds held at the individual schools for internal school use such as the purchase of supplies, school clubs, and student activities. Collections from students and school activities are the foundational revenues of this fund. The current year (FY 24) report was not available from the auditor of the Internal School Fund in time for inclusion in this report. Therefore, the prior year balances (FY 23) are presented in this report. We do not believe using the prior year balances will affect the independent auditor's opinion on the Aggregate Discretely Presented Component Units. A more detailed reporting of the fund activities at each individual school may be found at <a href="https://www.comptroller.tn.gov/office-functions/la/reports/find-other-audits.html">https://www.comptroller.tn.gov/office-functions/la/reports/find-other-audits.html</a>.

Amounts reported as program revenues include (1) charges to customers or applicants for goods, services, or privileges provided; (2) operating grants and contributions; and (3) capital grants and contributions. Internally dedicated resources are reported as general revenues rather than as program revenues. Likewise, general revenues include all taxes.

Proprietary funds distinguish operating revenues and expenses from nonoperating items. The county has three proprietary funds, internal service funds used to account for self-insured liability, employees' health insurance, and workers' compensation programs. Operating revenues and expenses generally result from providing services in connection with the funds' principal ongoing operations. The principal operating revenues of the county's internal service funds are charges for services. Operating expenses for the internal service funds include administrative expenses, liability insurance claims, and employee benefits.

# D. Assets, Liabilities, Deferred Outflows/Inflows of Resources, and Net Position/Fund Balance

#### 1. Deposits and Investments

For purposes of the Statement of Cash Flows, cash includes demand deposits and cash on deposit with the county trustee.

State statutes authorize the government to make direct investments in bonds, notes, or treasury bills of the U.S. government and obligations guaranteed by the U.S. government or any of its agencies; deposit accounts at state and federal chartered banks and savings and loan associations; repurchase agreements; the State Treasurer's Investment Pool; the State Treasurer's Intermediate Term Investment Fund; bonds of any state or political subdivision rated A or higher by any nationally recognized rating service; nonconvertible debt securities of certain federal government sponsored enterprises; and the county's own legally issued bonds or notes.

The county trustee maintains a cash and internal investment pool that is used by all funds and the discretely presented Rutherford County School Department. Each fund's portion of this pool is displayed on the balance sheets or statements of net position as Equity in Pooled Cash and Investments. Most income from these pooled investments is assigned to the General and General Debt Service funds. In addition, an investment is held separately by the Constitutional Officers - Custodial Fund. Rutherford County and the school department have adopted a policy of reporting U.S. Treasury obligations, U.S. agency obligations, and repurchase agreements with maturities of one year or less when purchased on the balance sheet at amortized cost. Certificates of deposit are reported at cost.

Investments in the State Treasurer's Investment Pool are reported at amortized cost using a stable net asset value. The primary oversight responsibility for the investments and operations of the State Treasurer's Investment Pool rests with the Funding Board of the State of Tennessee (Funding Board). The Funding Board has established an investment policy that is administered by the state treasurer. These policies were designed to comply with generally accepted accounting principles. In addition, state statutes require the state treasurer to administer the pool under the same terms and conditions, including collateral requirements, as prescribed for other funds invested by the state treasurer. Compliance with Funding Board policies is audited by the Tennessee Comptroller of the Treasury, Division of State Audit. The latest audit opinion issued by the Division of State Audit concluded that the State Treasurer's Investment Pool complied with accounting principles generally accepted in the United States of America.

Investments in the State Treasurer's Intermediate Term Investment Fund are reported at amortized cost using a floating net asset value. The primary oversight responsibility for the investments and operations of the State Treasurer's Intermediate Term Investment Fund rests with the Funding Board of the State of Tennessee (Funding Board). The Funding Board has established an investment policy that is administered by the state treasurer. These policies were designed to comply with generally accepted accounting principles. In addition, state statutes require the state treasurer to administer the pool under the same terms and conditions as prescribed for other funds invested by the state treasurer. Compliance with Funding Board policies is audited by the Tennessee Comptroller of the Treasury, Division of State Audit. The latest audit opinion issued by the Division of State Audit concluded that the State Treasurer's Intermediate Term Investment Fund complied with accounting principles generally accepted in the United States of America. Rutherford County had no investments in the State Treasurer's Intermediate Term Investment Fund during the year.

All other investments are reported at fair value.

## 2. Receivables and Payables

Activity between funds for unremitted current collections outstanding at the end of the fiscal year is referred to as due to/from other funds.

Accounts receivable in the General Fund include \$1,850,000 of payments in lieu of property taxes for certain local businesses. Since the receivable is recognized before the period of revenue recognition, the entire amount of the receivable is reported as a deferred inflow of resources as of June 30.

All ambulance and property taxes receivable are shown with an allowance for uncollectibles. Ambulance receivables allowance for uncollectibles is based on historical collection data. The allowance for uncollectible property taxes is equal to one percent of total taxes levied.

Property taxes receivable are recognized as of the date an enforceable legal claim to the taxable property arises. This date is January 1 and is referred to as the lien date. However, revenues from property taxes are recognized in the period for which the taxes are levied, which is the ensuing fiscal year. Since the receivable is recognized before the period of revenue recognition, the entire amount of the receivable, less an estimated allowance for uncollectible taxes, is reported as a deferred inflow of resources as of June 30.

Property taxes receivable are also reported as of June 30 for the taxes that are levied, collected, and reported as revenue during the current fiscal year. These property taxes receivable are presented on the balance sheet as a deferred inflow of resources to reflect amounts not available as of June 30. Property taxes collected within 30 days of year-end are considered available and accrued. The allowance for uncollectible taxes represents the estimated amount of the receivable that will be filed in court for collection. Delinquent taxes filed in court for collection are not included in taxes receivable since they are neither measurable nor available.

Property taxes are levied as of the first Monday in October. Taxes become delinquent and begin accumulating interest and penalty the following March 1. Suit must be filed in Chancery Court between the following February 1 to April 1 for any remaining unpaid taxes. Additional costs attach to delinquent taxes after a court suit has been filed.

Rutherford County has financed projects on behalf of other governmental entities and has reflected Notes Receivable totaling \$8,695,785 for the outstanding balances due from these entities in the fund(s) financing these projects. The outstanding balances of these receivables are also included in restricted fund balance.

Most payables are disaggregated on the face of the financial statements. Current liabilities payable from restricted assets reflected in the primary government funds represent deposits placed with Rutherford County for building codes certificates of occupancy \$21,100, deposits in-lieu-of bonds for developments \$3,165,165, agricultural facilities rentals \$42,300, and agricultural token sales program \$9,261.

### 3. Inventories and Prepaid Items

Inventories of the discretely presented Rutherford County School Department are recorded at cost, determined on the first-in, first-out method. Inventories of governmental funds are recorded as expenditures when consumed rather than when purchased. Inventories are offset in the nonspendable fund balance account in governmental funds.

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both the government-wide and fund financial statements. The cost of prepaid items is recorded as an expenditure when consumed rather than when purchased. Prepaids are offset in the nonspendable fund balance account in governmental funds.

#### 4. Restricted Assets

Restricted assets consist of amounts held in a pension stabilization trust by the Tennessee Consolidated Retirement System (TCRS) for the benefit of the discretely presented Rutherford County School Department's Teacher Retirement Plan. The purpose of this trust is to accumulate funds to provide stabilization (smoothing) of retirement costs to the school system in times of fluctuating investment returns and market downturns. These funds are held and invested by TCRS pursuant to an irrevocable agreement and may only be used for the benefit of the Rutherford County School Department to fund retirement benefits upon approval of the TCRS Board of Directors. To date, the Rutherford County School Department has not withdrawn any funds from the trust to pay pension costs. Trust documents provide that the funds are not subject to the claims of general creditors of the school department.

#### 5. Capital Assets

Governmental funds do not capitalize the cost of capital outlays; these funds report capital outlays as expenditures upon acquisition.

Capital assets, which include property, plant, equipment, and infrastructure assets (e.g., roads, bridges, and similar items), and intangible right to use assets (e.g., easements, computer software, and similar items), are reported in the governmental column in the government-wide financial statements. Capital assets are defined by the government as assets with an initial, individual cost of \$10,000 (infrastructure \$50,000 and intangible \$25,000) or more and an estimated useful life of more than two years. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at acquisition value at the date of donation.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets' lives are not capitalized.

Major outlays for capital assets and improvements are capitalized as projects are constructed.

Property, plant, equipment, infrastructure, and intangible assets of the primary government and the discretely presented school department are depreciated using the straight-line method over the following estimated useful lives:

| Assets                     | Years  |
|----------------------------|--------|
|                            |        |
| Buildings and Improvements | 50     |
| Other Capital Assets       | 6 - 20 |
| Infrastructure:            |        |
| Roads                      | 75     |
| Bridges                    | 50     |
| Intangibles                | 2 - 15 |

#### 6. Deferred Outflows/Inflows of Resources

In addition to assets, the Statement of Net Position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net assets that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then. The government has items that qualify for reporting in this category. Accordingly, the items are reported in the government-wide Statement of Net Position. These items are for a deferred charge on refunding, pension changes in experience, pension changes in assumptions, pension changes in investment earnings, and employer contributions made to the pension and OPEB plans after the measurement date. A deferred charge on refunding results from the difference in the carrying value of refunded debt and its reacquisition price. This amount is deferred and amortized over the shorter of the life of the refunded or refunding debt.

In addition to liabilities, the Statement of Net Position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net assets that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The government has items that qualify for reporting in this category. Accordingly, the items are reported in the government-wide Statement of Net Position and the governmental funds balance sheet. These items are from the following sources: current and delinquent property taxes, pension and OPEB changes in experience, pension changes in proportionate share, and various receivables for revenues, which do not meet the availability criteria for governmental funds. These amounts are deferred and recognized as an inflow of resources in the period that the amounts become available.

#### 7. Compensated Absences

The county's and the school department's policies permit employees to accumulate earned but unused vacation and sick pay benefits. There is no liability for unpaid accumulated sick leave since their policies do not pay any amounts when employees separate from service with the government. All vacation pay is accrued when incurred in the government-wide financial statements for the county and the discretely presented school department. A liability for vacation pay is reported in governmental funds only if amounts have matured, for example, as a result of employee resignations and retirements.

#### 8. Long-term Debt and Long-term Obligations

In the government-wide financial statements and the proprietary fund type in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities or proprietary fund type Statement of Net Position. Debt premiums and discounts are deferred and amortized over the life of the new debt using the straight-line method. Debt issuance costs are expensed in the period incurred. In refunding transactions, the difference between the reacquisition price and the net carrying amount of the old debt is reported as a deferred outflow of resources or a deferred inflow of resources and recognized as a component of interest expense in a systematic and rational manner over the

remaining life of the refunded debt or the life of the new debt issued, whichever is shorter.

In the fund financial statements, governmental funds recognize debt premiums and discounts, as well as debt issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources, while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

Only the matured portion (the portion that has come due for payment) of long-term indebtedness, including bonds payable, is recognized as a liability and expenditure in the governmental fund financial statements. Liabilities and expenditures for other long-term obligations, including compensated absences, claims and judgments, other postemployment benefits, pension liabilities, and landfill closure/postclosure care costs are recognized to the extent that the liabilities have matured (come due for payment) each period.

#### 9. Net Position and Fund Balance

In the government-wide financial statements and the proprietary funds in the fund financial statements, equity is classified as net position and displayed in three components:

- a. Net investment in capital assets Consists of capital assets, including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets.
- b. Restricted net position Consists of net position with constraints placed on the use either by (1) external groups such as creditors, grantors, contributors, or laws or regulations of other governments or (2) law through constitutional provisions or enabling legislation.
- c. Unrestricted net position All other net position that does not meet the definition of restricted or net investment in capital assets.

The government-wide Statement of Net Position reports \$20,840,886 of restricted net position for the primary government, of which \$671,390 is restricted by enabling legislation.

As of June 30, 2024, Rutherford County had \$493,461,520 in outstanding debt for capital purposes for the discretely presented Rutherford County School Department. In accordance with state statutes, certain county school debt proceeds must be shared with other public-school systems in the county (Murfreesboro City School District) based on an average daily attendance proration. This debt is a liability of Rutherford County, but the capital assets acquired are reported in the financial statements of the Rutherford County School Department and Murfreesboro City School District. Therefore, Rutherford County has incurred a liability significantly decreasing its unrestricted net position with no corresponding increase in the county's capital assets.

It is the county's policy that restricted amounts would be reduced first followed by unrestricted amounts when expenditures are incurred for purposes for which both restricted and unrestricted fund balance is available. Also, it is the county's policy that committed amounts would be reduced first, followed by assigned amounts, and then unassigned amounts when expenditures are incurred for purposes for which amounts in any of these unrestricted fund balance classifications could be used.

In the fund financial statements, governmental funds report fund balance in classifications that comprise a hierarchy based primarily on the extent to which the government is bound to honor constraints on the specific purposes for which amounts in these funds can be spent. These classifications may consist of the following:

Nonspendable Fund Balance – includes amounts that cannot be spent because they are either (a) not in spendable form or (b) legally or contractually required to be maintained intact.

Restricted Fund Balance – includes amounts that have constraints placed on the use of the resources that are either (a) externally imposed by creditors, grantors, contributors or laws and regulations of other governments or (b) imposed by law through constitutional provisions or enabling legislation.

Committed Fund Balance – includes amounts that can only be used for specific purposes pursuant to constraints imposed by formal resolutions of the county commission, the county's highest level of decision-making authority and the Board of Education, the school department's highest level of decision-making authority, and shall remain binding unless removed in the same manner.

Assigned Fund Balance – includes amounts that are constrained by the county's intent to be used for specific purposes but are neither restricted nor committed (excluding stabilization arrangements). The county commission has by resolution authorized the county's Budget/Finance Committee to make assignments by for the general government. The Board of Education makes assignments for the school department.

Unassigned Fund Balance – the residual classification of the General and General Purpose School funds. This classification represents fund balance that has not been assigned to other funds and has not been restricted, committed, or assigned to specific purposes within the General and General Purpose School funds. In the other governmental funds, funds expended that exceed the amounts that are restricted, committed, and assigned are reported as negative unassigned fund balance.

#### 10. Minimum Fund Balance Policy

To provide management with appropriate guidelines and direction to assist in making sound decisions related to managing the fund balance of certain governmental funds, the following minimum fund balance policy exists and consists of the sum of committed, assigned, and unassigned fund balances:

General Fund – 15 percent of subsequent year appropriations.

General Debt Service Fund – fund balance adequate to meet (1) cash flow needs, (2) budgeting contingencies, (3) emergency contingencies, (4) variable rate volatility contingencies, and (5) future forecasted needs.

#### 11. Change in Accounting Estimate

For the year ended June 30, 2024, the measurement date for the OPEB obligations changed from June 30 of the prior year to June 30 of the current year which resulted in two years of activity reflected in the current year's schedule. Also, the amortization period changed from 6.58 years to five years. These changes are reflected in Note V.G. Other Postemployment Benefits (OPEB).

#### E. Pension Plans

#### **Primary Government**

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of Rutherford County's participation in the Public Employee Pension Plan of the Tennessee Consolidated Retirement System (TCRS), and additions to/deductions from Rutherford County's fiduciary net position have been determined on the same basis as they are reported by the TCRS for the Public Employee Pension Plan. For this purpose, benefits (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms of the Public Employee Pension Plan of TCRS. Investments are reported at fair value.

#### Discretely Presented Rutherford County School Department

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Teacher Retirement Plan and the Teacher Legacy Pension Plan in the Tennessee Consolidated Retirement System, and additions to/deductions from fiduciary net position have been determined on the same basis as they are reported by the TCRS. For this purpose, benefits (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms of the Teacher Retirement Plan and the Teacher Legacy Pension Plan. Investments are reported at fair value.

#### F. Other Postemployment Benefit (OPEB) Plan

Rutherford County, the Smyrna-Rutherford County Airport (a joint venture), and the discretely presented Rutherford County School Department, Community Care of Rutherford County, Inc., and the Rutherford County Emergency Communications District (component units) provide OPEB benefits to their retirees through a single commercial insurance plan administered by Cigna Insurance Company. Subsequent to December 31, 2022, the discretely presented Rutherford County School Department provided OPEB benefits to their retirees through state administered public entity risk pools and commercial health insurance plans. For reporting purposes, the plan is considered a single employer defined benefit OPEB plan based on criteria in Statement No. 75 of the Governmental Accounting Standards Board (GASB). For purposes of measuring the net OPEB liability, deferred outflows of resources and deferred inflows of resources related to OPEB, and OPEB expense, have been determined on the same basis as they are reported by Rutherford County. For this purpose, Rutherford

County recognizes benefit payments when due and payable in accordance with benefit terms. Rutherford County's OPEB plan is not administered through a trust.

# II. RECONCILIATION OF GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS

A. Explanation of certain differences between the governmental fund balance sheet and the government-wide Statement of Net Position

#### **Primary Government**

Exhibit C-2 includes explanations of the nature of individual elements of items required to reconcile the balance sheet of governmental funds with the government-wide Statement of Net Position.

#### Discretely Presented Rutherford County School Department

Exhibit K-3 includes explanations of the nature of individual elements of items required to reconcile the balance sheet of governmental funds with the government-wide Statement of Net Position.

B. Explanation of certain differences between the governmental fund Statement of Revenues, Expenditures, and Changes in Fund Balances and the government-wide Statement of Activities

#### **Primary Government**

Exhibit C-4 includes explanations of the nature of individual elements of items required to reconcile the net change in fund balances – total governmental funds with the change in net position of governmental activities reported in the government-wide Statement of Activities.

#### Discretely Presented Rutherford County School Department

Exhibit K-5 includes explanations of the nature of individual elements of items required to reconcile the net change in fund balances – total governmental funds with the change in net position of governmental activities reported in the government-wide Statement of Activities.

#### III. STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY

#### A. Budgetary Information

Annual budgets are adopted on a basis consistent with generally accepted accounting principles (GAAP) for all governmental funds except the Constitutional Officers – Fees Fund (special revenue fund) and school department's Internal School Fund (special revenue fund) which are not budgeted, the primary government's General Capital Projects Fund and the school department's Other Capital Projects Fund, which adopt project length budgets. All annual appropriations lapse at fiscal year-end.

The county is required by state statute to adopt annual budgets. Annual budgets are prepared on the basis in which current available funds must be sufficient to meet current expenditures. Expenditures and encumbrances may not legally exceed appropriations authorized by the

county commission and any authorized revisions. Unencumbered appropriations lapse at the end of each fiscal year.

The budgetary level of control is at the major category level established by the County Uniform Chart of Accounts, as prescribed by the Comptroller of the Treasury of the State of Tennessee. Major categories are at the department level (examples of General Fund major categories: County Commission, Board of Equalization, County Mayor/Executive, Personnel Office, etc.). Management may make revisions within major categories, but only the county commission may transfer appropriations between major categories. During the year, several supplementary appropriations were necessary.

The county's budgetary basis of accounting is consistent with GAAP, except instances in which encumbrances are treated as budgeted expenditures. The difference between the budgetary basis and GAAP basis is presented on the face of each budgetary schedule.

On June 30, 2024, Rutherford County and the discretely presented Rutherford County School Department reported the following significant encumbrances:

| Funds                      | Amount          |
|----------------------------|-----------------|
|                            |                 |
| Primary Government:        |                 |
| Major Fund:                |                 |
| General                    | \$<br>4,308,117 |
| Nonmajor Funds:            |                 |
| Solid/Waste Sanitation     | 43,261          |
| Ambulance Service          | 675,167         |
| Drug Control               | 102,657         |
| Other General Government   | 1,002,294       |
| School Department:         |                 |
| Major Funds:               |                 |
| General Purpose School     | 1,155,544       |
| Education Capital Projects | 11,643,819      |
| Nonmajor Fund:             |                 |
| Central Cafeteria          | 874,791         |

#### B. Appropriations Exceeded Estimated Available Funding

The budget and subsequent amendments approved by the county commission for the Industrial/Economic Development Fund resulted in appropriations exceeding estimated available funding by \$190,848.

#### C. Budgetary Basis Fund Deficit

The Other General Government Fund reported a budgetary basis deficit of \$1,000,145 on June 30, 2024. This resulted from the recognition of budgeted expenditures for outstanding encumbrances in the amount of \$1,002,294. These encumbrances were recorded to reflect outstanding commitments which will be funded by federal grants in the subsequent fiscal year.

#### IV. DETAILED NOTES ON ALL FUNDS

#### A. Deposits and Investments

Rutherford County and the Rutherford County School Department participate in an internal cash and investment pool through the Office of Trustee. The county trustee is the treasurer of the county and in this capacity is responsible for receiving, disbursing, and investing most county funds. Each fund's portion of this pool is displayed on the balance sheets or statements of net position as Equity in Pooled Cash and Investments. Cash and investments reflected on the balance sheets or statements of net position represent nonpooled amounts held separately by individual funds.

#### **Deposits**

Legal Provisions. All deposits with financial institutions must be secured by one of three methods. One method involves financial institutions that participate in the bank collateral pool administered by the state treasurer. Participating banks determine the aggregate balance of their public fund accounts for the State of Tennessee and its political subdivisions. The amount of collateral required to secure these public deposits must equal at least 90 percent of the average daily balance of public deposits held. Collateral securities required to be pledged by the participating banks to protect their public fund accounts are pledged to the state treasurer on behalf of the bank collateral pool. The securities pledged to protect these accounts are pledged in the aggregate rather than against each account. The members of the pool may be required by agreement to pay an assessment to cover any deficiency. Under this additional assessment agreement, public fund accounts covered by the pool are considered to be insured for purposes of credit risk disclosure.

For deposits with financial institutions that do not participate in the bank collateral pool, state statutes require that all deposits be collateralized with collateral whose fair value is equal to 105 percent of the uninsured amount of the deposits. The collateral must be placed by the depository bank in an escrow account in a second bank for the benefit of the county.

In addition, counties may invest in FDIC insured certificates of deposit. The deposit is first made in a bank or savings and loan association, selected by the government entity, with a branch in the state of Tennessee that is authorized to accept county deposits (the depository bank). The depository bank then arranges for the transfer of the moneys into one or more federally insured banks or savings and loan associations, wherever located (secondary depositories), for the account of the county. In turn, the depository bank receives funds from customers of the secondary depositories equal to or greater than the amount initially invested by the county. The balance of county funds with each secondary depository must not exceed FDIC insurance limits so that all funds are fully insured. Under this program, the trustee must provide the depository bank with a listing of all banks and savings and loan associations holding county funds under the same federal employer identification number (FEIN). To prevent deposits from exceeding FDIC coverage, the depository bank is prohibited from using any of those listed banks or savings and loan associations as secondary depositories. The use of this program must be approved by the county investment committee or finance committee as appropriate for the specific county. Further, the investment committee or finance committee must establish policies and procedures for the investments, including the establishment of controls to ensure that full FDIC insurance coverage is obtained. Service providers used by depositories must be approved by the state treasurer upon concurrence by the commissioner of financial institutions and finance and administration. There are currently only two eligible programs that have been approved by the state treasurer: the Certificate of

Deposit Account Registry Service (CDARS) and the Insured Cash Sweep (ICS), which operate through IntraFi Network, LLC.

#### **Investments**

**Legal Provisions.** Counties are authorized to make direct investments in bonds, notes, or treasury bills of the U.S. government and obligations guaranteed by the U.S. government or any of its agencies; deposits at state and federal chartered banks and savings and loan associations; bonds of any state or political subdivision rated A or higher by any nationally recognized rating service; nonconvertible debt securities of certain federal government sponsored enterprises; and the county's own legally issued bonds or notes. These investments may not have a maturity greater than two years. The county may make investments with longer maturities if various restrictions set out in state law are followed. Counties are also authorized to make investments in the State Treasurer's Investment Pool, the State Treasurer's Intermediate Term Investment Fund, and in repurchase agreements. The primary oversight responsibility for the investments and operations of the State Treasurer's Investment Pool rests with the Funding Board of the State of Tennessee (Funding Board). The Funding Board has established an investment policy that is administered by the state treasurer. Investments in the State Treasurer's Investment Pool are reported both by the pool and the county at amortized cost using a stable net asset value. The primary oversight responsibility for the investments and operations of the Intermediate Term Investment Fund rests with the Funding Board of the State of Tennessee (Funding Board). The Funding Board has established an investment policy that is administered by the state treasurer. Investments in the Intermediate Term Investment Fund are reported both by the pool and the county at amortized cost using a floating net asset value. Repurchase agreements must be approved by the state Comptroller's Office and executed in accordance with procedures established by the State Funding Board. Securities purchased under a repurchase agreement must be obligations of the U.S. government or obligations guaranteed by the U.S. government or any of its agencies. When repurchase agreements are executed, the purchase of the securities must be priced at least two percent below the fair value of the securities on the day of purchase.

Investment Balances. As of June 30, 2024, Rutherford County had the following investments carried at amortized cost using a Stable Net Asset Value or fair value within the fair value hierarchy established by generally accepted accounting principles. Except for the investment in U.S. Treasury Bills, investments are in the trustee's investment pool. Separate disclosures concerning pooled investments cannot be made for Rutherford County and the discretely presented Rutherford County School Department since both pool their deposits and investments through the county trustee.

Fair value investments classified at Level 1 of the fair value hierarchy are valued using prices quoted in active markets for those securities. Fair value investments classified as Level 2 of the fair value hierarchy are valued using the active market rates for the underlying securities. Fair value investments classified as Level 3 of the fair value hierarchy are valued using non-observable inputs.

**Interest Rate Risk.** Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. State statutes limit the maturities of certain investments as previously disclosed. Rutherford County does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

Credit Risk. Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. State statutes limit the ratings of certain investments as previously explained. Rutherford County has an investment policy that further limits its investment choices. The policy limits the trustee's investments to collateralized certificates of deposit, U.S. Treasury Bills and Notes, the State Treasurer's Investment Pool, collateralized cash management accounts, shared certificates of deposit, and insured cash sweeps. As of June 30, 2024, Rutherford County's investment in the State Treasurer's Investment Pool was unrated.

Concentration of Credit Risk. Concentration of credit risk is the risk of loss attributed to the magnitude of the county's investment in a single issuer. Rutherford County places a limit on the amount the county may invest in one issuer. The policy allows the trustee to invest up to 70 percent of the portfolio in collateralized certificates of deposit, up to 100 percent of the portfolio in either U.S. Treasury Bills and Notes or the State Treasurer's Investment Pool, up to 70 percent of the portfolio in collateralized cash management accounts, up to 50 percent of the portfolio in shared certificates of deposit, and up to 70 percent of the portfolio in insured cash sweeps.

#### **TCRS Stabilization Trust**

**Legal Provisions**. The Rutherford County School Department is a member of the Tennessee Consolidated Retirement System (TCRS) Stabilization Reserve Trust. The school department

has placed funds into the irrevocable trust as authorized by statute under *Tennessee Code Annotated (TCA)*, Title 8, Chapters 34-37. The TCRS Board of Trustees is responsible for the proper operation and administration of the trust. Funds of trust members are held and invested in the name of the trust for the benefit of each member. Each member's funds are restricted for the payment of retirement benefits of that member's employees. Trust funds are not subject to the claims of general creditors of the school department.

The trust is authorized to make investments as directed by the TCRS Board of Trustees. The Rutherford County School Department may not impose any restrictions on investments placed by the trust on their behalf. It is the intent of the plan trustees to allocate these funds in the future to offset pension costs.

On June 30, 2024, the Rutherford County School Department had the following investments held by the trust on its behalf. These funds are recognized as restricted assets in the General Purpose School Fund of the school department.

#### D. Construction Commitments

On June 30, 2024, the primary government had uncompleted construction contracts of approximately \$1,847,831 and \$2,072,775 in the Other General Government and General Capital Projects funds, respectively. On June 30, 2024, the discretely presented Rutherford County School Department had uncompleted construction contracts of approximately \$52,903,715 and \$11,643,819 in the Other Capital Projects and Education Capital Projects funds, respectively, for the school building program. Funding has been received for these future expenditures.

#### E. Interfund Receivables, Payables, and Transfers

The composition of interfund balances as of June 30, 2024, was as follows:

#### Due to/from Other Funds:

| Receivable Fund        | Payable Fund          | Amount |         |  |  |
|------------------------|-----------------------|--------|---------|--|--|
|                        |                       |        |         |  |  |
| Discretely Presented   |                       |        |         |  |  |
| School Department:     |                       |        |         |  |  |
| General Purpose School | Nonmajor governmental | \$     | 294,575 |  |  |

This balance resulted from the time lag between the dates that interfund goods and services are provided or reimbursable expenditures occur and payments between funds are made.

#### Due to/from Primary Government and Component Unit:

| Receivable Fund         | Payable Fund            | Amount     |
|-------------------------|-------------------------|------------|
|                         | Component Unit:         |            |
| Primary Government:     | School Department:      |            |
| Governmental Activities | Governmental Activities | \$ 235,857 |

The \$235,857 due to primary government from the discretely presented school department relates to primary government debt, which is being serviced by the school department.

Transfers are used to move revenues from the fund that statute or budget requires to collect them to the fund that statute or budget requires to expend them and to use unrestricted revenues collected in the General Fund to finance various programs accounted for in other funds in accordance with budgetary authorizations.

#### F. Long-term Debt

#### **Primary Government**

#### General Obligation Bonds and Other Loans

General Obligation Bonds - Rutherford County issues general obligation bonds to provide funds for the acquisition and construction of major capital facilities for the primary government and the discretely presented school department. In addition, general obligation bonds have been issued to refund other general obligation bonds. General obligation bonds are direct obligations and pledge the full faith, credit, and taxing authority of the government. General obligation bonds were issued for original terms of up to 20 years. Repayment terms are generally structured with increasing amounts of principal maturing as interest requirements decrease over the term of the debt. All bonds included in long-term debt as of June 30, 2024, will be retired from the General Debt Service Fund.

Direct Borrowing and Direct Placements - Rutherford County issues other loans to fund capital facilities and other capital outlay purchases, such as equipment, for the primary government and the discretely presented school department. Other loans are direct obligations and pledge the full faith, credit, and taxing authority of the government. Other loans outstanding were issued for original terms of up to eight years. Repayment terms are generally structured with increasing amounts of principal maturing as interest requirements decrease over the term of the debt. Other loans included in long-term debt on June 30, 2024, will be retired from the General Debt Service Fund.

There is \$68,754,452 available in the General Debt Service Fund to service long-term debt. Bonded debt per capita totaled \$1,763, based on the 2020 federal census. Total debt per capita, including bonds, other loans, and unamortized debt premiums, totaled \$1,604, based on the 2020 federal census.

The school department is currently contributing funds to service some of the debt issued on its behalf by the primary government as noted in the table below. This debt is reflected in the government-wide financial statements as Due to the Primary Government in the financial statements of the school department and as Due from Component Units in the financial statements of the primary government.

#### **Current Refunding**

On April 24, 2024, Rutherford County current refunded a general obligation bond issue with a separate general obligation bond issue. The county issued \$16,665,000 of general obligation refunding bonds to provide resources to purchase U.S. government securities that were placed in an irrevocable trust to generate resources for all future debt service payments of the refunded debt. As a result, the refunded bonds are considered defeased, and the liability has been removed from the county's long-term debt. Because of the current refunding, total debt service payments over the next nine years will be reduced by \$682,210, and an economic gain (difference between the present value of the debt service payments of the refunded and refunding bonds) of \$582,498 was obtained.

The internal service funds primarily serve the governmental funds. Accordingly, long-term obligations for the internal service funds are included as part of the above totals for governmental activities. At year end, \$6,674,046 of claims and judgments is included in the above amounts. Compensated absences, pension liabilities, and other postemployment benefits will be paid from the employing funds, primarily the General, Solid Waste/Sanitation, and Highway/Public Works funds. Landfill closure/postclosure care costs did not change due to groundwater contamination issues and will be paid from the Solid Waste/Sanitation Fund.

Compensated absences and other postemployment benefits will be paid from the employing funds, primarily the General Purpose School and School Federal Projects funds.

#### H. Donor Restricted Endowments

The discretely presented Rutherford County School Department accounts for an endowment in a private-purpose trust fund, the Endowment Fund. The principal amount must remain intact, while interest earned on the principal will fund a scholarship for the valedictorian of the senior class at Eagleville High School. During the year ended June 30, 2024, interest earned and expended totaled \$1,329 with no resulting effect on net position.

### I. On-Behalf Payments - Discretely Presented Rutherford County School Department

The State of Tennessee pays health insurance premiums for retired teachers on behalf of the Rutherford County School Department. These payments are made by the state to the Local Education Group Insurance Plan and the Medicare Supplement Plan. Both plans are administered by the State of Tennessee and reported in the state's Annual Comprehensive Financial Report. Payments by the state to the Local Education Group Insurance Plan for the year ended June 30, 2024, were \$262,038. The school department has recognized these onbehalf payments as revenues and expenditures in the General Purpose School Fund.

#### V. OTHER INFORMATION

#### A. Risk Management

Rutherford County and the discretely presented school department have chosen to establish the Self-Insurance Fund for liability risks. The Self-Insurance Fund is accounted for as an internal service fund where assets are set aside for claim settlements. The county and the school department are self-insured to a limit of \$350,000 per claim for general liability claims and \$350,000 per claim for automobile claims. The county and school department obtained commercial insurance for claims beyond the above-noted amounts. The maximum liability the county can incur is \$5,000,000 for general liability and \$5,000,000 for automobile claims.

Rutherford County and the discretely presented school department have chosen to establish the Employee Insurance - Health Fund for risks associated with the employees' health insurance plan. The Employee Insurance - Health Fund is accounted for as an internal service fund where assets are set aside for claim settlements. The county is self-insured to a limit of \$750,000 per person per agreement year. The county carries no aggregate reinsurance coverage. Group life and accident insurance premiums paid to a private insurance company are also recorded in this fund. As of January 1, 2023, the discretely presented school department chose to participate in the Local Education Group Insurance Fund (LEGIF) a public entity risk pool established to provide a program of health insurance coverage for employees of local education agencies. In accordance with Section 8-27-301, TCA, all local

education agencies are eligible to participate. The LEGIF is included in the Annual Comprehensive Financial Report of the State of Tennessee, but the state does not retain any risk for losses by this fund. Section 8-27-303, *TCA*, provides for the LEGIF to be self-sustaining through member premiums.

Rutherford County and the discretely presented school department have chosen to establish the Workers' Compensation Fund for risks associated with workers' compensation claims. The Workers' Compensation Fund is accounted for as an internal service fund where assets are set aside for claim settlements. The county carries no reinsurance coverage.

Rutherford County and the discretely presented school department have chosen to establish an on-the-job injury program for risks associated with workplace injury. The on-the-job injury program is accounted for in the Workers' Compensation Fund (internal service fund) where assets are set aside for claims settlements. Qualified individuals shall receive two-thirds of their salary averaged over the past 52 weeks provided there is medical documentation from a county-designated physician stating that it is medically necessary for the qualified individual to remain off work, or to undergo therapy in relation to an on-the-job injury. Benefits (not including long-term disability benefits) shall not extend beyond one calendar year from the date of injury or illness.

All full-time employees of the primary government, the Smyrna-Rutherford County Airport (joint venture), and the discretely presented component units (school department, emergency communications district, and Community Care of Rutherford County, Inc.) are eligible to participate in the Employee Insurance – Health Fund. All full-time employees of the primary government and the discretely presented school department component unit are eligible to participate in the Workers' Compensation Fund. Premium charges are allocated to each fund that accounts for full-time employees. These charges are based on actuarial estimates of the amounts needed to pay prior- and current-year claims. Liabilities of the funds are reported when losses are probable, and the amounts of the losses can be reasonably estimated. The Employee Insurance - Health Fund and the Workers' Compensation Fund establish claims liabilities based on estimates of the ultimate cost of claims that have been reported but not settled, and of claims that have been incurred but not reported. Claims liabilities include incremental claim adjustment expenditures/expenses, if any. In addition, estimated recoveries, if any, on settled claims have been deducted from the liability for unpaid claims. The process used to compute claims liabilities does not necessarily result in an exact amount. Changes in the balance of claims liabilities during the past two fiscal years for the Self-Insurance, Employee Insurance – Health, and Workers' Compensation funds are as follows:

#### B. Accounting Change

GASB Statement No. 100, Accounting Changes and Error Corrections, became effective for the fiscal year ending June 30, 2024. This statement clarifies the financial accounting and reporting requirements for changes in accounting principles, changes in accounting estimates, error corrections, and changes within the reporting entity.

#### C. Contingent Liabilities

The county has received various federal and state grants and other assistance for specific purposes that are subject to review and audit by grantor agencies. Such audits could result in reimbursements to the grantor agencies for expenditures disallowed under the terms of the grants. County management is not aware of any potential disallowances and believes that reimbursements, if any, would not be material.

The county is involved in several pending lawsuits. The county attorney estimates that the potential claims against the county not covered by insurance resulting from such litigation would not materially affect the county's financial statements.

#### D. Landfill Closure/Postclosure Care Costs

Rutherford County has an active permit on file with the state Department of Environment and Conservation for a sanitary landfill. The county has provided financial assurances for estimated postclosure liabilities as required by the State of Tennessee. These financial assurances are on file with the Department of Environment and Conservation.

State and federal laws and regulations require the county to place a final cover on its sanitary landfill site when it stops accepting waste and to perform certain maintenance and monitoring functions at the site for 30 years after closure. Although closure and postclosure care costs will be paid only near or after the date that the landfill stops accepting waste, the county reports a portion of these closure and postclosure care costs as an operating expense in each period based on landfill capacity used as of each balance sheet date. Rutherford County closed its sanitary landfill in 2000. The \$1,197,350 reported as postclosure care liability on June 30, 2024, represents amounts based on what it would cost to perform all postclosure care in 2024. Actual costs may be higher due to inflation, changes in technology, or changes in regulations. Landfill closure/postclosure care costs did not change due to groundwater contamination issues.

#### E. Joint Ventures

The Linebaugh Public Library System is jointly owned by Rutherford County and the cities of Murfreesboro and Smyrna and is operated by an appointed board. The board comprises 14 members, seven of whom are appointed by the Rutherford County Commission, with two being residents of Smyrna. The remaining seven members are appointed by the city of Murfreesboro. Rutherford County has control over budgeting and financing the joint venture only to the extent of representation by the seven board members appointed. Rutherford County contributed \$2,076,081 to the operations of the libraries during the year ended June 30, 2024.

Rutherford County is a participant with Cannon, Coffee, and Warren counties in a multicounty Municipal Solid Waste Planning Region. This entity was created to promote the preparation of municipal solid waste regional plans to manage solid waste effectively and efficiently. This entity is governed by a 13-member board comprising appointees from Cannon County (2), Coffee County (2), Rutherford County (3), Warren County (2), the city of Manchester (1), the city of McMinnville (1), the city of Murfreesboro (1), and the city of Woodbury (1). Funding is provided from member contributions and grants. There are no separately issued financial statements for the Municipal Solid Waste Planning Region. Rutherford County has been designated as the fiscal agent for the Planning Region and accounts for its activities through the Joint Venture Fund (agency fund), which is included in the financial statements of this report.

The Smyrna-Rutherford County Airport is operated through a joint operations agreement between Rutherford County and the town of Smyrna, Tennessee. The agreement created a joint board of directors to manage the airport. The board comprises five members, two of whom are appointed by the Rutherford County Commission, two by the town of Smyrna, and one jointly appointed by Rutherford County and the town of Smyrna. Rutherford County has control over budgeting and financing the joint venture only to the extent of its representation by its board members.

The Joint Parking Authority of Rutherford County was created by Rutherford County and the city of Murfreesboro to operate and maintain a jointly owned parking garage. The Joint Parking Authority comprises seven members, three of whom are appointed by Rutherford County, three by the city of Murfreesboro, and one jointly by the county mayor and the city mayor. Rutherford County has control over budgeting and financing the joint venture only to the extent of representation by the three board members appointed. This agency had no financial activity to report.

The Rutherford County Chamber of Commerce Economic Development Council has been designated as the Joint Economic and Community Development Board for Rutherford County, the city of Murfreesboro, the town of Smyrna, the city of LaVergne, and the town of Eagleville. This designation was authorized by an interlocal agreement between the governments, as provided by Section 6-58-115(j), *Tennessee Code Annotated (TCA)*. The purpose of this board is to foster communication relative to economic and community development between and among governmental entities, industry, and private citizens. If funding through the Rutherford County Chamber of Commerce is inadequate, the funding formula established by the Comprehensive Growth Plan, Section 6-58-101, et seq., *TCA*, shall be followed. Rutherford County has control over budgeting and financing the board through the county mayor or designee to the board. Separate financial statements are not prepared for the board; however, financial information may be obtained through the Rutherford County Chamber of Commerce. Rutherford County contributed \$96,500 to the operations of the board during the year ended June 30, 2024.

Rutherford County does not have an equity interest in any of the above-noted joint ventures. Complete financial statements for the Rutherford County Library System and the Smyrna-Rutherford County Airport can be obtained from their respective administrative offices at the following addresses:

#### General Information About the Pension Plan

Plan Description. Employees of Rutherford County, non-certified employees of the discretely presented Rutherford County School Department, and employees of the discretely presented Community Care of Rutherford County, Inc., are provided a defined benefit pension plan through the Public Employee Pension Plan, an agent multiple-employer pension plan administered by the TCRS. The primary government employees comprise 59.88 percent, the non-certified employees of the discretely presented school department comprise 37.1 percent, and the employees of the discretely presented Community Care of Rutherford County, Inc., comprise 3.02 percent of the plan based on contribution data. The TCRS was created by state statute under Tennessee Code Annotated (TCA), Title 8, Chapters 34-37. The TCRS Board of Trustees is responsible for the proper operation and administration of the TCRS. The Tennessee Treasury Department, an agency in the legislative branch of state government, administers the plans of the TCRS. The TCRS issues a publicly available

financial report that can be obtained at <a href="https://treasury.tn.gov/Retirement/Boards-and-Governance/Reporting-and-Investment-Policies">https://treasury.tn.gov/Retirement/Boards-and-Governance/Reporting-and-Investment-Policies</a>.

Benefits Provided. TCA, Title 8, Chapters 34-37 establish the benefit terms and can be amended only by the Tennessee General Assembly. The chief legislative body may adopt the benefit terms permitted by statute. Members are eligible to retire with an unreduced benefit at age 60 with five years of service credit or after 30 years of service credit regardless of age. Benefits are determined by a formula using the member's highest five consecutive year average compensation and the member's years of service credit. Reduced benefits for early retirement are available to vested members at age 55. Members vest with five years of service credit. Service-related disability benefits are provided regardless of length of service. Five years of service is required for nonservice-related disability eligibility. The service-related and nonservice-related disability benefits are determined in the same manner as a service retirement benefit but are reduced ten percent and include projected service credits. A variety of death benefits is available under various eligibility criteria.

Member and beneficiary annuitants are entitled to automatic cost of living adjustments (COLAs) after retirement. A COLA is granted each July for annuitants retired prior to the second of July of the previous year. The COLA is based on the change in the consumer price index (CPI) during the prior calendar year, capped at three percent, and applied to the current benefit. No COLA is granted if the change in the CPI is less than one-half percent. A one percent COLA is granted if the CPI change is between one-half percent and one percent. A member who leaves employment may withdraw their employee contributions plus any accumulated interest.

Employees Covered by Benefit Terms. At the measurement date of June 30, 2023, the following employees were covered by the benefit terms:

| Inactive Employees or Beneficiaries Currently        |       |
|--|-------|
| Receiving Benefits                                   | 1,407 |
| Inactive Employees Entitled to But Not Yet Receiving |       |
| Benefits   | 2,799 |
| Active Employees                                     | 3,055 |
|  |       |
| Total  | 7,261 |
|  |       |

Contributions. Contributions for employees are established in the statutes governing the TCRS and may only be changed by the Tennessee General Assembly. Employees contribute five percent of salary to the plan. Rutherford County makes employer contributions at the rate set by the Board of Trustees as determined by an actuarial valuation. For the year ended June 30, 2024, the employer contributions for Rutherford County were \$9,986,744, \$6,427,367, and \$545,775, for the primary government, the non-certified employees of the discretely presented school department, and the discretely presented Community Care of Rutherford County, Inc., respectively, based on a rate of 11.11 percent of covered payroll. By law, employer contributions are required to be paid. The TCRS may intercept Rutherford County's state shared taxes if required employer contributions are not remitted. The employer's actuarially determined contributions (ADC) and member contributions are

expected to finance the costs of benefits earned by members during the year, the cost of administration, as well as an amortized portion of any unfunded liability.

#### Net Pension Liability (Asset)

Rutherford County's net pension liability (asset) was measured as of June 30, 2023, and the total pension liability (asset) used to calculate net pension liability (asset) was determined by an actuarial valuation as of that date.

Actuarial Assumptions. The total pension liability as of the June 30, 2023, actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation 2.25%

Salary Increases Graded Salary Ranges from 8.72%

to 3.44% Based on Age, Including

Inflation, Averaging 4%

Investment Rate of Return 6.75%, Net of Pension Plan

Investment Expenses, Including

Inflation

Cost of Living Adjustment 2.125%

Mortality rates were based on actual experience including an adjustment for some anticipated improvement.

The actuarial assumptions used in the June 30, 2023, actuarial valuation were based on the results of an actuarial experience study performed for the period July 1, 2016, through June 30, 2020. The demographic assumptions were adjusted to more closely reflect actual and expected future experience.

The long-term expected rate of return on pension plan investments was established by the TCRS Board of Trustees in conjunction with the June 30, 2020, actuarial experience study. A blend of future capital market projections and historic market returns was used in a building-block method in which a best-estimate of expected future real rates of return (expected returns, net of pension plan investments expense and inflation) is developed for each major asset class. These best estimates are combined to produce the long-term expected rate of return by weighing the expected future real rates of return by the target asset allocation percentage and by adding expected inflation of 2.25 percent. The best estimates of geometric real rates of return and the TCRS investment policy target asset allocation for each major asset class are summarized in the following table:

|                       | Percentage |   |             |   |
|-----------------------|------------|---|-------------|---|

| Total                 |            | _ | 100         | % |

The long-term expected rate of return on pension plan investments was established by the TCRS Board of Trustees as 6.75 percent based on a blending of the factors described above.

Discount Rate. The discount rate used to measure the total pension liability was 6.75 percent. The projection of cash flows used to determine the discount rate assumes that employee contributions will be made at the current rate and that contributions from Rutherford County will be made at the actuarially determined contribution rate pursuant to an actuarial valuation in accordance with the funding policy of the TCRS Board of Trustees and as required to be paid by state statute. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make projected future benefit payments of current active and inactive members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

# Discretely Presented Rutherford County School Department - Non-certified Employees

#### General Information About the Pension Plan

Plan Description. As noted above under the primary government, employees of Rutherford County, non-certified employees of the discretely presented Rutherford County School Department, and employees of the discretely presented Community Care of Rutherford County, Inc. are provided a defined benefit pension plan through the Public Employee Pension Plan, an agent multiple-employer pension plan administered by the TCRS. The primary government employees comprise 59.88

percent, the non-certified employees of the discretely presented school department comprise 37.1 percent, and the employees of the discretely presented Community Care of Rutherford County, Inc. comprise 3.02 percent of the plan based on contribution data.

# Discretely Presented Rutherford County School Department - Certified Employees - Teacher Retirement Plan

#### General Information About the Pension Plan

Plan Description. Teachers of the Rutherford County School Department with membership in the TCRS before July 1, 2014, are provided with pensions through the Teacher Legacy Pension Plan, a cost-sharing multiple-employer pension plan administered by the TCRS. The Teacher Legacy Pension Plan is closed to new membership. Teachers with membership in the TCRS after June 30, 2014, are provided with pensions through a legally separate plan referred to as the Teacher Retirement Plan, a cost-sharing multiple-employer pension plan administered by the TCRS. The TCRS was created by state statute under Tennessee Code Annotated (TCA), Title 8, Chapters 34-37. The TCRS Board of Trustees is responsible for the proper operation and administration of all employer pension plans in the TCRS. The Tennessee Treasury Department, an agency in the legislative branch of state government, administers the plans of the TCRS. The TCRS issues a publicly available financial report that can be obtained at <a href="https://treasury.tn.gov/Retirement/Boards-and-Governance/Reporting-and-Investment-Policies">https://treasury.tn.gov/Retirement/Boards-and-Governance/Reporting-and-Investment-Policies</a>.

Benefits Provided, TCA, Title 8, Chapters 34-37 establish the benefit terms and can be amended only by the Tennessee General Assembly. Members are eligible to retire with an unreduced benefit at age 65 with five years of service credit or pursuant to the rule of 90 in which the member's age and service credit total 90. Benefits are determined by a formula using the member's highest five consecutive year average compensation and the member's years of service credit. A reduced early retirement benefit is available to vested members at age 60 or pursuant to the rule of 80. Members are vested with five years of service credit. Service-related disability benefits are provided regardless of length of service. Five years of service is required for nonservice-related disability eligibility. The service related and nonservice-related disability benefits are determined in the same manner as a service retirement benefit but are reduced ten percent and include projected service credits. A variety of death benefits is available under various eligibility criteria. Member and beneficiary annuitants are entitled to automatic cost of living adjustments (COLAs) after retirement. A COLA is granted each July for annuitants retired prior to the second of July of the previous year. The COLA is based on the change in the consumer price index (CPI) during the prior calendar year, capped at three percent, and applied to the current benefit. No COLA is granted if the change in the CPI is less than one-half percent. A one percent COLA is granted if the CPI change is between one-half percent and one percent. Members who leave employment may withdraw their employee contributions, plus any accumulated interest. Under the Teacher Retirement Plan, benefit terms and conditions, including COLAs, can be adjusted on a prospective basis. Moreover, there are defined cost controls and unfunded liability controls that provide for the adjustment of benefit terms and conditions on an automatic basis.

*Contributions.* Contributions for teachers are established in the statutes governing the TCRS and may only be changed by the Tennessee General Assembly or by automatic

cost controls set out in law. Teachers are required to contribute five percent of their salary to the plan. The Local Education Agencies (LEAs) make employer contributions at the rate set by the Board of Trustees as determined by an actuarial valuation. Per the statutory provisions governing TCRS, the employer contribution rate cannot be less than four percent, except in years when the maximum funded level, approved by the TCRS Board of Trustees, is reached. By law, employer contributions for the Teacher Retirement Plan are required to be paid. The TCRS may intercept the state shared taxes of the sponsoring governmental entity of the LEA if the required employer contributions are not remitted. Employer contributions for the year ended June 30, 2024, to the Teacher Retirement Plan were \$3,418,165, which is 2.95 percent of covered payroll. In addition, employer contributions of \$1,216,635, which is 1.05 percent of covered payroll were made to the Pension Stabilization Reserve Trust Fund to fund future pension costs. The employer rate, when combined with member contributions, is expected to finance the costs of benefits earned by members during the year, the cost of administration, as well as an amortized portion of any unfunded liability.

# Pension Liabilities (Assets), Pension Expense (Negative Pension Expense), and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

Pension Liabilities (Assets). On June 30, 2024, the school department reported a liability (asset) of (\$2,108,750) for its proportionate share of the net pension liability (asset). The net pension liability (asset) was measured as of June 30, 2023, and the total pension liability (asset) used to calculate the net pension liability (asset) was determined by an actuarial valuation as of that date. The school department's proportion of the net pension liability (asset) was based on the school department's share of contributions to the pension plan relative to the contributions of all participating LEAs. At the measurement date of June 30, 2023, the school department's proportion was 4.973071 percent. The proportion as of June 30, 2022, was 4.986174 percent.

Pension Expense (Negative Pension Expense). For the year ended June 30, 2024, the Rutherford County School Department recognized pension expense (negative pension expense) of \$2,637,125.

Deferred Outflows of Resources and Deferred Inflows of Resources. For the year ended June 30, 2024, the school department reported deferred outflows and deferred inflows of resources related to pensions from the following sources:

Actuarial Assumptions. The total pension liability as of the June 30, 2023, actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation

Salary Increases

Graded Salary Ranges from 8.72%
to 3.44% Based on Age, Including
Inflation, Averaging 4%

Investment Rate of Return

6.75%, Net of Pension Plan
Investment Expenses, Including
Inflation

Cost of Living Adjustment

2.125%

Mortality rates were based on actual experience including an adjustment for some anticipated improvement.

The actuarial assumptions used in the June 30, 2023, actuarial valuation were based on the results of an actuarial experience study performed for the period July 1, 2016, through June 30, 2020. The demographic assumptions were adjusted to more closely reflect actual and expected future experience.

The long-term expected rate of return on pension plan investments was established by the TCRS Board of Trustees in conjunction with the June 30, 2020, actuarial experience study. A blend of future capital market projections and historic market returns was used in a building-block method in which a best estimate of expected future real rates of return (expected returns, net of pension plan investments expense and inflation) is developed for each major asset class. These best estimates are combined to produce the long-term expected rate of return by weighing the expected future real rates of return by the target asset allocation percentage and by adding expected inflation of 2.25 percent. The best estimates of geometric real rates of return and the TCRS investment policy target asset allocation for each major asset class are summarized in the following table:

The long-term expected rate of return on pension plan investments was established by the TCRS Board of Trustees as 6.75 percent based on a blending of the factors described above.

Discount Rate. The discount rate used to measure the total pension liability was 6.75 percent. The projection of cash flows used to determine the discount rate assumes that employee contributions will be made at the current rate and that contributions from all the LEAs will be made at the actuarially determined contribution rate pursuant to an actuarial valuation in accordance with the funding policy of the TCRS Board of Trustees and as required to be paid by state statute. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make projected future benefit payments of current active and inactive members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the Proportionate Share of Net Pension Liability (Asset) to Changes in the Discount Rate. The following presents the net pension liability (asset) of Rutherford County calculated using the discount rate of 6.75 percent, as well as what the net pension liability (asset) would be if it were calculated using a discount rate that is one percentage point lower (5.75 percent) or one percentage point higher (7.75 percent) than the current rate:

Discretely Presented Rutherford County School Department - Certified Employees - Teacher Legacy Pension Plan

#### General Information About the Pension Plan

Plan Description. Teachers of the Rutherford County School Department with membership in the TCRS before July 1, 2014, are provided with pensions through the Teacher Legacy Pension Plan, a cost-sharing multiple-employer pension plan administered by the TCRS. The Teacher Legacy Pension Plan closed to new membership on June 30, 2014, but will continue providing benefits to existing members and retirees. Beginning July 1, 2014, the Teacher Retirement Plan became effective for teachers employed by LEAs after June 30, 2014. The Teacher Retirement Plan is a separate cost-sharing, multiple-employer defined benefit plan. The TCRS was created by state statute under Tennessee Code Annotated (TCA), Title 8, Chapters 34-37. The TCRS Board of Trustees is responsible for the proper operation and administration of all employer pension plans in the TCRS. The Tennessee Treasury Department, an agency in the legislative branch of state government, administers the plans of the TCRS. The TCRS issues a publicly available financial report that can be

obtained at <a href="https://treasury.tn.gov/Retirement/Boards-and-Governance/Reporting-and-Investment-Policies">https://treasury.tn.gov/Retirement/Boards-and-Governance/Reporting-and-Investment-Policies</a>.

Benefits Provided. TCA, Title 8, Chapters 34-37 establish the benefit terms and can be amended only by the Tennessee General Assembly. Members of the Teacher Legacy Pension Plan are eligible to retire with an unreduced benefit at age 60 with five years of service credit or after 30 years of service credit regardless of age. Benefits are determined by a formula using the member's highest five consecutive year average compensation and the member's years of service credit. A reduced early retirement benefit is available to vested members at age 55. Members are vested with five years of service credit. Service-related disability benefits are provided regardless of length of service. Five years of service is required for nonservice-related disability eligibility. The service related and nonservice-related disability benefits are determined in the same manner as a service retirement benefit but are reduced ten percent and include projected service credits. A variety of death benefits is available under various eligibility criteria. Member and beneficiary annuitants are entitled to automatic cost of living adjustments (COLAs) after retirement. A COLA is granted each July for annuitants retired prior to the second of July of the previous year. The COLA is based on the change in the consumer price index (CPI) during the prior calendar year, capped at three percent, and applied to the current benefit. No COLA is granted if the change in the CPI is less than one-half percent. A one percent COLA is granted if the CPI change is between one-half and one percent. A member who leaves employment may withdraw their employee contributions, plus any accumulated interest.

Contributions. Contributions for teachers are established in the statutes governing the TCRS and may only be changed by the Tennessee General Assembly. Teachers are required to contribute five percent of their salaries. The Local Education Agencies (LEAs) make employer contributions at the rate set by the Board of Trustees as determined by an actuarial valuation. By law, employer contributions for the Teacher Legacy Pension Plan are required to be paid. The TCRS may intercept the state shared taxes of the sponsoring governmental entity of the LEA if the required employer contributions are not remitted. Employer contributions by the Rutherford County School Department for the year ended June 30, 2024, to the Teacher Legacy Pension Plan were \$11,178,775, which is 6.81 percent of covered payroll. The employer rate, when combined with member contributions, is expected to finance the costs of benefits earned by members during the year, the cost of administration, as well as an amortized portion of any unfunded liability.

# Pension Liabilities (Assets), Pension Expense (Negative Pension Expense), and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

Pension Liability (Assets). On June 30, 2024, the school department reported a liability (asset) of (\$56,453,740) for its proportionate share of the net pension liability (asset). The net pension liability (asset) was measured as of June 30, 2023, and the total pension liability used to calculate the net pension liability (asset) was determined by an actuarial valuation as of that date. The school department's proportion of the net pension liability (asset) was based on the school department's long-term share of contributions to the pension plan relative to the contributions of all participating LEAs. At the measurement date of June 30, 2023, the school department's proportion

was 4.788379 percent. The proportion measured on June 30, 2022, was 4.728487 percent.

Pension Expense (Negative Pension Expense). For the year ended June 30, 2024, the school department recognized pension expense (negative pension expense) of \$13,339,816.

Deferred Outflows of Resources and Deferred Inflows of Resources. For the year ended June 30, 2024, the school department reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

| Total                                 | \$ | 52,818,117 \$ | 4,538,297 |

The school department's employer contributions of \$11,178,775 reported as pension related deferred outflows of resources subsequent to the measurement date, will be recognized as a reduction (increase) to the pension liability (asset) in the year ending June 30, 2025. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

| Year 1 | Ending |
|--------|--------|
|--------|--------|

| June 30    | Amount           |

| 2029       | 0                |
| Thereafter | 0                |

In the table above, positive amounts will increase pension expense, while negative amounts will decrease pension expense.

Actuarial Assumptions. The total pension liability as of the June 30, 2023, actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation 2.25%

Salary Increases Graded Salary Ranges from 8.72%

to 3.44% Based on Age, Including

Inflation, Averaging 4%

Investment Rate of Return 6.75%, Net of Pension Plan

Investment Expenses, Including

Inflation

Cost of Living Adjustment 2.125%

Mortality rates were based on actual experience including an adjustment for some anticipated improvement.

The actuarial assumptions, used in the June 30, 2023, actuarial valuation were based on the results of an actuarial experience study performed for the period July 1, 2016, through June 30, 2020. The demographic assumptions were adjusted to more closely reflect actual and expected future experience.

The long-term expected rate of return on pension plan investments was established by the TCRS Board of Trustees in conjunction with the June 30, 2020, actuarial experience study. A blend of future capital market projections and historic market returns was used in a building-block method in which a best estimate of expected future real rates of return (expected returns, net of pension plan investments expense and inflation) is developed for each major asset class. These best estimates are combined to produce the long-term expected rate of return by weighing the expected future real rates of return by the target asset allocation percentage and by adding expected inflation of 2.25 percent. The best-estimates of geometric real rates of return and the TCRS investment policy target asset allocation for each major asset class are summarized in the following table:

The long-term expected rate of return on pension plan investments was established by the TCRS Board of Trustees as 6.75 percent based on a blending of the factors described above.

Discount Rate. The discount rate used to measure the total pension liability was 6.75 percent. The projection of cash flows used to determine the discount rate assumes that employee contributions will be made at the current rate and that contributions from all the LEAs will be made at the actuarially determined contribution rate pursuant to an actuarial valuation in accordance with the funding policy of the TCRS Board of Trustees and as required to be paid by state statute. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make projected future benefit payments of current active and inactive members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

#### 2. Deferred Compensation

Rutherford County and the discretely presented Rutherford County School Department offer their employees two deferred compensation plans, one established pursuant to IRC Section 457 and the other pursuant to IRC Section 403(b). All costs of administering and funding these programs are the responsibility of plan participants. The Section 457 and Section 403(b) plan assets remain the property of the contributing employees and are not presented in the accompanying financial statements. IRC Sections 457 and 403(b) establish participation, contribution, and withdrawal provisions for the plans.

Teachers hired after July 1, 2014, by the school department are required to participate in a hybrid pension plan consisting of a defined benefit portion, which is detailed in the pensions footnote above and is managed by the Tennessee Consolidated Retirement System, and a defined contribution portion which is placed into the state's 401(k) plan and is managed by the employee. The defined contribution portion of the plan requires that the school department contribute five percent of each teacher's salary into their deferred compensation plan. In addition, teachers are required to contribute two percent of their salaries into this deferred compensation plan, unless they opt out of the employee portion. During the year, the school department contributed \$6,023,386 and teachers contributed \$3,568,605 to this deferred compensation pension plan.

#### G. Other Postemployment Benefits (OPEB)

Rutherford County, the Smyrna-Rutherford County Airport (a joint venture), and the discretely presented Rutherford County School Department, Community Care of Rutherford County, Inc., and the Rutherford County Emergency Communications District (component units) provide OPEB benefits to their retirees through a single commercial insurance plan administered by Cigna Insurance Company. Subsequent to December 31, 2022, the discretely presented Rutherford County School Department provided OPEB benefits to their retirees through state administered public entity risk pools and commercial health insurance plans. For reporting purposes, the plan is considered a single employer defined benefit OPEB plan based on criteria in Statement No. 75 of the Governmental Accounting Standards Board (GASB). The plan is funded on a pay-as-you-go basis and there are no assets accumulating in a trust that meets the criteria of paragraph 4 of GASB Statement No. 75.

Plan Description. All full-time employees and eligible retirees of Rutherford County, the Smyrna-Rutherford County Airport (a joint venture), and the discretely presented Rutherford County School Department, Community Care of Rutherford County, Inc., and the Rutherford County Emergency Communications District (component units) are eligible to participate in the health insurance plan accounted for in the Employee Insurance – Health Fund (internal service fund).

The premium requirements of plan members are established and may be amended by the insurance committee comprised of 15 members, which include the County Mayor, three County Commissioners, four members at large, one highway representative, three employee representatives, two Board of Education representatives, and one Rutherford Education

Association representative. The plan is self-insured and financed on a pay-as-you-go basis with the risk shared equally among the participants. Claims liabilities of the plan are periodically computed using actuarial and statistical techniques to establish premium rates. While the County Risk Management committee recommends the contribution policy, the county commission approves and authorizes the policy in terms of subsidizing active employees or retired employees' premiums.

#### Benefits Provided:

Employees Hired after December 31, 2010

All full-time employees and eligible retirees of Rutherford County, the Smyrna-Rutherford County Airport (a joint venture), and Community Care of Rutherford County, Inc., and the Rutherford County Emergency Communications District (component units) are eligible to retire with medical insurance at age 60 with 20 years of service and 15 years on the plan, or any age with 30 years of service and 15 years on the plan. The county will provide \$1,000 per month or the adequate rate, whichever is less, into a Health Reimbursement Account. As well as eligible retirees of the discretely presented Rutherford County School Department (component unit). All medical plan benefits will end with Medicare eligibility.

Employees Hired on or Before December 31, 2010

- 1. Less than six months of service, the eligibility requirements to retire with medical insurance at age 60 with 20 years of service and 15 years on the plan, or any age with 30 years of service and 15 years on the plan. The county will provide \$1,000 per month or the adequate rate, whichever is less, into a Health Reimbursement Account. All medical plan benefits will end with Medicare eligibility.
- 2. Six months up to seven years of service, the eligibility requirements to retire with medical insurance are age 60 with 20 years of service and 15 years on the plan, or any age with 30 years of service and 15 years on the plan. For pre-65 and post-65, the county will provide \$1,000 per month or the adequate rate, whichever is less, into a Health Reimbursement Account. Pre-65 pharmacy benefits cease when the participant reaches age 65 or older (post-65) at retirement, there will not be any pharmacy benefits.
- 3. Seven up to ten years of service, the eligibility requirements to retire with medical insurance are age 60 with 20 years of service and 15 years on the plan, or any age with 30 years of service and 15 years on the plan. For pre-65 and post-65, the county will provide 50 percent for retirees and 25 percent for dependents of the adequate rate. Pre-65 pharmacy benefits cease when the participant reaches age 65 or older (post-65) at retirement, there will not be any pharmacy benefit.

- 4. Ten up to 20 years of service and were age 55 with 15 years of service and five years on the plan, age 62 with ten years of service and five years on the plan or any age with 30 years of service and five years on the plan, the eligibility requirements to retire have been met. For pre-65, the county will provide 50 percent for retirees and 50 percent for dependents of the adequate rate. For post-65, the county pays 50 percent of adequate rate for Medicare supplement and county pharmacy plan.
- 5. Ten up to 20 years of service but you were not age 55 with 15 years of service and five years on the plan, age 62 with ten years of service and five years on the plan or any age with 30 years of service and five years on the plan, the eligibility requirements to retire with medical insurance are age 60 with 20 years of service and ten years on the plan, or any age with 30 years of service and ten years on the plan. For pre-65 and post-65, the county pays 50 percent of adequate rate. Pre-65 pharmacy benefits cease when the participant reaches age 65 or older and post-65 at retirement, there will not be any pharmacy benefit.
- 6. Twenty or more years of service as of December 31, 2009, the eligibility requirements to retire with medical insurance are age 55 with 15 years of service and five years on the plan, age 62 with ten years of service and five years on the plan or any age with 30 years of service and five years on the plan. For pre-65, the county will provide 50 percent of the adequate rate for retired employees and dependents. For post-65, the county pays 50 percent of adequate rate for Medicare supplement and county pharmacy plan for retired employees and dependents.
- 7. Twenty or more years of service as of December 31, 2009, the eligibility requirements to retire with medical insurance are age 60 with ten years of service and five years on the plan or any age with 30 years of service and five years on the plan. For pre-65, the county will provide a 50 percent adequate rate for retired employees and dependents. For post-65, the county pays 75 percent of adequate rate for themselves and 50 percent of the adequate rate for dependents for Medicare supplement and county pharmacy plan.

An employee who becomes disabled becomes eligible for retiree health coverage if they are under age 65 and have completed at least ten years of service prior to total disability termination plus the employee must have had active coverage for a continuous five-year period and have filed and qualified for Medicare disability coverage. If the retiree is eligible for health insurance coverage, the coverage is also provided for the retiree's spouse and/or dependent children. As of January 1, 2023, the discretely presented school department opted out of this plan; however, participating retirees as of December 31, 2022, remain part of this plan. This resulted in a change in the benefit plan.

Employees Covered by Benefit Terms. At the valuation date of June 30, 2024, the following employees were covered by the benefit terms:

| Active Employees                    | 1,304 |
|-------------------------------------|-------|
| Inactive Employees or Beneficiaries | 507   |
| Total                               | 1,811 |

#### Total OPEB Liability

The plan's total OPEB liability was measured as of June 30, 2024, and was determined by an actuarial valuation as of that date.

Actuarial Assumptions and Methods. The total OPEB liability on the June 30, 2024, measurement date was determined using the following actuarial assumptions and other inputs, applied to all periods included in the measurement, unless otherwise specified:

| Actuarial Cost Method      | Individual Entry Age Normal Cost Method - Level       |
|----------------------------|---|
|                            | Percentage of Projected Salary                        |
| Inflation Rate             | 2.5%  |
| Salary Increases           | 4%  |
| Discount Rate              | 4.21% (1.71% real rate of return plus 2.5% inflation) |
| Healthcare Cost Trend Rate | 4.5%  |
|                            | trending downward to an ultimate rate                 |
| Retirees share of Benefit  | 25% to 50% depending upon years of                    |
| Related Cost               | service and employment classification.                |

The discount rate was based on the Bond Buyer GO-20 municipal bond index.

Mortality rates were based on Mortality Table RPH-2014 total table with projection MP-2021.

The actuarial assumptions used for the June 30, 2024, fiscal year end were based on plan data and costs presented by Rutherford County with concurrence by the actuary.

Changes in Assumptions. The discount rate changed from 3.54 percent as of the beginning of the measurement period to 4.21 percent as of the measurement date of July 1, 2024.

Due to a change in actuary and a change in measurement date, two years of activity was reflected in the prior tables. During the year, the plan member's proportionate share of the collective OPEB liability was as follows: primary government 77.44 percent, school department 20.09 percent, community care 1.85 percent, airport .12 percent, and E-911 0.5 percent.

Negative OPEB Expense and Deferred Outflows of Resources and Deferred Inflows of Resources. For the year ended June 30, 2024, the plan recognized negative OPEB expense of (\$184,373,033) which was allocated as follows: primary government (\$18,854,310); school department (\$163,858,820); Community Care (\$1,548,639), Airport (\$203,544); E-911 \$92,280. On June 30, 2024, the plan reported deferred outflows of resources and deferred inflows of resources related to their proportionate share of OPEB from the following sources:

#### OPEB Provided through State Administered Public Entity Risk Pools

## Discretely Presented Rutherford County School Department

The Rutherford County School Department provides healthcare benefits to its certified retirees under the Local Education Plan (LEP) until they reach Medicare eligibility. The certified retirees of Rutherford County School Department may then join the Tennessee Plan – Medicare (TNM), which provides supplemental medical insurance for retirees with Medicare. However, the school department does not provide any subsidy (direct or indirect) to this plan and therefore does not recognize any OPEB liability associated with the TNM.

The school department's total OPEB liability for the plan was measured as of June 30, 2023, and was determined by an actuarial valuation as of that date.

Actuarial Assumptions and Other Inputs. The total OPEB liability in the June 30, 2023, actuarial valuation of the plan was determined using the following actuarial assumptions and other inputs, applied to all periods included in the measurement, unless otherwise specified:

Actuarial Cost Method Entry Age Normal

Inflation 2.25%

Salary Increases Salary increases used in the July 1, 2021,

TCRS actuarial valuation; 3.44% to 8.72%, including inflation

Discount Rate 3.65%

Healthcare Cost Trend Rates Based on the Getzen Model, with trend

starting at 10.31% for pre-65 retirees in the 2023 calendar year, and decreasing annually over a 11-year period to an

ultimate trend rate of 4.5%

Retirees Share of Benefit

Related Cost Discussed under each plan

The discount rate was 3.65%, based on the daily rate of Bond Buyer's 20-year Municipal GO AA index closest to but not later than the measurement date.

Mortality rates were based on the results of a statewide experience study undertaken on behalf of the Tennessee Consolidated Retirement System (TCRS). These mortality rates were used in the July 1, 2023, actuarial valuation of the TCRS.

Unless noted otherwise, the actuarial demographic assumptions used in the June 30, 2023, valuations were the same as those employed in the July 1, 2020, Pension Actuarial Valuation of the TCRS. These assumptions were developed by TCRS based on the results of an actuarial experience study for the period July 1, 2016 - June 30, 2020. The demographic assumptions were adjusted to more closely reflect actual and expected future experience. Mortality tables are used to measure the probabilities of participants dying before and after retirement. The mortality rates employed in this valuation are taken from the PUB-2010 Headcount-weighted employee mortality table for non-disabled pre-retirement mortality, with mortality improvement projected generationally with MP-2021 from 2010. Post-retirement rates are headcount-weighted below median healthy annuitant and adjusted with a 19 percent load for males and an 18 percent load for females, projected generationally with MP-2021 from 2010. Mortality rates for impaired lives are the same as those used by TCRS and are taken from a gender distinct table published in the IRS Ruling 96-7 for disabled lives with a 10 percent load, projected generationally from 2018 with MP-2021.

Changes in Assumptions. The discount rate changed from 3.54 percent as of the beginning of the measurement period to 3.65 percent as of the measurement date of June 30, 2023. This change in assumption decreased the total OPEB liability. Other changes in assumptions include adjustments to initial per capita costs and health trend rates. The trend rate applicable to the 2023 plan year was revised from 8.37 percent to 10.31 percent.

#### Closed Local Education (LEP) OPEB Plan (Discretely Presented School Department)

Plan Description. Employees of the Rutherford County School Department, who were hired prior to July 1, 2015, are provided with pre-65 retiree health insurance benefits through the closed Local Education Plan (LEP) administered by the Tennessee Department of Finance and Administration. All eligible pre-65 retired teachers, support staff, and disability participants of local education agencies, who choose coverage, participate in the LEP. This plan is closed to the employees of all participating employers that were hired on or after July 1, 2015.

Benefits Provided. The Rutherford County School Department offers the LEP to provide health insurance coverage to eligible pre-65 retirees, support staff, and disabled participants of local education agencies. Retirees are required to discontinue coverage under the LEP upon obtaining Medicare eligibility. Insurance coverage is the only postemployment benefit provided to retirees. An insurance committee created in accordance with *TCA* 8-27-301 establishes and amends the benefit terms of the LEP. All members have the option of choosing between the premier preferred provider organization (PPO), standard PPO, limited PPO, or the wellness health savings consumer-driven health plan (CDHP) for healthcare benefits. Retired plan members of the LEP receive the same plan benefits as active employees at a blended premium rate that considers the cost of all participants. This creates an implicit subsidy for retirees. Participating employers determine their own policy related to direct subsidies provided for the retiree premiums. The school department does not provide a direct subsidy and is only subject to the implicit subsidy.

Employees Covered by Benefit Terms. At the measurement date of June 30, 2023, the following employees were covered by the benefit terms:

|  | Total |
|--|-------|
| Inactive Employees Currently Receiving     |       |
| Benefit Payments                           | 66    |
| Inactive Employees Entitled To But Not Yet |       |
| Receiving Benefit Payments                 | 0     |
| Active Employees Eligible For Benefits     | 3,013 |
| Total                                      | 3,079 |

A state insurance committee, created in accordance with TCA 8-27-301, establishes the required payments to the LEP by member employers and employees through the blended premiums established for active and retired employees. Claims liabilities of the plan are periodically computed using actuarial and statistical techniques to establish premium rates. Administrative costs are allocated to plan participants. Employers contribute towards employee costs based on their own developed policies. During the current reporting period, the school department paid \$579,353 to the LEP for OPEB benefits as they came due.

The Rutherford County School Department has a special funding situation related to benefits paid by the State of Tennessee for its eligible retired employees participating in the LEP. The Rutherford County School Department's proportionate share of the collective total OPEB liability was based on a projection of the employer's long-term share of benefit payments to the OPEB plan relative to the projected share of benefit payments of all participating employers and nonemployer contributing entities, actuarially determined. The school department recognized \$5,531,026 in revenue for subsidies provided by non-employer contributing entities for benefits paid by the LEP for school department retirees.

During the year, the Rutherford County School Department's proportionate share of the collective OPEB liability was 66.5597 percent and the State of Tennessee's share was 33.4403 percent.

OPEB Expense and Deferred Outflows of Resources and Deferred Inflows of Resources. For the year ended June 30, 2024, the school department recognized OPEB expense of \$16,540,002, including the state's share of the expense. On June 30, 2024, the school department reported deferred outflows of resources and deferred inflows of resources related to its proportionate share of OPEB from the following sources:

|  | Deferred |           | Deferred |           |

The amount shown above for "Benefits Paid After the Measurement Date" will be recognized as a reduction to OPEB liability in the following measurement period.

Amounts reported as deferred inflows and deferred outflows of resources (excluding benefits paid after the measurement date) related to OPEB will be recognized in OPEB expense as follows:

| Year Ending | School |          |  |  |
|-------------|--------|----------|--|--|
| June 30     | De     | partment |  |  |

In the table shown above, positive amounts will increase OPEB expense while negative amounts will decrease OPEB expense.

# H. Office of Central Accounting and Budgeting

#### Office of Director of Finance

Rutherford County operates under Chapter 49, Private Acts of 1979, as amended. This act provides for a central system of accounting and budgeting covering all funds of the county. Accounting records of all funds are maintained under the supervision of the director of finance.

## I. Purchasing Laws

## Office of County Mayor

Rutherford County Purchasing Act of 2017, as amended, governs purchasing procedures for the general county government. This act provides for purchases to be made by the county mayor and for all purchases exceeding \$50,000 (excluding emergency purchases) to be made based on competitive bids solicited through newspaper advertisement.

## Office of Highway Superintendent

Chapter 55, Private Acts of 1951, as amended, and Section 54-7-113, *Tennessee Code Annotated (TCA)* (Uniform Road Law), govern purchasing procedures for the highway department. These statutes require all purchases exceeding \$50,000 to be made on the basis of publicly advertised competitive bids.

#### Office of Director of Schools

Purchasing procedures for the discretely presented Rutherford County School Department are governed by purchasing laws applicable to schools as set forth in Section 49-2-203, *TCA*, which provides for the county Board of Education, through its executive committee (director of schools and chairman of the Board of Education), to make all purchases. This statute also requires competitive bids to be solicited through newspaper advertisement on all purchases exceeding \$50,000.

# VI. OTHER NOTES – DISCRETELY PRESENTED COMMUNITY CARE OF RUTHERFORD COUNTY, INC

# A. Summary of Significant Accounting Policies

The summary of significant accounting policies of Community Care of Rutherford County, Inc., (the nursing home) is presented to assist in understanding the nursing home's financial statements. The financial statements and notes are representations of the nursing home's management who is responsible for their integrity and objectivity. These accounting policies conform to Generally Accepted Accounting Principles.

Financial Reporting Entity – The nursing home is a component unit of the primary government of Rutherford County, Tennessee. The nursing home reports its financial information separately from Rutherford County; however, the county, in its financial report, also discretely presents the nursing home's financial information.

Legally, the nursing home is a separate nonprofit entity that has considerable legal, financial, and administrative autonomy. However, as the governing board is not elected, but is instead entirely appointed by the Rutherford County Commission, and the county is contingently liable for all the nursing home's debt obligations, the nursing home cannot be a primary government. Instead, it qualifies as a component unit according to the directives of GASB.

The GASB specifies that component units must be legally separate organizations, which have financial accountability to a primary government. Financial accountability exists prima facie if a special-purpose government is not fiscally independent. GASB states that to be fiscally independent, the government has to have the authority to do all of three activities. One of these activities is to issue bonded debt without approval by another government. The nursing home may not issue debt without Rutherford County's approval, as the county remains contingently liable for all debt obligations. Because the nursing home is both a legal entity and financially accountable to the primary government of Rutherford County as the county commission appoints all members of the governing board and by the nature of its fiscal dependence on Rutherford County as described above, it is a component unit of Rutherford County, Tennessee.

**Basis of Presentation** – The financial statements are presented on the full accrual basis of accounting and conform to accounting principles generally accepted in the United States of America.

As a component unit of Rutherford County, the accounts of the nursing home are organized on the basis of a proprietary fund type, specifically an enterprise fund. The activities of this fund are accounted for with a separate set of self-balancing accounts that comprise the nursing home's assets, deferred outflows, liabilities, deferred inflows, net position, revenues, and expenses. Enterprise funds account for activities (i) that are financed with debt that is secured

by a pledge of the net revenues from fees and charges of the activity; or (ii) that are required by laws or regulations that the activity's costs of providing services, including capital costs (such as depreciation or debt service), be recovered with fees and charges, rather than with taxes or similar revenues; or (iii) that the pricing policies of the activity establish fees and charges designed to recover its costs, including capital costs (such as depreciation or debt service).

The accounting and financial reporting treatment applied to the nursing home is determined by its measurement focus. The transactions of the nursing home are accounted for on a flow of economic resources measurement focus. With this measurement focus, all assets and all liabilities associated with the operations are included on the Statement of Net Position. Net position (i.e., total assets plus net deferred outflows net of total liabilities and net deferred inflows) is segregated into net investment in capital assets, restricted for pensions, and unrestricted components.

When both restricted and unrestricted resources are available for use, it is the nursing home's policy to use restricted resources first and then unrestricted resources as they are needed.

Cash and Cash Equivalents – The nursing home presents its cash flow statement using the direct method. For purposes of cash flow presentation, the nursing home considers cash in operating bank accounts, demand deposits, cash on hand, and certificates of deposit, which have original maturities of three months or less as cash and cash equivalents. On June 30, 2024, there were no certificates of deposit that qualified as cash equivalents.

Accounts Receivable and Allowance for Doubtful Accounts – Patient accounts receivable are stated at the amount the nursing home expects to collect from outstanding balances. Patient accounts receivable are due within ten days after the issuance of the request for payment. Third-party payer receivables are usually collected within 60 days. Receivables past due more than 120 days are considered delinquent. The nursing home provides for probable uncollectible amounts through a provision for bad debt expense and an adjustment to a valuation allowance based upon a review of outstanding receivables, historical collection information, and existing economic conditions. Delinquent accounts are written off based on individual evaluation and specific circumstances. Some delinquent accounts deemed to be collectible are placed with an attorney for collection.

Patient Service Revenue – Gross patient revenue is recorded on an accrual basis based on services rendered at amounts equal to established rates. Allowances for contractual adjustments are recorded for the differences between established rates and amounts estimated to be paid by the Medicare and Medicaid programs and other third-party payors. Contractual adjustments are deducted from gross patient revenue to determine net patient revenue. Contractual adjustments and bad debt expense for the fiscal year ended June 30, 2024, amounted to \$673,992 and \$95,696, respectively. Amounts paid under Medicare and Medicaid programs are generally based on fixed rates per patient day, adjusted prospectively. All amounts earned under Medicare, Medicaid, and other governmental programs are subject to review by the third-party payors. Any differences between estimated settlements and final determinations are reflected in operations in the year finalized.

*Inventories* – Inventories consist of expendable supplies held for consumption and are reported at cost based on the first-in, first-out method.

**Property and Equipment** – Property and equipment are stated at cost. Donated capital assets are recorded at estimated fair value on the date donated. Depreciation of property and

equipment is provided using the straight-line method. Maintenance and repairs are charged to operations when incurred. The nursing home eliminates the costs and related allowances from the accounts for properties sold or retired, and any resulting gains or losses are included in income. The center estimates the useful lives of the respective classes of plant and equipment as follows:

| Assets                   | Years  |
|--------------------------|--------|
| Leasehold Improvements   | 5 - 25 |
| Transportation Equipment | 4 - 5  |
| Furniture and Equipment  | 3 - 20 |

Deferred Outflows/Inflows of Resources – In addition to assets, the Statement of Net Position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net assets that applies to a future period(s) and so will not be recognized as an outflow of resources (expense) until then. The nursing home has items that qualify for reporting in this category. Accordingly, the items are reported in the Statement of Net Position. These items are for pension changes in experience and assumptions; other postemployment benefit plan (OPEB) changes in assumptions, and contributions for the pension plan and OPEB benefits both paid after the measurement dates of the actuarial reports.

In addition to liabilities, the Statement of Net Position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net assets that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The government has items that qualify for reporting in this category. Accordingly, the items are reported in the Statement of Net Position. The deferred inflows relate to certain amounts related to pensions and OPEB, such as difference between projected and actual earnings on pension plan investments and changes in pension plan assumptions as well as changes in OPEB assumptions.

**Compensated Absences** – Nursing home employees accrue personal leave or compensated absences by a prescribed formula based on length of service. Compensated absences related to the nursing home employees are recorded within the period earned.

Operating Revenues and Expenses – The nursing home's operating revenues and expenses consist of revenues earned and expenses incurred relating to the operation and maintenance of its principal ongoing operations. All other revenues and expenses are reported as nonoperating revenues and expenses and consist of those revenues and expenses that are related to financing and investing type of activities and result from nonexchange transactions or ancillary activities.

**Pensions** – For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of Rutherford County's participation in the Public Employee Retirement Plan of the Tennessee Consolidated Retirement System (TCRS), and additions to/deductions from Rutherford County's fiduciary net position have been determined on the same basis as they are reported by the TCRS for the Public Employee Retirement Plan. For this purpose, benefits (including refunds of employee contributions) are

recognized when due and payable in accordance with the benefit terms of the Public Employee Retirement Plan of the TCRS. Investments are reported at fair value.

**Estimates** – The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

*Income Taxes* – The nursing home is exempt from income taxes as a nonprofit corporation described in Section 501(c)(3) of the Internal Revenue Code, and accordingly, the financial statements do not reflect a provision for income taxes.

**Newly Adopted Accounting Pronouncements** –The nursing home implemented the following Governmental Accounting Standards Board (GASB) statements during fiscal year 2024:

GASB Statement No. 100, Accounting for Change and Error Corrections, was issued in June 2022. This statement enhances accounting and financial reporting requirements for accounting changes and error corrections to provide more understandable, reliable, relevant, consistent, and comparable information for making decisions or assessing accountability. The implementation did not have an effect on the nursing home's financial statements for fiscal year 2024.

Recent Accounting Pronouncements - GASB Statement No. 101, Compensated Absences, was issued in June 2022. This statement updates the recognition and measurement guidance for compensated absences. This statement requires liabilities for compensated absences be recognized for (1) leave that has not been used and (2) leave that has been used but not yet paid in cash or settled through noncash means. This statement will be effective for the nursing home in fiscal year 2025. The nursing home is in the process of evaluating the impact of GASB Statement No. 101.

# B. Cash and Certificates of Deposit

State statutes authorize the nursing home to make investments in bonds, notes or treasury bills of the United States, certificates of deposit at Tennessee state chartered or federally chartered banks and savings and loan associations, Federal Loan Bank bonds, Federal Home Loan Bank notes and bonds, Federal National Mortgage Association notes and debentures, banks or cooperative debentures, or any of its other agencies, or obligations guaranteed as to principal and interest by the United States or any of its agencies with a maturity not greater than one year, or in the pooled investment fund established under Tennessee law. Cash reserves for operations were held in bank checking and savings accounts.

State statutes require that all deposits with financial institutions must be collateralized by securities whose market value is equal to 105 percent of the value of uninsured deposits. This must be done by one of two methods. One method involves financial institutions that participate in the bank collateral pool administered by the state treasurer. The Tennessee Bank Collateral Pool is a multiple financial institution collateral pool in which member financial institutions holding public funds pledge collateral securities equal to at least 105 percent of the average daily balance of public deposits held. In the event any member financial institution fails, the entire collateral pool becomes available to satisfy the claims of governmental entities. The pool also has the ability to make additional assessments on a pro-rata basis to the members of the pool if the value of collateral is inadequate to cover a loss.

The second method is for deposits with financial institutions that do not participate in the bank collateral pool. In this case, state statutes require that all deposits be collateralized with collateral whose market value is equal to 105 percent of the uninsured amount of the deposits. The collateral must be placed by the depository bank in an escrow account in a second bank for the benefit of the organization who has the deposits.

During fiscal year 2024, the nursing home's deposit balances were fully collateralized by the State of Tennessee Bank Collateral Pool. Additionally, cash and the cash-patients' funds presented on the statement of net position includes \$450 of cash on hand and not included in cash deposits above.

On June 30, 2024, the carrying amount of cash deposits was \$3,454,375, and the bank balance was \$3,599,283. In addition, the nursing home held patient funds in trust with a carrying amount of \$26,955 on June 30, 2024.

#### E. Funds Held in Trust

On June 30, 2024, the nursing home had a fiduciary responsibility for funds totaling \$26,955 on behalf of patients. This amount was held in a separate interest-bearing cash account.

The nursing home is required to maintain a cash account as a depository for patient funds. The fund is restricted in use and can be used only for providing spending money for patients, purchasing supplies for patients with cash in the fund, or paying amounts due to the nursing home for patient care, provided the amount does not include monies stipulated for patients' use only. All funds are required to be placed in an insured interest-bearing account.

#### F. Lease Commitment

The nursing home has a lease agreement with Rutherford County for the rental of the building, which it occupies. Under the lease terms, the nursing home will incur no lease expense as long as the nursing home meets its responsibility to pay timely its cost of the medical, hospital and life insurance premiums incurred. The lease agreement was renewed June 17, 2021, for an additional five-year period commencing July 1, 2021, and ending June 30, 2026, and may be terminated by either party upon a 90-day written notice. For the year ended June 30, 2024, medical, hospital and life insurance premiums in the amount of \$1,171,615 were paid timely.

#### G. Concentration of Credit Risk

The nursing home grants credits without collateral to its patients, most of whom are insured under third-party payer agreements. The mix of receivables from patients and third-party payers are as follows:

| Medicaid  | 52 %  |
|-----------|-------|
| Medicare  | 40    |
| Private   | 3     |
| Insurance | 5     |
|           | 100 % |

Approximately 97 percent of net patient revenue is derived from third-party payers.

#### H. Risk Management

The nursing home is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The nursing home maintains commercial insurance coverage on each area of risk. Exposure is limited to claims in excess of standard policy limitations. The nursing home annually reviews its insurance needs based on claims and/or potential claims to minimize exposure. There were no claims in excess of insurance coverage during the past three years.

All full-time employees of the nursing home are eligible to participate in Rutherford County's Employee Insurance – Health Fund, which is an internal service fund of Rutherford County. Premium charges are allocated to the nursing home and are based on actuarial estimates of the amounts needed to pay prior- and current-year claims.

#### I. Pension Plan

Plan Description. Employees of Community Care of Rutherford County, Inc., are provided a defined benefit pension plan through the Public Employee Retirement Plan, an agent multiple-employer pension plan administered by the TCRS. The TCRS was created by state statute under Tennessee Code Annotated (TCA), Title 8, Chapters 34-37. The TCRS Board of Trustees is responsible for the proper operation and administration of the TCRS. The Tennessee Treasury Department, an agency in the legislative branch of state government, administers the plans of the TCRS. The TCRS issues a publicly available financial report that can be obtained at <a href="https://treasury.tn.gov/Retirement/Boards-and-Governance/Reporting-and-Investment-Policies">https://treasury.tn.gov/Retirement/Boards-and-Governance/Reporting-and-Investment-Policies</a>.

Since Community Care of Rutherford County, Inc., is a component unit of Rutherford County and does not have its own distinct agent multiple-employer pension plan, the plan is treated as a cost-sharing plan for purposes of Community Care of Rutherford County, Inc.'s standalone financial statements. On the measurement date of June 30, 2023, Community Care of Rutherford County, Inc., comprised 3.02 percent of the plan based on contributions, and the proportion measured as of June 30, 2022, was 2.85 percent.

Benefits Provided. TCA, Title 8, Chapters 34-37 establish the benefit terms and can be amended only by the Tennessee General Assembly. The chief legislative body may adopt the benefit terms permitted by statute. Members are eligible to retire with an unreduced benefit at age 60 with five years of service credit or after 30 years of service credit regardless of age. Benefits are determined by a formula using the member's highest five consecutive year average compensation and the member's service credit. Reduced benefits for early retirement are available to vested members at age 55. Members vest with five years of service credit. Service-related disability benefits are provided regardless of length of service. Five years of service is required for nonservice-related disability eligibility. The service-related and nonservice-related disability benefits are determined in the same manner as a service retirement benefit but are reduced ten percent and include projected service credits. A variety of death benefits are available under various eligibility criteria.

Member and beneficiary annuitants are entitled to automatic cost of living adjustments (COLAs) after retirement. A COLA is granted each July for annuitants retired prior to the second of July of the previous year. The COLA is based on the change in the consumer price index (CPI) during the prior calendar year, capped at three percent, and applied to the current benefit. No COLA is granted if the change in the CPI is less than one-half percent. A one percent COLA is granted if the CPI change is between one-half percent and one percent. A member who leaves employment may withdraw their employee contributions, plus any accumulated interest.

Contributions. Contributions for employees are established in the statutes governing the TCRS and may only be changed by the Tennessee General Assembly. Employees are non-contributory. Community Care of Rutherford County, Inc., makes employer contributions at the rate set by the Board of Trustees as determined by an actuarial valuation. For the year ended June 30, 2024, the employer contributions for Community Care of Rutherford County, Inc., were \$545,775 based on a rate of 10.16 percent of covered payroll. By law, employer contributions are required to be paid. The TCRS may intercept state shared taxes of Rutherford County, the primary government, if required employer contributions are not remitted. The employer's actuarially determined contribution and member contributions are expected to finance the costs of benefits earned by members during the year, the cost of administration, as well as an amortized portion of any unfunded liability.

#### Net Pension Liability (Asset)

Pension Liability. On June 30, 2024, Community Care of Rutherford County, Inc., reported a liability of \$826,565 for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2023, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The nursing home's proportion of the net pension liability was based on a projection of the nursing home's long-term share of contributions to the pension plan relative to the actuarially determined projected contributions of all participating entities. On June 30, 2024, Community Care of Rutherford County, Inc.'s proportion was 3.02 percent.

Actuarial Assumptions. The total pension liability as of the June 30, 2023, actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation 2.25%

Salary Increases Graded Salary Ranges from 8.72%

to 3.44% Based on Age, Including

Inflation, Averaging 4%

Investment Rate of Return 6.75%, Net of Pension Plan

Investment Expenses, Including

Inflation

Cost of Living Adjustment 2.125%

Mortality rates were based on actual experience including an adjustment for some anticipated improvement.

The actuarial assumptions used in the June 30, 2023, actuarial valuation were based on the results of an actuarial experience study performed for the period July 1, 2016, through June 30, 2020. The demographic assumptions were adjusted to more closely reflect actual and expected future experience.

The long-term expected rate of return on pension plan investments was established by the TCRS Board of Trustees in conjunction with the June 30, 2020, actuarial experience study. A blend of future capital market projections and historical market returns was used in a building-block method in which a best estimate of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) is developed for each major asset class. These best estimates are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation of 2.25 percent. The best estimates of geometric real rates of return and the TCRS investment policy target asset allocation for each major asset class are summarized in the following table:

|                       | Percentage |   |             |   |
|-----------------------|------------|---|-------------|---|
|                       | Long-term  |   |             |   |
|                       | Expected   |   | Percentage  |   |
|                       | Real Rate  |   | Target      |   |
| Asset Class           | of Return  |   | Allocations |   |
|                       |            |   |             |   |

| International Equity  | 5.37       |   | 14          |   |
| Emerging Market       |            |   |             |   |
| International Equity  | 6.09       |   | 4           |   |
| Private Equity and    |            |   |             |   |
| Strategic Lending     | 6.57       |   | 20          |   |
| U.S. Fixed Income     | 1.20       |   | 20          |   |
| Real Estate           | 4.38       |   | 10          |   |
| Short-term Securities | 0.00       | _ | 1           |   |
| Total                 |            | _ | 100         | % |

The long-term expected rate of return on pension plan investments was established by the TCRS Board of Trustees as 6.75 percent based on a blending of the factors described above.

Discount Rate. The discount rate used to measure the total pension liability was 6.75 percent. The projection of cash flows used to determine the discount rate assumes that employee contributions will be made at the current rate and that contributions from Rutherford County will be made at the actuarially determined contribution rate pursuant to an actuarial valuation in accordance with the funding policy of the TCRS Board of Trustees and as required to be paid by state statute. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make projected future benefit payments of current active and inactive members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the Net Pension Liability (Asset) to Changes in the Discount Rate. The following presents the net pension liability (asset) of Community Care of Rutherford County, Inc., calculated using the discount rate of 6.75 percent, as well as what the net pension liability (asset) would be if it were calculated using a discount rate that is one percentage point lower (5.75 percent) or one percentage point higher (7.75 percent) than the current rate:

| Total                                | \$<br>2,136,533 \$ | 148,659   |  |

The amount shown above for "Contributions Subsequent to the Measurement Date of June 30, 2023," will be recognized as a reduction (increase) to net pension liability (asset) in the subsequent measurement period.

Amounts reported as deferred outflows of resources, with the exception of contributions subsequent to the measurement date, and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

| Year Ending |               |
|-------------|---------------|
| June 30     | Amount        |
|             |               |

| 2029        | 88,802        |
| Thereafter  | 0             |

In the table shown above, positive amounts will increase pension expense while negative amounts will decrease pension expense.

Pension Plan Fiduciary Net Position – Detailed information about the pension plan's fiduciary net position is available in a separately issued Rutherford County financial report.

Payable to the Pension Plan. On June 30, 2024, the nursing home reported a payable of \$45,369 for the outstanding amount of contributions to the pension plan required for the year ended June 30, 2024.

# J. Other Postemployment Benefits (OPEB)

Community Care of Rutherford County, Inc., provides OPEB benefits to their retirees through a single commercial insurance plan of Rutherford County (the County), the primary government, administered by Cigna Insurance Company. For reporting purposes, the plan is considered a single employer defined benefit OPEB plan based on criteria in Statement No. 75 of the Governmental Accounting Standards Board (GASB). The plan is treated as a cost-sharing plan for purposes of the nursing home's stand-alone financial statements. The plan is funded on a pay-as-you-go basis and there are no assets accumulating in a trust that meets the criteria of paragraph 4 of GASB Statement No. 75.

*Plan Description*. All full-time employees and eligible retirees of the nursing home are eligible to participate in the health insurance plan accounted for in the Employee Insurance – Health Fund (internal service fund) of the County.

The premium requirements of plan members are established and may be amended by the insurance committee comprised of 15 members, which include the County Mayor, three county commissioners, four members at large, one highway representative, three employee representatives, two Board of Education representatives, and one Rutherford Education Association representative. The plan is self-insured and financed on a pay-as-you-go basis with the risk shared equally among the participants. Claims liabilities of the plan are periodically computed using actuarial and statistical techniques to establish premium rates. While the County Risk Management committee recommends the contribution policy, the County Commission approves and authorizes the policy in terms of subsidizing active employees or retired employees' premiums. During the year, the nursing home paid \$56,797 to the plan for OPEB benefits as they became due.

#### Benefits Provided:

For post-65, the county pays 75 percent of the adequate rate for themselves and 50 percent of the adequate rate for dependents for Medicare supplement and the county pharmacy plan.

An employee who becomes disabled becomes eligible for retiree health coverage if they are under age 65 and have completed at least ten years of service prior to total disability termination plus the employee must have had active coverage for a continuous five-year period and have filed and qualified for Medicare disability coverage. If the retiree is eligible

for health insurance coverage, the coverage is also provided for the retiree's spouse and/or dependent children.

# Total OPEB Liability

The plan's total OPEB liability was measured as of June 30, 2024, and was determined by an actuarial valuation as of that date.

Actuarial Assumptions and Methods. The total OPEB liability on the June 30, 2024, measurement date was determined using the following actuarial assumptions and other inputs, applied to all periods included in the measurement, unless otherwise specified:

| Actuarial Cost Method      | Individual Entry Age Normal Cost Method - Level<br>Percentage of Projected Salary |
|----------------------------|---|
| Inflation Rate             | 2.5%  |
| Salary Increases           | 4%  |
| Discount Rate              | 4.21% (1.71% real rate of return plus 2.5% inflation)                             |
| Healthcare Cost Trend Rate | 4.5%  |
|                            | trending downward to an ultimate rate   |
| Retirees share of Benefit  | 25% to 50% depending upon years of  |
| Related Cost               | service and employment classification.  |

The discount rate was based on the Bond Buyer GO-20 bond index.

Mortality rates were based on Mortality Table RPH-2014 total table with projection MP-2021.

The actuarial assumptions used for the June 30, 2024, fiscal year end were based on plan data and costs presented by Rutherford County with concurrence by the actuary.

Changes in Assumptions. The discount rate changed from 3.54 percent as of the beginning of the measurement period to 4.21 percent as of the measurement date of July 1, 2024.

#### Changes in the Total OPEB Liability:

Due to a change in actuary and a change in measurement date, two years of activity was reflected in the prior tables. During the year, the nursing home's proportionate share of the collective OPEB liability was 1.85 percent.

OPEB Expense (Income) and Deferred Outflows of Resources and Deferred Inflows of Resources. For the year ended June 30, 2024, the nursing home's portion of OPEB expense (negative OPEB expense) recognized by the plan was (\$1,548,639). On June 30, 2024, the plan reported deferred outflows of resources and deferred inflows of resources related to the nursing home's proportionate share of OPEB from the following sources:

| De        | ferred    | Deferred                  |  |
|-----------|-----------|---------------------------|--|
| Ou        | Outflows  |                           |  |

|           | 0         | 0                         |  |
|           | 0         | 0                         |  |
| \$        | 0 \$      | 198,972                   |  |
|           | Ou<br>Res | of Resources  \$ 0 \$ 0 0 |  |

Amounts reported as deferred inflows and deferred outflows of resources (excluding benefits paid after the measurement date) related to OPEB will be recognized in OPEB expense as follows:

| Year Ending |        |          |
|-------------|--------|----------|
| June 30     | Amount |          |
|             |        |          |

| 2028        |        | (49,941) |
| 2029        |        | 0        |
| Thereafter  |        | 0        |

In the table above, positive amounts will increase OPEB expense while negative amounts will decrease OPEB expense.

Sensitivity of the Nursing Home's Proportionate Share of the Total OPEB Liability to Changes in the Discount Rate. The following presents the nursing home's proportionate share of the total OPEB liability of the plan members calculated using the discount rate of 4.21 percent, as well as what the nursing home's proportionate share of the total OPEB liability would be if it was calculated using a discount rate that is one percentage point lower (3.21 percent) or one percentage point higher (5.21 percent) than the current rate:

#### K Health Care Regulations

The health care industry is subject to numerous laws and regulations of federal, state, and local governments. These laws and regulations include, but are not necessarily limited to, matters such as licensure, accreditation, government health care program participation requirements, reimbursement for patient/resident services, and Medicare and Medicaid fraud and abuse. Recently, government activity has increased with respect to investigations and allegations concerning possible violations of fraud and abuse statutes and regulations by health care providers. Violations of these laws and regulations could result in expulsion from government health care programs together with the imposition of significant fines and penalties, as well as repayments for patient/resident services previously billed. Management believes that the nursing home is in compliance with fraud and abuse statutes, as well as other applicable government laws and regulations. Compliance with such laws and regulations can be subject to future government review and interpretation as well as regulatory actions unknown or unasserted at this time.

# VII. OTHER NOTES – DISCRETELY PRESENTED RUTHERFORD COUNTY EMERGENCY COMMUNICATIONS DISTRICT

# A. Summary of Significant Accounting Policies

General Information – On May 15, 1984, the Tennessee state legislature approved the Tennessee Emergency Communications District Law (Acts 1984, Ch. 867), which enables a county, upon approval by voters, to create a district to provide local emergency telephone service. Subsequently, on May 6, 1986, the voters of Rutherford County approved the establishment of a district for their county, the Rutherford County Emergency Communications District.

As provided by the act, the district operates as a governmental organization through the directives of a board of directors and provides enhanced emergency telephone service for its service area. The directors serve without compensation for terms of four years. By their authority, they have employed a full-time director to assist the board in discharging its management responsibilities.

Financial Reporting Entity - Component Unit – The district is a component unit of the primary government of Rutherford County, Tennessee. The district reports its financial information separately from Rutherford County; however, the county in its financial report also presents the district's financial information.

Legally, the district is a separate governmental entity that has considerable legal, financial, and administrative autonomy. However, as the governing board is not elected, but instead is entirely appointed by the Rutherford County Mayor and confirmed by the Rutherford County Commission, the district cannot be a primary government. Instead, it qualifies as a component unit according to the directives of the Governmental Accounting Standards Board (GASB).

The GASB specifies that component units must be legally separate organizations, which have financial accountability to a primary government. Financial accountability exists prima facie if a special-purpose government is not fiscally independent. GASB states that to be fiscally independent, the government has to have the authority to do all of three activities. Two of these are to issue bonded debt without approval by another government and to levy taxes or set rates or charges without approval by another government. As provided by Section 7-86-114, *Tennessee Code Annotated*, before issuing negotiable bonds, the district must have approval of the legislative body of a county wherein a district is established. It also must have approval before making purchase contracts, lease agreements, and notes payable of over five years' duration. In addition, the Rutherford County Commission has the ability to adjust the district's service charges. Because the district is both a legal entity and is financially accountable to the primary government of Rutherford County, as the county commission appoints all members of the governing board and by the nature of its fiscal dependence on Rutherford County as described above, it is a component unit of Rutherford County.

On June 30, 2024, there were no related receivables or payables between Rutherford County and the district. The district did not engage in any activities that were subject to the approval of Rutherford County.

**Basis of Presentation** – The financial statements are presented on the full accrual basis of accounting and conform to accounting principles generally accepted in the United States of America.

As a component unit of Rutherford County, the accounts of the district are organized on the basis of a proprietary fund type, specifically an enterprise fund. The activities of this fund are accounted for with a separate set of self-balancing accounts that comprise the district's assets, liabilities, net position, revenues, and expenses. Enterprise funds account for activities (i) that are financed with debt that is secured by a pledge of the net revenues from fees and charges of the activity; or (ii) that are required by laws or regulations that the activity's costs of providing services, including capital costs (such as depreciation or debt service), be recovered with fees and charges, rather than with taxes or similar revenues; or (iii) that the pricing policies of the activity establish fees and charges designed to recover its costs, including capital costs (such as depreciation or debt service).

The accounting and financial reporting treatment applied to the district is determined by its measurement focus. The transactions of the district are accounted for on a flow of economic resources measurement focus. With this measurement focus, all assets and all liabilities associated with the operations are included on the Statement of Net Position. Net position (i.e., total assets plus net deferred outflows net of total liabilities and net deferred inflows) is segregated into net investment in capital assets and unrestricted components.

When both restricted and unrestricted resources are available for use, it is the district's policy to use restricted resources first and then unrestricted resources as they are needed.

Cash Flow - Cash and Cash Equivalents – The district presents its cash flow statement using the direct method. For purposes of cash flow presentation, the district considers cash in operating bank accounts, cash on hand, and certificates of deposit that have original maturities of three months or less as cash and cash equivalents. On June 30, 2024, there were no certificates of deposit that qualified as cash equivalents.

Budgetary Law and Practice – The director of the district files an annual budget with the clerk of Rutherford County in accordance with Tennessee Code Annotated, Title 7, Chapter 86, Part 1. In April of each year, the director presents a preliminary budget to the board of directors, which is then discussed and amended as necessary for approval by the board.

The budget for operations is prepared on the cash receipts and disbursements basis by lineitem accounts. Revenues are budgeted in the year receipt is expected, and disbursements are budgeted in the year that the disbursement is expected to occur.

**Prepaid Expenses** – The costs of prepaid insurance and any other applicable costs that are prepaid are charged to operations over the period of coverage. As of June 30, 2024, prepaid insurance and service contract costs were \$665,365.

**Property and Equipment** – Property and equipment are stated at cost. The district defines capital assets as assets with an initial, individual cost of more than \$10,000 and an estimated useful life in excess of one year. For financial statement purposes, depreciation of property and equipment is provided using the straight-line method. Maintenance and repairs are charged to operations when incurred. Major renewals and betterments are capitalized. When items of property and equipment are sold or retired, the related costs and accumulated depreciation are removed from the accounts, and any gain or loss is included as nonoperating revenue or loss.

The estimated useful lives are as follows:

| Assets                     | Years   |
|----------------------------|---------|
| Buildings and Improvements | 10 - 40 |
| Furniture and Fixtures     | 6 - 10  |
| Office Equipment           | 3 - 10  |
| Communications Equipment   | 5 - 10  |
| Vehicles                   | 5       |
| Other Capital Assets       | 5 - 15  |

Compensated Absences – The Board of Directors voted to adopt a policy for vacation, sick leave, and holidays effective January 1, 1995. Full-time, permanent employees are granted

vacation benefits in varying amounts to specified maximums depending on tenure with the district. Excess days earned are transferred to sick leave days. Sick leave accrues to full-time, permanent employees at the rate of one day per month of service. An employee is entitled to accrue sick leave days without limitation on the number of days. If an employee should leave prior to the vesting benefits, no compensation will be paid for unused sick days. After an employee is eligible to receive vested benefits in the retirement plan, any sick leave that said employee has accrued will be credited to retirement service days. Non-exempt employees are entitled to overtime or compensatory time.

An estimated liability for vacation has been accrued under the vesting method. The estimated amount calculated for compensated absences recorded as a liability on June 30, 2024, is \$44,069.

**Estimates** – The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Operating Revenues and Expenses – The district's operating revenues and expenses consist of revenues earned and expenses incurred relating to the operation and maintenance of its principal ongoing operations. All other revenues and expenses are reported as nonoperating revenues and expenses and consist of those revenues and expenses that are related to financing and investing type of activities and result from nonexchange transactions or ancillary activities.

**Pensions** – For purposes of measuring the net pension liability (asset), deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of Rutherford County Emergency Communication District's participation in the Public Employee Retirement Plan of the Tennessee Consolidated Retirement System (TCRS), and additions to/deductions from Rutherford County Emergency Communication District's fiduciary net position have been determined on the same basis as they are reported by the TCRS for the Public Employee Retirement Plan. For this purpose, benefits (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms of the Public Employee Retirement Plan of TCRS. Investments are reported at fair value.

Other Postemployment Benefits (OPEB) –The district provides OPEB benefits to its retirees through a single commercial insurance plan of Rutherford County (the county), the primary government, administered by Cigna Insurance Company. For reporting purposes, the plan is considered a single employer defined benefit OPEB plan based on criteria in GASB Statement No. 75. The plan is treated as a cost-sharing plan for purposes of the district's standalone financial statements. The plan is funded on a pay-as-you-go basis and there are no assets accumulating in a trust that meets the criteria of paragraph 4 of GASB Statement No. 75.

**Deferred Outflows/Inflows of Resources** – In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net assets that applies to a future period(s) and so will not be recognized as an outflow of resources (expense) until then. The district has items that qualify for reporting in this category. Accordingly, the items are reported in the statement of net position. These items are for pension changes in experience and net pension changes in investment earnings.

In addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net assets that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The district has items that qualify for reporting in this category. These items include pension changes in experience, OPEB changes in experience and lease assets.

Implementation of GASB Statement No. 100 – GASB Statement No. 100, Accounting Changes and Error Corrections, became effective for the fiscal year ending June 30, 2024. This statement clarifies the financial accounting and reporting requirements for changes in accounting principles, changes in accounting estimates, error corrections, and changes within the reporting entity. The accounting change did not have a material effect on the financial statements of the district as of and for the year ending June 30, 2024.

#### B. Cash and Certificates of Deposit Investments

The district follows state statutes requiring all deposits with financial institutions to be secured by one of two methods. One method involves financial institutions that participate in the bank collateral pool administered by the state treasurer. The Tennessee Bank Collateral Pool (the pool) is a multiple financial institution collateral pool to which member financial institutions holding public funds pledge collateral securities. In the event any member financial institution fails, the entire collateral pool becomes available to satisfy the claims of governmental entities. Public fund accounts covered by the pool are considered to be insured for purposes of custodial credit risk exposure.

The pool also has the ability to make additional assessments on a pro rata basis to the members of the pool if the value of collateral is inadequate to cover a loss.

The district does not have a formal policy regarding types of investments authorized. State Statutes authorize the district to make investments in bonds, notes, or treasury bills of the United States, Federal Land Bank bonds, Federal Home Loan Bank notes and bonds, Federal National Mortgage Association notes and debentures, banks for cooperative debentures, or any of its other agencies, or obligations guaranteed as to principal and interest by the United States or any of its agencies with a maturity not greater than one year, or in the pooled investment fund established under Tennessee law. For deposits with financial institutions that do not participate in the bank collateral pool, state statutes require that all deposits be collateralized with collateral whose market value is equal to 105 percent of the uninsured amount of the deposits. The collateral must be placed by the depository bank in an escrow account in a second bank for the benefit of the government.

On June 30, 2024, the carrying amount of cash deposits was \$6,004,746 and the bank balance was \$6,187,439. All bank accounts earn a variable rate of interest. On June 30, 2024, the entire bank balance was covered by federal depository insurance or by collateral held in the Tennessee Bank Collateral Pool.

**Certificates of Deposit** – On June 30, 2024, the district held the following certificates of deposit:

|   |          |            | Carrying  |
|---|----------|------------|-----------|
| Bank                                    | Interest | Maturity   | Amount    |

#### D. Intangible (Right-to-Use) Lease Asset

During the fiscal year ended June 30, 2020, the district entered into a Master Dark Fiber IRU Agreement ("IRU Agreement") with United Communications. The IRU Agreement provides the district with an irrevocable right to use certain optical fibers in various portions of the United Communications network. As of June 30, 2024, the district has paid 100% of the contract in the amount of \$1,238,230. The construction was completed on June 18, 2021. The district has the right-to-use of the fibers for a period of 20 years. Amortization expense for the year ended June 30, 2024, was \$61,912. The net book value of the intangible (right-to-use) asset on June 30, 2024, was \$1,052,495. Amortization of the intangible right-to-use asset is \$61,912 for fiscal years ending June 30, 2025, through June 30, 2029, and \$742,935 thereafter.

#### E. Retirement Plan

#### General Information about the Pension Plan

Plan Description – Employees of Rutherford County Emergency Communications District are provided a defined benefit pension plan through the Public Employee Retirement Plan, an agent multiple-employer pension plan administered by the TCRS. The TCRS was created by state statute under Tennessee Code Annotated (TCA), Title 8, Chapters 34-37. The TCRS Board of Trustees is responsible for the proper operation and administration of the TCRS. The Tennessee Treasury Department, an agency in the legislative branch of state government, administers the plans of the TCRS. The TCRS issues a publicly available financial report that can be obtained at <a href="https://treasurytn.gov/Retirement/Boards-and-Governance/Reporting-and-Investment-Policies">https://treasurytn.gov/Retirement/Boards-and-Governance/Reporting-and-Investment-Policies</a>.

Benefits Provided – TCA, Title 8, Chapters 34-37 establishes the benefit terms and can be amended only by the Tennessee General Assembly. The chief legislative body may adopt the benefit terms permitted by statute. Members are eligible to retire with an unreduced benefit at age 60 with five years of service credit or after 30 years of service credit regardless of age. Benefits are determined by a formula using the member's highest five consecutive year average compensation and the member's service credit. Reduced benefits for early retirement are available at age 55 and vested. Members vest with five years of service credit. Service-related disability benefits are provided regardless of length of service. Five years of service is required for nonservice-related disability eligibility. The service related and nonservice-related disability benefits are determined in the same manner as a service retirement benefit but are reduced 10 percent and include projected service credits. A variety of death benefits is available under various eligibility criteria.

Member and beneficiary annuitants are entitled to automatic cost of living adjustments (COLAs) after retirement. A COLA is granted each July for annuitants retired prior to the 2<sup>nd</sup> of July of the previous year. The COLA is based on the change in the consumer price index (CPI) during the prior calendar year, capped at three percent, and applied to the current benefit. No COLA is granted if the change in the CPI is less than one-half percent. A one percent COLA is granted if the CPI change is between one-half percent and one percent. A member who leaves employment may withdraw their employee contributions, plus any accumulated interest.

*Employees Covered by Benefit Terms* – At the measurement date of June 30, 2023, the following employees were covered by the benefit terms:

| Inactive employees or beneficiaries currently receiving benefits | 2 |
|--|---|
| Inactive employees entitled to but not yet receiving benefits    | 3 |
| Active employees   | 4 |
| Total  | 9 |

Contributions – Contributions for employees are established in the statutes governing the TCRS and may only be changed by the Tennessee General Assembly. Rutherford County Emergency Communications District has adopted a noncontributory retirement plan for its employees. Rutherford County Emergency Communications District makes employer contributions at the rate set by the Board of Trustees as determined by an actuarial valuation. For the year ended June 30, 2024, the employer contributions for Rutherford County Emergency Communications District were \$63,557 based on a rate of 18.43 percent of covered payroll. By law, employer contributions are required to be paid. The TCRS may intercept Rutherford County Emergency Communications District's state shared taxes if required employer contributions are not remitted. The employer's actuarially determined contribution (ADC) and member contributions are expected to finance the costs of benefits earned by members during the year, the cost of administration, as well as an amortized portion of any unfunded liability.

#### Net Pension Liability (Asset)

**Pension liabilities (assets)** - Rutherford County Emergency Communications District's net pension liability (asset) was measured as of June 30, 2023, and the total pension liability used to calculate net pension liability (asset) was determined by an actuarial valuation as of that date.

Actuarial Assumptions – The total pension liability as of the June 30, 2023, actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation 2.25%

Salary increases Graded salary ranges from 8.72 to 3.44% based

on age, including inflation, averaging 4%

Investment rate 6.75%, net of pension plan investment

of return expenses, including inflation

Cost-of-living 2.125%

adjustment

Mortality rates were based on actual experience including an adjustment for some anticipated improvement.

The actuarial assumptions used in the June 30, 2023, actuarial valuation were based on the results of an actuarial experience study performed for the period July 1, 2016, through June 30, 2020. The demographic assumptions were adjusted to more closely reflect actual and expected future experience.

The long-term expected rate of return on pension plan investments was established by the TCRS Board of Trustees in conjunction with the June 30, 2020, actuarial experience study. A blend of future capital market projections and historical market returns was used in a building-

block method in which a best estimate of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) is developed for each major asset class. These best estimates are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation of 2.25 percent. The best estimates of geometric real rates of return and the TCRS investment policy target asset allocation for each major asset class are summarized in the following table:

|                                       | Long-Term      |      |         |
|---------------------------------------|----------------|------|---------|

| U.S. Equity                           | 4.88           | %    | 31 %    |
| Developed market international equity | 5.37           |      | 14      |
| Emerging market international equity  | 6.09           |      | 4       |
| Private equity and strategic lending  | 6.57           |      | 20      |
| U.S. Fixed Income                     | 1.20           |      | 20      |
| Real Estate                           | 4.38           |      | 10      |
| Short-term securities                 | 0.00           |      | 1       |
|                                       |                |      | 100 %   |

The long-term expected rate of return on pension plan investments was established by the TCRS Board of Trustees as 6.75 percent based on a blending of the factors described above.

**Discount Rate** – The discount rate used to measure the total pension liability was 6.75 percent. The projection of cash flows used to determine the discount rate assumed that employee contributions will be made at the current rate and that contributions from Rutherford County Emergency Communications District will be made at the actuarially determined contribution rate pursuant to an actuarial valuation in accordance with the funding policy of the TCRS Board of Trustees and as required to be paid by state statute. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make projected future benefit payments of current active and inactive members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

The amount shown above for "Contributions subsequent to the measurement date of June 30, 2023," will be recognized as a reduction (increase) to the net pension liability (asset) in the following measurement period.

Amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

| Year Ending June 30: | Amount |        |  |
|----------------------|--------|--------|--|
| 2025                 | \$     | 35,620 |  |

| 2029                 |        | 8,358  |  |

In the table shown above, positive amounts will increase pension expense while negative amounts will decrease pension expense.

*Payable to the Pension Plan* – Rutherford County Emergency Communication District had no payables of required contributions to the pension plan as of June 30, 2024.

#### F. Risk Management

The district is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The district purchases commercial insurance for claims and for all other risks of loss. Settled claims have not exceeded this commercial coverage in any of the past three fiscal years.

#### G. Other Postemployment Benefits (OPEB)

Plan Description – All full-time employees and eligible retirees of the district are eligible to participate in the health insurance plan accounted for in the Employee Insurance – Health Fund (internal service fund) of Rutherford County. The premium requirements of plan members are established and may be amended by the insurance committee comprised of 15 members, which include the county mayor, three county commissioners, four members at large, one highway representative, three employee representatives, two board of education representatives, and one Rutherford Education Association representative. The plan is self-insured and financed on a pay-as-you-go basis with the risk shared equally among the participants. Claims liabilities of the plan are periodically computed using actuarial and statistical techniques to establish premium rates. While the county risk management committee recommends the contribution policy, the county commission approves and authorizes the policy in terms of subsidizing active employees or retired employees' premiums. During the year, the district paid \$2,375 to the plan for OPEB benefits as they became due.

Change in Benefits – The Rutherford County OPEB plan of which the district is a participant, as of January 1, 2023, no longer includes the board of education employees except for those retirees who retired as members of the county plan. The new actuarial valuation takes this change in benefits into account and the districts impact of the change is included as change in benefits and is expensed as incurred.

#### Benefits Provided

Employees Hired after December 31, 2010 –

All full-time employees and eligible retirees of the district are eligible to retire with medical insurance at age 60 with 20 years of service and 15 years on the plan, or any age with 30 years of service and 15 years on the plan. The County will provide \$1,000 per month or the adequate rate, whichever is less, into a Health Reimbursement Account. All medical plan benefits will end with Medicare eligibility.

Employees Hired on or Before December 31, 2010 –

On December 31, 2010, if employees had worked full-time at the district for a total of:

- 1. Less than six months of service, the eligibility requirements to retire with medical insurance at age 60 with 20 years of service and 15 years on the plan, or any age with 30 years of service and 15 years on the plan. The county will provide \$1,000 per month or the adequate rate, whichever is less, into a Health Reimbursement Account. Health Reimbursement Account funding will end with Medicare eligibility.
- 2. Six months up to seven years of service, the eligibility requirements to retire with medical insurance are age 60 with 20 years of service and 15 years on the plan, or any age with 30 years of service and 15 years on the plan. For pre-65 the County will provide \$1,000 per month or the adequate rate, whichever is less, into a Health Reimbursement Account established by Rutherford County. Eligible post-65 retirees will have the option to be enrolled in a Rutherford County sponsored Medicare Advantage Plan. An employee who becomes disabled becomes eligible for retiree health coverage if they are under age 65 and have completed at least ten years of service prior to total disability termination plus the employee must have had active coverage for a continuous five-year period and have filed and qualified for Medicare disability coverage. If the retiree is eligible for health insurance coverage, the coverage is also provided for the retiree's spouse and/or dependent children.

**Total OPEB Liability** – On June 30, 2024, the district reported a liability of \$94,541 for its proportionate share of the total OPEB liability. The plan's total OPEB liability was measured as of June 30, 2024 and was determined by an actuarial valuation as of June 30, 2024.

Actuarial Assumptions and Methods. The total OPEB liability on the June 30, 2024, measurement date was determined using the following actuarial assumptions and other inputs, applied to all periods included in the measurement, unless otherwise specified:

Actuarial Cost Method Entry Age Normal

Discount Rate 4.21 2.5% Inflation Rate Salary Increases 4%

Healthcare Cost Trend Rate Level 4.5%

Retirees share of Benefit 25% to 50% depending upon years of Related Cost service and employment classification. Future Participation Rates 1005 of all retiree who currently have

healthcare coverage will continue with the

same coverage.

100% of eligible actives who currently have healthcare coverage will continue upon retirement. 6% of retirees eligible for stipend

will elect the contribution on an HRA.

The discount rate was based on the Bond Buyer GO-20 bond index.

Mortality rates for the plan were based on RPH-2014 Total Table with Projection MP-2021.

The actuarial assumptions used for the June 30, 2024, fiscal year end were based on plan data and costs presented by Rutherford County with concurrence by the actuary.

Changes in Assumptions - The discount rate changed from 3.54 percent as of the beginning of the measurement period to 4.21 percent as of the measurement date of June 30, 2024.

During the year, the district's proportionate share of the collective OPEB liability was .5%. The district's proportionate share was .07% in the prior year. The proportionate share of each plan member was allocated based on actual benefit payments paid by the group.

OPEB Expense and Deferred Outflows of Resources and Deferred Inflows of Resources - For the year ended June 30, 2024, the district's portion of OPEB expense recognized by the plan was \$92,280. On June 30, 2024, the district reported its proportionate share of deferred outflows of resources and deferred inflows of resources from the following sources:

|  | Deferred<br>Outflows<br>of | Deferred<br>Inflows<br>of |
|--|----------------------------|---------------------------|
|  | Resources                  | Resources                 |

#### H. Transactions with Primary Government

Amounts paid to Rutherford County for mapping services and maintenance agreements totaled \$50,000. Rutherford County also administers the payroll reporting for the district. The district reimbursed Rutherford County \$492,411 for salaries and benefits paid on the district's behalf.

#### I. Option and Lease Agreement

On February 26, 2021, the district entered into an Option and Lease Agreement with Vogue Tower Partners VII, LLC (the tenant) for lease of property for the erection of a communications tower. Upon signing of the Agreement, the tenant was granted the right to perform certain testing at the tenant's expense for a period of one year from the effective date the "option period" to determine the suitability of the property for the communications tower. The tenant was granted two options to renew and commenced construction during the fiscal year ended June 30, 2024.

The construction and the lease portion of the agreement commenced on December 1, 2023. The initial term is for a period of five years following the commencement date. The tenant has the option to extend the term of the agreement for five successive terms of five years. Each renewal term shall commence automatically unless the tenant delivers notice to the district of its intent not to renew. Upon commencement date, the tenant shall pay the district a monthly rental payment of \$800. Commencing on the first day of the second year of the term, the rent due under the agreement shall be increased by an amount equal to two percent per year over the rent applicable during the previous year.

The initial lease receivable and deferred inflow of resources associated was recorded in the amount of \$211,859. The district used a discount rate of 4.09 percent to calculate the lease receivable and the deferred inflow of resources. As of June 30, 2024, the lease receivable balance was \$210,489 and the deferred inflow of resources – lease asset was \$207,151. The deferred inflow of resources associated with the lease will be recognized in revenue using the straight-line method over the term of the lease, which is reasonably expected to include all renewal periods, i.e. 30 years.

The following is a schedule of the minimum payments to be received under the lease that is included in the measurement of the lease receivable on June 30, 2024:

#### J. Subscription-Based Information Technology Arrangements (SBITA)

The district implemented GASB Statement No. 96 during the year ended June 30, 2023. Due to this implementation, the district's arrangement for the use of communications software entered into a prior year met the criteria of a SBITA. As a result, an intangible right-to-use asset and a SBITA liability were recorded in the amount of \$165,739 as of July 1, 2022, the date of implementation.

The communications software arrangement ends on December 28, 2024, and is paid in advance in annual installments of \$67,783 in December of each fiscal year. The district used a 2.84 % discount rate to determine the present value of the intangible right-to-use asset and SBITA liability. The asset is being amortized over the term of the arrangement. Amortization in the amount of \$66,295 was reported in the Statement of Revenues, Expenses and Changes in Fund Net Position for the year ended June 30, 2024. In addition, interest expense in the amount of \$1,013 was reported during the year ended June 30, 2024. The intangible right-to-use asset in the amount of \$165,739, the related accumulated amortization in the amount of \$132,591 and the SBITA liability in the amount of \$0 were reported in the Statement of Net Position as of June 30, 2024.

# **CUSTODIAL FUNDS**

Custodial Funds are used to account for assets held by the county in a custodial capacity or as an agent for individuals, private organizations, other governments, and/or other funds. Custodial Funds are reported using the economic resources measurement focus and the accrual basis of accounting. Custodial fund reporting focuses on net position and changes in net position. Custodial funds are distinguished from trust funds by the absence of a trust agreement or equivalent arrangement.

**Cities - Sales Tax Fund -** The Cities - Sales Tax Fund is used to account for the second half of the sales tax revenues collected inside incorporated cities of the county. These revenues are received by the county from the state of Tennessee and forwarded to the various cities on a monthly basis.

**Cities - Property Tax Fund** – The Cities - Property Tax Fund is used to account for the property taxes of the city of Smyrna and city of Eagleville. These collections are remitted to the city monthly.

City School ADA - Murfreesboro Fund – The City School ADA - Murfreesboro Fund is used to account for the city school system's share of education revenues collected by the county that must be apportioned between the various school systems on an average daily attendance basis. These collections are remitted to the city school system on a monthly basis.

**Joint Venture Fund** – The Joint Venture Fund is used to account for transactions of the Central Tennessee Solid Waste Planning Board for Rutherford, Cannon, Warren, and Coffee counties.

Constitutional Officers - Custodial Fund – The Constitutional Officers - Custodial Fund is used to account for amounts collected in a custodial capacity by the county clerk, circuit, general sessions, and juvenile courts clerk, clerk and master, register of deeds, and sheriff. Such collections include amounts due the state, cities, litigants, heirs, and others.

**District Attorney General Fund** – The District Attorney General Fund is used to account for restricted revenue held for the benefit of the Office of District Attorney General.

# RUTHERFORD COUNTY SCHOOL DEPARTMENT

This section presents combining and individual fund financial statements for the Rutherford County School Department, a discretely presented component unit. The school department uses a General Fund, three Special Revenue Funds, two Capital Projects Funds, and a Fiduciary Fund.

**General Purpose School Fund** – The General Purpose School Fund is used to account for general operations of the school department.

**School Federal Projects Fund** – The School Federal Projects Fund is used to account for restricted federal revenues, which must be expended on specific education programs.

**Central Cafeteria Fund** – The Central Cafeteria Fund is used to account for the cafeteria operations in each of the schools.

**Internal School Fund** – The Internal School Fund is used to account for funds held at the individual schools for internal school use such as the purchase of supplies, school clubs, and student activities.

**Education Capital Projects Fund** – The Education Capital Projects Fund is used to account for projects and renovations of the school department.

Other Capital Projects Fund – The Other Capital Projects Fund is used to account for building construction and additions of the school department.

**Endowment Fund** – The Endowment Fund is used to account for an endowment received by the school department for which the principal amount must remain intact while interest earned on the principal is to fund a scholarship at Eagleville High School.

#### RUTHERFORD COUNTY, TENNESSEE

Reconciliation of the Statement of Revenues, Expenditures, and Changes in Fund Balances of Governmental Funds to the Statement of Activities

Discretely Presented Rutherford County School Department

For the Year Ended June 30, 2024

Amounts reported for governmental activities in the statement of activities (Exhibit B) are different because:

| Net change in fund balances - total governmental funds (Exhibit K-4)  |  | \$<br>109,850,680 |
|---|--|-------------------|
| (1) Governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost of these assets is allocated over their useful lives and reported as depreciation expense. The difference between capital outlays and depreciation is itemized as follows:  Add: capital assets purchased in the current period  Less: current-year depreciation expense   | \$<br>68,132,198<br>(29,080,770)                                     | 39,051,428        |
| (2) The net effect of various miscellaneous transactions involving capital assets (sales, trade-ins, and donations) is to decrease net position.  Add: assets donated and capitalized  Less: book value of capital assets disposed  | \$<br>22,850<br>(90,251)   | (67,401)          |
| (3) Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the funds.  Less: deferred delinquent property taxes and other deferred June 30, 2023  Add: deferred delinquent property taxes and other deferred June 30, 2024   | \$<br>(9,573,498)<br>9,567,443                                       | (6,055)           |
| (4) The contributions of long-term debt (e.g. bonds, other loans, leases) by the primary government provide current financial resources to governmental funds, while the contributions by the school department of the principal of long-term debt consume the current financial resources of governmental funds. Neither transaction, however, has any effect on net position.   |  |                   |
| Add: principal contributions on loans to primary government  (5) Some expenses reported in the statement of activities do not require the use of current financial resources and therefore are not reported as expenditures in the governmental funds.  Change in net OPEB liability Change in compensated absences payable Change in deferred outflows of resources related to pensions Change in deferred outflows of resources related to OPEB | \$<br>67,659,392<br>(9,561)<br>(4,693,151)<br>(9,443,992)            | 311,676           |
| Change in deferred inflows of resources related to pensions Change in deferred inflows of resources related to OPEB Change in net pension liability/asset - agent plan Change in net pension asset - teacher retirement plan Change in net pension asset - teacher legacy pension plan  | <br>7,473,469<br>96,831,532<br>(5,779,906)<br>598,313<br>(1,536,676) | <br>151,099,420   |

<sup>(1)</sup> Average daily attendance factor is the weighted full time equivalent determined by the Tennessee Department of Education and is based on the number of students attending county and city school systems. By law, Rutherford County must share locally generated revenue directed to the school's general operating fund with the City of Murfreesboro for its school system.

<sup>(2)</sup> Net county rate is arrived at by multiplying the portion of the tax rate designated for school operating purposes by the ADA factor and subtracting from the total county rate.

<sup>(3)</sup> Overlapping rates are those of local governments that apply to property owners within Rutherford County. Not all overlapping rates apply to all Rutherford County property owners (e.g., the rates for the city/town apply only to the portion of the Rutherford County property owners whose property is located within the geographic boundaries of the city/town.)

<sup>(1)</sup> The taxes represent \$7,390,855 (2023 tax year) and \$593,033 (2013 tax year) collected on real and personal property not covered by the PILOT agreement. The remaining amounts of \$661,782 (2023) and \$4,834,411 (2013) represent net tax payments collected through payment in-lieu of tax agreements.

<sup>(2)</sup> This information is presented instead of the percent of assessed value, since Nissan's payment is principally based on a payment in-lieu-of tax agreement that is not assessment driven.

Source: In lieu of tax agreements

NOTE: Property subject to in-lieu-of tax payment is included in the agreement with each company. The county had PILOT agreements with 22 companies in 2023-2024. A large portion of the Nissan PILOT expired in FY23 and is part of the tax roll for FY24. Section 7-53-305, <u>TCA</u> is the statutory basis for these agreements, which allows the county's Industrial Development Board to finance new development with revenue bonds, and establish these agreements during the term of the bonds.

In-lieu-of tax revenues are included in the General Fund. The revenues reflected in the financial statements include payments received from Nissan for the Town of Smyrna, Tennessee. Smyrna's portion of the payment has not been reflected in this table.

## Independent Auditor's Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with Government Auditing Standards

Rutherford County Mayor and Board of County Commissioners Rutherford County, Tennessee

To the County Mayor and Board of County Commissioners:

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of Rutherford County, Tennessee, as of and for the year ended June 30, 2024, and the related notes to the financial statements, which collectively comprise Rutherford County's basic financial statements, as listed in the table of contents, and have issued our report thereon dated December 10, 2024. Our report includes a reference to other auditors who audited the financial statements of the discretely presented Community Care of Rutherford County, Inc., Rutherford County Emergency Communications District, and the Internal School Fund of Rutherford County School Department (a discretely presented component unit), as described in our report on Rutherford County's financial statements. This report does not include the results of the other auditors' testing of internal control over financial reporting or compliance and other matters that are reported on separately by those auditors.

### Report on Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered Rutherford County's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Rutherford County's internal control. Accordingly, we do not express an opinion on the effectiveness of Rutherford County's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. We identified the following deficiency in internal control, described in the accompanying Schedule of Findings and Questioned Costs, that we consider to be a significant deficiency: 2024-001.

### Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether Rutherford County's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards* and are described in the accompanying Schedule of Findings and Questioned Costs as items: 2024-002 and 2024-003.

### Rutherford County's Responses to Findings

Government Auditing Standards requires the auditor to perform limited procedures on Rutherford County's responses to the findings identified in our audit and described in the accompanying Schedule of Findings and Questioned Costs. Rutherford County's responses were not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on the responses.

### Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Rutherford County's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Very truly yours,

## Independent Auditor's Report on Compliance for Each Major Federal Program; Report on Internal Control Over Compliance; and Report on the Schedule of Expenditures of Federal Awards Required by the Uniform Guidance

Rutherford County Mayor and Board of County Commissioners Rutherford County, Tennessee

To the County Mayor and Board of County Commissioners:

### Report on Compliance for Each Major Federal Program

### Opinion on Each Major Federal Program

We have audited Rutherford County's compliance with the types of compliance requirements identified as subject to audit in the *OMB Compliance Supplement* that could have a direct and material effect on each of Rutherford County's major federal programs for the year ended June 30, 2024. Rutherford County's major federal programs are identified in the summary of auditor's results section of the accompanying Schedule of Findings and Questioned Costs.

In our opinion, Rutherford County complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2024.

### Basis for Opinion on Each Major Federal Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, and the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of Rutherford County, Tennessee, and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of Rutherford County's compliance with the compliance requirements referred to above.

### Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules and provisions of contracts or grant agreements applicable to Rutherford County's federal programs.

### Auditor's Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on Rutherford County's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for noncompliance resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material, if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about Rutherford County's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding Rutherford County's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- obtain an understanding of Rutherford County's internal control over compliance relevant to the audit
  in order to design audit procedures that are appropriate in the circumstances and to test and report on
  internal control over compliance in accordance with the Uniform Guidance, but not for the purpose
  of expressing an opinion on the effectiveness of Rutherford County's internal control over compliance.
  Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

### Report on Internal Control Over Compliance

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe

than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that have not been identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

### Report on Schedule of Expenditures of Federal Awards Required by the Uniform Guidance

We have audited the financial statements of the governmental activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of Rutherford County, Tennessee, as of and for the year ended June 30, 2024, and the related notes to the financial statements, which collectively comprise Rutherford County's basic financial statements. We issued our report thereon dated December 10, 2024, which contained unmodified opinions on those financial statements. Our audit was performed for the purpose of forming opinions on the financial statements that collectively comprise the basic financial statements. The accompanying Schedule of Expenditures of Federal Awards is presented for purposes of additional analysis as required by the Uniform Guidance and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the Schedule of Expenditures of Federal Awards is fairly stated in all material respects in relation to the basic financial statements as a whole.

Very truly yours,

Jason E. Mumpower Comptroller of the Treasury Nashville, Tennessee

### PART II, FINDINGS RELATING TO THE FINANCIAL STATEMENTS

Findings and recommendations, as a result of our audit, are presented below. We reviewed these findings and recommendations with management to provide an opportunity for their response. Written responses for all findings are paraphrased and presented following each finding and recommendation. Management's corrective action plan, whether related to the financial statements or federal awards, is presented separately in the Management's Corrective Action Plan in the Single Audit Section of this report. Findings relating specifically to the audit of federal awards, if any, are separately presented under Part III, Findings and Questioned Costs for Federal Awards.

### OFFICES OF DIRECTOR OF FINANCE AND ASSESSOR OF PROPERTY

FINDING 2024-001 EXPENDITURES WERE MISCLASSIFIED IN THE ACCOUNTING RECORDS OF THE GENERAL FUND

(Internal Control – Significant Deficiency Under Government Auditing Standards)

All expenditures of the Assessor of Property were budgeted and coded as reappraisal expenditures in the county General Fund. This gives the false impression that every expenditure in the office was spent on their reappraisal program. Sound accounting procedures dictate that accounting records should accurately reflect the true nature of the transactions. Section 67-5-1601, *Tennessee Code Annotated* requires assessors to perform a reappraisal over a four-, five-, or six-year period; however, reappraisal is not the sole responsibility of the office. This deficiency was in part attributable to the failure of management to accurately identify and post expenditures within the general ledger.

### RECOMMENDATION

Officials should ensure that the general ledger accurately reflects transactions and account balances for the assessor's office.

### MANAGEMENT RESPONSE - DIRECTOR OF FINANCE

We do not concur with this finding. All positions in the county property assessor's office contribute to reappraisal. The county is on a four-year reappraisal cycle and bills the cities in compliance with Section 67-5-1601(b)(2) Tennessee Code Annotated (TCA). Additionally, this TCA code does not specify a budget function. The assessor's office works on a continuing basis to complete the reappraisal within the required four-year period. For example, they reappraise a certain percentage of parcels every year, to meet the four-year cycle. We have asked the auditors for examples of positions in the assessor's office that do not perform the duties or support the reappraisals but received no examples. Our budget has been budgeted the same way for at least the last three years and our budget was approved by the comptroller's office. We strongly believe the general ledger reflects the true nature of the transactions. Also, there are several counties in TN that currently utilize a single function budget for the property assessor's office. We believe the sole purpose of the office is to appraise and reappraise property. Additionally, our reappraisal plan has been approved by the state board of equalization and is in compliance with the TCA mentioned above.

#### **AUDITOR'S COMMENT**

Assessors have existed in some form in Tennessee since at least the early 1800s. Their roles and responsibilities have evolved over time, but their core functions of identifying assessable property, tracking ownership, and making an assessment on such property existed long before the concept of mandatory reappraisal began around

1980. Based on this fact alone, it's clear that certain functions must be performed regardless of whether properties are periodically revalued at current market value (reappraised). There are many duties and functions within an assessor's office that are not directly related to the periodic reappraisal of real property. Furthermore, most counties in Tennessee do indeed account for operations of the Assessor's Office and Reappraisal program separate on the accounting records. Therefore, management should maintain accounting and payroll records which separate reappraisal expenditures from the other expenditures of the assessor's office.

#### OFFICE OF ASSESSOR OF PROPERTY

FINDING 2024-002

THE ASSESSOR DID NOT PROPERLY PRORATE IMPROVEMENTS AND NEW CONSTRUCTION

(Noncompliance Under Government Auditing Standards)

The assessor did not properly prorate improvements and new construction. During the initial review of the operations of the assessor's office by the Comptroller's Division of Property Assessments it was determined that 106 single family dwellings had not been properly added or prorated for the 2023 tax year due to the assessor's office failing to send change orders in a timely manner. A further review of building permits identified an additional 15 of the 95 items tested which had proration issues. Assessors are required to pick up new construction and improvements and to prorate their values for the portion of the year following their date of completion. Section 67-5-603(b)(1), *Tennessee Code Annotated*, provides that for the year in which an improvement or building is completed, the assessment, or increase in assessment, shall be prorated for the portion of the year following the date of its completion. This deficiency can be attributed to management's failure to properly comply with this statute and resulted in an incorrect assessed value on the affected properties.

#### RECOMMENDATION

The assessor should properly prorate new construction and improvements as required by state statute.

### MANAGEMENT'S RESPONSE - ASSESSOR OF PROPERTY

We concur with this finding and have proactively taken steps to address this issue.

FINDING 2024-003

THE ASSESSOR DID NOT PROPERLY PICK UP ALL IMPROVEMENTS IN THE APPROPRIATE TAX YEAR

(Noncompliance Under Government Auditing Standards)

The assessor did not properly pick up all improvements, specifically additions and outbuildings (objective data collection) discovered in the current review cycle. Instead, it was the practice of the office to defer what they deemed as "nominal changes" on the tax roll until the next reappraisal year of 2026. Section 67-5-1601 (b)(4), Tennessee Code Annotated, provides that where the on-site review is undertaken by the county assessor of property and the county assessor's staff or a professional firm is employed to carry out this work, the division shall monitor the on-site review conducted by the county or the professional firm. This deficiency can be attributed to management's failure to properly comply with this statute and resulted in an incorrect assessed value on the affected properties.

### RECOMMENDATION

The assessor should put all improvements/objective changes in the appropriate tax year as required by state statute. The county should not be pushing objective changes to reappraisal tax years.

### MANAGEMENT'S RESPONSE - ASSESSOR OF PROPERTY

We concur with the finding. We took immediate proactive action when it was brought to our attention. We discussed a series of reviews which would assist our office in finding anomalies.

### **BEST PRACTICE**

Accounting literature describes a best practice as a recommended policy, procedure, or technique that aids management in improving financial performance. Historically, a best practice has consistently shown superior results over conventional methods.

The Division of Local Government Audit strongly believes that the item noted below is a best practice that should be adopted by the governing body as a means of significantly improving accountability and the quality of services provided to the citizens of Rutherford County.

### RUTHERFORD COUNTY SHOULD ADOPT A CENTRAL SYSTEM OF PURCHASING

Rutherford County operates under a private act that provides for a central system of accounting and budgeting covering all county departments under the supervision of the County Mayor, Highway Superintendent, and Director of Schools. However, Rutherford County has not adopted a central system of purchasing covering all departments. Sound business practices dictate that establishing a central system would significantly improve internal controls over the purchasing process. The absence of a central system of purchasing has been a management decision by the county commission resulting in decentralization and some duplication of effort. The Division of Local Government Audit strongly believes that the adoption of a central system of purchasing is a best practice that would significantly improve accountability and the quality of services provided to the citizens of Rutherford County. Therefore, we recommend the adoption of the County Financial Management System of 1981 or a private act, which would provide for a central system of purchasing covering all county departments.
